The following notices from the Halifax Echo, and the Acadian Recorder will be read with interest by a good many of our readers. They have reference to Miss Ursula Archer, who for several years very ably and acceptably filled the position of teacher of vocal music at the Seminary in this town. Miss Archer now occupies an important position in the Halifax Conservatory of Music:

'The recital last evening by pupils of Miss Archer was a decided success. For the most part all the performers were jun or pupils and with one or two exceptions had never sung or recited before. Miss Archer is evidently a teacher of high rank and of great force.

'The Glee Club formed and trained by Miss Archer opened and closed the program. The work of the club was most creditable and was received with great warmth by the audience.

'The soloists were Miss Grace Murdoch, Miss Eska Rogers, Miss Matie Munnis, Miss Claire Hamilton, Miss Bessie Ritchie and Miss Grace Burgess. Of all these performers Miss Burgess was the most advanced. Her voice is full and well developed, and her singing very effective.' (Miss Burgess is a graduate of Acadia Seminary.)—Halifax Echo.

'The strength of the teaching staff at the Conservatory has been often and fully proven, but new laurels were added last evening by the vocal recital of pupils of Miss Archer. To hear so many new voices, and all so fresh and tuneful, must have been a surprise to those who have not been following the results of Miss Archer's sound and careful training. This is Miss Archer's first year at the Conservatory, and to be able to put on a program of such real excellence, with almost entirely new material, was a triumph. The opening and closing numbers by the Glee Club proved a most attractive feature. In these numbers, as well as in all the solos, no notes were used by the singers, a most excellent and praiseworthy accomplishment.'—Acadian Recorder.

Does Coffee disagree with you? Probably it does? Then try Dr. Shoop's Health Coffee. 'Health Coffee' is a clever combination of parched cereal and nuts. Not a grain of real coffee, remember, in Dr. Shoop's Health Coffee yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's safe even for the youngest child. Sold by T. L Harvey.
