WHEAT FUTURES DECLINED

Liverpool and Chicago Markets Were Both Weaker

On the Large Increase in World's Visible and the Heavy Receipts in the West—Local Grain, Produce and Live Stock Markets — Notes and Gossip.

Tuesday Evening, Nov. 15.

Liverpool wheat futures opened strong this morning, but eased off later, closing ⅛ to ½d lower than yesterday. Paris wheat closed unchanged to 10 centimes lower, and Paris flour 5 centimes lower to 10 centimes higher. Antwerp was unchanged.

Chicago futures to-day weakened and closed half a cent a bushel lower than yesterday's final figures. The bearish features were the lower cables, the large receipts and the tremendous increase in the world's available supply, as reflected in Bradstreet's returns. A contrary influence was found in the large clearances and large takings for export.

Liverpool maize futures to-day closed unchanged to ⅜d per cental lower than yesterday. Chicago corn eased off about ½c a bushel on selling by longs.

Lard is off 3d in Liverpool.

Bacon declined 1s at Liverpool.

White cheese is up 1s at Liverpool.

Total clearances to-day: Wheat and flour equal to 704,000 bushels; corn 254,703 bushels.

Exports at New York to-day: Flour 6439 barrels and 27,017 sacks; wheat, 401,463 bushels.

Chicago reports 240,000 bushels Kansas hard wheat sold there for shipment.

New York reports 65 loads of wheat taken for export to-day.

Wheat receipts at Liverpool the past three days 231,000 centals, including 224,000 centals American. Corn same time, 69,700 centals.

Primary wheat receipts to-day 1,905,110 bushels, against 1,645,000 bushels the corresponding day of 1897. Corn 666,218 bushels, against 550,000 bushels.

Receipts of wheat at Minneapolis and Duluth to-day 1185 cars, as against 1473 cars the corresponding day of last year.

Car receipts of grain at Chicago to-day: Wheat 268, corn 417, oats 278. Estimated for Wednesday: Wheat 175, corn 275, oats 180.

December wheat puts at Chicago to-day 65⅞c, calls 67c. May corn puts 33c, calls 33⅛c.

Minneapolis reports the sale of 90,000 barrels of flour yesterday.

Prime says: "The country had a very poor week, and snow put an end to gathering of corn. What little gathered confirms everything said with regard to quantity and quality. We shall see very light receipts of corn until February. Cattle and hogs in excellent condition. It is many years since winter wheat was in as favorable condition as to-day."

Receipts of hogs to-day at principal western points 100,800, against 62,700 same day last year.

Bradstreet's World's Visible.

According to Bradstreet's the world's visible wheat supply last week increased 5,723,000 bushels. The increase east of the Rockies was 5,223,000 bushels and in Europe and afloat 1,500,000 bushels. For the same week of 1897 the total increase was 4,943,000 bushels.

The visible of corn decreased 1,044,000 bushels, and of oats 234,000 bushels.

LOCAL LIVE STOCK.

The run of live stock to-day was fair—66 carloads all told, composed of 800 cattle, 1300 sheep, 2000 hogs and 50 calves.

The fat cattle, generaly speaking, were of medium quality.

Trade fairly good, with better enquiry than on Friday last.

Export Cattle—Prices were from 15c to 20c higher, the English markets being firmer. Choice heavy export cattle sold at $4 to $4.15, light exporters at $3.60 to $3.75 per cwt.

Export Bulls—Prices unchanged; heavy choice bulls sold at $3.50 to $3.70, light export bulls $3 to $3.37½.

Butchers' Cattle—For the best grades of butchers' cattle prices were 10c to 15c per cwt. higher, with the lower grades about the same as on Friday.

Choice picked lots of butchers' cattle, equal in quality to the best exporters, weighing from 1000 to 1100 lbs. each, were scarce, selling at $4 to $4.25 per cwt., loads of good $3.40 to $3.60, medium $3.25 to $3.40, common $2.85 to $3.10, and inferior $2.50 to $2.75 per cwt.

Stockers—Prices for Buffalo stockers were easier, owing to the confiscation of nine carloads at Buffalo, of Canadian cattle for undervaluation. Dealers have been paying too high a price to make money, and pay the high duty. Stock bulls $2 per cwt.

Chicago Gossip.

Henry A King & Co., 12 King-street east, received the following despatch to-day from Chicago:

Indifferent cables, large primary receipts and fine weather for a continued free movement, caused the crowd to turn bearish, and the large buyers of yesterday hastened to liquidate. There was some reaction from the low point, on large clearances—713,000 bushels—the engagements at seaboard of 1,000,000 bushels, and local sales of 240,000 Kansas hard for export. This bull news was soon lost sight of, however, when Bradstreet's came out, announcing an increase in the world's available of 6,723,000, and the market reacted to about the lowest point. This large increase was considerable of a surprise, as official figures, including everything but Northwest country stocks, indicated an increase of not over 1,500,000. Northwest receipts were heavy—2039 cars, against 1575 last year, and Minneapolis and Duluth were reported sellers in this market. Closing cables showed fractional declines. Local speculative feeling is bearish on belief that there is a large accumulation of wheat in private warehouses throughout the country. The close was steady at about a half-cent decline.

Corn—Heavy liquidation by longs, and selling by elevator people was the important feature. The market at one time showed considerable weakness, but there was a good cash business done at the decline, which caused some recovery. Cash sales were half a million bushels. Exports moderate—400,000 bushels—and the seaboard reported 40 loads taken for export. The market closed steady near bottom prices.

Provisions—The total exports of hog products for the 10 months exceed those for the same period last year by 222,000,000 lbs., which is equal to about 1,000,000 hogs. The market was weak, however, in face of the figures, on excessive receipts—400,000 hogs at seven primary points against 62,000 last year. Packers were moderate sellers. Lard seems to be in better demand. The close was steady at fractional declines.

CANADIAN STOCKS STRONG

Our Railways and Street Railways Are Higher.

Electrics Also Firm — War Eagle Sold Off on Failure of Company to Increase Dividend Rate—Wall Street Securities Acive and Close Steady, Despite Profit-Taking — Notes and Gossip.

Tuesday Evening, Nov. 15.

Wall street stocks were active and erratic to-day, the list showing strength in spurts, and easing off on heavy profit-taking. The close was about steady.

Canadian stocks manifested some strength to-day. Toronto and Montreal Railways advanced on increased earnings. C.P.R. jumped up to 84¼. Electric and bank issues were firm, and Cariboo (McKinney) was bought pretty freely. War Eagle eased off, on the failure of yesterday's annual meeting of the company to increase the dividend. Full reports of the company's year are printed in another column.

American rails in London closed ½ lower to ½ higher than yesterday.

In London consols closed ⅛ down.

In Paris 3 per cent. rentes were at 101f 85c.

French exchange on London, 25f 35c.

Bullion gone into Bank of England on balance to-day £45,000.

Toronto Railway earnings for the week just ended were $2982.98 greater than for the corresponding week of 1897.

Montreal Street Railway earnings last week increased $2785 over the same week last year.

B.R.T. earnings yesterday, $16,270; increase $2055.

There has been some buying of Rock Island, on the talk of stock going on a 6 per cent. dividend basis.

American Sugar Refining.

The American Sugar Refining Company yesterday advanced the price of all grades of domestic refined sugars ⅛c a pound, this move being promptly followed by the independent refiners. This increase makes the price of granulated 5⅛c a pound, or 4.84c net, exclusive of trade discounts, and is the first general advance since the beginning of the cutting of prices between the American Sugar Refining Company and the outside refiners. On Oct. 27 B. H. Howell, Son & Co., representing the National and Mollenhauer Companies, advanced their rates on hard grades ⅛c a pound, making their price for granulated 5¼c, but they subsequently put the price back to the old figure.
