## A CERTIFICATE FROM OUR WILLIAMSBURGH FRIENDS.

NEW YORK, August 30, 1852.

☞ I hope every one, whether adult or child, who may have reason to believe they are troubled with worms, will take Dr. M'Lane's Celebrated Vermifuge. I firmly believe it is one of the greatest worm destroyers of the age—certainly the most extraordinary I know of.

A child of mine, about five years old, has been troubled with worms about six months back; we could get nothing to relieve it until we came across Dr. M'Lane's Vermifuge, of which we have but a small quantity. The result, however, was extraordinary. The child passed over three hundred worms.

MR. LENT, Williamsburgh, Long Island.

P. S. Dr. M'Lane's Celebrated Vermifuge, also Dr. McLane's Liver Pills, can now be had at all the respectable Drug Stores in this city.

☞ Purchasers will please be careful to ask for, and take none but *Dr. M'Lane's Vermifuge.* All others, in comparison, are worthless.

## LLOYD'S REGISTER
OF
## British and Foreign SHIPPING.

ESTABLISHED 1834.

THE Committee having reason to believe, that in building new Ships, a practice prevails in some Outports and in the Colonies which is inconsistent with the Rules of this Society, and that instead of the rabbet of the keel being properly wrought to receive the garboard strakes, it too frequently happens that the upper part of the rabbet is formed by rising wood or plank piece fitted over the keel, and consequently that there is scarcely any inner or back rabbet in the keel, a practice considered to be exceedingly objectionable.

NOTICE IS HEREBY GIVEN, that in pursuance of a resolution passed by the Committee on the 21st August, [illegible] to object to a continuance of the mode in question, and if persisted in to report the fact to the Committee.

*By order of the Secretary.*

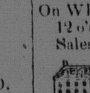
## REAL ESTATE by Public Auction.

On WEDNESDAY the 20th day of November, at 12 o'clock, noon, will be sold by Auction, at our Sales Rooms,—



THAT valuable Freehold Property in King's County, belonging to the Estate of the late R. M. JARVIS, Esquire, and known by the name of *Beech Hill.*

The said Property contains about 460 acres, has a front of 120 rods and upwards on the Kennebecasis, and extends one mile and three quarters back from the River. The Loch Lomond road runs through the rear of it.

About one half is rich meadow and pasture land; the rest, which is partially cleared, has large Spruce and Hardwood upon it. Besides a very commodious Cottage, containing eight Rooms, there is a good Farm-house, four large Barns, and other Outhouses. The Garden, which is about two acres in extent, is well stocked with choice fruit trees, strawberry vines, gooseberry and currant bushes, &c., and a number of fruit trees are set out in other parts of the property.

There is also a substantially built Wharf, conveniently situated for loading small vessels, and the line of Railway runs along the front of the property.

Beech Hill is twelve miles from St. John, and is most pleasantly situated for a gentleman's residence; or, by running a road through the centre of the property, directly back from the river, it might be divided into lots for country seats, as it contains a number of most eligible building sites, commanding extensive and diversified prospects. The whole will be sold together, or in four lots.

Further particulars may be known on application at the Sales Rooms, where a plan of the Property may be seen.

*Also, at the same time and place—*

That desirable FREEHOLD PROPERTY, (with large double three-story HOUSE, occupied by late Mrs. Jarvis,) containing 40 feet by 100, situated in Main-street.

# CHERRY PECTORAL

For the rapid Cure of

## COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

TO CURE A COLD WITH HEADACHE AND SORENESS OF THE BODY,—take the Cherry Pectoral on going to bed, and wrap up warm to sweat during the night.

FOR A COLD AND COUGH, take it morning, noon and evening, according to directions on the bottle, and the difficulty will be soon removed. None will long suffer from this trouble when they find it so readily cured. Persons afflicted with a seated cough, which breaks them of their rest at night, will find by taking the Cherry Pectoral on going to bed, they may be sure of sound unbroken sleep, and consequent refreshing rest. Great relief from suffering, and an ultimate cure, is offered to thousands who are thus afflicted, by this invaluable remedy.

From its agreeable effects in these cases, many find themselves unwilling to forgo its use when the necessity for it has ceased.

TO SINGERS AND PUBLIC SPEAKERS this remedy is invaluable, as by its action on the throat and lungs, when taken in small quantities, it removes all hoarseness in a few hours, and wonderfully increases the power and flexibility of the voice.

ASTHMA is generally much relieved, and often wholly cured by Cherry Pectoral. But there are some cases so obstinate as to yield entirely to no medicine. Cherry Pectoral will cure them if they can be cured.

BRONCHITIS, or irritation of the throat and upper portion of the lungs, may be cured by taking Cherry Pectoral in small and frequent doses. The uncomfortable oppression is soon relieved.

FOR CROUP.—Give an emetic of antimony, to be followed by large and frequent doses of the Cherry Pectoral, until it subdues the disease. If taken in season, it will not fail to cure.

WHOOPING COUGH may be broken up and soon cured by the use of Cherry Pectoral.

THE INFLUENZA is speedily removed by this remedy.—Numerous instances have been noticed where whole families were protected from any serious consequences while their neighbours without the Cherry Pectoral, were suffering from the disease.

Repeated instances are reported here of patients who have been cured from

LIVER COMPLAINTS by this remedy, so many that there can be no question of its healing power on these diseases. It should be perseveringly taken until the pain in the side and other unpleasant symptoms cease.

FOR CONSUMPTION in its earliest stages, it should be taken under the advice of a good Physician if possible, and in every case with a careful regard to the printed directions on the bottle. If judiciously used, and the patient is carefully nursed meantime, it will seldom fail to subdue the disease.

For settled CONSUMPTION in its worst form, the Cherry Pectoral should be given in doses adapted to what the patient requires and can bear. It always affords some relief, and not unfrequently cures those who are considered past all cure. There are many thousands scattered all over the country who feel and say that they owe their lives and present health to the Cherry Pectoral.

Many years of trial, instead of impairing the public confidence in this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unmistakable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies thrust upon the community, have failed and been discarded, this has gained friends by every trial, conferred benefits on them they can never forget and produced cures too numerous and too remarkable to be forgotten.

While it is a fraud on the public to pretend that any one medicine will infallibly cure—still there is abundant proof that the Cherry Pectoral does not only as a general thing, but almost invariably cure the maladies for which it is employed.

As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the log-cabin of the American Peasant, to the palaces of European Kings.

THE 18th Annual General Meeting of this Company was held at Liverpool on the 16th February last, when the following Report of the business of the Company during the past year was submitted:—

"The increase in the Fire Insurance Business must be satisfactory to the Proprietors, as shewing the rapid and safe progress which the Company is making. The receipts for the past year have increased considerably over those of 1852, while the losses have materially diminished.

| | 1852. | 1853. |

| Losses, | 59,091 | 42,846 |
| Profits, | £39,563 | £70,766 |
