THINK UNEMPLOYMENT PEAK IN BRITAIN REACHED

London, Feb. 24—(A. P. by mail)—The unemployment question in Great Britain is still very serious, but the belief is held in many quarters that the peak has been passed and a decline may be expected, says the American Chamber of Commerce here.

Wages combined with low output, are given as the chief element in the high cost of production, but as yet few proposals have been made by employers for reductions.

In certain industries and occupations where there is either a sliding scale based on the cost of living or where special bonuses are paid to meet increased cost, a reduction of wages will be automatic, according to the chamber.

It was anticipated that the movement in the United States to reduce wages would be followed by a similar move in Great Britain, but British labor is in a much stronger position and has expressed its decision to resist the reductions which may be threatened, says the American chamber.

A presentation of prizes to the skaters who won various events held during the winter on the south end rink and the last meet held on Lily Lake, will take place in the Boys' Club, South End, tomorrow evening. Ernest Stirling, physical instructor of the Y. M. C. I., will assist in entertaining those present with wrestling, boxing and high jumping, by pupils of his Y. M. C. I. classes.

The city council of Halifax has addressed a letter to the mayor of St. John asking for information that will enable them to figure the per capita bonded indebtedness of the city. The information is being obtained.

AVOID THE WASTE

And the wear and tear caused by undigested food that exhausts your digestive organs, does not nourish your blood, and weakens instead of giving strength.

Hood's Sarsaparilla is a splendid tonic for the blood, stomach, kidneys and liver. It creates an appetite, perfects digestion and assimilation, secures 100 per cent. nourishment from your food.

More than this, it purifies, vitalizes and enriches the blood, which is the life of the body, eliminates catarrh, scrofula, rheumatism, that tired feeling, and other diseases, the poisons of diphtheria, scarlet and typhoid fevers and influenza.

Take Hood's Pills for a gentle laxative (small dose) or an active cathartic (large dose).

OFFERS HIS SEAT TO BEATEN MINISTER

Coalition in England Not Yet Decided on Course as to Taunton Suggestion.

London, March 14—(Canadian Associated Press)—Colonel Dennis Boles has offered to resign as member to parliament for the division of Taunton in order to give Sir Arthur Griffiths Boscawen, recently appointed minister of agriculture, who lost the by-election in Dudley, another opportunity to find a seat.

The coalition caucas has not yet, however, accepted the proposition of trying to elect the new minister in Taunton.

Jas. Lunnon, organizing secretary of the Agricultural Workers Union, has already been selected to contest Taunton under the banner of the Labor party, and if the new minister opposes him the embargo on Canadian cattle again will be a big issue in the contest.

In the last election in Taunton, Col. Boles polled 12,619 votes and Rev. G. Woods, Labor, 4,816.

NO INQUEST INTO MR. GLYNN'S DEATH

Mr. Ross of C. N. R. Holds Inquiry

Now Thought Coachman Left Train at Coldbrook and Fell From Near Trestle While Walking Track Home.

In an effort to clear up the mystery surrounding the serious injury and subsequent death of John Glynn, a well-known coachman, L. R. Ross, terminal agent of the C. N. R., held an enquiry this morning.

William McGourty, yardmaster of the C. N. R., and James Ryan, special agent of the C. N. R., told what they knew. Conductor Gillespie was in charge of the train going out Friday night, and he is not due back here until tomorrow.

Itt is presumed that Mr. Glynn stopped to talk to someone and while doing so the train started. Being familiar with the trains, it is felt that he would not make a rush to jump off but wait until the train stopped at Coldbrook. It is thought that Mr. Glynn then started to walk back to the city along the track, and after crossing the trestle must have stepped aside to walk in the cinders and, misjudging the distance, in the darkness fell over into the creek. On the western side of the creek a short distance from where he was found there was considerable ice and a part of it was broken, indicating that he might have struck on his head and shoulders and slid down into the water at the foot of the bridge.

Coroner Horace Porter held an investigation this morning, and, after considering the evidence elicited by Mr. Ross, decided that an inquest was not necessary.

Mr. Glynn is survived by his wife, three sons, Frederick, John and Raymond; seven daughters, Kathleen, Clare, Theresa, Josephine, Gertrude, Geraldine and Irene, all at home. Besides these, he leaves one brother, William Glynn, and one sister, Mrs. Mary A. Allen, both of this city. The funeral will be held tomorrow morning at 9.30 o'clock from his late residence to the Cathedral for requiem high mass.

WANT BASEBALL CASES POSTPONED

Chicago, March 14.—A postponement of at least thirty days was expected in the opening of the trial of the Chicago White Sox baseball players and others indicted for the alleged throwing of the 1919 world's series, when the case came up before Judge Wm. E. Dever, of the county court, today.

Six of the indicted players were on hand, and Eddie Cicotte was reported en route, while Chick Gandil, the other indicted player, and the four charged with arranging the alleged conspiracy have not been heard from.

Plans to have the case taken off the court call, which would delay its reappearance at least six months, were announced by counsel for the state, but defence attorneys said this would be contested.

A postponement of thirty days is sought by the defence to allow former Judge Barrett, American League attorney, to study the grand jury evidence and charges.

SAYS INDIAN WAS BURIED ALIVE

Heard Smallpox Victim Kicking in Coffin But Feared Health Officers if They Opened It.

Redding, March 14—Charges that Wm. Taylor, an Indian afflicted with smallpox, was buried alive at Hat Creek, two weeks ago, have been presented to the district-attorney for investigation. The allegation was made by Chief Samson of the Hat Creek Indians, who said that he received information from his daughter, Mrs. Lela Rhodes.

Mrs. Rhodes, who is vouched for by the local Indian agent, wrote to her father that two Indians buried Taylor after night. Before they took the coffin to the grave, the letter said, they heard Taylor kicking, but were afraid to open the box, fearing the wrath of the health officers.

SOME LOSSES IN WALL STREET

New York, March 14—(10.30)—The week opened on the stock exchange with prices variably changed. Heavy speculative selling soon began, however, which forced some important issues to a parity with last week's lowest figures. Pressure was most pronounced against the oils, steels, railroads, Baldwin and Sears Roebuck. Mexican Petroleum dropped 3 3-4, Pan-American 21-4 and General Asphalt 1 point. Crucible fell 2, Sears Roebuck 1 3-4, Famous Players 1 1-2, Baldwin and Union Pacific 1, and United States Steel, St. Paul, Reading, Chesapeake and Ohio, and Baltimore and Ohio 1-2 to 3-4.

Chicago, Northwestern referred opened 2 3-4 higher, Kelly-Springfield 1 1-2, Utah Copper and Norfolk and Western 1 3-8, and American Can, American Smelting and Ray Copper 1-2 to 3-4.

These gains were shaded when the weakness elsewhere became acute.

Noon Report.

Oils rallied during the morning on reassuring advices, Mexican Petroleum recovering two and a half points and Pan-American two points. The rebound was further sustained by short covering in Atlantic Gulf, Central Leather, American Tobacco, Studebaker and specialties, notably Stromberg Carburator and Farmous Players, common and preferred. These issues rose a point or more over last Saturday's final prices. Rails were dull, but stead for the most part, although reports submitted over the week-end disclosed further reductions of tonnage and earnings. Conditions in the money market were unaltered, call loans opening at seven per cent. and exchange on London were firm.

The body of little Lily Manning, who fell into a Montreal sewer, had not been found up to last night.

CASHIN MEN ELECTED IN NEWFOUNDLAND

St. John's, Nfld., March 14—The opposition party in the Newfoundland legislature has regained the two seats lost in the Harbor Grace district last June when Messrs. Their vote was slightly larger than that polled previously while the government candidates made still greater increases.

The final vote today was:

Opposition—Jones, 1,102; Lewis, 1,082.
Government—Furey, 959; Hawco, 938.
