Ready Responses.

The following reply to a life insurance circular, requesting information as to health and habits of an applicant, was received at a prominent life insurance office in Hartford:—

1. How long have you known——? Since two years after I was born.
2. What are his general habits? In winter, red flannel shirts and blue beaver; in summer, a straw hat canted to one side, and quakeen trowsers very loose in the legs.
3. What is his profession? Congregationalist.
4. Has he ever had the fever and ague? Had a fever last summer, when the thermometer was at ninety, but it was no great shakes.
5. Has he ever had the heart disease? Yes, but was cured of it by Rev. Dr. Hawks years ago.
6. What state was he in when you saw him last? The state of Michigan.
7. Has his application ever been rejected? Yes, once—promptly by a lady.
8. What age do you consider him? Old enough to know more than he does.
9. Does he smoke or chew? He smokes when he chooses.
10. Has he children? Yes, two nephews.

A LIE STICKS.—A little news boy, to sell his papers, told a lie. The matter came up in Sabbath school. "Would you tell a lie for three cents?" asked a teacher of one of her boys? "No ma'am," answered Dick, very decidedly. "For ten cents, ma'am?" "For a." "For a dollar?" "Nick was staggered. A thousand dollars?" Nick was staggered big. Oh, would it a thousand dollars? While he was thinking, he did not buy lots of fruit out. "No ma'am," he at another boy, "why not?" asked the teacher. Nick hind him when the thousand dollars is all gone." "Because all the things they've got with them gone too, the lie is there all the same," answered the boy. It is so. A lie sticks. Everything else may be gone, but that is left, and you will have to carry it round with you, whether you will or not; a hard, heavy load it is.

FIVE KINDS OF CONSCIENCE.—There are five kinds of Conscience on foot in the world: First, an ignorant conscience, which neither sees nor says anything, neither upholds the sinner nor approves them. Secondly, the flattering conscience, whose speech is worse than silence itself; which though a sinning sin, soothes men in the committing thereof. Thirdly the sacred conscience, which has neither sight, speech nor sense in men that are past feeling. Fourthly, a wounded conscience, freighted with penitence for sin. The last and best is a quiet and clear conscience pacified in Christ Jesus. Of these the fourth is incomparably better than the three former, so that a wise man would not take a world to change with them. Yet a wounded conscience is rather painful than sinful; an affliction, an offence; and is in the ready way, at the next advance, to be turned into a quite conscience.

AN EGG ROASTED BY THE WEATHER.—An Ogdensburg paper tells us the following seasonable story:—"Tuesday was hotter than the previous day by at least four degrees. The mercury reached over one hundred and one degrees in the shade and all the way from one hundred and fifteen to one hundred and thirty-two degrees in the sun. The captain of the schooner Fulton cooked an egg by placing it on the deck of his vessel near the companion-way for its use. The operation required about twenty minutes by the watch. The deck of the vessel was painted dark lead color. At the end of twenty minutes the white or albumen of the egg was thoroughly cooked, though the yolk continued soft."

GAS AND HEALTH.—The N. Y. Board of Health have commenced a suit against the gas companies of the city, to compel them to deodorize their gas. The stench of the gas, in its present impure state, is pronounced not only a nuisance, but a serious injury to health; and several tracts of city property are now, it is said, rendered almost untenable by reason of the stench produced by the process of manufacture from the gas works. This serious annoyance and injury, it is thought, could easily be removed by a process of deodorizing and purifying the gas.

A severe hail storm visited Buffalo on Wednesday. The thermometer fell twenty degrees. Houses were struck by lightening, trees uprooted and several small dwellings were blown down. The rain fell in torrents.

The Science Of Health

Every Man his own Physician.

HOLLOWAY'S PILLS

Holloway's Ointment.

Disorders of the Stomach, Liver and Bowels

The Stomach is the great source of all disease. Nine-tenths of the ill-health or disease of the system arises from or aggravated by excess, indigestion, stimulants, dissipation, mental and physical prostration are the natural consequences. Affect to the brain, it is the source of headaches, nervous depression, nervous complaints and sleeplessness. The liver becomes affected and generates bilious disorders, pain in the side, &c. The Bowels participate in sympathetic sickness. Diarrhœa and Dysentery. The principal seat of those Pills lie on the Stomach, and the Liver, Lungs, Bowels and Kidneys participate in their beneficent and energetic operation.

Erysipelas and Salt Rheum

Are two of the most common and obstinate disorders prevalent upon this continent. Both are the results of especially antagonistic states of the system, and indicate the venom and the complexion of our

Bad Legs, Old Sores and Ulcers.

Cases of many years standing, that have pertinaciously refused to yield to any other remedy or treatment, have invariably succumbed to a few applications of this powerful ointment.

Eruptions on the Skin.

Arising from a bad state of the blood or chronic disease, are eradicated and a healthy, vigorous surface regained by the restorative action of this ointment, surpassing man, in the immediate and permanent appearance in its power. Disparagements and false judgments of the facts.

Female Complaints.

Whether in the young or old, married or single, at the dawn of Womanhood, or the decline of life, these ointment medicines display so decided an influence and such a marked improvement is soon perceptible, in the condition of the blood. Being a purely vegetable preparation, they are a safe and reliable remedy for all diseases of Females in every condition of health and stations of life.

Piles and Fistula.

Every form and variety of Piles, yields to the healing virtues of this ointment. Warm fomentations should precede its application. Its healing qualities will be found speedy, thorough and lasting.

Both the Pills and the Ointment should be used in the following cases:

Bunions,	Rheumatism,	Sore Throats,
Burns,	Ringworm,	Sores of all kinds,
Chapped Hands,	Salt Rheum,	Sprains,
Chilblains,	Scalds,	Stiff Joints,
Fistula,	Skin Diseases,	Tumors,
Gout,	Swelled Glands,	Venomous Bites and Stings,
Lumbago,	Sore Legs,	Wounds, Old Sores,
Mercurial Eruptions,	Sore Heads,	Yellows,
Piles,		

CAUTION!—None are genuine unless the work "HOLLOWAY, NEW YORK AND LONDON," are discernible as a Water Mark in every part of the book of directions around each pot or box. The ointment be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicine or vending the same, knowing them to be spurious.

*** Sold at the manufactory of PROFESSOR HOLLOWAY, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the civilized world, in pots and boxes.

To Friends and Strangers:

AFTER an experience of over four years in selling the NEW YORK UNION PIANOS, (made under the direction of J. P. Mack, at the Corner of 4th Avenue and 30th Street, New York, with the instruments of some of the other leading manufacturers,) we have decided to drop all others and confine our sales entirely to the UNION PIANOS, being fully satisfied of making some of Knox Mackay's cheap spindle Instruments in New York, Cincinnati and St. Louis, than they are the finest toned and most durable Pianos now made. They have given universal satisfaction, and agents have sold as many of them as they could procure them, and we continue to hear from them in preference to any other. We supply them at manufacturers' prices.

THE MONTREAL TEA COMPANY.

THE WHOLE DOMINION SHOULD BUY THEIR TEAS OF THE IMPORTERS.

THE MONTREAL TEA COMPANY,

No. 6 Hospital Street, Montreal.

OUR TEAS, after the most severe tests by the best medical authorities and judges of Tea, have been pronounced to be quite pure, and free from any artificial colouring or poisonous substances so often used to give a false appearance and flavor. They have been imported for quality and flavor. They are unequalled for strength, aroma, and a high degree of pleasure in drinking them. We sell to the million consumers, thus saving the enormous profit of 100 per cent. Our Teas are put up in 1, 2, 3, 4, 5, 10, 15, 20 and 25 lb. boxes, and are warranted pure and free from poison or adulterations. Orders for four 5 lb. boxes, or six 5 lb. boxes, or one 20 or 25 lb. box sent carriage free to any railway station in Canada. The money can be forwarded immediately on receipt of the order by mail, containing the money, or the money can be remitted on delivery by the express man, where there are express offices. In sending orders below the amount of $10 to save expense, it will be better to send money with the order. When a 15 lb. box would be too much, four small packages could send for four $10 orders, or two 12 lb boxes. We send them to one address, or to 4 and mark each box plainly, so that each gets their own Tea. We warrant all the Teas we sell to give satisfaction. If they are not satisfactory they can be returned at our expense.

THE following remarks on Testimonials of a wonderful and extraordinary cures in Canada of the GREAT INDIAN REMEDY. They are undeniable and incontestable facts, sufficient to convince the most skeptical that the Great Medicinal compound yearned after for ages is now accessible in

GREAT

SHOSHONEES REMEDY

For Diseases of the Throat, Lungs, Liver, Digestive Organs, Kidneys, &c., as well as Scrofula, the Worst Skin Diseases, Humors, and all diseases arising from Impurities of the Blood, we boldly state that this remedy has NEVER BEEN EQUALLED. When was there ever such a cure as that in the person of Wilson Storms of Brighton, C. W., of Consumption, or that of Peter C. V. Miller, of Edgeworth, C. W., of Consumption, or that of Ambrose Wood, of Consumption, C. W., of Dyspepsia and Liver Complaint, or that of John Howey, of Saguenay, C. W., of Rheumatism, who had actually been on crutches for years, in spite of treatment heretofore and is now well. Scores of such cases might be mentioned had we space.
