Letters from our friends are scarce this week. "The Fox" sends three very good contributions.

IS PHOSPHORUS THOUGHT

The Medical and Surgical Reporter publishes the result of the observations of Dr. L. Hodges Wood, wherein that gentleman proves that *Phosphites are actually consumed during mental work by the process of thinking.* His doctrine would imply the necessity of supplying the material phosphates directly, during the period of great mental toil, be it study, anxiety, the continued contemplation of a single theme, or other labor tending to weary the intellect.

On account of its adaptability, its safety, its quality of being easily administered and of its causing perfect assimilation of food, and above all of its magnificent toning effect upon the nervous and muscular tissue, Fellows' Compound Syrup of Hypophosphites seems destined to supplant not only all other preparations from Phosphorus *but every other tonic*, and obtain general use.

☞The first approaches of consumption are so insidious that thousands remain unconscious of its presence until it has brought them to the verge of the grave. The immediate use of "Bryan's Pulmonic Wafers" upon the first appearance of the cough, pain or soreness of the throat or chest, would generally preclude a fatal result; therefore, when you take a cold use "Bryan's Pulmonic Wafers," and thus prevent the necessity for taking them in more dangerous complaints. To be obtained of all Druggists and country dealers. Price 25 cents per box.

The shrewdest yet; A applied to B for a loan of $100. B replied: "My dear A, nothing would pleases me better than to oblige you, and I'll do it. I have't $100 by me, but you make a note and I'll endorse it, and you can get the money from the bank." Grateful A proceeded at once to write a note. "Stay," said B, "make it $200, I want $100 myself." A did so, B endorsed the paper, the bank discounted it, and the money was divided. When the note was due it was in California, and A had to pay the payment. What he is unable to cipher out is whether he borrowed $100 of A, or A borrowed $100 of him.

HIDE BOUND HORSES.—A horse is said to be hide-bound when his skin will not slip under the pressure of the hand, but sticks as if it was glued, which condition is always dependent on a deranged state of the stomach and digestive organs—by correcting which, and giving to them a healthy tone and condition the disease or complaint will disappear. Experience has proved that the means best adapted to this end is "Darley's Condition Powders and Arabian Heave Remedy." It has been used in numerous cases with complete success, generally effecting a cure in a few days. It is the best condition medicine known, and may be given with perfect safety at all times, and does not require that the horse be kept from work. Remember the name, and see that the signature of Hird & Co., is on each package. Northrop & Lyman, Toronto, Ont., Proprietors for Canada. Sold by all Medicine Dealers.

Dr. R. V. Pierce, Buffalo, N.Y.:

Dear Sir.—Your medicines, Golden Medical Discovery, Dr. Sage's Catarrh Remedy, have proved of the greatest service to me. My months age no one thought I could possibly live long. I had a complication of diseases, endeed, my friends thought I had consumption and great hardening of the liver, so much so that I could not have my hair combed without causing me much suffering; also running swollen glands, tumors, enlarged, enlarged or "thick neck," and large and numerous boils. I also suffered from a terrible Chronic Catarrh, and in fact I was so disease that I was a burden to me. I had tried many doctors with no benefit. I finally resolved to try first three bottles of your Golden Medical Discovery and one dozen Sage's Catarrh Remedy and continued their use. At first I was badly worse, but after taking four bottles of the Discovery I began to improve, and when I had taken the remainder I was well. In addition to the use of Discovery, I applied a solution of Iodine to the Goitre or thick neck, as you order in pamphlet wrapping, and it entirely disappeared. Your Discovery is certainly the most wonderful blood medicine ever invented. I thank God and you, from the depths of my heart, for the great good it has done me.

Very gratefully,
MRS. L. CHAFFER.

Most medicines which are advertised as blood purifiers and liver medicines contain either mercury, in some form, or potassium and iodine variously combined. All of these agents have strong tendency to break down the blood corpuscles, and debilitate and otherwise permanently injure the human system, and should therefore be discarded. Dr. Pierce's Golden Medical Discovery, on the other hand, being composed of the finest extracts of native plants, barks and roots, will in the case produce injury, the effects being strengthening and curative only. Sarsaparilla, which used to enjoy quite a reputation as a blood purifier, is a remedy of thirty years age, and may well give place as it is doing, to the positive and valuable vegetable alteratives which later medical investigation and discovery has brought to light. In Scrofula or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammation, Mercurial affections, Old Sores, Eruptions of the Skin and Sore Eyes as in all other blood diseases Dr. Pierce's Golden Medical Discovery has shown its great remedial powers, curing the most obstinate and intractable cases. Sold by all dealers in medicines.

WAR AND COMMERCE.—It is urged by some that English trade has gained largely by the Franco-German war, and that she has been serving both belligerents to the great advantage of her commercial interest; but official statements prove that such has not been the case. But it is true that the sales of the "Canadian Pain Destroyer" are rapidly increasing, and gaining the confidence of the public, for curing coughs, colds, rheumatism, neuralgia, summer complaints, &c. For sale by all Druggists and country dealers. Price 25 cents per bottle.

READ THIS TWICE.—Five to thirty drops of THOMAS' ECLECTRIC OIL, will cure common Sore Throat. It never fails in Croup. It will cure a Cold or Cough in twenty-four to forty-eight hours. One best a has cured Bronchitis of eight years standing, recent cases are cured in three to six days. It has restored the voice where the person had not spoke above a whisper in five years. As an outward application it is in all cases of pain or lameness, a thing like it has ever been known. One bottle will cure any case of Lame Back or Crick in the Back. For diseases of the Spine and Contraction of the Muscles it is unequaled. In Rheumatic or any other pain the first application does you good. It stops Ear Aches and the pain of a Burn in three minutes, and is altogether the best and cheapest medicine ever offered to the people—the dose is small, because it takes so little to do you good. It is composed of six of the best oils known, and nothing but oils. It is worth its weight in gold. Why not buy it to-day?—A. H. Dee Roberts, assistant postmaster, Arthabaskaville P. Q., writes:—"Three or four years ago I was seized by a violent attack of rheumatism in the head, from which I have nearly constantly suffered. After having used "Thomas' Eclectric Oil" for nine days, bathing the head, etc., I have been completely cured and have only used half a bottle. This I can certify under oath if you wish."—Geo. J. Mallory, Wyoming, N. Y., writes: "Dr. Thomas Eclectric Oil cured me of Bronchitis in one week. Dealers all over the country say, "We have never sold a medicine that has given such complete satisfaction as this."

Sold by all medicine dealers. Price 25 cts.

Goderich, 1st Sept., 1875. 1491

A certain person, who is now a school teacher, handed a problem to his class in mathematics the other day. The first boy took it, looked at it awhile, and said, "I pass." Second boy took it and said, "I turn it down." The third boy stared at it awhile and drawled out, "I can't make it." "Very good, boys," said the person, "we will cut for a new deal." And the switch danced like lightning over the shoulders of those depraved young mathematicians.

A gentleman and lady got off the Fair Haven train yesterday evening, and stepped out on the south side of the depot. They were quickly surrounded by a crowd of voracious hackmen. Pushing away vigorously with his umbrella, the gentleman succeeded a space around him, and having secured silence enough to be heard, he vociferated, "Wouldn't some of you lies to go to the Devil?" The tone of one of the hackmen was wholly urbane as he quickly replied, "Come right along, sir; I run the finest hack on that line."

Blarney—tall Yankee (just arrived)—"Guess your legal fare is just sixpence——" Dublin carman—"Sure, me Lord, we take some Chapel Tacks at that—but I wouldn't disgrace a gentleman as your Lordship's quality by drivin' him at a mane pace t'rough the public streets, so I luk upon myself to give your Lordship a shillin's worth both av style an' whipcord."

The English alphabet contains twenty four letters; to which when we add "j" and "v," consonants, there will be twenty-six. The French contains twenty-three; the Hebrew, Chaldean, Syriac, and Samaritan, twenty-two each; the Arabic, twenty-eight; the Persian, thirty one; the Turkish, thirty-three; the Georgian, thirty-six; the Coptic, thirty-two; the Muscovite, forty-three; the Greek, twenty-four; the Latin, twenty-two; the Sclavonic, twenty-seven; the Dutch, twenty-six; the Spanish, twenty-seven; the Italian, twenty; the Ethiopic and Tartarian, two hundred and two; the Indians of Bengal, twenty-one; and the Burmese, nineteen. The Chinese have, properly speaking, no alphabet, except we call their whole language by that name; their letters are words, or rather hieroglyphics, amounting to about eighty thousand.

which can be cured by a timely resort to this standard preparation, as has been proved by the hundreds of testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever introduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Croup, Whooping Cough, Influenza, Asthma, Colds, Sore Throat, Pains or Soreness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with most preparations, but it loosens and cleanses the lungs, and allays irritation, thus removing the cause of the complaint.
