The scarcity of houses in Woodstock has now become so pronounced that people have been forced to dwell in tents. At all events the sensible number of dwelling places of a certain class has become so severe that municipal aid has been demanded. In Brantford the situation is not so acute as to necessitate any recourse to tents, but householders who find themselves with a month's notice from the landlord are ready to agree with the statement that there is a dearth of modern-priced dwellings.

(Woodstock Express. The owner of the silver watch that has been in the hands of the chief for the past week has at last been located. Yesterday the recommendations of the gang were related in the papers, and in the evening the man's wife showed up for the time piece. He lives in Ingersoll and spent seven day here. Then his wife came after it, and it was handed over to her by the chief.

BASE BALL.

INGERSOLL LOST AT ST. THOMAS.

At St. Thomas yesterday the Saints won a close game from the locals by a score of 4—3. President Pensford has "shaken up" his team and the changes have strengthened the Saints. G. Graney was on the rubber for St. Thomas and he pitched a very good game. He pitched himself out of many tight places, the locals having 12 men left on bases. Ten hits were gathered off his delivery, but "the kid" kept them well scattered. Bill Read was on the rubber for Ingersoll and pitched good enough ball to win had his support been as good as the locals are capable of giving a pitcher.

Ingersoll scored their only runs in the fifth. Ross, first man up, drew a base on balls. McGuire hit a slow on to McDonald, who fielded the ball but threw high to first. Ross scored. Humphrey returned the ball to the plate but Graney missed it and McGuire also crossed the plate. Cross flied out to centre. H. Taylor was thrown out at first. E. Taylor singled, went to second on a passed ball. Daniels threw to second. (Nobody knows what for.) The throw was high and Taylor scored. Bell drew a base on balls. Robert and Graham both singled, but fast fielding kept Bell at third. Read was retired on strikes with the bases full.

St. Thomas scored their first in the fifth. McNeil singled. Stein hit to Cross, who threw to first. The ball got away from Taylor and McNeil scored. Stein and Daniel singled in the eighth. Lyons' sacrifice advanced both runners a base. Hawkins hit to McGuire and Stein scored on the out. Weinberg flied out to Cross. McDonald opened the ninth with a hit. Humphrey beat out a bunt. McNeil bunted to Cross who got his man at first but McDonald scored the run which tied the score on a daring piece of base running. Graney bunted. Graham made a wide throw to first and Humphrey scored the winning run with one out.

Joe Hawkins "robbed" Ross of a double in the sixth by a beautiful catch. He also threw the same batter out at first, when everybody thought the centrefielder had a safe hit. The score:

A WARNING TO MOTHERS

Too much care cannot be used with small children during the hot weather of the summer months. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by all druggists.

A friend recommended Newbro's Herpicide. I confess that I doubted this story; but I gave Herpicide a trial; now my hair is as thick as ever, and entirely free from dandruff."
