102 Years Old.

Yesterday was the 102nd birthday of Mr. Joseph W. Moore of Queen street in this city, and after living to this remarkable age Mr. Moore still retains possession of his faculties in a degree that is most surprising.

He sometimes takes a walk about town and was down on Prince William street and at Reed's Point the other day and saw the wind up of the yacht race.

His step is still quite free, and is very little stooped for a man of his years. Although he is troubled a little with asthma, the tone of his voice is still strong and clear, and his hearing is so good that one can talk with him easily in a tone very little louder than is used in ordinary conversation. He has never yet worn spectacles, and can read ordinary newspaper print all right. He has a magnifying glass that he holds in his hand and reads through when he wishes to read fine print. He keeps quite well posted on current topics and his memory of the past is remarkably clear.

Mr. Moore is the only one living of a family of eight. He was born in Cork, Ireland, and succeeded by his own efforts in getting a good education. At the age of 20, he, and his younger brother, took passage for Halifax in a sort of schooner rigged vessel of about 200 tons. The other passengers were a catholic priest and two Methodist Ministers, and the vessel was loaded with provisions of different kinds, and clothing. The mate of the vessels understood navigation very well but the captain was only a coaster, and knew very little about it, but he was anxious to learn, and young Moore volunteered to teach him. He succeeded so well that on their arrival at Halifax in April the captain made him a present of twenty pounds paid as their fare across the ocean, and further offered them a free passage to St. John. They accepted the offer and shortly after came to this city remaining here a short time and then going to Nova Scotia, where in a few years Mr. Moore commenced teaching school. His younger brother died at the age of thirty of consumption.

Mr. Moore has never been out of the Maritime Provinces since he landed on this side of the ocean, and has taught school, generation after generation, till about ten years ago.

He married at the age of 40 a woman about his own age, who is now dead some eight years, and had only one child, the son with whom he now resides.

He says his living to so great an age is not due to strength. In fact he was always rather below the average in strength, and could not stand any hard manual labor, so that he attributes his longevity principally to the fact that he has always taken good care of himself and has lived a very temperate life.

Disaster to St. John Vessels.

Saturday Geo. F. Baird, M. P., received a despatch from New York stating that the steamship Cleopatra spoke the schooner Adelene off Deleware Cape, on the 12th with her sails, deckload and everything movable on deck carried away. The mate, Mr. Pyle, was drowned. Mr. Pyle belonged to Hopewell and is a brother to Capt Pyle of the barque Arklow. Yesterday Mr. Baird received a telegram from Captain Brown reporting the arrival of the Adelene at Lewes, Deleware, with loss of boats, davits, mainsail, and jibs, leaking badly and with other serious injury. Mr Baird at once instructed the captain to get new sails and if practicable to come to St John for repairs. The Adelene was bound to this port with a cargo of pitch pine. She is a schooner of 195 tons and was built in 1885. Both vessel and cargo are insured.

Meesrs Turnbull & Co have received a despatch stating that the schooner Laurissa which sailed from New York on the 8th inst. in ballast for Satilla River to load hard pine, had been towed back to New York. She had suffered badly in the gale. The masts were gone and everything swept from the deck. Captain Alonzo McLean had his arm broken.

Schooner Hattie Turner over which some anxiety was felt has arrived safely at Washington.

STEAM FERRY AT INDIANTOWN.—To-day the little steamer "Fairie Queen" was plying between Indiantown and Pleasant Point as ferry boat. She is about 30 feet long, will cary 30 or 40 passengers and makes the run across in three minutes or less. Messrs. McMurray and Melaney who pay $600 this year to the council for the ferry privilege, have her on trial. The little steamer seems well adapted for the requirements of the ferry and if the council will grant them a rebate or give them a fair chance so that they will be sure of the ferry every year, it is probable that they will purchase the little steamer and keep her at work on the ferry. It would be a decided improvement on the row boat system, and some arrangements should be made so that the steamer may be kept on.

A memorial sermon to the late Capt. Richard was preached last evening in the Centenary church by the pastor, Rev. E. Evans, in which a record was given of the deceased's religious life. The rear of the platform was draped with black and appropriate hymns were sang by the choir.

THE NEW YORKERS WON.

One of the largest crowds of the season gathered at the Athletic grounds Saturday afternoon to witness the game between the St. Johns and the Auburns of New York, and it was a well contested game. It was close throughout, and while the error column was not very extensive the batting was heavy. The home team led for five innings and then the order became reversed—Cunningham pitched in good form the visitors getting but nine hits off him for a total of 16. Gallagher was batted for twelve with a total of 16 bases.

The score of innings stood:

Auburns .....2 1 0 0 2 3 0 1 x—9
St. Johns .....2 0 1 3 0 0 1 0 0—7

At Halifax the St. Patricks have won the juvenile championship.

The Western Union team defeated the N. B. Ry employees, Saturday by a score of 23 to 17.

The Portlands and the LaTours play this afternoon.

Next season the double umpire system will be adopted, and a foul tip caught by the catcher, while close up under the bat, will count as a strike.—[New York Herald.

BANGOR'S BEAUTIES SHUT OUT AGAIN.

At Moncton, Saturday, the local team administered a dose of strong medicine to the Maine Staters. The visitors found it impossible to bat Doe, and this coupled with the fact that numerous errors were chalked up against them, accounts in a measure for the rattling score:—Moncton 18, Bangors 0.

The score by innings stood:

Monctons 7 1 3 1 5 0 0 1 x—18
Bangors 0 0 0 0 0 0 0 0 0—0

Umpire, J Wright.

AROUND THE BASES.

St. Johns and Auburns to-day.

Oberlander, pitche3 for the visitors.

To-morrow the St. Johns and Shamrocks begin their series.

Considerable money is wagered on tomorrow's game.

Anson thinks that the balls should be made livelier. With more rubber in the ball the out fielders would have more fly chasing to do, while the infielders could not pull down so many apparently safe hits.

Manager Toole of the Bangors has returned home from St. John well satisfied with the work of the team in this city.

The provincial trip of the Bangors has been nothing to be proud of.

The mangement of the Lewistons has in view several games for the coming week. They are in correspondence with the Auburn, N. Y., team which is now playing in this city and who return home next week. Another game or two with the Bangors is expected in the near future.

A Bangor paper says: At a special meeting of the Colby base ball association the resignation, dated St. John Aug. 23d, of D. W. Parsons, as captain of the 'varsity ball nine, was read and accepted, A. P. Wagg, '90, was elected captain. Owing to the absence of a number of the players but little will be done in base ball during the fall term.

Athlete.

Entries for the St. J. A. A. C. sports on the 21st, close to-morrow.

Tracey was defeated at the New York sports Saturday, through a fall.

Patton of Maine State has entered for the two bicycle races in the coming sports.

OWES IT TO HIS COUNTRY.

The Toronto Empire publishes a Halifax despatch about Tracey not intending to compete in the Canadian championships, which it heads, "But Tracey owes it to his country to come," and the Toronto Globe commenting on the same says:—"If Mr. Tracry is at all anxious to try his speed he ought to be at Rosedale on the 28th. It is altogetner probable that George Gibbs, of Guelph, will start in that event, and if so, Tracey will have all the running he wants. Gibbs may go to New York next week to run in the mile race at the amateur championships."

Tracey, will run in the M. P. A. A. sports in this city 28th instant.

ROYAL BLUE SPORTS.

At a meeting of the Royal Blue Amateur Athletic Association, last evening, it was decided to hold their annual sports Saturday next, Sept. 31. The events will include the usual programme with a baseballists' race. The events will be handicaps, and open to all amateurs.—Halifax Recorder.

This precludes the possibility of Brady and other Halifax runners being present at the sports here on the 21st.

The temple of the sun at "Tadmor" in the wilderness has fallen; but the traveller slakes his thirst at Jacob's well, a striking illustration of the survival of the fittest. Just here it can be said that our IDEAL SOAP still pursues the even tenor of its way, while other brands which have had a short run have fallen into ruins, and the survival of the fittest is sure to succeed.
