FROM ALL OVER THE MARITIME PROVINCES

FREDERICTON

Fredericton, Aug. 22—There have already been 265 applications for admission to the Normal school at the approaching opening of the next year at the institution, and the indications are that the total number of students will be at least 300.

At Covered Bridge last night some young men were examining a new automatic pistol, owend by Lee Pond, when it was accidentally discharged, the bullet entering the right arm of George White, a boy standing near. He was brought to Victoria hospital where Dr. McNally extracted the bullet. No serious results are anticipated.

Frank Brown, an employe of the Monitor Mfg Co. severed an artery in his arm while at work on Saturday.

The royal commission on technical education met in the assembly chamber of the parliament building this morning. C. Fred Chestnut told of arrangements made here for the commission's visit and gave information in regard to industrial conditions here.

Dr. Carter, chief superintendent of education was examined in regard to public school system of the province. He approved of manual training and said it did not interfere with other work in the schools. The demand for instruction in domestic science, he thought, was greater than that for manual training. Night schools had been a failure in St. John. The study of classics, he said, was optional. He advocated establishment of small gardens in connection with the consolidated and superior schools. He thought the teachers should be instructed in agriculture and nature studies and for this purpose short courses should be established for their benefit in some centre.

Chancellor Jones told of the work at the university and described its equipment. He thought the university should be kept in close touch with the common schools.

Principal Bridges, of the Normal school, and T. B. Kidner, instructor in manual training, also spoke.

The commission will go to Woodstock tomorrow afternoon.

The Woodstock baseball team will play here on Thursday and Friday.

Fredericton, N. B., Aug. 23—The Royal Commission on technical education completed its work here this afternoon and left for Woodstock at 5 o'clock. The inspection of the industries at Marysville had to be dispensed with.

Dr. Robertson stated today that arrangements for the sessions of the commission had been remarkably complete and reflected credit on the committee which had them in charge. The commission will return here Wednesday night and leave for Chatham via I. C. R. on the day following.

The witnesses examined at last night's session were Moses Mitchell, Donald Fraser, W. J. Osborne, Prof. Miller, Percy Gass, A. G. Downey, Fred. W. Emms, Dr. D. W. Hamilton and Dr. Atherton.

Agricultural matters were discussed at this morning's session, the witnesses being W. W. Hubbard, Frank Clements, John C. Bilman, W. H. Moore, S. B. Hatheway and Col. Loggie.

Mr. Hubbard spoke of the fruit growing possibilities of the province. He thought that the St. John valley and counties of Westmorland and Albert were capable of producing any varieties of apples grown in the Annapolis Valley. He also told about the illustration orchards and school gardens. He thought it would be a good thing if the Intercolonial Railway would provide free transportation for students attending the Truro Agricultural College. He considered the harvesters excursions a detriment to farmers of New Brunswick.

Other agricultural witnesses related their experiences at fruit growing, dairying, etc., and complained of the scarcity of farm help which they attributed to the western emigration.

Col. Loggie submitted plans and maps showing the location of crown lands, private lumber lands, farm lands, etc.

Prof. Miller, who lately returned from Newfoundland, is preparing a forestry exhibit for the St. John exhibition.

Dr. Robertson addressed the Canadian Club at luncheon in the Y. M. C. A. hall at noon today. C. Fred Chestnut, president of the club, presided, and there were about fifty in attendance, including members of the technical commission. Dr. Robertson delivered an able and inspiring address which was heard with great interest.

Chief Rutter and a detachment of firemen left for Truro this evening to attend the tournament.

Fredericton, Aug. 24—Word has been received in the city of the tragic death of a young boy at Lower Pokiok, York county, the details of which are shocking.

On Thursday, the 18th inst., Gordon, the eight-year-old son of William Fraser, Lower Pokiok, was helping in the work in the hay fields and was taking away hay cut by the mowing machine when he got caught by the cutter bar of the machine.

His foot was almost amputated and he was dragged along the ground for some distance with the cutter bar working before the horses could be stopped. The foot was terribly mangled and great loss of blood ensued. Two doctors were summoned and everything possible was done to save the lad's life, but all to no avail, and he passed away that same evening, a few hours after the accident occurred.

ed before the roads and streets committee of the city council last night and made an offer to lay permanent pavement. His lowest offer was for a mineral rubber pavement at $1.35 a square yard. He was informed that it was not the intention of the city to lay any more permanent pavement this year.

This morning officers were elected at the maritime conference of the Seventh Day Auventists. The results were:—President Elder, J. O. Miller, St. John; secre-secretary-treasurer,. Miss Beatrice Heisler Moncton; executive committee, President Miller, J. A. Strickland, of Fredericton, Prof., J. L. Stanbury, of Williamsdale, N. S., Elder, L. D. Longard, of Halifax county, and W. H. Cook, of St. John.

The executive also comprises the education committee. Elders Miller, Strickland and Longard and Miss Mabel Dimock, of Farmington, N. S., were elected delegates to the union conference in Quebec next week. They will leave on Monday night.

HARTLAND.

Hartland, N. B., Aug. 22—The past week has been exceptionally fine and the farmers are getting well along with their delayed haying. The grain and potato crops need immediate attention also. Today DeWitt Bros. shipped to St. John the first carload of this season's potatoes to leave the county. This is a record for early shipment. The price paid was $1 per barrel. Potatoes are looking fine and are yielding big. So far the crop is untouched by rust and the cool nights are very favorable to their development.

Oats show a wonderful yield; and wheat, barley and buckwheat are also good. On Friday night there was frost in some sections remote from the river but no serious damage is reported.

The farm laborers' excursion this week will not take as many from this county as in other years. The "lure" is wearing off and the numbers who have returned to take up farming in Carleton county has a deterrent effect on those who might go west. Then there is a big demand for laborers right here and wages are on the whole better than in the west.

The rededication of the United Baptist church will take place on the first Sunday in September. Last evening Rev. Mr. Addison preached to a large Baptist congregation and he may be engaged to succeed Rev. E. L. Steeves, whose resignation will take place soon.

A number of young ladies, chaperoned by Mrs. F. G. Francis, held a private picnic on Tuesday at River Glade, on the grounds of Byron C. Jones.

Two young men from Havelock, each with a team of horses, had quite a lively runaway here on Tuesday. It seems that in order to enjoy each other's company both the young men got into the forward wagon, leaving the rear team to follow. Something startled the rear team and they

Sawdust and coarse salt, mixed in equal parts and spread on a carpet, scrubbed in and then swept up, will make the carpet look almost like new.

"I HONESTLY BELIEVE 'FRUIT-A-TIVES'

The Greatest Cure For Rheumatism In The World"

Knowlton, Que., Oct. 12, 1909.

"For many years, I suffered from severe Rheumatism, and the attacks were very distressing and prevented me from doing my ordinary work. I tried many remedies and physicians' treatment, but nothing seemed to do me much good, and I was becoming very anxious for fear I would become a permanent cripple from the disease.

I tried "Fruit-a-tives" and this medicine has entirely cured me and I honestly believe it is the greatest Rheumatism cure in the world."

E. E. MILLS.

Such a statement could not be bought from a man like Mr. Mills. He thinks too much of his good name, to sell it or sign it to an untruth. Mr. Mills tried "Fruit-a-tives" after all other treatment failed—and "Fruit-a-tives" cured him of Rheumatism. In the goodness of his heart he wrote the above letter in order that sufferers in all parts of Canada would know that there is one remedy that actually does cure Rheumatism. This testimonial was entirely unsolicited on our part. We did not know that Mr. Mills was taking "Fruit-a-tives" until we received the above letter.

It is a case like Mr. Mills' that proves the marvellous powers of "Fruit-a-tives" in arresting and curing disease. It may be stated, without fear of contradiction, that "Fruit-a-tives" is the only medicine in the world made of fruit juices and is the greatest Rheumatism cure known to modern science.

50c. a box, 6 for $2.50, or trial box, 25c. Sold by all dealers or sent postpaid, on receipt of price by Fruit-a-tives, Limited, Ottawa.
