L. O. P. GENEREUX' LIST.

L. O. P. GENEREUX—TELEPHONE 1295—368 Spadina-avenue; $300 house and a deep lot. See how easily you can own your own home and how cheap you can pay it when you are your own landlord. Suppose you buy a lot in the Wychwood Park Terrace or St. Alban's estate which is 30 feet frontage, and will cost you $250. Money will buy you a house and the material for say a six-room, two-story, roughcast dwelling. This will cost say $250, making the total amount owing on the property $500. The interest on this at 7 per cent. is $35 a year, or $2.92 a month. This is your rent, and this rent reduces every time you pay anything on the principal. It is getting lighter all the time. All you have to do is to get the house built. If you are a handy man you can do most of this yourself. You can get your friends to help you, or perhaps you have a little money saved. Any industrious, thrifty man can, with a little extra push and hard work, in a few months build a comfortable house and a good lot worth from $800 to $1000, on which he only owes $500, the interest on which is $2.92 a month. The thing can be done. Try it. The figures are before you. The property is before you. I have the money to help you. Will you help yourself? If you do not wish to build now, you cannot find a safer or better paying investment for your savings than one of these lots. The locality is sure to increase in value as the city is improving, and it is undoubtedly one of the healthiest and pleasant residence properties adjoining the City of Toronto. Numerous lots have already been sold, and prices will soon be advanced, as the demand is daily increasing. L. O. P. Genereux, 468 Spadina-avenue.

THE ABOVE ARE FOR SALE BY W. Hope, 15 Adelaide-street east, Telephone 1218.

L. O. P. GENEREUX' LIST.

L. O. P. GENEREUX—TELEPHONE 1295—368 Spadina-avenue; $300 house and a deep lot. See how easily you can own your own home and how cheap you can pay it when you are your own landlord. Suppose you buy a lot in the Wychwood Park Terrace or St. Alban's estate which is 30 feet frontage, and will cost you $250. Money will buy you a house and the material for say a six-room, two-story, roughcast dwelling. This will cost say $250, making the total amount owing on the property $500. The interest on this at 7 per cent. is $35 a year, or $2.92 a month. This is your rent, and this rent reduces every time you pay anything on the principal. It is getting lighter all the time. All you have to do is to get the house built. If you are a handy man you can do most of this yourself. You can get your friends to help you, or perhaps you have a little money saved. Any industrious, thrifty man can, with a little extra push and hard work, in a few months build a comfortable house and a good lot worth from $800 to $1000, on which he only owes $500, the interest on which is $2.92 a month. The thing can be done. Try it. The figures are before you. The property is before you. I have the money to help you. Will you help yourself? If you do not wish to build now, you cannot find a safer or better paying investment for your savings than one of these lots. The locality is sure to increase in value as the city is improving, and it is undoubtedly one of the healthiest and pleasant residence properties adjoining the City of Toronto. Numerous lots have already been sold, and prices will soon be advanced, as the demand is daily increasing. L. O. P. Genereux, 468 Spadina-avenue.
