The course of instruction is to teach the girls to use evenly modulated tones calculated to have a soothing effect upon those who object to the service. Of course, clearness of enunciation and pleasantness of tone are considered. It is the finishing touch to the education of an efficient operator.

DUNSMORE FAMILY IN LITIGATION!

Premier of British Columbia Sued by Sisterin-Law for Recovery of Portion of the Estate.

Victoria, B. C., Nov. 10 .- Mrs. Joan Dunsmuir, widow of the late Robert Dunsmuir, founder of the fortune of British Columbia's wealthiest family, has entered an action against her son, James Dunsmuir, premier of British Columbia, which involves a portion of the estate. Mrs. Dunsmuir asks for the delivery of 4,993 shores in the R. Dunsmuir Company, Limited. She also wants an accounting of all dividends and profits upon these shares from Jan. 31,

The shares mentioned in the action are believed to be those left by the late Alexander Dunsmuir, and the action in no way affects the fortune left by Alexander Dunsmuir to his widow and by her to her daughter, Edna Wallace Hopper, the actress.

Gen. Miles Says His Opposition to Drinking Places at Army Posts Is of Long Standing.

Boston, Nov. 9.-Gen. Nelson A. Miles, who was in the city last night, said in an interview that he had not changed his mind in regard to the canteen, as had been reported. He said he was as strong against it as ever, so far as alcoholic drink was concerned. He said that if railroads, banks, and other great establishments could get along without drinking-places the army could. He added:

"The men in the army average along 22 and 23 years of age, a time when they certainly should not be encouraged in drinking. I believe in remov-

The convention stipulates for the gradual withdrawal of the Russian forces within three years, "provided no other re-bellion occurs, and the powers do not interfere." How Speedily and Readily the Wretched Itching and Uneasiness of Piles Is Relieved and Thoroughly Cured by

Dr. Chase's Ointment. It seems wonderful that after all

these years of investigation and re search the physicians are still helpless to relieve and cure one of the most common and most distressing afflictions to which men and women are subject, viz., itching, bleeding piles. In nine cases out of ten the doctors still recommend a surgical operation, with its expense, extreme pain and danger, as the only cure for piles. Prejudice alone keeps the physicians

from prescribing Dr. Chase's Ointment in all cases of piles. It has made for itself a world-wide reputation, and is sold under a positive guarantee to cure any case of piles, no matter of how long standing, no matter how many operations have failed, and no matter how intense has been the suffering.

Rev. S. A. Duprau, Methodist min-ister, Consecon, Prince Edward county, Ont., states: "I was troubled with itching and bleeding piles for years, and they ultimately attained to a very violent form. Large lumps or abscess formed, so that it was with great difficulty and considerable pain that I was able to stool. At this severe crisis I purchased a box of Dr. Chase's Oint-ment, but I had little or no faith in it, as I had tried various remedies before

and to no purpose. 'Now, imagine how great and joyous was my surprise to find that just the one box cured me, so that the lumps disappeared, and also the external swelling. I feel like a different man, today, and have not the least doubt that Dr. Chase's Ointment saved me from a very dangerous and painful operation and many years of suffering It is with the greatest pleasure and with a thankful heart that I give this testimonial, knowing that Dr. Chase's Ointment has done so much for me. You are at perfect liberty to use this testimonial as you see fit for the benefit of others similarly afflicted." You are invited to make this test and

prove to your own satisfaction the almost magical power of Dr. Chase's Ointment. Ask your neighbors who have used it what they think of Dr. Chase's Ointment. [San Francisco Argonaut.] If asked "Where are the prettiest girls in the world?" I will reply, in Limerick, Ireland. There is a freshness of face, lustrousness of eyes, healthfulness of color and complexion about the Limerick girls, en masse, that carry off the sweepstakes trophy. The girls of Cork and of the lakes— in fact, of the country all the way down from Dublin—are somewhat of the Limerick order. In form they constitute a happy medium between the rotund English maids across one

channel and the sylph-like Parisian demoiselles beyond the other.

But the Limerick face is the perfection of female beauty-a human ceramic without a blemish. The Limerick girl is also the highest example of exquisite wit and ingenuousness-an extraordinary assimilation, to be sure. In other words, while she is not insensible of her sparkle of words she seems like one who has never looked frequently into a mirror. She has regular and sometimes very pretty teeth; and if her nose is often inclined to retrousse and there is an "Irish expression of mouth," these but add piquancy

Conferring Knighthood on Officials Gives Great Satisfaction. St. Johns, Nfld., Nov. 10 .- The birth-

day of King Edward VII. was celebrated in Newfoundland with general enthusiasm, which was intensified when it was learned that his majesty had conferred the honor of knighthood upon Chief Justice Little, the deputy governor. It is understood that this compliment is a further recognition of the King's gratitude for the cordial welcome given to the Duke and Duchess of Cornwall and York in St. Johns last month. Mr. Bond, the premier, was knighted at the time. Chief Justice Little's knighthood is looked upon as a special recognition of the loyalty of the Roman Catholics in Newfoundland. They participated warmly in the loyalist demonstration. The chief justice is the most promin-

In speaking of the exposition he "It will require several months to remove the structures of the great exposition. The work of dismantling has already begun and contracts will soon be let to wrecking companies to tear down and move away the material in the buildings, but it will probably be along in the spring months before all of that task is completed. It will be prosecuted vigorously, except, perhaps, for a period in the colder months. The removal of the exhibits is proceeding

'Just how much the financial loss of the exposition will be we cannot say definitely at present. "The receipts are less than the cost of operations, and will not equal the expense of making the exposition by something like \$1,500,000. We expected something like \$30,000,000 in paid receipts, but in that we were disap-INFANT INCUBATORS.

Managers of the Children's Hospital at No. 219 Bryant street have decided to increase the facilities of the institu-tion by establishing two infant incubators on the same pattern of those in use at the Pan-American Exposition this summer and which created such widespread interest. The incubators will be placed in the nurses' home, which connects with the hospital, and where ample accommodations exist. This new branch of work will in no way interfere with the present babies' ward, where children are received up to the age of two years.

The expense of the incubators with the necessary appurtenances will be \$1,500 and the managers hope that

there may be a number of persons sufficiently interested in this experiment to wish to contribute toward the raising of this sum.

PAN-AMERICAN STAMPS. Over 18,000,000 Pan-American postage stamps have been sold in New York alone since they were first put on sale six months ago. TAMMANY'S RULE COSTLY.

In 1900 the Merchants' Association secured figures which showed that in 1900 the cost of the government of New York city was that of thirteen leading cities of the United States combined. Three cities represented more than twice the population of New York. The cities taken for comparison were Milwaukee, New Orleans, Detroit, Cleveland, Cincinnati, Pittsburg, Buffalo, San Francisco, St. Stuart's Dyspepsia Tablets are the safest as well as the simplest and most Louis, Baltimore, Boston, Philadelphia safest as well as the simplest and most and Chicago.
