Public Amusements

Mantell in The Corsican Brothers.

Mr. Mantell's closing week at the Toronto Opera House will be devoted to a revival of Dumas' celebrated play, "The Corsican Brothers," and, judging by the demand for seats, the popular actor's farewell will be a notable one. Few members of the profession have as many admirers in Toronto as Mr. Mantell, and the extended engagement is ample proof that his work is appreciated. In "The Corsican Brothers" his impersonation of the twins is said to be picturesque, and the sombre aspects of the play are presented with impressive solemnity. This effect is greatly aided by the scenic and mechanical arrangements, which have received the careful attention of Manager Hanley. The New York Tribune, in criticising Mr. Mantell's work, said: "It was only in the first two acts, where a slight suspicion of 'Monbars' and a too close study of Irving gave little mannerisms to him that were not in keeping with his own genius, that Mr. Mantell failed of achieving a complete success. As it was his success, and the success of the play were established beyond question." The usual matinees will be given next week on Tuesday, Thursday and Saturday.

Conservatory Elocutionists.

The Conservatory School of Elocution gave an excellent program last night in the college hall. It was the last of the commencement exercises. The graduates are Misses Bessie M. Davis, Edith S. Moodie and Anna J. Wilson. Those who passed their first-year examinations are: Misses Hannah Block, Gladys Drury, Mary Hazard, Edith Hyndman, Fanny Jephcott, Leola Prior, Marie McLeod, Grace Mills, Mildred Anderson, Dudgeon, Ardagh, Ross, Alice Hunter, Charlotte Block, Elsie Charlton, Ada Heath and Mary Beattie.

Highlanders for Pan-Am.

Buffalo, N.Y., May 31.—Hobart C. Weed, chairman of the Committee on Music at the Pan-American Exposition, announces that the services of the 48th Highlanders' Band of Toronto have been engaged, the date of its appearance to be set later. With the band will come the pipers, sword dancers and the other features which have made the band famous thruout the United States and Canada.

GREAT BRAVERY OF A FIREMAN.

At Imminent Risk He Saved Lives of Three Men on Atikokan River.

Winnipeg, May 31.—Fireman McKenzie of the Canadian Northern Railway at Port Arthur, saved the lives of three men in the Atikokan River. They were going fishing, and took three sticks of dynamite with them to throw into the river. One stick had been thrown out, when one of them got frightened and upset the canoe. Fireman McKenzie jumped into a canoe and went after them. The three sticks of dynamite were now in the water, and liable to explode any minute. McKenzie managed to get two ashore, and rescued the third man as he was sinking. He got half way back to shore when the three sticks of dynamite exploded all at once, and upset the canoe. Water was shot up in the air for forty feet.

Our Plates Talk

That isn't too much to say of properly made Artificial Plates.

And they talk naturally—making articulation easy—speaking praisingly of perfect fitting—of the superior equipment and skill employed in constructing—and of thorough effectiveness, comfort and satisfaction achieved for all wearers.

Artificial Plates from ..... 7.50 up

NEW YORK REAL PAINLESS DENTISTS
Cor. Yonge and Adelaide Streets,
ENTRANCE No. 1 ADELAIDE EAST.
DR. C. F. KNIGHT, Prop. TORONTO

ACCEPTANCE UNACCEPTABLE

Washington Cabinet Decided That Cuban Convention Imposed Too Many "Whereases"

REGARDING PLATT AMENDMENT.

Therefore Uncle Sam Will Keep His Hand on the Reins for a Time Yet.

Washington, May 31.—The Administration has decided that the action of the Cuban Constitutional Convention, in accepting the terms of the Platt amendment, with modifications and interpretations of their own, was not "substantial" compliance with our terms, within the meaning of the agreement, and Secretary Root will convey this intelligence to the convention. The decision was reached at the Cabinet meeting to-day. The meeting lasted over an hour and a half, and had been preceded by an hour's conference between the President and Senators Platt of Connecticut and Lodge of Massachusetts. As the author of the amendment, the President desired to learn the views of Senator Platt, and also those of Senator Lodge, who is one of the influential members of the Committee on Foreign Relations.

Too Many "Whereases."

At the Cabinet meeting, Secretary Root took the position that the interpretation of the Platt amendment contained in the constitution adopted by the convention, and the whereases appended to it, went outside of a fair interpretation of its meaning, and was unacceptable. In this view the Cabinet concurred.

When asked as to what would be the next step of the Government, after the convention had been notified of the rejection of its action, one of the members of the Cabinet said that the Government could do nothing further until the convention again acted; that, as long as the conditions of the Platt amendment were on the statute books, compliance with them must precede our relinquishment of control over the Island.

The Insular Cases.

The Cabinet also discussed the decisions of the Supreme Court in the insular cases, especially their bearing upon the forthcoming decision of the court in the Philippine cases. It was the general opinion that, in some phases, the Delima decision might be applicable to the Philippines, but that, in other ways, it might be held entirely inapplicable. No definite conclusion, however, was reached at to-day's meeting.

Lady Doctors Dine.

The annual dinner of the Alumnae Association of Ontario Medical College for Women was a bright and successful function at the Temple Cafe last night. Dr. Jennie Gray acted as president, in the unavoidable absence of the president of the association, Dr. Ida Lynd. The toast list was: "King and Country," proposed by Dr. Jean Cruickshank, and honored by singing "The Maple Leaf"; "Absent Graduates" was responded to by the reading of letters; "The Graduates," proposed by Dr. Helen McMurchy, responded to by Dr. Doyle; "Undergraduates," responded to by Dr. Minerva Greenway; "The Women's College Hospital," responded to by Dr. Leila Skinner.

Trinity Doctors at Dinner.

The graduating dinner of the Trinity Medical College class of 1901 was held last night at the Temple Cafe. Dr. C. P. Lusk presided, and Dr. W. J. Brown was secretary of the committee. After the loyal toasts came, "Our Alma Mater," proposed by Dr. W. J. Brown, responded to by Dean Geikie; "Medicine and Surgery," by Dr. Ralph T. McLaren, responded to by Dr. Bingham, Dr. Baines and Dr. Anderson; "Undergraduates," proposed by Dr. W. R. Coles, responded to by Messrs. C. McDougall, B. O'Reilly and R. Frankish; "Class of 1901," proposed by Dr. R. T. McLaren, responded to by the medallists, Dr. Marshall, Dr. Ferguson and Dr. Coteridge.

At Munro Park.

The management of Munro Park announce another excellent program for next week, which includes illustrated songs by Rice and Harvey, clever sketches, dancing and singing by the four Burtons, very fine acrobatic work by Bissonette and Bingham, with funny and exciting bicycle acts by Lawrence and Cherry. An impression seems to have got abroad that there is a charge for entrance to the park, but this is not so, admission being entirely free and only the seats being charged for.

HAMILTON NEWS

CONSTABLE'S FATHER DIED

And Acting Chief Prentice Could Not Allow the Policeman Three Days' Leave of Absence.

TWINS BORN IN THE AMBULANCE.

Mountain View Hotel Man Fined for Illegal Selling—The Calder Business—General News.

Hamilton, Ont., May 31.—(Special.)—Constable Hesselfeldt received word this afternoon that his father had died on his farm, near Waterdown. The officer applied to Acting Chief Prentice for leave of absence for three days, but this was refused, the reason given being that the force is "short-handed" on account of so many officers being engaged watching houses in which there was smallpox. The constable appealed to Mayor Hendrie, but His Worship, being a soldier, would not interfere. Hesselfeldt will appeal to the Police Commissioners to-morrow.

Very Unusual Occurrence.

There was an unusual occurrence in the police ambulance to-day, twins being born in it on King-street. Mrs. Henry Harris, 40 Chatham-street, was being moved to the maternity ward of the General Hospital, when the little ones were born. A woman and a constable were in the rig at the time. At the hospital, the twins were weighed, they being 8 and 5 pounds each. Both are girls.

Police Points.

At the Police Court this morning, James Woods, Toronto, was fined $1 and costs—a total of $18—for assaulting Jos. Hall, proprietor of the Mountain View Hotel, on Victoria Day.

John Parry of the Royal Oak Hotel, Mountain Top, was fined $100 for selling liquor without a license. He and his wife were tried on a charge of keeping a disorderly house, but they were acquitted. The evidence showed three officers went to the place and had a gay time, which action the Magistrate did not approve of. The constables did not call as witnesses a married man and another man's wife, found in the place.

Mrs. Mary Schuler was acquitted on a charge of being a frequenter of the place.

Case of Calder & Co.

A meeting of the inspectors of the estate of John Calder & Co., clothing manufacturers, was held yesterday. Mr. Calder was not prepared to pay 50 cents on the dollar, as suggested a couple of days ago, and he was given an option on the stock till to-morrow night. It is thought a new company may be organized.

Left a Snug Sum.

The will of the late Peter C. Crossman was admitted to probate this morning. The estate of the deceased is valued at $20,495, the widow having control during her lifetime. On her death, a daughter—Mrs. Schwarz—is to receive $3000, and the balance of the estate is to be divided between the three remaining children—Julius, Augustus and Caroline Elizabeth.

Small Paragraphs.

At the Hamilton Club last night, William Hendrie, jr., who is to be married shortly, was tendered a banquet by bachelor friends. Dr. Osborne was toastmaster. Ward's restaurant, 6 York-street, open day and night; beds 10c 15c, 25c. 36

Dr. McLellan, principal of the Ontario Normal College, left to-day for a trip to Europe.

SMIFF SAVAGE.

It is not pleasant reading to find that the body of an unidentified man was stolen from the Toronto Morgue and later was restored to the relatives on discovery in the pickling vat of the medical school. The excuse given is that the medical schools cannot obtain bodies enough in ordinary and permitted ways. The statement is no doubt correct, then what folly to maintain lunatic and idiot asylums! Why imprison professional criminals? Why not send their bodies to the schools? Society would be improved by their removal and science advanced. There need be no necessity for at stealing subjects for medical colleges.—Bob. Indep.

Woodstock Old Boys.

An enthusiastic meeting of the Woodstock Old Boys' Club was held last evening in St. George's Hall, with President Fuller in the chair, at which it was decided to run an excursion to Woodstock on July 1. The next meeting will be held in the same hall, Elm-street, room 1, on Friday evening, June 6, when the matter of the excursion will be further discussed, and the style of badge to be worn will be selected. All Oxford Old Boys are heartily invited.

Excursion to Toronto.

Excursion rates will prevail on all lines running to Toronto next week to enable the members of the University of Toronto Alumni Association to attend the annual meeting on Convocation Day, June 7. All graduates and undergraduates may secure these rates by getting a standard railway certificate and buying a single first-class ticket to Toronto. The certificates will be countersigned in the office of the secretary, Dean's House, University of Toronto.

Mrs. McKinley is not yet out of danger, but improvement is looked for.

DELAYS ARE DANGEROUS

There is No Disease Which Will Prove So Fatal, if Neglected, as Catarrh. There is No Remedy Which Will So Quickly and Completely Cure as

JAPANESE CATARRH CURE

If the person who has what they consider only a little lingering cold in the head, or Catarrh in a slight form, could only see what a pitiable sight some of those who have a bad case of Chronic Catarrh presents, we feel sure they would not neglect taking the proper treatment another minute longer. Catarrh is one of the most dangerous of all diseases; it works its way so slowly and slyly that you do not realize how nearly you are in its deadly grasp, until some of the more painful and disagreeable symptoms appear. There has never been any remedy so successful in treating Catarrh or Head Colds as Japanese Catarrh Cure. There is no guesswork, no experiment or no failures when this time-tried remedy is used. It relieves the head pains in one minute, and stops the discharge from the nose and dropping in the throat in a very short time. It goes straight to every Catarrhal diseased portion, soothes, heals, allays all inflammation, and cures permanently. If you have only a slight Cold in the Head, don't neglect it. Japanese Catarrh Cure cures La Grippe or Cold in the Head in one night, and permanently cures Catarrh wherever located. You will find it pleasant to use. No instruments of any kind are required. It is the only permanent cure for Catarrh.

Endorsed by Government Institutions. Mr. A. E. Wilson, principal Government Home, Elkhorn, Man., writes: "We have used several boxes of Japanese Catarrh Cure, and find it superior to anything we have ever used for Catarrh. It has given wonderful results in every case tried. It certainly is an article of merit, having cured some very aggravated cases in the Home."

It does not matter how many remedies have failed to cure you of Catarrh or how bad your Catarrh is, Japanese Catarrh Cure will cure you, there is no doubt about that. It always has, and it always will. All druggists sell it 50 cents. Trial size 10 cents, by mail, from The Griffiths & Macpherson Co., Limited, Toronto, Canada.

CONFERENCE PROCEEDINGS

Character of the Preaching of To-Day Compared With That of a Century Ago, by Rev. W. Smythe.

CRY OF SECTARIANISM RAISED.

Missions, Victoria University and the Book Room Reported to Be Flourishing.

Hamilton, May 31.—(Special.)—At the Hamilton Methodist Conference in Wesley Church this morning, Rev. W. F. Wilson, the new president, occupied the chair.

Rev. William Smythe of St. Catharines delivered an address on "Transitions in the Methodist Pulpit in 100 Years." In his address Mr. Smythe dealt with the character of the preaching nowadays, and contrasted it with that of a century ago.

When the business of the conference was taken up, Rev. Dr. Wakefield moved that the following be added to the committee appointed to take charge of the St. James' Church, Montreal, matter: Rev. Dr. Ross, Rev. Dr. Henderson, John Crowe and Thomas Hilliard. This was agreed to.

The Afternoon Session.

At the opening of this afternoon's session, Rev. Alfred Lavell moved a lengthy motion for the appointment of a special committee to inquire into the waste of ministers on unnecessary home mission fields, and the hardships borne by a good many ministers.

The mover, in an address supporting the motion, said it was sectarianism and not Christianity that ruled in the matters complained of.

Ex-President T. W. Jackson opposed the motion as likely to raise dissensions.

The proposal was tabled, as other matters were down for hearing.

Addresses and Reports.

Most of the afternoon was given up to addresses. Miss Scott of Toronto spoke of the work of deaconesses, in view of Hamilton being about to secure two within a short time.

The conference passed a resolution accepting the Memorial Committee's recommendation that the conference take the necessary steps to establish a deaconesses' home in Hamilton, and the committee was asked to nominate the Board of Management.

Addresses were also given by Rev. Dr. Henderson, on "The Mission Work of the Church;" by Rev. Dr. Burwash, on "Victoria University," and Rev. Dr. Briggs on "The Book Room." According to these divines, their institutions were all in a thriving condition. Dr. Burwash stated that the student who stood highest in Orientals' this year, in fact, in any previous year, was Mr. Misener, who was about to enter the ranks of the probationers in the Hamilton Conference.

Mrs. Ross of Toronto, president of the Women's Missionary Society, delivered a pleasing address on the society's work.

All the speakers were thanked and assured of the conference's sympathy and support.

Rev. Dr. Williams addressed the conference on the St. James-street Church debt, and asked for further help. The matter was referred to a special committee appointed at an earlier session.

Young Ministers Received.

This evening the following candidates for the ministry were received into full connexion: R. A. Facey, New Hamburg; A. J. Johnson, Palmerston; R. J. MacAtyre, Toronto; R. Wesley Pool, Dundas; W. L. Sheridan, Palermo, and W. E. Stafford, Dunnville. They will be ordained on Sunday morning by the president, Rev. W. F. Wilson.

ALONG THE WATERFRONT.

Yesterday was anything but a favorable day for steamboat traffic. Those who did venture out on the water experienced a rough trip and very disagreeable weather. Despite the bad weather, the Chicora to Niagara Falls, Macassa to Hamilton and Garden City to St. Catharines made their regular trips.

The inclement weather does not affect freight traffic in the least. All the steamers running carry full cargoes on every trip. Next Saturday the R. & O. steamer Corsican will be added to the company's fleet, making a tri-weekly evening service out of this city. The Corsican will leave Toronto every Saturday at 7 p.m.

This afternoon at 3.30 the R. & O. steamer Toronto leaves for the east on her first trip of the season. Capt. Harry Grange of Coteau Landing, Que., who will command her, arrived in the city yesterday and all is now in readiness for the boat to steam out. The Toronto has received a general overhauling, and everything is in first-class shape. Until June 17 the Toronto leaves here every Tuesday, Thursday and Saturday at 3.30 p.m. for Charlotte, Thousand Islands and Montreal. To-day she will leave here with about 100 Toronto passengers on board.

The steamer Ocean of the Merchants' fleet leaves at 2.30 this afternoon for Montreal.

Next week will see greater activity along the waterfront. Monday will start the excursion season and in order to carry the expected crowds the various steamboat companies will place additional boats on the routes. The Niagara River Line will on Monday place the steamer Corona in commission. The Niagara time table, after Monday, and until June 17, will be: Leave Toronto 7 and 11 a.m., 2 and 4.45 p.m.; leave Queenston 7.15 and 10 a.m.; 1.45 and 5.15 p.m.; leave Lewiston, 7.50 and 10.30 a.m. and 1.50 and 5.50 p.m.; leave Niagara-on-the-Lake, 8.25 and 11 a.m. and 2.20 and 6.05 p.m., arriving in Toronto at 10.30 a.m., 1.15, 4.30 and 8.15 p.m. On June 17 the steamer Chippewa will be added to the service, after which date the following trips, in addition to the foregoing, will be in operation: Leave Toronto at 9 a.m.; leave Queenston at 7.15 p.m.; leave Lewiston, 7.30 p.m.; leave Niagara-on-the-Lake at 7.50 p.m., arriving in Toronto at 10.15 p.m.

The steamer Richelieu of the Oakville Steamboat Company, will arrive in port on Monday morning, when she will leave on her first trip of the season to Oakville and Lorne Park. Until further notice she will leave here daily at 9 a.m., 2 and 8.10 p.m.

Another boat to start the season on Monday is the steamer Argyle of the Lake Ontario Navigation Company. During the season she will leave every Tuesday and Friday at 5 p.m. for Whitby, Oshawa and Bowmanville, and every Thursday at 5 p.m. for Port Hope and Cobourg. Every Saturday night excursions will be run from Toronto to Rochester.

A week from Monday the Toronto Navigation Company's steamer Canada will start running to Niagara-on-the-Lake, Youngstown, Niagara Falls and Buffalo. She will leave Geddes' wharf daily at 7.05 a.m. and 2.05 p.m.

Capt. Malone has arranged with the postoffice authorities to have a letter box placed on the outside of the freight office on Yonge-street wharf. In addition to the many improvements to the interior of the freight office, two electric telegraph call bells have been placed in position.

The Richelieu & Ontario Navigation Company will erect a commodious waiting room on Yonge-street wharf for the patrons of the Niagara, St. Catharines and Toronto Navigation Company. The waiting room will be built in the freight shed and will adjoin the one used by the Niagara River Line. It will be 34 feet long and will extend the full width of the present building. It is the intention of the company to fit it up in an up-to-date manner, which will prove inviting to their patrons. The site selected is in close proximity to where the boats come in and will be found convenient by the traveling public.

To-night the Band of the 48th Highlanders will play at Hanlan's Point. To-morrow afternoon and evening the 13th Battalion Band of Hamilton will be the attraction.

Manager Bishop of the Hamilton Steamboat Company has booked a large number of excursions for Hamilton on the steamers Macassa and Modjeska.

General Manager C. F. Gildersleeve of the Richelieu & Ontario Navigation Company was in the city yesterday. He visited Yonge-street wharf, where he held a conference with the company's freight agent, Capt. Malone, and also called upon the western passenger agent of the line here, Mr. H. Foster Chaffee.

Unparalleled in the History of Medicine

THE DEMAND FOR

Paine's Celery Compound

THROUGHOUT CANADA IS TRULY WONDERFUL

A great and unparalleled demand has arisen in Canada and the United States for Paine's Celery Compound, that marvelous medical prescription of Professor Phelps, M.D. Its success and present high standing can only be attributed to its virtues and wonderful cures, and its triumphs in thousands of cases where other medicines have failed.

The young and old have found in Paine's Celery Compound new and lasting strength. Men and women, tired out, run down, despondent, sick, sleepless, rheumatic and those afflicted with blood diseases and liver and kidney troubles, have regained health, strength and buoyancy of spirits through the use of the great medicine.

Thousands of unsolicited letters of testimony have poured in from those who have been made well and strong. The wealthy and poor, the famous and those in humble circumstances have willingly testified in favor of Paine's Celery Compound. Mr. J. Ralston of Nixon, Ont., writes as follows:

"It gives me great pleasure to add my testimony to the ever increasing popularity of your preparation, known as Paine's Celery Compound. It is now a year past since I had a severe attack of nervous prostration caused by chronic dyspepsia, and for a year I could not sleep at night. This condition of sleeplessness brought on delirium. I was attended by four of the best doctors of the country, and took a great quantity of medicine, but all failed to do me any good. Having been persuaded to read your books, I thought I would try your Paine's Celery Compound; and after I had used four bottles the nervousness and dyspepsia left me, and I have done more work since than for years past. I now enjoy excellent health and consider myself completely cured. I have highly recommended your Paine's Celery Compound to others, and I know of several persons who are now using it."

JEWELERS BY APPOINTMENT TO HIS EXCELLENCY THE GOVERNOR-GENERAL.

Our $25 Diamond Ring

No. 4627W is one about which we have said a good deal, but that fills a continual want for a good ring at a moderate price. We venture on another word or two. Each stone is a perfect gem, and the setting, like the stone, is the best, being 18K gold, plain and heavy enough to be absolutely safe without hiding the beauty of the diamond.

The Prettiest Little Tables

you have ever seen are in our store just now. Nearly all of them are inlaid mahogany. Some have leaves, others are plain and square, while one or two of the nicest are ladies' work tables. The prices are from $20.00 up.

Bring Your Visiting Friends

to look around our store. Even if their home is New York you can be sure they have not seen nicer or more artistic jewelry than fills our cases now. We won't ask them to buy, but if they want to you can safely assure them that in many lines, diamonds especially, our prices are lower than anywhere else.

Sterling Silver Coffee Spoons

are not usually included in a cabinet of silver such as might be presented to a bride. They may be as odd as you like in design. One good pattern at a moderate price is our No. 4622W, half dozen in case, $2.50. Another is a heavier one, No. 4623W, half dozen, in case, $4.00.
