CASE READY FOR THE JURY

All Evidence in the Celebrated Fosburg Trial Has Been Put in.

STORY OF THE FAMILY UNSHAKEN.

Presiding Judge Asked to Instruct Jury to Acquit, But Result Not Yet Known.

Pittsfield, Mass., July 25.—In the Fosburg manslaughter case to-day Mrs. R. L. Fosburg, the gray-haired mother, mourning for a lost daughter, went upon the witness stand with stately and queenly bearing and told in simple words how her daughter May passed from life; told how masked men entered her room, appearing before her with hideous coverings upon their heads; told of her husband's fierce and terrible encounter in the bed chamber; told of how she heard her little daughter Beatrice cry out, "Oh, mama, look at May," and described the torturing scene when she found her daughter lying upon the floor in the agonies of death and then saw her eldest son fall down unconscious by the side of his sister. But if the testimony was given by the mother with simplicity, it could not have been given with more pathos and it could have been spoken in no way which would more affect the great crowd of people who heard it. If the mother told it with dignity, she told it with frequently uncontrolled emotion. Her voice failed her and she shed tears. The other members of the family sat listening to her word pictures and suffered because of what it recalled to them.

Miss Bertha L. Sheldon of Providence went on as a defence witness to-day. By her testimony the defence wished to show that there were burglars in the house and that they were seen by little Beatrice.

Miss Sheldon related the story of her being awakened by a "piercing scream" and declared that she opened the door leading to May's room and cried, "What is the matter?"

Robert, Beatrice and her father and mother were in the bedroom at the time. Witness saw the body of May upon the floor and at that instant Beatrice replied, "Burglars have entered the house and shot May."

There were many witnesses who gave to-day corroborative evidence, among them the shoe salesmen from New York, both of whom identified the single shoe found in the house, saying they sold it to some one.

Mrs. Fosburg was the last witness of the day and immediately after her testimony was concluded the defence rested. This was at 3.30.

At the close of the session, Judge Stevens, together with the counsel for both sides, retired to the ante-room, where Mr. Joyner for the defence made a long argument on the question of his suggestion that the judge order a verdict of not guilty. The result is not known officially, but it is understood that the arguments will be made in the case at the opening of the session to-morrow. Lawyer Joyner stated that if the case was argued District Attorney Hibbard, for the defence, would not probably take over an hour and a half. It is possible the case will go to the jury to-morrow noon.

STARTLING AFFIDAVITS.

New York, July 25.—Capt. Titus, chief of the New York Detective Bureau, to-day forwarded to the chief of police of Pittsfield two affidavits concerning the Fosburg case. The first is made by Alice Dugan, who says a girl named Handiside of Springfield told her three weeks ago that a man named Lew Grey and another man visited the Fosburg house on Aug. 19 last and found a revolver on the table with which he shot a girl. The second affidavit is made by the Handiside woman, who says she met Grey on Aug. 23, and he told her he and a fellow named Alfred Foy "did a trick" at a house in Pittsfield; that he heard a noise in the house and found a revolver on a table and shot at someone.

HAMILTON NEWS

APPLICATIONS FOR GRANTS

Finance Committee Stands Off Deputations Who Want Some of the City's Good Money.

LIQUOR CONVICTION QUASHED

Mewburn's Charges Laid Over—Toronto Veterans' Picnic—Deputy Collectorship Vacant.

Hamilton, July 25.—(Special.)—Several deputations waited on the Finance Committee to-night and they, with one exception, wanted money. Ald. McFadden, chairman of the Fire and Water Committee, headed one of the deputations. He and his colleagues asked the financiers to kindly hand over $3000 to complete the third main. Ald. McFadden argued that it was not fair for money intended for new construction work to go, as $1000 had done already, towards the third main work.

The financiers discussed the problem of taking $3000 from the depleted civic chest, but finally it was agreed that the work should be gone on with, in the hope that by some stroke of fortune $3000 will drop into the committee's lap.

Hon. J. M. Gibson, President Dixon, Ald. Pettigrew and Principal Ireland touched up the aldermen on the grant to the art school. Col. Gibson was the would-be soothsayer. He considered the school was entitled to the usual grant of $400, and stated plainly that if the civic grant was not renewed the government grant would be stopped.

The chairman said there was strong opposition to the grant, but as the oppositionists were not present it would be advisable to lay the matter over. This was agreed to.

A deputation of residents along the line of the C. P., H. and B. Railway, east of James-street, kicked to the committee about a great many hardships they had to undergo. S. F. Washington, K.C., acted as spokesman and suggested that a sub-committee be appointed to look into the complaints. Ald. Dunn, Walker and Waddell were accordingly named as the sub-committee.

James Best asked for and obtained $29 for damage to himself and clothing by putting out a fire at Ringlings' circus.

The city solicitor presented the draft of a bylaw for the purchase of the Kennedy property. It will be passed on to the Council.

Quashed the Conviction.

The appeal case in which George Smyth of Stony Creek appealed against his third conviction by the Police Magistrate on June 27, came before Judge Snider this morning. James Haverson of Toronto appeared for the appellant, and John W. Nesbitt, K.C., for the private prosecutor. Rev. Charles Deacon of Stony Creek, Principal License Inspector Stewart and County Inspector Tom Macklem were deeply interested listeners. The conviction carried a fine of $80 and prevents Smyth from holding a license for three years.

Mr. Haverson presented a number of objections, that the case was adjourned for a longer period than eight days, that the information was defective and that the George Smyth found guilty on June 27 was not the George Smyth who was convicted on the two previous occasions.

Mr. Nesbitt argued there was nothing in any of the objections raised. If there were anything wrong in the information, by his appearing to defend the charge the defendant waived them.

Judge Snider finally decided that the objections were of no avail; but he was of the opinion that the evidence in the case was not strong enough to warrant the conviction. He, therefore, quashed it, at the same time expressing a wish to hear all the evidence over again. Sept. 20 was, accordingly, set for that purpose.

Charge Will Be Investigated.

At a meeting of the Police Commissioners to-day S. C. Mewburn's charge of gross mismanagement, made against the police department, with a recent robbery at his house, was read by Judge Snider, who remarked that the charge was a most serious one and should be very carefully investigated. Mr. Mewburn being out of the city, a special meeting will be called to go into the whole question on his return.

A petition was presented from the constables asking that the officers of the force be requested to pay 5 per cent. of their salaries into the benefit fund, as do the men. The proposition was laid over till September.

Toronto Veterans Here.

About 250 Toronto Veterans of '66 and their friends, accompanied by a band, came to the city to-day on their annual picnic. They traveled by boat and the east wind made them a sickly lot before they landed at the James-street wharf. The Veterans were well received by the local Veterans and spent the day at Mountainview Park. Flags were flown from many buildings in honor of the old soldiers' visit.

Police Points.

Thomas Roy, the man arrested last night on the charge of assaulting Constable Nichols, appeared at the Police Court to-day. He was remanded till to-morrow, as the witnesses were not ready.

The Magistrate declined to commit Mary Tilburn, 70 years old, as a vagrant, believing the city should do something for her.

Small Paragraphs.

Ald. J. J. Ward of Toronto has written to Ald. Frank E. Walker, suggesting that a baseball match between the aldermen of the two cities be arranged for an early date. Ald. Walker will oblige.

The position of deputy collector of Inland Revenue will soon be vacant. The candidates for the $1500 a year job are Alex. Whyte, the party organizer, and James O'Brien.

The 13th Regiment and 4th Field Battery are to take part in the ducal reception at Toronto.

The confirmation of David, son of Mr. and Mrs. M. Lamberg, will take place at Anshe-Sholem Synagog next Saturday at 10 a.m.

AT THE SUMMER RESORTS

Rough Weather at Balmy Beach Made the Residents Scamper to Get in Boats.

ARRANGEMENTS FOR SATURDAY'S SAIL

Time Allowances Granted Those Who Will Participate in the Races.

BALMY BEACH.

Notwithstanding the rain of last evening, there was a large attendance at the limelight service given in the Church of England Pavilion. The story depicted by Rev. H. C. Dixon was "Weps, the Waif," a description of London Arab life. The views, which were taken from real life, added greatly to the lecture.

The regular monthly meeting of the Balmy Beach Property Owners' Association will be held on Tuesday evening in the Church of England Pavilion.

G. A. Brayley and family are summering on Balsam-avenue.

The demand for hotel accommodation has been so great this season that Mr. Robarts has once more taken up his hotel scheme, and has had plans for a first-class hotel prepared. There is no doubt that an up-to-date hotel would pay, and it is expected that next season Mr. Robarts will put his plans into execution and provide the Beach with a modern hotel.

To-morrow night a garden party in aid of the Fresh Air Fund, in which Rev. H. C. Dixon is so greatly interested, will be held on the grounds adjoining C. B. Watts' residence.

The roughest weather of the season was experienced yesterday and last night along the Beach. The boats that are moored off the shore had to be hauled high and dry on the beach for fear of being washed away. One boat that was left anchored was washed adrift and has not since been heard of. Apart from this, the Beach escaped damage, altho the pleasure of boating was denied the residents.

A painful accident befell George J. Foy yesterday afternoon. He was visiting one of the camps, and while using a knife nearly severed the first finger of his left hand. Dr. Brown attended to the injury, which required several stitches.

James Norman McKenzie, a member of the Argonaut eight, is visiting at Acorn Villa on Beach-avenue.

KEW BEACH.

At a recent meeting of the Sailing Committee of the Beach Sailing Association, it was decided to start all the boats in the race on Saturday afternoon at 2.30 and to allow the handicap at the finish. This plan is looked upon favorably by all those interested. The start and finish will be from a buoy moored in a line off the clubhouse. The course will be the same as that of last Saturday, twice around a three-mile triangle. The following are the time allowances: Mr. Withrow and W. Banks, scratch; O J R Snow, 8 minutes; F E Mutton, 10 minutes; T Fawkes, 11 minutes; M Heakes, 12 minutes; James Bird, 12 minutes; R S Williams, jr., 15 minutes; B Quigley, 16 minutes; R M Simpson, 20 minutes; N Holdenby, 45 minutes.

A rink from the Canada Club commenced a game with a rink of Kew Beach bowlers yesterday afternoon, but the game had to be called off on account of the wet weather. The game will be continued on the Kew Beach grounds on Tuesday afternoon. The green is in fine condition, and a good match is looked for. The following will be the players: Canada Club—Messrs. T. Reid, J. Willison, Pierce and A. S. Wigmore, skip. Kew Beach—Messrs. T. Lalor, A. B. Riches, W. Harston and F. E. Mutton, skip.

The tennis tournament had to be postponed owing to the rain, but will be continued to-day, weather permitting.

Mrs. G. L. Whitney of Woodstock is the guest of Mrs. C. A. Stone.

The weekly hop of the Kew Beach Association will be held to-night.

Miss Lulu Smith and Miss Flo McConnel have returned to the Beach, after a visit to St. Catharines.

Mr. and Mrs. Farquharson of Richmond Hill are visiting at the Beach.

J. Jenkins will build a two-storey brick dwelling at Queen-street and Waverley-road.

LONG BRANCH.

Long Branch, July 25.—The Cobban Manufacturing Company employes will hold their annual picnic here on Saturday. Prizes for running, swimming and jumping will be given, and a prize is also offered for the team winning the baseball match. A dance will be held in the pavilion under the direction of a committee, consisting of H. Dusseau, H. Mead and F. McGuire.

Fred Armstrong, F. B. Allan, C. D. Daniel, R. H. Butt and other cottagers put in considerable exercise with ax, spade and shovel in the evening, clearing the lot for the new auditorium.

The children's hop last night was much enjoyed. The young ladies furnished music and took a great interest in entertaining the young folks.

E. Nield is attending the Baptist convention at Chicago this week.

HANLAN'S AND ISLAND PARK.

Island Park was the scene yesterday of several large picnics. The members of St. Thomas' Church of Hamilton, several hundred strong, held their annual games.

The employes of the retail stores of the William Davies Co. picnicked at Island Park. The baseball game between the east and west end stores resulted in a victory for the former by 20 to 12. The silver cup won by the victorious team was donated by the vice-president of the company.

The results of the other games were:

100 yards race—C. Zuilins 1, A. Chidley 2, H. Reynolds 3.

Putting the shot—J. Atherton 1, W. Watson 2, F. J. Small 3.

Running high jump—A. McAuslan 1, Sid Birche 2, C. Turhurst 3.

Egg and Spoon race (ladies')—Miss B. Moss 1, Miss Grieve 2, Miss Cordner 3.

50 yards race (ladies')—Miss Carrol 1, Miss McLeod 2, Miss Cowling 3.

Throwing baseball (ladies')—Miss Ainslie 1, Miss Carrol 2, Miss Campbell 3.

Miss Lockhart is a guest of Miss Barker at Centre Island.

The weekly hop of the Island Amateur Aquatic Association to-night at their club house at Island Park promises to be an enjoyable affair.

Toronto Exhibition Notes.

The proposition to hold a Canadian Old Boys' and Students' day on Tuesday, Sept. 3, has caught on splendidly, and Manager Hill is in receipt of many letters from exiles from Canada, as well as exiles in Canada from Toronto, saying they will certainly be on hand. The day will afford a splendid opportunity for Canadians the world over to renew old acquaintanceships.

The picture of the year at the Fair will be Stuart Taggart's "Not Guilty," which tells the story of a man condemned to die for a murder he did not commit. He, strong and conscious of his own innocence, stands facing the scaffold, with his aged mother by his side, she being the only human creature in all the world who knows her manly son was incapable of anything dastardly.

Leo Stevens, known as "The Human Bomb," has been engaged. He ascends in a balloon encased in a bomb, which explodes and releases him and his parachute.

Negotiations are afoot for an automobile race from Buffalo to Toronto, the finish to be twice round the track in front of the grand stand, the automobiles to carry Union Jacks and boughs of maple.

Correspondence is in progress for an exhibit of manual training under Prof. James W. Robertson of Ottawa. It is proposed that classes 50 strong of seniors and juniors shall give an exhibition of the operations in the various years—from elementary carpentry to the making of cardboard models and work on metal.

Among the visitors to the Fair on one of the days will likely be 1000 French-Canadians, who will be on their way to take in the Pan-American.

The proposed municipal convention will likely be held Aug. 27, 28 and 29, the second, third and fourth days of the Fair.

PERSONAL.

General Manager Fisher of the T., H. & B. Railway, and party, passed thru the city yesterday en route to Muskoka.

Charles Chase of the Premier's department at the Parliament Buildings has returned, looking greatly benefited by his trip to Lake Superior points.

Mr. Totten, chief clerk of the Ontario License Department, has been given leave of absence until Jan. 1 to enable him to visit England to consult physicians, as his health is still seriously impaired.

J. G. Jackson, secretary of the Ontario Sabbath School Association, will leave on Monday for a tour of Parry Sound and Nipissing districts and Renfrew, Carleton and other eastern counties in the interests of the association.

G.T.R. Earnings.

Montreal, July 25.—(Special.)—Grand Trunk Railway system earnings, 15th to 21st July, 1901, $517,149; 1900, $494,796: increase, $22,353.

HEAVY TRAFFIC STOPPED

Street Cars and Vehicles Not Allowed on Brooklyn Bridge Pending Necessary Repairs.

ROADWAY SUPPORTS INADEQUATE.

Business Much Inconvenienced, as Ferries Cannot Handle the Usual Traffic.

New York, July 25.—No attempt was made to-day to resume a full service on the Brooklyn Bridge, on which several girders were found to be broken yesterday. A ten-car service was permitted by the police early to-day, but it could handle but a small percentage of the traffic, and the majority of the persons who live in Brooklyn, and come to New York for business, were obliged to walk across the bridge, or cross the river on one of the ferry lines. Engineers examined the bridge carefully to-day, and it is expected that full repairs will be made in a day or two.

About noon an order was issued, stopping all street car and vehicle traffic over the bridge. This caused much inconvenience and delay to business, as the ferries were unable to carry all the wagons and carriages which usually cross the bridge. A statement was issued by a representative of the Roeblings to the effect that the suspension cables of the bridge were strong enough to hold much more weight than had ever been put upon them, but that there was a doubt as to whether the roadway supports were adequate, in view of the operation of the great number of trolley cars and elevated trains.

Re-Boom No. 2.

Editor World: In view of the approaching meeting of the appellants against this gross outrage (for it is nothing else), to still further increase the taxation on the so-called "gilt-edged" section of Yonge-street, and am I am one of the victims of it, having been in the same stand for about 15 years and have, therefore, seen the rise of this boom from start to finish, I consider that this last move of Mr. Fleming's will certainly end it. I think the time is opportune to review the past and look at it from a common-sense point of view, and see what has been the causes of its rise and what the strength of the arguments used to bring it about. It first began, as is well known, by the Eaton Co. requiring more room for their department-al store, and having to give higher and higher prices for each additional property they required to buy. But what had this to do with raising general values, as who but the Eaton Co. would have paid the prices they paid? As a matter of fact, it had little effect on prices down our way. I mean below Queen-street, but the time came when the late Robert Simpson got fired with the ambition to have a rival store to Eaton's, and as was quite natural had to pay Mr. Wanless an excessive price, as he only had the land that would suit him. Now, what, again, had this to do with raising all the adjoining properties, for who but Mr. Simpson would have dreamt of giving Mr. Wanless any such price? On the other hand, when it is considered that these stores have taken away a very large portion of our business and have so reduced profits by their methods of doing business, is it not most preposterous that we should have had our rent and taxes raised time and again simply from the fact that they have caused a larger traffic of people who are making a bee line to their own stores? I find, as I expect others do, that I do my business during the quieter time of the day, but I have no doubt that Mr. Fleming has raised the taxes from year to year from the false idea that the greater the traffic the more business. Whatever reason he has for the present most enormous rise of values is best known to himself. If it is from one or two individuals having been willing to pay bonuses to get more room from the exigencies of their business, it is most fallacious, as these are exceptional reasons and should have no effect on general values. The same may be said if it be from the fact (if it be a fact), that he knows of one or it may be two buyers who would gladly buy at his, or it may be at higher values. This, too, in my judgment, should not count for much, as he knows very well, if he looks back to the boom time in real estate, that there were then buyers up to the very last—not that they thought the properties cheap, but expecting they would go higher.

The fact is, it is only when prices are inflated that some people enter the market, only to find later on that they have made a mistake, and I venture to say that if a few owners of real estate on this "gilt-edged" part of Yonge-street were to offer to sell at the present prices one or two might possibly succeed, but if sellers kept at it fewer and fewer buyers would be found except at declining prices until normal values were restored, as happened after the boom in real estate. In this way history repeats itself.

Mr. Fleming will shortly find himself up against a regular phalanx of malcontents who are agreed as one man in this matter, and he cannot do better than make up his mind to be willing to allow that he has, in the interest of the city, doubtless, simply made a mistake, and will restore values to what they were last year. Should he and his party act in a contrary manner, he will simply show that he wishes to test the matter and see how many of us will be able to stand his excessive regime or go to the wall under it.

Malcontent.

MOTHER AND SON CHARGED.

Mystery Surrounding Case of Child Desertion Said to Be Solved.

Informations were laid yesterday afternoon before Magistrate Ellis at the Court House in connection with the case of child desertion which was originated on June 27, when James Brownbridge found a female infant on the roadway opposite Davenport Station. The child was placed in the Infants' Home by Judge Morson on the application of High Constable Ramsden, after the authorities of Toronto Junction and York Township had refused to shoulder the cost of maintaining the little one, because the infant was picked up on the boundary line between the two municipalities.

The informations, which were laid by County Constable Walter Stewart, the officer engaged on the case, charged Mrs. Joseph Elliott and her son James of 114 North Beaconsfield-avenue with abandoning the child where it was found by Mr. Brownbridge. The accused persons are mother and brother respectively of Maud Elliott, the supposed mother of the foundling. Constable Stewart went to the above address yesterday, but, finding that Mrs. Elliott and her son were not at home, the summonses were served on the woman's husband, who was in possession of the house. If the defendants do not appear in court next Monday warrants will be issued.

The Training of the Boy.

"The Boy" proved an attractive topic at the Central Y.M.C.A. last night, the attendance being excellent, tho the weather was so much against it. F. M. Pratt, secretary, presided. He had great pleasure in introducing J. Macdonald Oxley for the first time to a Toronto Y.M.C.A. audience, and was glad so gifted a writer and earnest a Christian worker had become a resident of the city.

Mr. Macdonald Oxley said that, as "the man of to-morrow," the boy could not be overestimated. Two difficulties in the way of the right training of the boys is the greed of gain and the development of the sporting spirit. Both were in their proper limitations healthy and legitimate, the problem was how to keep them there.

In the opinion of the lecturer right companionship was the most important factor in the development of the average boy. The best companion for a boy was an upright, Christian father. He closed by urging the boys and young men present to take full advantage of such organizations as the Y.M.C.A.

WILL BE A MONSTER REVIEW

Toronto To Swarm With Military Men During the Royal Visit in October.

DUKE OF YORK WILL PRESENT MEDALS

Woodbine Grounds Extended Have Been Selected for the Great Provincial Military Spectacle.

It is semi-officially announced that the military reviews in connection with the visit of Their Royal Highnesses the Duke and Duchess of Cornwall and York will be respectively at Toronto for the Ontario militia; Quebec for those of Quebec province, and Halifax for the Maritime Province militia. This is in accordance with the suggestion of Major-General O'Grady-Haly. The Major-General suggests that, as Ottawa is the headquarters, two regiments should be sent from there, one to Toronto and one to Quebec.

Some twenty infantry regiments will be present at the review here.

Col. Cotton has reported to the Major-General in favor of the Woodbine for the review here, as it affords much better accommodation for spectators than the Mimico grounds, which he also visited.

Extend the Woodbine.

Owing to the monster proportions of the review, certain alterations will have to be made. These comprise the removal of the fence at the southern end of the Woodbine grounds, an old barn, which intersects part of the grounds, and the tearing down of part of the fence just west of the grand stand, to allow more room for the troops for the march past.

Dr. Andrew Smith, vice-president of the Ontario Jockey Club, the directors of which are the lessees of the Woodbine grounds, was seen by The World last night with regard to the alterations which Col. Cotton has reported to Major-General O'Grady-Haly as necessary.

Would Give Aid.

Dr. Smith said that as lessees of the grounds the Ontario Jockey Club would be found ready to co-operate in every way to facilitate the arrangements for the review and to make it the great success which is anticipated. This has so far been taken for granted, and when formal negotiations take place he had no fear of any difficulty arising.

The military arrangements, while only in outline at present, are beginning to take shape, and an imposing military spectacle is assured.

On both days of the royal visit to Toronto, the military element will be very prominently in evidence. The troops are to be drafted into Toronto on the morning of Oct. 10, early enough to be detailed to surround the railway station at which Their Royal Highnesses are to arrive. The streets along the route from the station to the City Hall and from the City Hall to the Government House will also be lined by the troops.

Date of Review.

On Oct. 11, the date of the review, the design of the military authorities is to have five divisions of infantry in line, each composed of four regiments, besides artillery, cavalry, mounted infantry, engineers and medical corps.

After the march past, which, with favorable weather, will be a picturesque spectacle of great brilliance, the scene will change and become impressive, as it will be an event which will live in history to attest the valor of the Canadian volunteers from Ontario in the battle for the maintenance of the empire fought on foreign soil. That event, which will be the concluding feature of the review, will be the presentation by the Duke of Cornwall and York of the South African medals to those present at the review to whom they have been awarded.

When Col. Otter Returns.

Official announcements giving more details will, it is expected, be made by Col. Otter on his return to the city, which will probably be on Saturday.

The revised itinerary of the Duke and Duchess of Cornwall's tour provides for their visit to Vancouver on Oct. 1 instead of Sept. 30; to Victoria on Oct. 2, instead of Oct. 1 to 3, and Toronto from Oct. 10 to 12, instead of Oct. 7 to 12. On Oct. 13 they will be at Niagara, and on the 14th at Hamilton. They will be at St. John, N.B., on Oct. 17, instead of Oct. 15, and at Halifax on Oct. 19, instead of Oct. 21.

BOSSES HAVE NO BLACK LIST.

Master Painters and Decorators Discussed Matters of Interest.

The most important subject of discussion at the monthly meeting of the Master Painters and Decorators, held yesterday afternoon, at the Yonge-street Arcade, was the recent trouble between James Casey, 107 Victoria-street, and the Painters' and Decorators' Union.

Mr. Casey was present, and urged the bosses to do nothing, as he had filled the places of the strikers, and that, as far as he was concerned, he wanted the matter dropped. The discussion went no further.

At the meeting of the Executive Committee of the union on Wednesday night a committee was appointed to secure the advice of a prominent lawyer on the subject of the employers' "blacklisting" methods, which the men claim are contrary to the criminal code. One of the bosses at the meeting yesterday brought the complaint up for discussion, but the president assured the gathering that no such method of fighting the employes had been adopted by any of the bosses. The bosses claim that it would not be any benefit to them to have a black list.

The invitation of the Master Painters and Decorators of Buffalo to visit the Pan-American Exposition in a body next month was accepted by the local bosses.

TWO HORSES BURNED ALIVE.

Lively Blaze Took Place Yesterday Afternoon in a Stable.

A lively blaze occurred at 5.15 o'clock last evening in the large two storey brick stable at 155 Terauley-street. It was discovered by Policeman Robert Beatty, who was leaving his home at the time and who sent in a still alarm. This call was followed by an alarm from Terauley and Agnes-streets.

How the fire started is not known, but when discovered the flames were bursting out of the windows on the four walls of the building. Several streams of water were turned on the fire, which was quickly extinguished, but not before the building had been completely gutted. Two horses, stabled in the building, were burned, and a wagon destroyed. The damage done to the contents, owned by the occupants, Messrs. Gourlay, Winter & Leeming, piano manufacturers, at 188 Yonge-street, amounted to about $400. The building is owned by the Women's Christian Temperance Union. The loss is placed at $450 and is covered by insurance.

LOCAL TOPICS.

Capt. Michael Corcoran of the steamer Island Queen is not the person of the same name who appeared in the Police Court several days ago on a charge of being drunk.

Mrs. John Gilbert of 45 St. David-street was burned about the neck and shoulders by the exploding of a gasoline stove yesterday morning.

The Hospital Cot Board of the Canadian Order of Chosen Friends will hold a picnic at Island Park to-morrow.

Simcoe Old Boys Organize.

There was a largely-attended meeting of the Simcoe County Old Boys' Association held last night in the Temple smoking parlors, at which the following officers were elected: President, Dr. Beattie Nesbitt; vice-presidents, Dr. Sneath, John Stewart, Rev. Dr. Parker; secretary, Percy Rogers; treasurer, D'Arcy Hinds; committee, Dr. Todd, Robert Orr, Dr. Wylie, G. P. McKay and J. Gilchrist.

"The Modern 'Art Bell' came to meet the demand of modern musical art for something new and better."

PIANO PRE-EMINENCE

May be claimed by the many, but is attained by the very few. We make our claim for the 1901 Art Bell to piano pre-eminence.

"A Perfect Piano"
"Nobly Planned"

with the proof producible; and all we ask is the honest, impartial judgment of the piano-buyer himself. The trial is the test. When you see and hear "The Art Bell" you will agree that this claim to pre-eminence stands.

"The Art Bell" Parlors,
146 Yonge St., Toronto.

ORANGE INSURANCE DEARER

Grand Lodge Reaches a Decision to Double the Assessment—New Officers Installed.

NIAGARA FALLS, ONT., NEXT YEAR,

Chosen as the Place of Meeting—Many Other Enterprising Towns Wanted It.

The Grand Loyal Orange Lodge of British North America, which has been in session in the County Orange Hall since Tuesday, concluded their labors about 2 o'clock this morning. At yesterday's sessions a discussion on insurance rates and degree work occupied most of the time.

The Committee on Insurance presented a report recommending an increase in dues and medical examiners' fees, submitting three schedules for consideration. It was finally decided to double the assessment.

The newly-elected officers were installed by the Grand Sovereign. They directed the proceedings of the last day of the convention. There was a contest for the next place of meeting. Niagara Falls, Winnipeg, Owen Sound, Listowel, Sault Ste. Marie, Brockville, Charlottetown, P.E.I., and St. John, N.B., wanted it. Niagara Falls, Ont., was selected. The evening session was devoted to a discussion of secret work, several new codes being demonstrated. On the conclusion of this business the lodge adjourned.

Grand Master T. Lemmon of the United States Grand Lodge was yesterday given a trip around the city. He was cared for by County Master Harry Lovelock and Provincial Grand Master McMillan, who entertained him in royal fashion.

Many of the delegates will not return to their homes until to-morrow.

MATERNITY ACT NOT ENFORCED.

Rev. P. C. Parker's Revelations Concerning an Institution.

The Eastern Branch of the W.C.T.U. held its annual picnic yesterday at Munro Park, when Rev. P. C. Parker gave a strong address touching the work of the Union. The W.C.T.U., he said, was doing a great work educationally, in arousing public sentiment and inspiring the forces of the churches in favor of restrictive legislation in respect to the liquor traffic. It has done more in the past 20 years than any other organization in Canada. Mr. Parker thought emphasis ought to be put on the purity department of the work, in waging relentless war against other social evils. During the week he had investigated the maternity homes in the city in an effort to trace the mother of a baby that died in his parish; and, in looking over the register of one home in North Toronto, he found that out of 17 illegitimate children born in the institution, seven were registered as having died within a month after birth, and two others, to the speaker's knowledge, were sick. He had found a great disparity in the number of deaths between the hospitals under the supervision of the civic officials and the institution mentioned, and he thought the W.C.T.U. should agitate for a thoro investigation of each of the maternity hospitals, and for the proper enforcement of the Maternity Act in all municipalities where such homes exist.

Another speaker was Rev. William Frizzell. Mrs. Ayres presided. About 200 members of the union attended the picnic, the success of which was greatly marred by the unpropitious weather.

GOES TO WEST AFRICA.

Capt. William Gundry of Goderich Given a Rousing Send-Off.

Goderich, Ont., July 24.—Capt. William Gundry left here this morning on his way to join the West African Mounted Constabulary, upon which he has been appointed by the British government. The local military officers of the 33rd Regiment presented him with an officer's field timepiece. The band and many citizens were at the early train to say farewell to the captain.
