Baseball

Weather the Winner.

The Houlton-Marathon game which was scheduled to be played here yesterday was called off on account of rain. The Greeks are to play in Woodstock today. O'Connor, a new pitcher from the Worcester team, arrived in the city yesterday.

Woodstock 5, Fredericton 3.

The Woodstock Colts defeated the Fredericton team by a score of 5 to 3 in their game at Woodstock yesterday. Hanley pitched for the Colts, and Brown for the Pets. Bill Williams played at shortstop for the winners, with Lamourey at third and O'Donnell at second. Kling has left the team.

A large crowd is in attendance at the baseball picnic today. The showers interfered with the arrangemnets but in spite of this drawback the team will realize a tidy amount. The supper was liberally patronized and the games, lotteries and other picnic amusements are all drawing well.

Tigers Defeated.

The Young Marathons defeated the Tigers in a five inning game yesterday. The score was 5 to 4. The batteries for the winners were Cheesman and Curran; for the losers, Lavine and Dunham.

Fredericton Seems Peevish.

Here's good news for the baseball fans not only in Fredericton, but all around the N. B. & Maine League circuit.

On what is the best of authority The Gleaner is able to state that three of the clubs are united in an effort to have Umpire Evans canned without any more delay than is absolutely necessary.

Fredericton, Houlton and Woodstock are the three clubs who are after the umpire's scalp and a demand is being sent to President Hooper of the league, now at Yarmouth, N. S., attending the Oddfellow's Grand Lodge, to have Evans released quick. The St. John management are not taking any part in the uprising against Evans. Of course not.

To succeed the umpire who has been chased out of every league he is known to have worked in, Eddie Doyle, of Calais, Me., will be secured if his services are available. Some time ago an effort was made to get Doyle, but failed. He was a capable Umps last season and doubtless would find the going good in this league. If he can't be got the three clubs who are after Evans' scalp want the league to take a chance on somebody else. The feeling is that they couldn't get a worse umpire than Evans on a bet.—Gleaner.

New Players

(Fredericton Gleaner)

George Wilson, the former Bowdoin College star, who was recently turned over from Toronto to Providence and released by the Greys, is now at his home in Albion, Me.

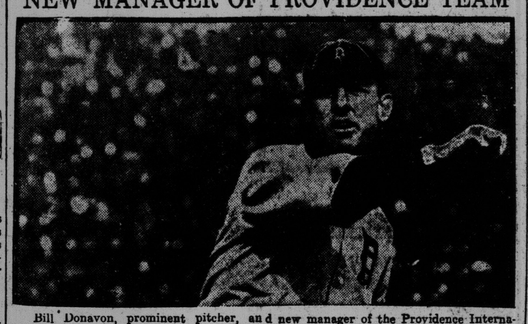
He has had some correspondence with Manager Duggan regarding joining the Fredericton club and if he does not go with the Woodstock Colts, who have been anxious to sign him up to play the infield he will probably come here and play first base for Fredericton.

It is an open secret that Hoyt's work on the initial sack has not been pleasing the management. He has fallen down on too many occasions in the pinches both in fielding and hitting and it is at critical times when a player has to show his nerve that his real worth comes to the surface.

If Wilson doesn't come here it is not unlikely that Joe Callahan when he gets back into the game will be at first base, if Wildes keeps going at the speed he has been showing both in the field and at the bat. Red's playing has really been about twenty-five per cent better than before he got released for a few days and the treatment seems to have done so much good that the management will try it on some of the others if they slump too badly later on

LeClair, the pitcher who was with the Montreal club of the International League last season, is likely to join the Fredericton team within a few days.

NEW MANAGER OF PROVIDENCE TEAM



Bill Donavon, prominent pitcher, and new manager of the Providence International Ball team.

Negotiations for the securing of this twirler have been going on for some days the management wishing to have four twirlers for the busy days from now until the close of the season. He is a right hander a big fellow and is said to be capable of fielding his position well.

Duggan For White Sox.

While Tom Fleming, the big league scout, naturally made no announcement as to what he accomplished before leaving here, it is pretty generally known that P. J. Duggan, the manager of the Pets, has agreed to sign up with the Chicago White Sox through Mr. Fleming.

It was thought that Fleming was acting for the Detroit club, but when it came to a show down it turned out to be Charlie Comiskey, the Old Roman, who is to get P. J. and that Duggan is to wear the white hose.

Just at present the only thing standing in the way of P. J. pulling down a big leaguer's salary next season is the question as to his standing with the Lowell Club of the New England League. If Manager James J. Gray of the Lowell champions has a string on Duggan his chances of going to Chicago will not look so bright.

A jump from the N. B. & Maine League to the big show is some change, but the fact that a real scout picked him up and sent him to an American League club would be the foundation of a good baseball career for the Pets' manager, whose popularity in Fredericton during the two seasons he has played here has grown all the time.—Gleaner.

The Turf

Jockey Shilling.

Jockey Carol Shilling, the American premier rider of the thoroughbreds, who has been riding for H. C. Hallenbeck, the Newark millionaire, on the Kentucky tracks, and who had his first mount in Canada this year at Hamilton, on Saturday, is to ride abroad, Sam C. Hildreth, his former employer, who is now racing a stable in France, cabled Shilling on Saturday, offering him $10,000 a year for a two year contract.

Shilling replied last night, stating he would accept the offer. He will ride for Hallenbeck until the close of the Kentucky tracks, when his contract with him will have expired and then depart for foreign shores.

Athletic

Craig Welcomed.

Ralph Craig, winner of the 100 and 200 metre races in the Olympic games at Stockholm was accorded an enthusiastic reception by the citizens of Detroit when he arrived home Saturday. The reception was in charge of leading business men and athletes of the city. Craig has announced that he will never again take part in big athletic events, but will devote his entire time to business.

Aquatic

Power Boat Club.

A special meeting of the St. John Boat Club was held in the club house last night to take action on a letter received from Mayor Frink, and it was decided to have a decorated parade through the reversing falls to Courtenay Bay while the Duke of Connaught and party are visiting the Norton Griffiths works. All arrangemente were not settled at the meeting but a committee was appointed and given power to arrange details.

The parade will leave Marble Cove at about 2.30 in the afternoon and return on the ebb tide at about 6.30. In all there will be about 150 boats in line, headed by the Lolita, the commodore's boat. A decorated barge will also be in line, carrying one of the city bands.

To stimulate competition among the members in the decoration of their boats, the club last night voted $10 to be distributed in prizes: $5 for the best decorated boat; $3 for the second and $2 for the third.

Canadian Boat Wins Second Race.

Chicago, Aug. 13—The Canadian sloop Patricia won by nine seconds today's race in the series of five being contested with the American yacht Michicago for the sailing championship of the great lakes. Today's victory is the second of the Canadian. The American boat has one victory to its credit. The official elapsed time for the winner was 2.33.05 for eighteen miles.

During the fifteen mile race for 25-foot motor boats which was won in 24.15 by the Chicago, owned by E. J. Richards, of Chicago, the Kitty Hawk, owned by R. H. Tinkin, of Detroit, caught fire and sank about a mile and a half from shore. Fremon Monroe, driver, and Fred Josephs, mechanician of the Kitty Hawk, were picked up a few minutes after.

Cricket

Philadelphia Cricketers.

Sittingbourne, Eng., Aug 14—The Philadelphia Cricket Club team was defeated by 132 runs in a match here yesterday against J. R. Tilden's XI, which includes several first-class cricketers. The Philadelphia players scored 78 runs in the first inning and 153 in the second, making a total of 226. The combined score of the local team was 358.

New York Trims Ottawa.

Ottawa, Aug. 13—The cricket match at the Rideau Hall grounds between the Ottawas and the New York veterans resulted in a win for the New Yorkers by an innings and 36 rounds. The visitors in yesterday's play had compiled a total of 201. The Ottawas were retired on their first inning today for 100 runs and on their second they only succeeded in getting 65, T. B. Rankin, who negotiated 41, being the only local batsman who was able to make any kind of a stand against the visiting bowlers who were in grand form. Arthur Hoskins took 5 wickets for 23 runs.

The New Yorkers left for Montreal tonight.

TURNS FROM THE CRICKET FIELD TO HOLY ORDERS

London, Aug. 3—"Fighting" parsons have long been familiar figures in this country; the Rev. F. H. Gillingham, an Essex "sky pilot" has become known throughout the land as the "cricketing" parson because of his association with his county team; but perhaps the strangest link between church and athletics, which are commonly supposed to require opposite characteristics, is Gilbert L. Jessop, the famous hard-hitting cricketer, who has just entered as a student at Leeds Clergy School. When he has completed his studies he will take holy orders in the Church of England and "swat" his Satanic Majesty and his agents as lustily as he has been in the habit of "swatting" the cricket ball.

As Jessop is 38 years old it is rather late in life for him to hit on a career but it would have been a serious loss to England in the cricket field if he had been weaned from the game earlier in life.

Ever since his public school days he has been the most extraordinary hitter known to the sport. It is not going too far to say that no one has approached him in popularity with the spectators. It is not that he has made such high scores although he has a long list of "centuries" standing to his credit. Jessop has shocked the sticklers for cricket orthodoxy ever since he first stepped before the wicket at Oxford, assumed a "crouch" like nothing ever before seen, used mighty strokes and swings that had never before been heard of and compiled the astonishing total of 200 runs in one innings.

Jessops runs are made so quickly that it is hard work to keep score while he is batting. He monopolizes the run getting, seldom permitting his partner to score. In one match at Bristol he made 66 runs while his partner failed to score a single one. Later he made 57 while his partner was making two and 76 while the man at the other end was able to score but three. In an astonishing innings of 106 he four times knocked the ball out of the grounds and scored one five and eleven fours.

In addition to his ability as a dashing bat he is a splendid fast bowler and one of the best fielders known to the game. Some years ago, when a team was being selected to represent England against Australia, Punch put the popular verdict into a few words when it said:

"If I were selecting I should always say: 'Give me Jessop, and then you can put in whom you like."

P. R. A. MATCHES AT SUSSEX YESTERDAY

Some good shooting was done in all matches conducted today, the nursery and maiden in the morning and the mercantile and Prince of Wales in the afternoon. The third named is a new match this year and carries with it a silver cup presented by the Sussex Mercantile Company to become the property of the competitor winning it three times. In addition there were forty-one prizes aggregating $123.

The last named match is for the Challenge Cup, donated by the Prince of Wales in 1861, and in addition there were the Queen's Head medal and forty prizes totalling $124.

Tomorrow the members will compete in the association, McLean and extra series.

Capt. Good, 71st regiment, and Major McIntyre, 74th, are range officers, while Major J. S. Frost, 62nd, and Lieut. M. P. Titus, 74th, are attending to the clerical work connected with the meet. Each one of these officials has a burdensome task, but he is fulfilling the obligations of his office in an efficient manner.

In the Mercantile match some remarkably fine scores were registered. The highest was that of Corp. E. F. Gladwin, of St. John, who led a large field, having a lead of three points on his nearest competitor, A. N. Vince, of Woodstock, and making 69 points out of a possible 70. This gives him possession of the silver cup presented by the Mercantile Company and also the first prize of $10 in cash. Several others stood well up in the reckoning, receiving cash prizes with such promising tallies as 65 and 64.

The figures in the Prince of Wales match were not obtainable this evening as the scores had not been arranged in position. Shooting in this event was at 200 and 600 yards and here again some promising scores were chalked up. The wind came up a little stronger in the latter part of the afternoon and interfered somewhat with the shooting, but in spite of this the marksmen made some high scores.

The first match this morning was the Nursery in which much interest was taken and in which several tried for prizes.

The first prize was a gold watch and the shooting for it was most commendable. There were three possibles scored by Sergeant Smith, 19th Field Battery, Moncton; Pte. Crandlemire, 67th. Regiment Woodstock, and A. G. Staples, Rifle Association, St. John, tieing with a total of 35 points. They will shoot off later.

Many others were close behind, several having 34 to their credit, and the scoring throughout was high both for the match and for the money. There were twenty-two prizes for this match, aggregating $70 and the following were the winners:—

	Score	Prize.
Lt. A. D. Carter, 74th Regt	34	$8
W. R. McLaughlin, Woodstock	34	7
F. Killourn, Jacquet River	33	6
J. F. Mowatt, Restigouche	33	5

Pte. P W. Ashton, 62nd Rgt	33	3
R. D. Davis, Sussex	32	3
Corp. C. G. Fish, 62nd	32	3
Pte. L. B. Estey, 67th	32	3
P. H. Blythe, Restigouche	32	3
Capt. C. I. Dunfield, 62nd	32	3

With scores of 31 the following had prizes of $2 each:—

Gunner Duffy, 3rd Regt. Artillery; J. W. Day, St. John R. A.; J. S. Knox, Sussex; C. C. McNutt, and F. W. Colpitts, Moncton; Gunner A. V. Burns, 19th Field Battery.

Prizes of $2 were also won by Lieut. G. S. Grimmer, 28th Dragoons; J. W. McNutt, Moncton; G. F. Fletcher, St John and Sergt. S. Day, 62nd Regt., each with 30 and Gunner H. G. Lockhart, 3rd Regt., 30.

The 62nd maiden team of St. John won the first prize in this series with a total of 94. The prize was $12 and the team was composed of Pte. P. W. Ashton, Corp C. G. Fish, and Pte. F. G. Jones. There was no competition in this match.

Mrs. Came of Hollis, Me., picked last week from a lemon tree, which she raised from a seed, a lemon that weighed 17 ounces and another from which she made a large pie and a quart of lemonade.
