EVERY BOTTLE OF KENDRICK'S Liniment is the same, you can depend upon the quality at all times, at all times the best.

100 LABORERS are being advertised for in the St. John Gazette by Messrs. Hauscam Company, to work on the Chatham sewer excavations.

AS WELL TRY TO KEEP HOUSE successfully without bread as without a supply of Kendrick's Liniment—the King of all Liniments.

OBITUARY :—Mr. George Dutch, one of the oldest mill owners and lumber exporters in the county of Restigouche, died at his home at Heron Island, on Tuesday, 30th ult., aged 80 years.

BEWARE OF IMITATIONS of McLean's Vegetable Worm Syrup, get the genuine, don't be deceived with any remedy offered to be just as good.

WITHERING :—The ill effects of the prolonged drought are being manifested by the trees in the Chatham Public Square, the leaves of the lower branches of which are much withered, giving them a blighted appearance.

THE PROVINCIAL EXHIBITION at Fredericton from 17th to 20th September, inclusive, is to be a great attraction, and all North Shore people, at least should make a point of visiting New Brunswick's most beautiful city at that time.

HAS STOOD THE TEST for over twenty-five years with thoroughly satisfactory results. Fuller's Blackberry Cordial may be relied upon as a remedy for all Summer Complaints, in Children and Adults.

CHATHAM ROYAL OAKS played a game of base ball on Monday of last week with the Bathurst players. Bathurst got a good lead at first, but became over-confident and our boys, at the end, did them up to the tune of two runs. McDonald and Ramsay pitched for Chatham.

SOME PEOPLE are "awfully cute" when the town's interests and those of their friends clash. The alderman who, on Monday night, wanted $150 witheld from his friend out of the amount due on the estimate of the engineer, would never do to trust with an estimate of the mental perceptions of his colleagues.

FULLER'S BLACKBERRY CORDIAL is a remedy for all Summer Complaints in Adults and Children—in use over twenty-five years and thoroughly reliable. At all dealers at 25 cents a bottle. 8ax

COMPANY H. is being recruited for the 62nd Regiment, St. John, to be under the command of Capt. Danning. This is the second company H. that has been connected with the 62nd. One existed in the latter part of the sixties and up to 75 at least, and was under command of Capt. Geo. K. Burton.

AN ATTRACTION THIS EVENING will be the lantern slide illustrated lecture by Rev. Mr. Owen in St. Mary's school room at 8 o'clock. He will tell the audience about the mission of the church of England in the Diocese. He is a very able, pleasant and practical speaker, and his talk and illustrations will enable all who go to St. Mary's to spend a pleasant and entertaining evening

CRAMPS, CHOLERA, DIARRHŒA and all Summer Complaints in Children and Adults readily cured by Fuller's Blackberry Cordial. Always reliable. At all dealers at 25 cents.

ON NEPISIGUIT:—Secretary Hitchcock left Washington Thursday for an outing in New Brunswick and New England to cover probably a month. At Montreal, ex-Atty. Gen. Greggs will meet him, and Sec. Root also has been invited to join the party, which will spend ten days salmon fishing on the Nepisiguit river in New Brunswick.—Globe.

A BEAUTIFUL TROPHY:—Lieut. Col. Loggie has donated to the Stanley, York Co., Rifle Association a large and very handsome silver cup for a prize in their target shooting competitions. The cup is of a unique pattern and is the second of its kind in Canada, and is a valuable trophy. Stanley has a progressive rifle club, and a number of keen marksmen, and Colonel Loggie's gift will give an additional incentive to the sport.—Star.

"BREATHE FREELY NOW!" your friend exclaims when he has satisfactorily explained some alarming news. So we say when we hand you a bottle of Adamson's Botanic Cough Balsam for any kind of trouble in the air passages. 25c. all druggists.

MONEY STOLEN :—Mrs. Shand, whose husband was lost on the coast of New Hampshire last November, had the misfortune to have sixty dollars stolen from her last week. She had it in a pocket book in an upstairs room, and has an idea of who the person is who stole it. She needs the money very much and says that if the party who took it will only restore what has not been spent, she will be thankful. It must be a hard-hearted wretch who would thus rob a poor widow.

THE SISTERS' BAZAAR, which opened at their new Academy building, Chatham, on Tuesday of last week, was one of the most attractive yet held by them. As stated in the ADVANCE of last issue, it was closed in consequence of the death of Rev. Sister Gertrude on Wednesday, to be reopened on Friday, since which time, until last evening when it ended, it has afforded the means to hundreds of spending enjoyable afternoons and evenings in assisting the good object for which it was held.

MIRAMICHI MARBLE WORKS :—Now is the time to place your orders for cemetery work and avoid the spring rush. We have now on hand and coming one of the largest stocks of marble and granite monuments, headstones and tablets ever shown on the north shore, all from the latest designs and worked from the best material the market can produce. Call and get our prices. They are right.

JOHN H. LAWLOR & Co.

SERIOUS FALL :—A Campbellton despatch of Friday last says :—Joe Michaud of Campbellton, while at carpenter work on a new building at Flatlands, did not notice that the ends of overlapping boards were not supported by the scaffolding and, in consequence of his step not being supported, was thrown heading to the ground. Dr. Venner was called to the scene of the accident. The unfortunate man was taken to the Lansdowne Crossing on the I. C. R. and carried on a stretcher to the Hospital. He is entirely paralyzed below the neck. The swelling is high and as present the real difficulty is hard to locate; the trouble is possibly due to the vertical pressure of the vertebrae, as otherwise there is no deviation. Very grave doubts are entertained for his recovery and the sympathy of the whole town is extended to the one who while at his daily toil should be occasioned such an affliction.

PERSONAL MENTION.

Roy J. M. McLean's many friends are glad to see him home again from his recent visit to Cape Breton.

Mr. T. P. Pugsley, of St. John, was in town for a few days. Mrs. Pugsley is visiting her mother, Mrs. Russell, West End, Chatham.

John Stuart, Esq., who has been in Chatham for several weeks has returned to Hamilton.

Mr. Millet Salter's many friends will be sorry to hear that he is seriously ill, and wish for his speedy recovery.

Miss B. M. Creighton has returned from a pleasant holiday trip to Bathurst.

Mrs. Wm. Wyse and Miss Wyse have returned from their annual summer trip to New York.

Miss Alice Lawlor is home from her holiday trip to Chicago.

Mrs. Griffin has returned from Chicago, after a years' absence, and is again with her daughter, Mrs. R. A. Lawlor.

Master Willie Salter is the new "junior" in the Bank of Nova Scotia, Chatham.

Mr. Walter Crosbie, of Baltimore, is revisiting Chatham.

Mr. and Mrs. William Carter, who paid a welcome visit to Chatham relatives, have returned home.

Mr. and Mrs. Patk. Dunn are amongst our summer visitors.

Mr. John Hall, of Lowell, is visiting Chatham relatives.

Miss Annie Brenner of Boston is the guest of Mrs. Anthony Adams.

Mr. John L. Blaikie, President of the Confederation Life Association, Toronto, and Rev. W. G. Wallace of the same city were in Newcastle yesterday.

Rev. J. D. Murray of Redbank was in town last week.

Mr. P. Landry, son of His Honor Judge Landry, Dorchester, is amongst Chatham's popular visitors.

Mr. Wm. Dickinson of Rexton was in town last week.

Mr. Dan. Sullivan, of Redbank, was amongst yesterday's visitors to Chatham.

Mr. and Mrs. Hedley V. Parker, of New York, are paying a welcome visit to Miramichi. Mr. Parker is shipping editor of the New York Herald, but also finds time to be courted by the muses. Wherever the Dungarvon is known Mr. Parker's name will be associated with it. He has rendered "The Days of Daffy Gillis" immortal and his friends hope that during his present visit he will find inspiration to move him to give us a new Miramichi idyl.

School of Music.

A School of Music will be opened September 1st in Chatham, Newcastle and other nearby towns, having for its directors Messrs. H. C. Wilson and G. E. Layton. Other instructors in the various departments will be associated with them well-known musicians. Examinations will be held from time to time, and certificates and diplomas granted. We wish the new venture every success.

Toothache Cured in One Minute.

Not only toothache, but any nerve pain is cured instantly by Polson's Nerviline. Thousands have testified that its powerful, penetrating, pain-subduing properties make it an absolute cure for Neuralgia, rheumatism, toothache, cramps, colic and all other pains and aches that beset mankind. The world is challenged to equal Nerviline as a household liniment. Large bottle 25 cents. Sold by C. P. Hickey.

Successful Examination.

The list of successful candidates at the June and July examinations at the Normal School, Fredericton, appeared in the columns of your valuable paper last week. We are happy to see the name of Miss Mary McC. McInerney, of Rexton, Kent County, who entered the Normal School for first-class last September. We congratulate Miss McInerney on having made upwards of 70 per cent, and thus meriting mention in the list. We are especially delighted over her success, as she was a studious and worthy pupil of St. Louis Convent for several years before entering the Normal School.—Times.

Illegal Salmon Fishing.

Fishery Warden Blake made a raid on the salmon fishermen of the river below Woodstock one day last week and succeeded in scooping seven salmon nets which were being used illegally.

We have been informed that illegal salmon fishing has been carried on to such an extent during the present summer along the river that not more than half as many salmon have found their way up the Tobique this summer as usual, and it should be borne in mind that unless the salmon can reach their spawning grounds on the Tobique the fish will sooner or later become extinct, and we think that if the people along the river who are fishing as a commercial enterprise and not merely for their own use, would take this sensible view of the matter they would stop before it became necessary to resort to fines on the part of the proper authorities.—Woodstock Sentinel.

Never Say Die.

You may be weak, miserable, nervous, sleepless, your digestion may be poor, and you despair. Never say die, until you have used Ferrozone, the most wonderful blood maker, nerve strengthener and brain invigorator. It tones up the whole system. You can eat anything and digest it if you use Ferrozone. You sleep well. You make blood quickly, strength increases daily, in a short time you're well. Try Ferrozone, which you can obtain at C. P. Hickey's drug store.

Forest Fires.

Forest fires are still raging at Bay du Vin and Black River. From Saml. Kingston's around almost to Phineas Willison's the country is burned, including the Pulp Company's lands.

It was reported that Alex. Cameron had set a fire to burn land and that it had spread. It has been found that the fire originated on Mr. Cameron's land, but he says he sent a hired man to make the piles of brush, stumps, etc., but the man set them on fire without his knowledge or consent.

A new fire started on Tuesday afternoon at the rear of Mr. Cameron's farm and burned some of his fencing. He was working yesterday with a crowd of men trying to extinguish it.

Councillor William Ullock of Black River and some of his neighbors were doing good work yesterday fighting fire on the Richibucto Road.

Game Overseer John Robinson has been down in that region and finds that prosecutions will have to be made of parties who have wilfully set fires during the past few weeks. No crime that is committed in the community is worse in its effects than that of deliberately setting forest fires at the present time. It involves great losses of property, the destruction of cattle and other stock and endangers human life. It should be severely punished.

Patrick Keenan Dead.

The funeral of Patrick Keenan was held Tuesday at 9 a. m. from St. Mary's R. C. church in this city, Mass and service being conducted by Rev. Fr. J. P. Livens. Those acting as pall bearers were D. R. Eaton, J. C. King, B. McPherson, J. Connors, J. Glenn and F. McMahon.

Patrick Keenan was born in Chatham, N. B. Mar. 17, 1875. He came to Mora in the fall of 1890, which place has since been his residence. Some weeks ago he was stricken with that dread disease, typhoid fever, and was taken July 5th to a Stillwater hospital for treatment where, after two weeks of severe suffering, he died Sunday July 21st at 2 o'clock p. m. The remains were brought to Mora the following day for interment. Deceased was ordinarily a healthy and vigorous young man and it is with deep sorrow that his many friends mourn his untimely death, which has taken him away in the prime of manhood. He leaves a father and three brothers at Chatham, N. B., and one sister, Mrs. Thos. Powers, of this place.—Kanabec County Times, Mora, Minn. July 26.

Bronchitic Asthma

Is now easily cured, not by pouring nauseous destructive drugs into the stomach, but by inhaling Catarrhozone. Drugs do more harm than good, but the soothing, healing medicated air that Catarrhozone supplies to the lungs and bronchial tubes cannot fail to benefit. Catarrhozone prevents those smothering spasms and headache, cures the cough and makes breathing easy. Universally used; doctors recommend it; druggists sell it, 25c. and $1.00. Sold by C. P. Hickey.

Appreciated Kindness.

When the late Thomas Hurst of Roxbury, Mass., took his own life at Northeak, and it became necessary to inter the remains here, Lt.-Col. Call, United States consular agent at Newcastle, interested himself in the matter and he and other generous citizens subscribed sufficient money to pay all expenses. They did not know whether the poor fellow's friends were able to pay or not, and they were actuated only by the fact that the dead man had come to the Miramichi a stranger and, although he had died by his own hand, it would be a reflection on the Christian charity of the community if he were allowed to go into a pauper's grave. All the property, including the money found on his person, together with newspaper and other reports connected with the sad affair, and the receipted bills of expenses paid, were forwarded to Rev. E. H. Schlueter, Rector of St. John's church, Roxbury, together with the intimation that no claim was made for what had been done. The following letter, received this week by Colonel Call, shows, however, that friends and relatives of the late Mr. Hurst have a very proper feeling over the matter and duly appreciate the action of Col. Call and his fellow-citizens :—

Robert R. Call, Esq.

DEAR SIR ;—I wish to thank you on my behalf and also on behalf of the mother and sister of Thomas Hurst for your very great kindness. Through you I would also extend our gratitude to all the citizens of Newcastle who so kindly assisted in the burial of Thomas Hurst. May He who was buried in a borrowed tomb and through the charity of strangers remember you in that day.

Enclosed please find cheque for funeral expenses. While we are very very grateful to those persons who in the first instance contributed towards the burial, yet, as Thos. Hurst belongs to us, we feel that we should have the privilege of doing him that last kindness.

Believe me gratefully, yours,

EDWARD H. SCHLUETER.

Rector of St. John's Church, Roxbury.

Aug. 3d, 1901.

Derby Notes.

The ice cream social which was held in the Public hall under the auspices of Nelson Division, No. 90, Monday evening, 5th inst., was a pronounced success. An efficient committee made preparations for a much smaller number than were present and refreshments were served while they lasted, which was for no long time. The audience was addressed by several local orators followed by an orator from the Local, Hon. L. J. Tweedie. Sufficient to say his address was greatly appreciated. It was his first given in the new hall and we are looking anxiously for the time when he will again favor us in this respect.

A farce "The Silent Woman" was the drawing card of the evening's entertainment. Duets, quartettes, solos, etc., went to make up the remainder of the entertainment.

From every village and town within fifteen miles, people came by boat, rail or driving. Even New York and Boston were represented, and all, apparently were greatly pleased with the affair.

The proceeds which were by no means small, go to the aid of the new hall, from which the debt will soon be raised, when so energetic an organization determine to do it.

The Millers Tanning Extract Company's new gasoline motor yacht, which came by Canada Eastern freight on Saturday afternoon, and which is about fifty feet or more in length, is now in the Company's boat house, waiting till the machinery will be placed in her. It is said she will be used to bring bark and do the work the steamboats are now doing.

Several adventurous young men from the vicinity of Millerton are to leave this week for the rolling prairie of Manitoba. We wish them a pleasant trip.

A special passenger train will run through from Newcastle to Indiantown on Thursday noon next carrying passengers to the Renous River Picnic.

Results and Effects of Canada's Last Census.

The Boston Transcript has the following interesting Ottawa despatch :—

Ottawa, Aug. 3.—The official figures of the census of the dominion will not be ready for publication till about the middle of next month, but sufficient is now known to show that the total population will not be nearly so large as was expected. The explanation for this, so one of the officers who has charge of the work told your correspondent, is that the census of 1891 was stuffed, partly with a view of swelling the population and partly to increase the wages of the enumerators, who were paid so much per name instead of a per diem allowance.

Asked how he would be able to prove this, the officer in question replied that the evidence was conclusive. "Take," he said, "the province of Ontario. We have already totalled up the figures for 54 constituencies, including part of the city of Toronto. These show a loss of 15,000 people compared with the figures of 1891, yet the families in these constituencies increased by 13,000. This is a clear case and proves beyond peradventure that the returns of 1891 were stuffed."

In 18 constituencies of the province of Quebec we find that the population increased by 40,000. There are some decreases in the constituencies of the province, but the increase in the population of Quebec will be very large. There will also be an increase in Ontario, but not at all in proportion to the increase in Quebec. The birth rate in Quebec is very much larger than in any of the other provinces. In New Brunswick the increase will be very small, and in Nova Scotia there will probably be a decrease. Prince Edward Island will show a decrease. As a matter of fact the immigration from the maritime provinces to the United States has been very considerable. In Manitoba, the Northwest and British Columbia there will be a large increase, but not so great as was anticipated. Besides a large flow of immigration which has come into the country and settled on the prairie lands of the west, the cities of Winnipeg and Vancouver have increased greatly. Then there are the cities of Rossland and Dawson which have sprung into existence since 1901. Whatever large increase the census will show will be found in Quebec and west of Ontario.

St. Andrew's Church Garden Party.

One of the most enjoyable garden fetes ever given on the Miramichi was that of last Thursday under the auspices and in aid of St. Andrew's Presbyterian Church. The beautiful grounds of Hon. L. J. Tweedie were thrown open for the occasion and hundreds of people patronised the Lawn party, with the result that St. Andrew's Church netted considerably over $500. The supper prepared by the ladies of the congregation was well cooked and served with neatness, and without the too-often hurry and excitement usual at such gatherings. The ladies having charge of this department are to be congratulated upon the excellent menu and service. Special mention must be made of the coffee, which was the same of perfection. One gentleman was heard to say that "it was alone well worth the price of the supper."

Scattered around the grounds were booths for the sale of fancy articles, candies, fruit and iced temperance drinks; and all were liberally patronized.

Mr. P. C. Johnson and Master Arthur Tweedie had charge of a dime museum and gathered in many a ten cent piece.

The Citizens' Band played many choice selections at intervals and afforded great satisfaction to all.

The chief attraction of the fete was undoubtedly the concert given in a specially constructed hall. Hon. L. J. Tweedie presided in a manner that left nothing to be desired. The programme was prepared by Miss Edgar, the organist of St. Andrew's Church, was varied in style and reflected great credit upon the maker. Piano solos were given by Mr. G. A. Prince, of St. John, who also very kindly loaned the piano used. Instrumental trios by Miss McDonald and Messrs. McMullen and McDonald were well rendered. A reading and song by Mr. A. B. Sweezey were greatly enjoyed, especially the reading entitled "Me and Jim." Mr. T. McLean and Rev. A. M. McLeod contributed each a solo; and a quintette by members of St. Andrew's Church choir was well rendered; an unaccompanied quartette, in which "Jock of Hazeldene" was the chief motive greatly pleased our Scotch friends. Miss Edgar sang very sweetly "For all Eternity," Mr. Norman Edgar playing the violin obligato. Mr. F. K. Clarke's rich baritone voice was heard to advantage in the English song, "The Curfew." Perhaps the most enjoyable numbers on the programme were contributed by the Chatham Male Glee Club. This club consists of twelve or fourteen young men from the several choirs, who have been receiving instructions from Mr. H. C. Wilson. Their work, which was unaccompanied (and music memorized) reflects great credit on the director; all eyes were riveted on Mr. Wilson, who seemed to get all kinds of pleasing vocal effects from the singers by a slight wave of the arm or motion of the hand. We shall look forward with pleasure to hearing the club again.

Taken all in all, the concert was a decided success, the programme was admirably arranged and the "encore" nuisance was debarred, for which all were devotedly thankful. These garden fetes demand considerable labor and skill in organization, and we must congratulate the Rev. D. Henderson, pastor of St. Andrew's, and his various committees, for the great pleasure they have given the community.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c. E. W. Grove's signature is on each box.

Base-Ball—Chatham vs Fredericton.

[Fredericton Herald Aug. 2]

The base ball match at Scully's grove yesterday afternoon between the Young Tarters of this city and a nine from Chatham was the best exhibition of the popular sport seen here this season. The teams seemed to be quite evenly matched, though the home team showed superiority at the bat and were able to win a victory over their opponents, the score standing 11 to 7 in their favor at the close.

The players and positions were as follows:

Tartars		Chatham
Finnemore	c	Perry
Lister	p	Walsh
Burden	1b	Ross
Malloy	2b	Pine
Foster	3b	Hayes
Roberts	ss	Foley
Walker	rf	Miller
Rankin	cf	Smith
Crangle	lf	Skid

The score by innings was as follows:

Tartars.....4 0 0 0 2 0 3 2 x—11
Chatham .....2 2 0 0 0 1 0 0 2—7

The Tartars had six errors against nine for their opponents, and twelve base hits to seven for Chatham. Adrian Tibbits umpired the game and gave general satisfaction. There was a fair sized crowd of spectators in attendance and all enjoyed the sport.

The teams are playing a return match this afternoon with Walker in the box for the home team.

The Fredericton Gleaner, in its report says:—"The Chatham boys are somewhat larger men than the Young Tartars, and are good gentlemanly ball-players."

[Saturday's Gleaner.]

One of the sharpest, cleanest, liviest, and best ball games seen upon the diamond here for some time was that put up on Friday afternoon by the Chatham Stars and Fredericton Tartars. The small crowd in attendance thoroughly enjoyed the good sport and liberally applauded the numerous brilliant hits.

The Tartars were blanked in the first four innings, not a man reaching first. In the fifth Walker hit a rattler for two bases, went to 3rd on a hit by Burden and scored on overthrow. Not until the eighth did they again score, when Rankine, who made two of the five hits for his side, and Crangle each got a safe one and crossed the plate.

It was a series of blanks for the Chatham boys from start to finish, and they made only five scattered hits off Walker. Walsh pitched again for the Chatham boys, having been between the points in Thursday's game and was steady and effective. The score :

CHATHAM.

	A.B.	H.	R.	E.
Perry, c	4	0	0	0
Miller, lf	3	1	0	1
Ross, 1b	4	1	0	0
Smith, cf	4	0	0	0
Pyne, 2b	3	1	0	0
Foley, ss	3	0	0	0
Hayes, 3b	3	1	0	0
Skidd, rf	3	1	0	0
Walsh, p	3	0	0	0
	30	5	0	1

FREDERICTON.

	A.B.	H.	R.	E
Finnamore, c	4	0	0	0
Foster, 3b	4	0	0	0
Malloy, 2b	4	0	0	1
Gamble, rf	3	0	0	0
Walker, p	3	1	1	0
Burden, 1b	3	1	0	1
Roberts, ss	3	0	0	0
Rankine, cf	3	2	1	0
Crangle, lf	3	1	1	0
	30	5	3	2

By innings :

Fredericton .....0 0 0 0 1 0 0 2 x—3
Chatham .....0 0 0 0 0 0 0 0 0—0

Summary—Struck out by Walker; Perry, Miller, Hayes, Smith 2, Walsh; by Walsh; Walker, Foster 2; hit by pitched ball, Gamble 2; wild pitch, Walker; passed ball, Finnamore 1, Perry 0; double play, Malloy unassisted; bases on ball, by Walker, Pyne.

Adrian Tibbitts umpired in a thoroughly satisfactory manner to both teams, there not being a kick against his decisions.

Chatham Town Council.

[Continued from 2nd page]

Ald. Nicol read the first item and moved that it be passed. It was one of August last, as follows :—

Aug. 30—Examining Act of Legislature, 1900, conferring rights and franchises of the Town to undertake Electric Street Lighting and to use electric current for heat and power purposes and for other purposes for which electricity may be used in the town, which by act were vested in the town without conditions—the right to do commercial lighting being subject to first acquiring Chatham Electric Co. property and franchise—and advising Electric Light Committee exactly rights and franchises the town had under the act, $5.00.

Considerable discussion took place on ald. Nicol's motion. Ald. Murray and Hocken contended that a good deal of the work charged for in the bill was unauthorised; that it was wrong in principle for the Mayor or any member of the board to incur law expenses without authority by vote of council. Ald. Murray said a good deal of work charged for as having been done by Mr. Winslow could and should have been done by the members of committees just as well as though an attorney. Mr. Winslow would, of his own motion, go to see the Mayor, the chairman of the Finance Committee, or of the Works Committee, and then make a charge against the town for it. It was a very loose way of doing the people's business.

The item finally passed.

The Mayor read the next charge, as follows :—

Aug. 30.—Drafting formal resolution and submitting to Chatham Electric Light Committee to be passed by the Town Council and advising that same should be adopted by Council without delay, $5.00.

Aug. 30.—Report to R. A. Murdock, in writing, $1.00.

Ald. Hocken asked who authorised the drawing of this resolution by an attorney Could not the chairman of the committee himself draw it?

Ald. Murdoch said he had received the resolution from Mr. Winslow, who said Mayor Loggie had authorised him to prepare it.

Ald. Murray said he would like to see the resolution to enable him to form an opinion as to the work involved.

Ald. Nicol produced a paper and handed it to ald. Murray, but it turned out not to be the resolution.

Ald. Murray said it appeared that Mr. Winslow had been hired by someone to run the late council and do work its members ought to have done.

Ald. Nicol said this $6 might as well be paid, for if payment was refused more expense would have to be incurred in feeing another lawyer to resist it and it would probably cost a greater sum than that now asked, and have to be paid, after all.

A standing vote was taken on the item and it passed, ald. Maher, McIntosh, Wyse, Morris, Nicol and Murdoch voting in favor and ald. Murray and Hocken against it.

The next charge read was as follows :—

Sept. 5.—To drawing resolution confirming and ratifying resolution passed at special meeting of Council, the Act relating to debentures for electric plant requiring the issue of debentures be ordered at regular meeting of Council, and attending chairman of committee re do., $3.50.

Ald. Murray protested against this item and said he was not going to vote away the people's taxes for services which should have been done by aldermen themselves. If charges for such services were made against an individual in his own business without being properly authorised he was sure he would not pay them.

Ald. Nicol asked ald. Murray if he meant to say that when the Mayor was authorised in Committee to have certain work done it should not be paid for?

Ald Murray said there was no evidence before council of what had been done. If a poor laboring man, or a carman, did work it was scanned and cut down to what was regular and right, and the same rule should be applied to bills such as this. Aldermen should deal with these matters the same as if they were their personal business.

Ald. Murdoch said others had as good consciences as Mr. Murray. They could gauge a carter's bill, but could not control a lawyer's charges.

Ald. Nicol said he had talked to Mr. Winslow on the subject and felt it was no use to do anything but pay him. Another, lawyer would only have to be paid to go over the matter if payment were refused.

Ald. Hocken said some of the items were very irregular. For instance, Mr. Winslow met Mayor Loggie going to the telegraph office to send a message to the provincial secretary. He said to Mr. Loggie that he (Mr. Winslow) would do it for him. He did it and charged $1.50 for it.

The $3.50 item passed by the same vote as before.

The following items passed after some discussion on the same lines as that above reported :—

Attending Provincial Secretary on adjourned meeting of application of Chatham Electric Light Co. for letters patent—Mr. Lawlor having obtained adjournment, $1.50.

Sept 10—Attending Chairman of Light Committee for order to examine light contract between Town and Chatham Electric Light Co. and attending on Treasurer for contract. Examining contract and letter to chairman recommending termination of agreement by written notice, $2.50.

Oct. 1—Attending at record office, Newcastle, and searching records and making extract of title to land proposed to be conveyed by G. E. Fisher to the Town, $5.00

Registrar fees for search, $1.00.

Oct. 8—Attending on Provincial Secretary Tweedie to oppose application of Chatham Electric Co. for incorporation and argument on do. and taking Town Clerk's statement of passage of resolut on at special meeting of 27 h August and at regular meeting of Sept. 5th re issue of bonds to exercise franchises under Act of 1900 and written report to Town Council, $5.00.

Oct. 9—Attending W. E. Fish and giving him instructions relative to survey of Fisher and McLaggan lands and roadway, necessary before drawing conveyances, $1.50.

In discussing the last item, $1 50, ald. Murray asked where the chairman of the Board of Works was that he could not have given these instructions? What necessity was there for going to a lawyer? If these gentlemen had this work to do in their own business he was quite sure they would not spend money to have a lawyer called in but they would, themselves, attend to it.

Ald. Nicol agreed to this, but said that was not the question. The question was: Did Mr. Winslow do the work? If he did he should be paid.

Ald. Murray said the question is: Was Mr. Winslow asked or authorised by the council to do the work, or did he do it of his own motion without proper authority?

The item passed as did also the following:

Oct. 10—To attending at Record Office, Newcastle, and searching records and making extract of title to land proposed to be conveyed by John McLaggan to the town, $5.00.

Registrar's fees on search, $1 00.

Attending at Record office, Newcastle, and search for description of land conveyed by Henry Cunard to Lestock W. DesBrisay at the Cove, the same being required by W. E. Fish, Esq., Surveyor, including fees of registrar, $3.50.

The following item being read :—

Oct. 20—Attending on W. E. Fish, Esq., Surveyor, and giving him descriptions of original lines of McLaggan and Fisher's properties to enable him to make plan, $1.00.

Considerable discussion took place on this item, the chief point of objection was that Mr. Fish was the proper person to get these descriptions and boundaries from the county records, he being the surveyor and it being in the line of his duties. Besides, his pay was $4 a day, while Mr. Winslow valued his time at $15 a day. The item passed.

Other items passed as follows :—

On Aug 30—preparing note of objections to be made on behalf of the Town to the issue of Letters Patent to Chatham Electric Light Co., Ltd., granting to that company additional rights and franchises and submitting same to Provincial Secretary—fixing date for hearing—reporting same to Mayor Logg e, and writing copy of objections for him—telegram, $5.00.

Jan. 9, 1901—Going through survey report made by C. E. Fish of Fisher and McLaggan lands—additional survey of back lot being required, same not having been made, $1.00.

Jan. 17—Attending on G. E. Fisher by instructions of the Mayor to try and make settlement for changing location of road from main highway to pumping station lot, G. E. Fisher refused to accept $50 for the change proposed or any sum, $1.50.

Attending Mayor Logge with Ald. Murdoch to report in re do. a meeting of the Committee of the whole to be called to discuss question with Mr. Fish, $1.00.

Feb. 8—Examining Towns Incorporation Act in reference to various provisions, Legislature to be asked to amend, preparing notice for publication of intention to apply to Legislature and attending for instructions re $15,000.00 Bonds issue to proposed Pulp Company—1 day, $10.00

Drawing deed for John McLaggan and wife of 2 lots of land comprising 15 acres of land more or less, with water rights of Morrison Brook, $5.00.

Oct. 12.—Letter to W. A. Park, agent for John McLaggan, enclosing deed and sketch of plan; and Oct. 14, letter to Mayor Loggie re McLaggan deed and letter to John McLaggan re do., $1.00.

In reference to the $10 item of Feb. 8th an endeavor was made to ascertain the authority on which Mr. Winslow acted, but no one at the council could remember anything about it.

On the item of $5, the Mayor said Mr. McLaggan had paid that and Mr. Winslow had given the town credit for it.

Further consideration of Mr. Winslow's account, which amounts to $190.71 was deferred until next meeting of council.

Ald. Nicol submitted a number of bills—for papers transferring Citizen's Band instruments to the town; in connection with Governor General's visit; Chatham Board of Health, etc., etc.—all of which were ordered to be paid.

Ald. Nicol, referring to a report of analysis of the water from the borings at the Morrison Brook, said it had demonstrated that the water was a pure and good one for domestic use. A report that the water from boring No 1—that nearest the highway—was brackish and of poor quality was disproved by the analysis. He read the report, which was as follows :—

ANALYSIS AND REPORT

	Parts per million			
	Well 1	Well 1		
	Low Tide	High Tide	Well 2	Well 3
Free ammonia,	.048	.008	.022	.024
Albuminoid ammonia,	.03	.02	.026	.063
Nitrogen in nitrates and nitites,	.0329	.023	.0115	.0675
Chlorine,	650.0	660.0	80.0	48.0
Solids at 212° F.	1175.2	1156.8	231.2	182.4
Solids after ignition,	993.2	1006.4	199.2	116.4
Loss on ignition,	182.0	150.4	32.0	66.0
Phosphates,	Traces,	Traces,	Traces,	VS traces

The above data leaves no doubt in my mind as to the organic purity of these waters. From a chemical standpoint, I may say that the water contained in each of the three wells is quite wholesome for household use.

As to your supposition that wells No 1 and No. 2 have one common source, I must say that the analytical results do not bear out your theory. That there is some point of common location between the vein supplying well No 1 and that supplying well No 2 seems probable by the fact that stopping one flow causes the other well to overflow but there must undoubtedly be two separate veins, supplying water of quite different character as is evidenced by the chlorine content of well No 2 being about one-eighth of that in well No 1 and the total solids of the latter being about five times that of the former. The analysis reveals that the tide has practically no effect on the composition of the water in well No 1. Like yourself we have been unable to detect any brackish taste in the samples collected at high tide, and the analytical data support the testimony of our senses of taste.

A. J. CHARRON,
Asst. Chemist, Dom Exp Farms.

It was ordered that the report be placed on file.

Ald. Nicol said something should be done in the way of thanking those who took part in the reception of His Excellency the Governor-General, and he moved as follows :

That the citizens of Chatham through its Town Council hereby accord to the executive committee lately appointed in connection with the Governor General's reception, and to all who by the attendance of steamers and steam yachts or in any other way contributed to make that reception a success—a hearty vote of thanks.

Carried unanimously.

Ald. Murray moved that the Board of Works Committee be authorised to procure iron water pipe in case the contractors fail to do so, and also to procure an electric valve for the stand-pipe. Carried.

On motion of ald. Murray, Alfred Crosbie and Isaac Martin were appointed hog reeves for the town.

Ordered that a meeting of council be held on Thursday evening, 15th.

Adjourned.

MARRIED.

At the residence of the bride's father, on the 5th inst., by Rev D Henderson, assisted by Rev A M MacLeod, Mr J B Steeves, Moncton, to Miss Bessie, daughter of Mr Henry Gunning, Chatham.
