THE SPRINGFIELD PONIES BEATEN

Toronto Scores a victory in Ten Innings—Demont Batted Most Opportunely.

The Springfield leaders were beaten in 10 innings by Toronto yesterday morning over the Don, by three runs to two. It was a close and well-played game all through, and was Springfield's fourth defeat. Gray pitched a steady game for Toronto, and although the hits made off the visiting pitchers were many they were generally scattered, but earned 3 runs. Callahan pitched four innings and retired with a split finger caused by a hot grounder from Sippi's bat. Toronto scored in the first on Smith's base hit and Demont's long hit over the left field fence. Springfield scored one in the second on a base on balls and singles by Macdonald and Garry. They tied the score in the third on Demont's error and singles by Gilbert and Gunson. Toronto scored the winning run in the tenth inning on Lutenberg's single and safe hits by Lake and Demont. The weather was clear and chilly. Attendance 150. Score:

Crescents at Ithaca.

Ithaca, May 21.—The game between Cornell and the Crescent Athletic Club was played before a small crowd. Ward was miserably supported, and not pitcher could have done better under the circumstances. A school boy team could have played a better fielding game. Benson behind the bat was the only steady man on the team. The visitors' only run was made in the last inning. Only eight innings were played.

CYCLIST'S SKULL CRUSHED.

Fell From His Wheel Under a Wagon and Fatally Injured.

Alex. Montgomery, aged 25, plumber, afterée e emcfwyp cmfwyp cmfwyp m 300 Bathurst-street, was bicycling in after 6 o'clock last night, when he collided with a grocery wagon belonging to J. Cleary, Lippincott-street, and fell under the horse's hoofs. He was picked up unconscious, and bleeding profusely at the head. Dr. Noxon was called, and had Montgomery conveyed to the General Hospital, where he is now dying. His injury is a fracture of the skull.

Montgomery has for the past ten years been in the employ of Bennett & Wright, and since his father's death, some time ago, has been the support of his mother and several small children. The doctors at the Hospital entertain no hope of his recovery.

Did Personal Interest Operate?

John Steele of Mara Township was a short time since fined $20 and costs for alleged illegal fishing, near Strawberry Island, in Lake Simcoe, in October last. The conviction was by G. H. Clark, the fisheries inspector for the district, and the information was laid by Andrew Clark of Orillia (father of the inspector). The informer is entitled to a moiety of the fine.

On Mr. Steele's behalf, R. D. Gunn of Orillia yesterday moved in the Common Pleas Division to quash the conviction on account of the relationship of the informant and convicting inspector, the prosecutor having a pecuniary interest in the result; that the inspector had himself given evidence and on other grounds. F. E. Hodgins represented the Department of Fisheries. Judgment was reserved.

The Damage Was $23,000.

The insurance companies yesterday made a settlement with the Langmuir Company as to the damage done by the incendiary fire on Monday morning last. The insurance for the partial destruction of the building was settled at $8000 and the damage to the stock at $15,000.

SEAGRAM'S FIVE VICTORIES.

Continued from First Page.

bets, and waited patiently for the next.

The talent was once more to the fore in the Welter Selling race, Stonemason being on everybody's tongue, and backed in deeds as well as in words. Stonemason and Kilkenny opened equal favorites at 7 to 5, but it was soon clearly to be seen that the former was the choice of the crowd. For some reason probably better known to themselves the bookies hoisted his price to 2 to 1. They were not slow, however, in bringing the odds down to 6 to 5. Kilkenny's price went up gradually, and at the close he was to be had at 2 1-2 to 1, with a fair number of takers. A tip brought Curious from 8 to 1 down to 8 to 5. The remainder were only slightly touched by the speculators.

To-Day's Card

Another good card is offered by the O.J.C. for this afternoon, and visitors to Woodbine Park should witness some capital racing. The track will be greatly improved, while the race through the field promises to furnish an exceptionally good contest.

First race, Grand Stand Purse, $400, for all ages, penalties and allowances; 3-4 mile: Logan, a, 129; Morpheus, 5, 129; Wheeler, 5, 124; Runaway, 4, 122; Kapanga colt, 4, 122; Longbrook, 4, 119; Martello, 6, 116; Money Musk, 6, 114; Strathclyde, 6, 110.

Second race, Breeders' Stake, for 3-year-olds foaled in the Dominion of Canada, at $20 each, with $400 added, of which $100 to second, third to save his stake; winning penalties; 1 1-8 miles: Bonnifield, 124; Millbrook, 122; Confectioner, 119; Kiltie, 119; Susquehanna, 119; Steppingstone, 117; Chickie, 117.

Third race, Royal Canadian Handicap, purse $500, of which $75 to second, and $25 to third; 1 1-2 miles, over six hurdles: Red Cloud, 5, 168; Iron Duke, 5, 158; Pat Oakley, a, 153; King's County, a, 153; Rover, a, 150; Lookout, 5, 148; Sayonara, 5, 148; Eppleworth, 4, 135; The Rat, a, 135; Mayblossom, 4, 135.

Fourth race, Scarboro Plate of $500, of which $100 to second and $50 to third; open to horses not having won a race of $800 to the winner in 1894 or '95; weight 5 lbs below the scale, winning penalties; 1 1-16 miles: Stonemason, a, 128; Morpheus, 5, 128; Lonely, a, 128; Laurel, 6, 128; Lotus, 4, 122; Lord Nelson, 4, 122; Martello, 6, 118.

Fifth race, Woodbine Steeplechase, purse $500, of which $100 to second and $50 to third; penalties and allowances; 2 1-2 miles: Iron Duke, 5, 160; Pat Oakley, a, 158; Max, 6, 155; Idaho, 5, 155; McKenzie, a, 155; Burr Oak, a, 155; Sayonara, 5, 154; Garwood, 6, 150; Trillian, 4, 150; Lucy Lightfoot, a, 148; Dom Pedro, a, 145; King John, 6, 145; Lepanto gelding, 4, 142; Aide de Camp, a, 140.

Sixth race, Flash Stakes, for all ages, $20 each, with $400 added, of which $75 to second and $25 to third; 5-8 mile: Logan, a, 123; Copyright 6, 123; Morpheus, 5, 123; Foam, 5, 118; Martyrdom, 5, 118; Martello, 6, 115; Kapanga colt, 4, 110; Wheeler, 5, 110; Radiator, 5, 110; Merry Duke, 6, 110; Strathclyde, 6, 100; Necessity, 3, 95; Lou D., 4, 90.

The World's Selections.

Providing Morpheus and Logan both start in the first race, they should finish as named, and in the absence of either Wheeler should secure the place.

Steppingstone will likely win the Breeders' Stake, and Millbrook get the place.

The hurdle race should go to Red Cloud, notwithstanding his heavy impost, and Rover should finish second.

The Scarboro Plate, in Morpheus' absence, looks like a "good thing" for Lord Nelson, and Stonemason should get the place.

The steeplechase should be won by Pat Oakley, with Max second.

Morpheus, if he starts, will likely capture the Flash Stakes and Logan get the place.

Notes.

The white spats of the President were much admired on all sides.

Two New York Central R.R. detectives were present with an eye on the sports.

After the red coat race George Carruthers was lionized in the members' enclosure.

Mr. Chauncey Olcott, the sweet voiced singer, was present with a fawn coat down to his heels and an Irving atmosphere.

There were 24 bookmakers in the ring and one outside, all doing a rushing business. The pencillers in the "Mutuel" box also had their hands full.

The ladies were great betters yesterday. One Montreal lady bet on every one of Seagram's four Queen's platers just to be sure of winning.

Many ladies with their escorts could be seen standing in quiet corners watching with interest the seething mass of humanity in the ring.

Detectives Burrows, Harrison, Davis, McGrath, Porter and Verney were conspicuous figures in the betting ring, but their services were not called into action.

The Third Party was present looking as spick and span as usual. He was accompanied by the Third Party jr., who is a minor reproduction of Manitoba's champion.

The Ontario Government was well represented by the Minister of Public Works, the Minister of Crown Lands, the Provincial Secretary and the Provincial Treasurer.

Hon. Mr. Hardy, the "wicked partner" of the knightly author of "Christian Evidences," was very assiduous in starting the seductive game of hat pool. When the favorite won both he and Mr. Awrey were observed to wantonly gloat.

A party of ladies in the stand near the press quarters made up a small pool on every race and stood their losses or pocketed their gains with the sang froid of experienced gamblers.

Whenever one of the Waterloo favorites would win a long line of lucky bettors would file into the cavernous depths of the grand stand and chorus "Seagram" in thirsty and appreciative accents.

Toronto's jeunesse doree are supposed to don their straw hats in race week, and Mr. Joe Hardy of the Crown Lands Department led the van with the only straw hat on the ground.

While the coachies were on the club house verandah deeply interested in a good finish, the deafening applause which greeted the result of the red coat race frightened Mr. A. E. Osler's horse, which was attached to a dog cart and standing amongst the almost innumerable conveyances in front of the club house. Rearing and plunging the frightened animal scared several other horses, and for the next few minutes a panic ensued among the terror-stricken equines. Mr. J. K. Osborne's team, attached to a tea cart, tore through the front gate and dashed along Queen-street toward the city. The horses were stopped at Leslieville by Thomas Shields, a hackman, and taken to O'Leary's Hotel. One of the horses was badly injured about the hind legs, and the carriage sustained only slight damage. Mr. J. K. Kerr's landau and Mr. McGann's Victoria were also slightly damaged, and Mr. Wilson's Victoria was almost a wreck. Mr. J. D. King's carriage got a small amount of the damages, while several other private conveyances and liveries were concerned in the general destruction. The front portion of Mr. Hugh Ryan's vis-a-vis was also badly damaged, and his handsome team sustained many cuts on their legs. It is a miracle that the accident was not much more serious.

ONE MURDERER WHO WILL HANG.

Chatelle Must Expiate His Crime on the Gallows.

SUPPLEMENTARY ESTIMATES DOWN

The Possibility of Greenway Accepting Separate Schools in Return For a Bonus to Hudson Bay Railway—No Mails to be Carried on Cattle Steamers—An Uninteresting Day in the House—No Division on the Budget This Week.

Ottawa, May 21.—The supplementary estimates for the fiscal year ending June 30 next came down to-night. The total amount to be voted is $1,143,206. The principal items are as follows: Militia drill camps of instruction for rural corps, $220,000; Sault Ste. Marie Canal, $310,000; funeral expenses of the late Sir John Thompson, $25,000; contribution to Thompson memorial fund, $25,000; further amount required for revision of the voters' lists, $40,000.

The proceedings in the House to-day were again uninteresting. After the transaction of routine business Mr. Laurier stated in reply to Mr. Foster that there was little prospect of the debate on Sir Richard Cartwright's amendment terminating this week. The debate was resumed by Dr. Sproule in an able address, in which he demonstrated the advantages which the country had derived from the N.P. He was followed by Mr. Bain of Wentworth, whose speech, while full of the usual free trade fallacies, showed evidence of considerable thought, and was certainly one of the best speeches delivered on the Liberal side. He was followed by Mr. Macdonald of Victoria, Mr. Bruneau and others.

Chatelle Will Hang.

It is understood that the law will take its course in the case of Chatelle, the murderer of Jessie Keith, and he will therefore be hanged on the 31st inst. No importance is attached to the contention put forward by Mr. East, Chatelle's lawyer, that the prisoner is insane. At the trial Mr. East withdrew from the defence of the prisoner because Chatelle wanted another line to be pursued than that which the counsel had decided upon. It is felt here that if Mr. East had any thought that the prisoner was insane he should have raised that point at the trial, and not have withdrawn. The contention of counsel was submitted to Chief Justice Armour for his opinion, and it is said he sees no reason to doubt that the verdict of the jury was not a proper one.

Catholic Schools Compromise and Hudson Bay Railway.

The presence in the city of Hon. Thos. Greenway, Premier of Manitoba, has once more drawn attention to the question of a compromise on the Manitoba School matter. The supposition has been that a formal conference would be held at which Archbishop Langevin would appear as representing the Catholic minority in Manitoba, and Messrs. Greenway and Sifton on the other side, representing the Protestant majority, with His Excellency Lord Aberdeen acting in the capacity, so to speak, of arbitrator or umpire. It is said that his view is altogether erroneous. The Archbishop has already had a conference with His Excellency. So that so far as the Roman Catholic view is concerned, the Governor-General must have a clear conception of the situation. It is stated, with a degree of positiveness which cannot be minimized, that in those matters which are regarded as essential in Catholic schools there can be no compromise. This, of course, would include religious teaching and possibly control of the teachers as opposed to the principle of the employment only of teachers possessing provincial Normal School certificates. During the past day or two it has been currently reported that the inducement would be held out to Mr. Greenway that in the event of his receding from his present position and effecting a compromise on the school dispute, that assurances would be given that said to the Hudson Bay Railway Company would be voted by Parliament. A prominent politician on the Conservative side declared to your correspondent to-day that it would be a good bargain for the Dominion, even at the cost of two millions and a half, to get rid of all the heartburnings and ill-feeling likely to be engendered by the school question, while on the other hand the Province of Manitoba would be so much the gainer. Of course in the event of such an arrangement as this being effected Mr. Greenway would be able to claim in Manitoba a certain amount of credit for the Hudson Bay Railway deal. Should the present negotiations fail through the Catholics will insist upon remedial legislation, and then if Parliament declines to grant that they will appeal to the British Parliament for the restitution of their constitutional rights.

Mr. Greenway called on the Governor-General this afternoon, but the result of the interview is not known. It is reported that a meeting of the Liberal leaders was held at the Grand Union to-night, at which the school question was discussed.

Birthday Ball Postponed.

The Governor-General and the Countess of Aberdeen having learned that a number of their expected guests at the ball in honor of Her Majesty's birthday had contemplated leaving Ottawa for a few days at the end of this week, their Excellencies have decided to postpone the ball until Wednesday, June 5.

Acceptances already received for the 24th apply to the altered date if no different intimation is sent.

No Mails on Cattle Steamers.

Mr. Cockburn, M.P., saw the Postmaster-General to-day regarding the Atlantic mail service. An arrangement has not yet been reached between the Allans and the Dominion Line respecting the use of the two fast boats of the latter company for the carriage of the mails. It appears that the slow boats of the Allans from this side have been carrying cattle on the mail steamers, and the department takes the ground that the Allans have no right to send the mails by cattle steamers.

Senator Sanford and Knighthood

Much interest is being felt in the coming Queen's birthday honors. The name of Hon. W. E. Sanford has been mentioned as one of the prospective recipients, but in conversation with your correspondent to-day the worthy Senator said he had no reason to believe that the report was correct.

Plan to Aid Colonization

D. J. Waggoner of Kingston has submitted to Mr. Daly a plan for colonizing the Northwest, which he believes will be most beneficial. He suggests that on a number of quarter sections the Government should erect a log house at the value of $80 and have five acres of land plowed early in the spring, so that when the settler enters the country he will find a dwelling ready for him, and land prepared for the seed. The cost in each case would only amount to $90, which money could be repaid on easy terms.

Notes.

Mr. James Fletcher, entomologist of the Experimental Farm, gave an interesting resume before the Agricultural Committee of the work of the past season with suggestions for guarding against insects in the vegetable kingdom. The farmer members present were greatly pleased with Mr. Fletcher's suggestions for the prevention of potato rot.

The Reformers in the Public Accounts Committee went on a still hunt this morning investigating into the affairs of the Fredericton and St. Mary's Bridge Company, which company owes the Government for interest on a loan. No information of any interest was elicited.

Dairy Commissioner Robertson lectures before the Toronto teachers on the 28th inst. on the educational value of bread and butter.

Hon. Mr. Beaubien, Commissioner of Agriculture for Quebec, and others had an interview with Mr. Angers today, and asked that out of the grant of $20,000 asked by the Government for the extension of the export trade of butter to England a sufficient amount be applied to establish refrigerators on cars, steamers, and on wharves at ports of shipment. They were promised that would be done. It is understood that the Provincial Government of Quebec has granted a premium of 1c per pound on butter exported to England, to commence first of June next.

Mr. B. H. Teakles, one of the most respected clerks in the Department of Railways, died yesterday after a short illness.

The Minister of Justice wired the department to-day that he would remain away from Ottawa until next week, the holidays enabling him to take a longer rest.

Hon. Donald Ferguson returned from Prince Edward Island to-day. He says the crop prospects on the island were never better. No frost had been experienced this spring.

Dr. Bergin will introduce a bill to prohibit the payment of laborers' wages in truck or scrip, or in other than legal currency of the country.

The Archbishop of Ontario and others to-day petitioned for incorporation as the Domestic and Foreign Missionary Society of the Church of England in Canada.

The Senate resumed to-night. A bill was introduced to amend the Copyright Act, providing that three copies of any work be deposited with the department instead of two, the intention being to send one to the British Museum.

ACCIDENTALLY SHOT HIMSELF.

Fooling With a Revolver, Homer Dixon of Toronto Meets Death.

Guelph, May 21.—E. Homer Dixon, junior clerk in the Dominion Bank, and son of Mr. Homer Dixon, of Toronto, was taken to the General Hospital at midnight Monday, the victim of an accident. While fooling with a revolver in the teller's box of the bank, the weapon discharged, and the bullet entered the young man's abdomen, tearing its way through to the backbone. At the hospital it was stated that the wound was fatal, death being only a question of hours.

Retail Coal Dealers in Town.

The coal trade was unusually well represented here yesterday, when about four score members of the N.Y. Coal Exchange visited Toronto, via Niagara Falls, on their eighth annual excursion. During the afternoon their attention was engrossed by the Woodbine races and at night they left on a special steamer for home via the Falls and Buffalo, after an excessively pleasant outing.

La Gascogne Again Overdue.

New York, May 21.—The French steamer La Gascogne, whose delay in reaching this port caused so much anxiety last February, is again two days overdue. She sailed from Havre May 11, and carries 503 passengers, 50 of whom are in the saloon, 44 in the second cabin and 409 in the steerage. Her crew number 210 men. Captain Baudelon, who brought her safe into port before, is still in command. Agent Forget attributes the latter's delay to the dense fogs which have prevailed on the North Atlantic during the past week.

St. John's Nfld., May 21.—It is reported that the Whitewayites are considering the possibility of repudiating the public debt as a last resort in their present difficulties, and will withhold the presentation of the budget a few days longer, in the hope that Secretary Bond will be able to obtain a loan before the Government's final statement is made pubic.

Departmental Stores Must be Fireproof.

Ald. McMurrich presided at the meeting of the Fire and Light Committee yesterday. The principal business was the passing of the plans of the $200,000 fire-proof building to be erected by Mr. Robert Simpson at Queen and Yonge-streets.

The plans of the re-erection of the front of Messrs. Murray's King-street store were deferred because the structure as at present proposed will not be fireproof.

The plans for the Williams machine shops in the Esplanade, to cost $35,000, were passed.

East End Items.

Yesterday evening a meeting was held in the Presbyterian church near Balsam-avenue, for the purpose of organizing a series of mission services at Kew Beach during the summer months. The following were appointed on the committee: Messrs. Adams, Alexander, Ferguson, Marcon and Loudon.

The children belonging to the Morse-street school took part in a cantata at Dingman's hall last evening, and acquitted themselves admirably. There was a fairly good audience.

The last meeting but one before closing for the summer was held in De Grassi-street, yesterday afternoon by the ladies of the W.A. belonging to St. Matthew's.

Y.M.C.A. Annual Meeting.

The thirty-first annual meeting of the Y.M.C.A. took place last evening in the large rooms of the Association on Yonge-street, Mr. S. H. Blake, Q.C., presided, and there was a very good attendance. The annual report was read by the Secretary. Among other matters it contained, mention was made of the fact that $15,325 has been subscribed, of which $10,985 has been paid in and applied in reduction of the liabilities, estimated at $22,000, of the Association. Reports were presented by the various committees and a large amount of routine business transacted.

When you take medicine, take the best. In Scott's Sarsaparilla you are sure of the most powerful blood purifier and tissue builder known—others will not do as well, because they do not contain these properties—there is nothing to take in its place.
Scott's Sarsaparilla
When You Compare
the number of doses in a bottle of Scott's Sarsaparilla with other preparations, remember it is not gotten up on the old idea of "How many doses for a dollar," or "How many bottles in a gallon," but with the object of
BEST RESULTS WITH THE LEAST MEDICINE.
Concentration governs the production of this new preparation—quality, not quantity. Dose from ½ to 1 teaspoonful.

Boys' Brigade Concert.

A concert in aid of All Saints' Church Boys' Brigade, followed by a performance of Gilbert and Sullivan's comic opera, "Trial by Jury," took place last night in the Auditorium, Queen-street. In the concert Misses Susie Herson and Ella Barton took part, as did Messrs. Fred M. Baker, W. M. McKay, J. W. Baker, A. E. Ecclestone and F. J. Perrin. In the comic opera, with the exception of Miss Barton, the same performers took the principal parts. The chorus numbered 38 voices; they comprised the solicitors, bridesmaids, jury and spectators. The hall was well filled by an appreciative audience.

Personal.

The wife of Mr. W. Lount, Q.C., is lying at the point of death.

D. S. McMillan of Sarnia, was yesterday presented to the Common Pleas Division by C. H. Ritchie, Q.C., and sworn and enrolled as a barrister at law.

Archbishop Langevin, accompanied by Rev. Father Ryan, paid a visit to Mayor Kennedy yesterday morning at the City Hall.

Messrs. A. Dawson, H. D. Denne, Harry Phelan, E. A. Stone, Louis M. Hayes, G. McWilliams, E. B. Ickerman, R. Fair, John Armstrong, T. A. Brady, from Peterboro, were in Toronto yesterday seeing the sights and getting municipal pointers.

Island License Issued.

The License Commissioners met yesterday afternoon and granted the license applied for by M. A. Thomas for the sale of wine and beer at the Hotel Hanlan at the Island. The delay in issuing the same was owing to the application in the courts for an injunction against the granting of the license, which application the judges at Osgoode Hall dismissed with costs.

Seagram's premier jockey, Lewis, did not posess the necessary Jockey Club certificate, and could not ride, but the stable did pretty well with Brooker, who got four firsts, and Horton.
