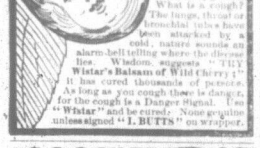
It purifies and eradicates from the Blood all poisonous humors, from a common Pimple to the worst Scrofulous Sore.



"ITS ONLY A COUGH"

has brought many to untimely graves. What is a cough? The lungs, throat or bronchial tubes have been attacked by a cold, nature sounds an alarm-bell telling where the disease lies. Wisdom suggests "TRY Wistar's Balsam of Wild Cherry." It has cured thousands of persons. As long as you cough there is danger, for the cough is a Danger Signal. Use "Wistar" and be cured. None genuine unless signed "I. BUTTS" on wrapper.

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 17, 1889.

Royal Baking Powder

ABSOLUTELY PURE

News Summary.

DOMINION.

— The Amherst Boot & Shoe Co., and Rhodes, Curry & Co., will contribute to Jamaica Exhibition.

— A gray beard on a man under 50 makes him look older than he is. The best dye to color *brown* or *black* is Buckingham's Dye for the Whiskers.

— During the recent heavy storm the outer end of the Margaretville, N. S., pier was washed away. The damage is estimated at from $12,000 to $15,000.

— The Ulunda has been examined in the dock at Halifax, and it is thought two or three months will be required to repair her and an expenditure of $45,000 to $60,000.

— Tenders are called for the construction of the Deep Water Pier at Digby. Plans and specifications are to be seen at the office of Messrs. Turnbull and Welsh at Digby.

—It is rumored that the N. Glasgow Iron and Steel works have been sold to English capitalists for $600,000, that the capital will be increased to a $1,000,000, and that extensive additions will be made.

— Notwithstanding the increased tariff on potatoes, American buyers are now purchasing in the Ottawa district and paying an advance of 5 cents a bushel on the old price, plus the amount of duty imposed by the McKinley measure.

— The I. C. R. has been asked for 100 cars to load potatoes at River du Loup. Crops in Lower Quebec are not very good, but farmers will certainly make up with potatoes, which is a good crop, and they are selling well.

— The minister of marine and fisheries in Ottawa has been notified by certain parties in Nova Scotia that it is their intention to ship live lobsters to the English market and arrangements are now being made with the steamship companies with that object in view.

— Lord Aberdeen was entertained at luncheon in Ottawa by Sir John Thompson, all cabinet ministers in town being present. Lord Aberdeen was interviewed by representatives of the home rule association, to whom he expressed strong hopes of early success for the cause.

— At least half a dozen Nova Scotia vessels will sail from various provincial ports for British Columbia this fall to engage in the fur sealing of the Pacific. Of this number at least two will go from Cape Breton—one the schr. Umbrina, of North Sydney, and the other Annie B. Paint, of Port Hawkesbury.

— The Kingston Locomotive Works Company are building five engines for the Canadian Pacific railway, ten heavy standard Moguls for the Grand Trunk railway, four weighing ninety tons for the Chignecto Marine Transport railway, and five standard eight-wheelers for stock. These will keep 300 men working until June next.

— The first consignment of Canadian eggs reached the London market in excellent condition. They will bear comparison with Normandy eggs. Several cans found buyers at 11 shillings per 100. The top price was 11 shillings. If anything is to be done with this trade this consignment should be followed at once, as prices will be large from now till after Christmas.

— Recent shipwrecks and loss of life has created a demand for a more efficient life-boat service on our Atlantic seaboard and in the Gulf of St. Lawrence. The people dwelling along those shores, to their honor be it said, have always shown courage and humanity in going to the aid of mariners in distress, frequently at the imminent risk of their own lives.

— Capt. Ruggles, of Westport, N. S., was a surprised man the other day in Portland, Me. He is in the habit of bringing up to Portland a cargo of live eels from Nova Scotia and shipping them to New York. Monday he came in with two tons in the schooner James Beckwith. He was more than astonished when told that the McKinley bill provided that he should pay three quarters of a cent per pound on his slippery customers.

— D. Maclachlan, one of the provisional directors of the Bras d'Or marble company, and A. M. Fraser, the company's secretary, left last evening for the United States, where they have gone to complete the purchase of channeling and other machinery requisite for quarrying and preparing marble for the market. This enterprise is now fairly launched and its promoters feel confident that they have a good thing in hand.—*Halifax Herald.*

— A cable was received from Scotland yesterday advising that the steamer Boston (the new boat of the Yarmouth Steamship Co., ltd., for the route between Yarmouth and Boston) had made a most successful trial trip, steaming 21 miles per hour. The Boston will sail from Glasgow for Yarmouth, calling at Halifax, about the 30th inst. Rapid travel to and from Boston will be assured on the completion of the "missing link" in connection with this steamer.

— The forty-third annual session of the Grand Division of the Sons of Temperance, of Nova Scotia, will be held at Halifax, commencing on the evening of Tuesday, 4th of November. The session, it is expected, will be very largely attended, as there is much business of importance to the Order to be considered. The usual concessions have been made by railway and steamboat lines for return tickets free at reduced rates.

—Those who have used *Potter's Liniment* for Coughs and Colds, also for all throat and lung diseases are enthusiastic in its praise. Mrs. Fowles of Quincey, Mass., says, "No family should be without it."

— Work is very brisk at the Pictou Mines and is expected to so continue all winter.

— Halifax and St. John papers contain highly gratifying reports of the increasing prosperity of the trade between those ports and the West India Islands. The steamship "Loanda," which leaves Halifax this week on her regular voyage, cannot find room for all the goods sent forward from all parts of the Dominion to make up her cargo. This is a pretty good indication that the new foreign market is not the myth some people have endeavored to make it appear.

—The rich man can afford to pay for life insurance; the poor man can't afford to do without it. To the former it is a *luxury*; to the latter a *necessity*. The one would like to leave his family a rich legacy; the other can't be happy unless he knows his family's bread is not to be buried in the coffin of their provider. The rich man can get the most insurance for the same money, and the poor man the same insurance for the least money, in The Dominion Safety Fund Life Association, St. John N. B.

—A locomotive, attached to which was a car intended for the North Sydney section of the railway, arrived at the station on Saturday evening. The driver says he ran between the Narrows and George's River at the rate of 55 miles an hour, and that he found the road bed first-class. Manager Hugh Grant says the ballasting on the railway between the two Sydneys and the Grand Narrows will be all completed in ten or fifteen days. The road will be open for traffic by the middle of next month. The names of the stations on the road are: Port Hawkesbury, Old Mines Road, McIntyre's Lake, West Bay Road, River Dennis, Orangedale, McKinnon's Intervale, Grand Narrows north, Grand Narrows south, Christmas Island, Scarce Cove, Shunacadie, Boisdale, George's River, North Sydney junction, North Sydney station, Leitche's Creek, and Sydney.—*North Sydney Herald.*

—The whole civilized world is greatly interested in the progress of this, the first ship railway in the world. English papers have been full of complimentary articles, and distinguished visitors are constantly arriving to view the work. Within a few days Sir Henry Tyler, president of the Grand Trunk R. R., and Mr. Wainwright, the assistant general manager; Sir Benjamin Baker, the ministers of finance and marine, and the governor-general of Canada, visited the works. The Chignecto ship railway is being constructed to carry ships across the isthmus of Chignecto, from the Northumberland Strait to the Bay of Fundy, a distance of 16 miles, thus saving a long voyage around the peninsula of Nova Scotia. Docks are being rapidly constructed at Tidnish and Fort Lawrence. Two miles of track have been already laid. Over 15 miles of track are now ready for rails. Owing to the forward condition of the work a large number of laborers have been discharged.

—A large volume would not contain the mass of testimony which has accumulated in favor of Dr. Wistar's Balsam of Wild Cherry as a safe, efficient, and reliable remedy in curing coughs and pulmonary disease. Many of the cures are truly wonderful.

Pastors and Agents, please let the people know that they can have the paper from now to the end of 1891 for $1.50 in advance.

— It costs $25,000,000 to govern London, with a population of 4,700,000, and it costs $38,000,000 to govern New York, with a population of 1,500,000.

— Danger, perhaps Death, lurks in a neglected case of cold in the head. Why run any risk when Nasal Balm will instantly relieve and thoroughly cure you.

— The Chautauqua Literary and Scientific Circle will begin its fourteenth year of reading this fall, the course including English language, history and literature, geology and reading from French literature. Among the writers who will contribute the required readings are the historian Freeman, Professors George P. Fisher, A. S. Hill, Alexander Winchell and H. A. Beers, Harriet P. Spofford, and the Methodist Bishop John F. Hurst. John Habberton is president of the new class, and one of the vice-presidents is Mrs. Helen Campbell.—*Standard.*

For Cramps, Cholera, Diarrhœa, Summer complaint, use Kendrick's Mixture. Kendrick's Mixture, a positive cure in nearly every case. Sold by dealers. 25c.

— The forcible entry of the British fleet into the Zambesi River, has excited the people of Lisbon almost to madness. The lives of the whole British population are in danger. Great rivalry between England and Portugal in Africa has excited for some time. One of the chief points of dispute was the Zambesi River which the Portugese tried to monopolize. But last week a British force of 800 men penetrated into Manica. A British fleet of gunboats steamed up the river forcing the blockade. No opposition was made to the progress of the fleet, excepting a protest.

— One or two bottles of Northrop & Lyman's Vegetable Discovery will purify the blood, remove Dyspepsia, and drive away that extreme tired feeling which causes so much distress to the industrious, and persons of sedentary habits. Mr. W. E. Ellis, Druggist, Fenelon Falls, writes: "The Vegetable Discovery is selling well and giving good satisfaction."

Send three new names and $4.50 and you will receive a copy of the Messenger and Visitor free to the end of 1891.

G. E. DAY.
Upper Sheffield, N. B., Oct. 17.

The Ladies Quietly Subdued!

It is said that Alexander subdued the world—Cæsar his enemies—Hercules monsters—and the last great victory, "Diamond Dyes" the ladies. Hundreds of ladies have done battle in dying operations with common, crude imitation dyes, only to cast them out as useless and deceptive. They have then tried the merits and powers of "Diamond Dyes" and acknowledge their supreme possibilities and wonderful powers. "Diamond Dyes" wherever used conquer and come off victorious, and in this way have won their present high position in public estimation. Beware of imitations, no matter under what name.

— Mrs. A. Hamilton, Brookfield, writes: Dear Sir, I cannot speak too highly of your excellent Liniment. There was a lump growing on the inside corner of my eye for nearly two years; it grew as large as the end of my finger. I tried to drive it away with iodine to no purpose; the doctor said there was no remedy but to cut it out. I told him that was the last alternative as it would destroy my eye. I then tried the British Liniment, after applying it one month the lump entirely disappeared, so my eye is as well as ever. I have found it to surpass anything for cramps and diarrhœa.

Marriages.

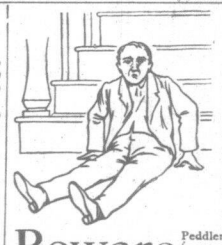
WINCHESTER–MARTIN. — On the 21st inst., by Rev. A. E. Ingram, Albert Winchester, to Mrs. Bessie Martin, all of St. John.

COX–COX.—At Truro, Oct. 8, by Rev. J. E. Goucher, Eslie B. Cox, of Canning, Kings Co., to Lamira J. Cox, of Truro, N. S.

WHIDDEN–HARRIS.—At Wolfville, Oct. 15, by Rev. T. A. Higgins, C. B. Whidden, Esq., of Antigonish, to Emma A. Harris, of Wolfville.

BURTON–POTTER.—At Plympton, Digby Co., in the Baptist church, Oct. 16., by W. J. Blakeney, George E. Burton, of Yarmouth, to Fanny E. Potter, of Plympton.

FOSTER–NELSON.—On Oct. 14, by Rev. C. W. Corey, assisted by Rev. Mr. Taylor, Dr. C. A. Foster, to Minnie L. Nelson, daughter of W. J. Nelson, all of Bridgewater.



From Top to Bottom

The house is best cleaned that is cleaned with Pearline. It is done with little labor and with great results—with ease to yourself, and with no possible injury to anything that is cleaned. To use Pearline once is to want it always; you will want it always because it does what you want.

Beware Peddlers and some unscrupulous grocers will tell you, "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled, and if your grocer sends you something in place of Pearline, do the honest thing—*send it back.* 177 JAMES PYLE, New York.

DURKEE–WETMORE.—At Beaver River, Yarmouth Co., Oct. 16., by the Rev. W. H. Robinson, Frank E. Durkee, of Westport, to Alice G. Wetmore, of Beaver River.

PARSEE–ISNOR.—At the residence of the bride's father, East Basin Road, Halifax Co., Oct. 16, by Rev. C. W. Williams, Wm. E. Parker, of Tufts Cove, to Drisilla W. Isnor.

GOUDY–KEMPTON.—At the residence of John Smith, Barton, Digby, Oct. 8., by W. J. Blakeney, Hiram G. Goudy, of Port Maitland to Annie A. Kempton, of Barton, Digby.

DAVIS–BELYEA.—At the residence of the officiating clergyman, Rev. Sydney Welton, B. A., St. John, on the 22nd inst., Jeremiah Davis, of Queenstown, Queens Co., N. B., to Ida M. Belyea, of Carleton Co., N. B.

YOUNG–BROOKS.—At the residence of the bride, Southampton, N. B., Oct. 22, by Rev. B. H. Thomas, assisted by Rev. Gideon Swim (F. C. B.), Rev. J. W. S. Young, General Missionary of H. M. B., to Mary A. Brooks. (*Religious Intelligencer* please copy.)

Deaths.

FLOYD.—At Waldeck Line, on the 10th inst., of hemorrhage of the lungs, John Floyd, in the 63rd year of his age.

DENTON.— At Westport, N. S., Aug. 30, aged 1 year, George Atwood, youngest child of Mr. and Mrs. George Denton.

HATT.—At Chester Basin, N. S., Oct. 9, of consumption, Hannah Hatt, aged 24 years and 3 months, daughter of Wm. and Rebecca Hatt, deceased.

MARKS.—At Hillsboro, Albert Co., Oct. 8th, of consumption, William Spurgeon Marks, aged 31 years. He was a member of the 1st St. Martins church, and died trusting in the Saviour.

TEED.—At Freeport, N. S., Oct. 13th, Sarah E., wife of Capt. Samuel Teed, aged 66 years. The deceased was an invalid for a number of years, but bore her affliction with wonderful patience, and died with an unwavering trust in the Lord. Doubtless, death to her was infinite gain; for, "Blessed are the dead who die in the Lord."

MULLEN. — At New Tusket, George Mullen departed this life, after a long and tedious sickness, on 19th August, 1890, in the 77th year of his age. He united with the New Tusket Baptist church in 1851, and continued a member to the close of life. He had been baptized in the winter of '41–42, and united with the then Sissiboo church.

HIBBERT.—On the 9th inst., at his late residence, Middleton, Yarmouth N. S., Farnum Hibbert, in the 67th year of his age. Bro. Hibbert was a highly respected member of the West Yarmouth Baptist church. A widow, three sons, four daughters, and a large number of friends and relatives mourn their loss. Useful in life, happy in death, doubtless our departed brother knows now as he could not know in life the meaning of these words, "To die is gain."

POTTER.—Another familiar countenance has been removed by the death of Bro. Anthony Potter, of Clementsvale. For long years had he fought the battle of life with courage, but last winter La Grippe took fast hold upon him and never left him. He, however, continued to look after his business until July, when he was stricken down by acute rheumatism, to the power of which he finally succumbed on July 31, aged 74 years. Long had he filled his place as a member of the Clementsvale church, but has now gone to his reward. "Blessed are the dead who die in the Lord."

SABEAN.—At New Tusket, Oct. 9, Jane, beloved wife of Stephen P. Sabean, in the fifty-fourth year of her age, leaving a sorrowful husband, two sons and four daughters to mourn the loss of a kind and affectionate wife and mother. Our sister's sickness was short. She had been a member of the Baptist church, baptized by the late Elder C. Randall, April 30, 1858. Her everyday life was that of the Christian. Her funeral was largely attended, and a sermon preached by Elder Rowe.

MULLEN.—At New Tusket, Oct. 14th, David Mullen, in the eighty-fifth year of his age, leaving an aged widow, seven sons and two daughters, besides grand and great grandchildren, one brother and one sister, with a large circle of friends and acquaintances to respect his memory. Our brother was the first person received into the Baptist church after its organization in July, 1843, and continued a consistent member to the close of life. Elder J. Rowe attended his funeral, and preached an impressive sermon from the text, "Blessed are the dead," &c. He now rests.

COBURN.—At Keswick, York Co., Oct. 13, Raymond O., aged one year and three months, beloved and only son of Charles J. and Elizabeth Coburn. The sorrowing parents feel to say, it is well. "The Lord gave, the Lord hath taken away, blessed be the name of the Lord."

DELONG.—At Little River, Sunbury Co., N. B., Deacon Aaron DeLong fell asleep in Jesus on Oct. 5th, after suffering much from a lingering disease. Deacon DeLong was a man of deep piety; he lived his religion; no man in the community had the influence that he had; he was faithful to his covenant vows; he was the true friend of his pastor; he was a kind husband and an affectionate father. His departure creates a vacancy in the church that cannot easily be filled. On Wednesday, Oct. 8th, the funeral took place. Rev. B. H. Thomas, the retiring pastor of the church, preached a sermon from Psalm 34: 6—the text was selected by the departed some months previous to his death. May the Lord of love and God of consolation comfort the hearts of the lonely widow and and fatherless children.

WATSON.—At Burton, Sunbury Co., Oct. 14, after an illness of nearly a year, of consumption, Stephen M. Watson, in the 21st year of his age. Much beloved in the Upper Gagetown church, of which he was an active member, and respected by all who knew him, our loss is his eternal gain. An aged father, two brothers and two sisters remain in sorrow, but not as those without hope. His mother and a younger brother have preceded him to the spirit world, and now side by side they await the resurrection of the just. As a superintendent of our Sabbath-school and a worker in social and prayer meetings Bro. Watson had entwined himself in the affections of all God's people, and we feel our loss to be very heavy. His affliction was long and trying, but his Saviour was very precious to him, and to the last he loved to talk of Christ and His power to save. A gentle and loving spirit is taken from us thus early in life, whose help we sorely needed, and yet through grace we can say, "Thy will be done."
