ONTARIO.

CARLETON COUNTY, ONT.

Britannia Bay, Feb. 29.—The weather has been rather cold, but is a little milder lately. We have had the worst snow storm seen in this locality for years, there being about two feet. Hay is $21; oats, 42c; wheat, $1.35; eggs, 35c; butter, 32c; beef, $10 per cwt. for fronts, $12 for hinds; veal, 15c by carcass; pork, $14.25 per cwt.—J. A. D.

WENTWORTH CO., ONT.

HAMILTON, March 6.—The Wentworth Milk Producers and their wives held their first annual banquet to-day, and judging from the expressions of those present, it was a very enjoyable event. Mr. Peter Ray, president of the association was in the chair. After satisfying the inner man, a good program was rendered. Mr. E. S. Archibald, of the Central Experimental Farm, delivered a very helpful and inspiring address on dairying. Another feature was the presentation of a wrist watch to Mr. R. S. Vinning, district representative, who has taken out a commission in the army.—A.E.S.

OXFORD CO., ONT.

R. R. 3, WOODSTOCK, March 6.—We are having a heavy snowstorm from the east. It has snowed hard since morning. We have had fairly good sleighing for some time, and it gave farmers a chance to do considerable work. Most of the farmers in this section have their ice stored; not as heavy as some years but a very good quality. There are a great many sales; many farmers selling their cows on account of the shortage of hired help. Cows sell high yet; at a sale the other day 17 head sold at $77 a head. Hogs $9.35. Grain sells very high at these sales.—A. McNeil.

NORFOLK COUNTY, ONT.

SIMCOE, March 2.—Winter has passed very quietly with little snow up to the present, but we have 10 to 12 inches now. Crops are passing through the winter in first-class condition. Stock has wintered well, and has not used up the usual quantity of feed, but prices remain firm. Recruiting has taken up much farm labor, and prices will be high for what remains. Woodhouse Farmers' Club has met every two weeks during winter. Farmers are using quite a quantity of ground limestone.—F. C. B.
