FENIANISM IN IRELAND.

Dublin (Jan. 15) Cor. of the London Times.

Cork continues to supply the most noticeable items of Fenian news. On Friday evening an incident occurred which shows that people who handle Greek fire may sometimes burn their own fingers. A young man was walking up Patrick street about ten o'clock at night when on reaching the Victoria Hotel another man, who states that he was only a passenger in the street, remarked to him that his coat was on fire. The person addressed immediately threw off his coat, depositing it in Cook street, which runs at the corner of the hotel, and quickly disappeared. On searching the burning coat the man who gave the alarm found a bottle containing some liquid, which, on the police coming up, he flung down in the street, where it ignited. He alleged as his reason for doing so he feared it would explode. A crowd collected, among whom it is reported men poked up the blazing mass, took papers out of the pocket, and on the police going away, with the second man in custody, tore them into fragments. If the accounts be correct, it would appear that the police were not at once alive to the importance of seizing the coat, and that documents which might have proved to be of some consequence escaped them. The burning liquid was believed to be phosphorus.

A young man named Michael Doheny, a nephew of the Colonel Michael Doheny of 1848 celebrity, has been arrested in Dungannawy, and was lodged in the Cork jail on friday. He served in the federal army, and came home to his native place, as he alleges, to see his relatives and in search of health. The police believe that he was engaged in something more than healthful exercise in the different localities, and regard his capture as important.

At Skibbereen the telegraph wire is reported to have been cut in several places a few nights since.

A correspondent of the *Nation*, writing from Knockroghery, county Roscommon—a county exempt from Fenianism—states that a copy of the following placard, elegantly printed with a pen and embellished with a representation of two warriors at the head, was posted on the door of the female National School, and that similar notices were placarded in different places along the highway:

LIBERTY—GOD SAVE IRELAND.

Brothers and friends of Irish liberty, do not despond. The persecutions of centuries will soon be avenged, and, by the force of our arms we will purge our native soil from the curse of British misrule. What has been our position hitherto? We labor hard and constantly, not to enjoy the fruits of our industry, but to support the revelries of landlords, forced upon our fathers by the English despoilers of our country. Then Ireland expects that every man will do his duty when the time of the glorious struggle arrives. Be united, and remember the cause for which Allen, O'Brien and Larkin died on an English scaffold.

Colonel Forbes, who was attacked in a savage manner on the evening of the 3rd inst., by a man with his face blackened, is, contrary to expectation, recovering under medical treatment. His assailant struck him repeatedly on the face and head with a stone. A servant girl who was in the house, hearing the noise, hastened to her master's assistance, and the miscreant, who sprang through the window, breaking the sash, and throwing himself down from a considerable height, escaped. She caught him by a leg of his trousers before he fell, but was unable to keep her hold, and a piece of the cloth remained in her hands.

THE ERIE CANAL.—This Canal is 360 miles in length, and the Tolls collected upon it for 1861 amounted to over three million dollars, which is nearly double the amount collected in any previous year; and while our neighbours have so much reason to be pleased at this result, its gratifying to know that the sales of the "Canadian Pain Destroyer," for the cure of coughs, colds, frost-bites, rheumatism, &c., is increasing much faster. Sold by all medicine dealers at 25 cts. per bottle.

☞ Is health worth having? If it is protect it—it is a jewel as easily lost as virtue, and in many cases as difficult to recover. In this climate, and more particularly at this season of the year, people are very apt to take cold and suffer from sore throat, coughs, spitting of blood and pulmonary complaints generally, which if not checked immediately lead to serious consequences. The question arises—which is the quickest and most effectual remedy? Bryan's Pulmonic Wafers have been before the public for twenty years, have always given perfect satisfaction, and invariably effect permanent cures when taken in season. Sold by all medicine dealers and country stores generally throughout the Province, at 25cts per box.

Owners of Horses Rejoicing.

And why not? and who knows but that their horses are rejoicing as well; who can prove the contrary? But their owners rejoice because of the astounding and almost miraculous effects on their horses of "Darley's Arabian Heave Remedy." Some where lean and poor having no appetite, others would devour their food ravenously, yet derive no benefit from it; some where hide-bound with rough and shaggy hair; others had severe colds and coughs; many had the heaves and other complaints peculiar to horses, on all it operated as a charm, the disease or complaint was speedily removed, the appetite and digestive organs corrected—the skin softened, and sleek and skinning appearance given to the coat all without any danger to, or preventing the horse being used.

Remember the name, and see that the signature of *Hurd Co.* is on each package.
Northrop & Lyman, Newcastle, Ontario, proprietors for Canada. Sold by all Medicine dealers.

☞ Mazeppa is stated to have been much attached to his horse.

☞ A truly great man never puts away the simplicity of a child.

☞ Why is a tired man like an umbrella? Because he is used up.

☞ Why is a goose like a cow's tail? Because they both grow down.

☞ There are various stations in life, but the least desirable is the police station.

☞ Try to let everybody's fault's be forgotten, as you would wish your own to be.

☞ Whatever is lovely changes; the barren rocks will remain forever as they are.

☞ "Which is the entrance out?" asked an Irishman at a railway station the other day.

AGEM.

The following little gem, from the pen of Alice Carey, can be read with profit to every one—saint as well as sinner:

Do not look for wrong or evil,
You will find them if you do;
As you measure to your neighbor
He will measure back to you.
Look for goodness, look for gladness,
You will meet them all the while;
If you bring a smiling visage
To the glass, you meet a smile.

FEBRUARY.

Really this should be noticed. We observed in the Blue Treatise (which indeed is worthy the name of a scietific work) on page 13, an article headed Lacteal Vessels, &c. 'Tis grand. READ it for yourselves and understand the principle upon which the great Shoshonees Remedy makes such wonderful cures of diseases of the Stomach, Lungs, Liver, Kidneys, &c. One of these valuable treatise accompanies each bottle of that peculiar Indian Medicine, for sale everywhere.

MOTHERS, READ THIS!—HOLLOWAY'S WORM LOZENGES

are a certain and safe remedy for Worms in Children and Adults.—As it is a well-known and melancholy fact that one great cause of death among children is from Worms alone, it cannot be too deeply impressed upon the minds of parents the necessity of closely watching their children. By so doing, and understanding the symptoms and true cause of the disease, thousands of children might be saved from early graves. SYMPTOMS OF WORMS:—The following are a few of the very numerous symptoms and diseases which are caused by Worms: Deranged appetite, emaciated extremities, offensive breath, frequent picking at the nose, grinding of the teeth during sleep, hardness of the belly, with frequent slimy stools, and sometimes convulsive fits; pain in the head and stomach, unquiet sleep, faintings, trembling, doughs, indigestion, low spirits, frightful dreams, and a gradual wasting away of flesh.
They are palatable and self-administered to the child—drive out the worms thoroughly without pain and completely cleanse the stomach—thereby doing away with the necessity of administering Castor Oil or other unpleasant cathartics—as in the use of other Worm Medicines.
☞ Each box contains the fac-simile signature of NORTHROP & LYMAN, Newcastle Ontario, who are the sole proprietors.
