STEAM BOATS FOR SALE.

THE Subscriber being desirous of closing up his present business, offers for sale, the Steamers COMMODORE, FAIRY QUEEN, and HERALD.—The COMMODORE had Six Hundred Pounds laid out on her last winter, and with a little outlay can be put in good condition. The FAIRY QUEEN had about Three Hundred Pounds expended on her also last winter, and a very small sum will put her in excellent condition. They would make first rate Night Boats between this City and Fredericton, or are suited for any route out side, or for the Grand Lake or the St. Croix, being well supplied with bedding, &c.; or they would make admirable Tow Boats for the River.

Also, the Steamer HERALD, now lying at Carleton. This Boat, with some repairs, would make a good Tow Boat.

These Boats have all first rate Engines, made by Fawcett, Preston & Co., Liverpool, and will be sold low, on a long credit.

If not disposed of by private sale on or before the 25th November next, they will be offered by Auction.

Also for sale, an ENGINE, suitable for a Mill or Boat.

The Subscriber would solicit from parties disposed to purchase, a thorough inspection of these Boats.

The reduction of Premium averages 35,22 per cent. on the Premiums payable during the next five years.

The reversionary Bonus averages 60 per cent. on the Premiums received during the last five years, or 9 per cent. on the sums Assured.

Upon the Policies which had been full five years in existence, the reversionary Bonus averages 2 1-2 per cent. Premium on the sum assured, a result which has been seldom equalled, and will bear comparison with that of any Office.

The following Table illustrates the Bonuses declared:

2d. " 1847	31.333 "	53¼ "

The Directors consider, and trust the Policy holders will agree with them, that the position of the Company is highly satisfactory, and hope that, taking into account the continually increasing competition they have to encounter, the progress of the Company has equalled their expectations, as the benefits actually realized equal, and in most cases surpass, those afforded by the largest established Offices.
