Best Overcoat Season We Ever Had

With the ending of this week we close our business year, and it has been very gratifying, particularly in the Overcoat Department. What few overcoats we have left over are being sold at prices that make quick sales. Clearing up time with us means saving time for you.

MILLION LOSS; 4 DEATHS RESULT OF SUNDAY STORM

Lake Erie Liners Left Stranded on Shore at Buffalo—Other Losses.

Buffalo, Jan. 21.—The hurricane which swept the Niagara frontier yesterday has subsided, and a more extended examination of the damage to shipping lowers the original estimates. At the Port of Buffalo alone, however, it will amount to about $1,000,000.

The high waters of Lake Erie receded to-day, leaving some of the stranded lake liners high and dry on the sandy beaches. None of them appears to be seriously damaged, but the expense of getting them afloat again will be very heavy. They are grain-laden and valued at $12,000,000.

The death list totals four. Three persons were killed in the collapse of buildings, and another was drowned in the lake while being brought to a place of safety.

Reports from nearby places are that much property loss was occasioned by the high winds.

Niagara Falls power is again running the street cars and lighting the city.

The fire department has been employed to-day in removing dangerous obstacles and portions of buildings blown loose by the gale.

The United States government sustains a loss of from $100,000 to $200,000 from destruction of breakwalls.

A RESTORATION.

A restoration from the roots upwards must take place to cure an obstinate cough. Scott's Emulsion begins way down at the bottom of an inflamed throat and when it finishes its work there is no inflammation left.

Washington, D.C., Excursion.

$10.00 round trip from Suspension Bridge, via Lehigh Valley Railroad, Friday, February 1st. Particulars 54 King-street East. ed

Heaviness, Lassitude, Drowsy and Dull.

Do You Feel That Way?

How provoking these symptoms are!

You sleep well, but when you awaken there is none of the exhilaration that sleep and rest should confer.

Instead of being alert, having quickness of apprehension, there is languor, dulness, a disinclination to do things.

Three causes for this feeling.

Lazy liver, lazy kidneys, and a mighty lazy stomach which does its work very poorly and compels the other organs to do things they are unequal to for any length of time.

Note the consequence--blood is filled with wastes--poisons weigh down the nervous system--rebuilding processes are absolutely stopped.

You'll note an instant change when you take Ferrozone.

Appetite improves, digestion becomes good as ever--skin grows ruddy and clear, all sense of languor, unsteadiness and depression fades away and finally disappears.

Ferrozone clarifies the brain, supplies tone and vigor, imparts clearness and strength. You feel like a new person, full of life, full of ambition, ready to do things—and able to do them also.

Think it over. Ferrozone is a tonic that uplifts, upbuilds, that nourishes and restores the sick by supplying the elements their weakened systems need. It can't help but do you good. For men, women and children, in fact anyone seeking strength and health, Ferrozone is invaluable; try it; sold by all druggists in 50c. boxes

HAMILTON HAPPENINGS

WANT INCREASES OF PAY APPLICATIONS GOING IN

Jail Turnkeys and Weigh Scale Clerks Apply—House of Refuge Affairs.

Hamilton, Jan. 21.—(Special.)—The deluge of applications for more salary from civic employes has started. The turnkeys at the jail petitioned the markets committee this evening for an increase of $15 a month each. They are on duty 24 hours of the day, seven days of the week, and every day of the year. The highest salary paid is $48 a month, and the lowest $39. Some of the weigh scale clerks who draw $500 a year also asked for an increase. Governor Ogilvie of the jail, who gets $1000 a year, joined the throng. All the applications were laid over until the estimates are struck. Dr. Craig was appointed veterinary of the police department. The committee will make its annual tour of inspection a week from Wednesday.

The members of the House of Refuge committee this afternoon, on the advice of the city solicitor, decided that no part of the $30,000 voted by the ratepayers for a home for incurables could be diverted for hospital for incurable consumptives. Chairman Wright suggested that patriotic fund should be used for the cure of advanced cases of consumptives. Stewart and Witton were engaged as architects for the home for incurables, and the location of the new building will be fixed Wednesday afternoon by the committee.

It was decided to build an icehouse. Supt. Rae asked for an increase of pay from $600 to $750 a year. Estimates calling for an expenditure of $11,650 were passed.

Church Meetings.

The annual meetings of St. John and St. Paul's Presbyterian Churches were held to-night. The receipts at St. John's amounted to $5797, and there was a surplus of $517. There are 590 members on the rolls. The following managers were elected: George Ritchie, B. Ardell, T. Gage, and J. L. Othiam. St. Paul's raised $19,533, but closed the year with a deficit of $791, caused by the installation of the chimes, which cost $6012, and the purchase of a new Sunday school site. The building will be erected at once. The congregation gave $4375 to missions. It has a membership of 706. The following managers were re-elected: David Kidd, J. J. Morrison, Thos. Leeming and D. P. Dewar.

There was a warm discussion over a proposal to erect a gymnasium in connection with the Sunday school. Some of the members objected to the introduction of American fads and frills into the church or to the turning of the church into a play house. A committee was appointed to ascertain the cost of erecting a building and equipping a gymnasium.

The North American Cobalt Company had a meeting to-day, but adjourned for two weeks without coming to a definite decision as to a site.

R. G. Knowles, the Hamilton boy, who is at the Savoy Theatre this week, drew such a large crowd that the management was forced to turn people away. He was presented with a basket of flowers by some of his friends.

Bank of Hamilton new building, offices to let. The building is now sufficiently advanced to enable applicants to see the accommodation still available. Apply to R. A. Milne, 10 1-2 West King, Hamilton, who will be pleased to show plans and accompany parties thru building.

Good Old Summer Time.

The White City, the new summer park at the beach, will be ready for opening on June 1, next. Local capitalists are taking 51 per cent. of the stock. One of the attractions will be a railway one mile is length, on which the cars will travel at the rate of a mile in 39 seconds.

See Billy Carroll's Pipes to-day at the Grand Opera House Cigar Store.

Open, ready for business, barber shop: Federal Life. Fred H. Sharp, eight years Hotel Royal.

Thomas B. Christie, superintendent of the Sawyer-Massey Works, who was a passenger on the Big Four train that was wrecked at Fowler, Ind., returned this morning. One of his legs was injured.

It is stated that the screw and tack works will be located in the rear of the city hospital and the governors will meet Tuesday to consider the situation.

Route boys, good and reliable, early risers; permanent work. Apply 4 to 5, World Office, 75 North James-street, Hamilton.

Hugh Robinson has been endorsed for the position of fair wage officer.

Mrs. Filman (Dorothy Hunting) has married a Chicago stock broker, Robert A. Chapman, and will leave the stage.

Wanted—Two stone and marble setters for large job; to have full charge of job. Apply Canadian White Company, Hamilton.

Three solid brick houses, central location, 8 rooms each, every convenience, $8000 for the three. A. J. Douglass & Co., 10 North John-street. Tel. 2173.

C.P.R. PLANS IN THE WEST.

Will Spend Several Millions of Dollars in Branch Lines.

Montreal, Jan. 21.—(Special.)—Vice-President Whyte of the C. P. R., having concluded his conference with Sir Thomas Shaughnessy, it is announced that six or seven millions will be spent next year, and that the independent line from Winnipeg to Edmonton, via Saskatoon, will be pushed ahead with all possible speed.

A number of branch lines will also be built, and altho it is not stated, the belief is general that the C. P. R. will parallel the Grand Trunk Pacific thru the Yellow Head Pass.

POOR AUSTRALIA.

(Canadian Associated Press Cable.)

London, Jan. 21.—Emigration from the Clyde during 1906 to Canada was 19,062, to the United States 37,123, to Australia 17.

$10 Washington, D.C., and Return.

TO CELEBRATE CENTENNIAL.

Toronto Grammar School Old Boys Plan Event for June.

Plans were discussed by the Toronto Grammar School Boys' Association last night for the celebration of the hundredth anniversary of the old school (now Jarvis-street Collegiate) in June. The institution is the oldest in Western Ontario, having been founded in 1807. The Upper Canada College, founded 1827, ranks next.

To commemorate the occasion it was decided to raise a fund for the establishment of either a monument of Shakespeare in the school grounds, a bronze or marble tablet of Minerva—the school crest—on one of the school walls, or an elaborate stone and iron gate at the entrance, similar to the one at Trinity College. For this purpose grants will be solicited from the board of education and the Ontario education department.

Following the ceremony of unveiling the memorial, it is intended that all the old pupils from the city and province assemble in the building in happy reunion. In the evening a banquet will be held.

Officers for the ensuing year will be elected next Monday for which the following have been selected as a nominating committee: Dr. L. T. Embree, Angus MacMurchy, W. C. Michell, Dr. R. J. Reade, Percy Robinson, B.A., and President F. J. Roche, who presided last evening.

OUTLOOK FOR SIMPLIFIED SPELLING.

Editor World: Had some one a year ago predicted the course that simplified spelling has taken during 1906, he would have been regarded as a lunatic. Some spelling reformers were then trying to be heard; but very few of the deilies, indeed, thought their efforts worthy of a news item.

It is true that the philological societies of England and America had recommended certain simplifications; but very few had carried any of these into practice. In 1898 the National Educational Association began to use the twelve shortened forms, tho, altho, thoro, thoroness, thorofare, thru, thruout, program, prolog, catalog, demagog and pedagog, in their publications. Several periodicals and a number of persons followed their example. But at the beginning of 1906 the reform was very quiet. The excitement began on the 12th of March, when it was announced that Mr. Carnegie had appointed a simplified spelling board, and would denote $15,000 a year to the cause. In the next five months there was more attention given to the subject than there had been given before in five decades.

On the 24th of August President Roosevelt announced his intention of adopting simplified spelling. So there was more discussion of the matter in the next five weeks than there had been in five centuries. Consequently the demand for circulars at the headquarters of the simplified spelling board, 1 Madison-avenue, New York, was for a time greater than could be supplied. Many teachers, business firms and literary people signed the pledge to make use so far as practicable of the 300 recommended spellings.

All the members of the board of superintendents of New York City recommended the teaching of this list. They were influenced by reason. But the board of education listened to the popular prejudice and the clamors of the daily press, and so did not ratify the movement.

The committee on appropriations in congress spent some three or four minutes in discussing the important question of simplified spelling and decided to bar it out. In the house of representatives the matter was disposed of after only some four hours' talk. Many of the congressmen did not know better; but even those that did, had not the courage of their convictions, so as to make earnest speeches, which might have been circulated over the country and done great good, as well as to make their names famous to future generations. They were not worth their hire. Many suppose that congress has killed and buried simplified spelling. But it has not. All that it has done was to take steps to stop its use in the government printing office. President Roosevelt, so it is said, still continues to use simplified spelling in his correspondence. A number of journals and numerous individuals are using it, and many teachers are, either directly or indirectly, teaching it, whether Greater New York does so or not.

By the way Greater New York is overtaxing her school children with mental drudgery. The grand jury of King's County, Brooklyn Borough, has returned a presentment that home study cease. The department of education claims that only twelve hours a week of home study is required. But the fact was revealed that the tasks imposed required on the average from eighteen to twenty hours a week of home study, and that even then many of the children fail to master the subjects.

It has not dawned yet upon the minds of the grand jury and the board of education that simplified spelling would lessen the drudgery of children, altho it has been recommended by the teachers and superintendents.

But, bad as it is, this great city is not the only one that overloads the minds of school children. More trash is crammed into their memories. A part of this is the memorizing of useless letters as "ugh" at the end of "through," "although," and "thorough." It is time that such should cease. Spelling reformers need not be discouraged by the proceedings in congress. They were not an avalanche of reason but an avalanche of prejudice.

"Truth crushed to earth shall rise again." It was so in slavery times, and it will be so again. These are the times of mental slavery. The children of those congressmen will some day sit in judgment on the matter, and will condemn the action of their sires. So let us discuss the cause in the press, the debating clubs, literary societies and other gatherings, for all there is in it, and we will not only have an interesting time, but will eventually produce such an overwhelming sentiment that all except some "old fogies" will spell tho without that useless luggage "ugh," and will wondrously simplify the spelling of many other words. Let us keep the cause moving and victory will be ours. G. W. Wishard,
336 W. 44th-street, New York.

Fainted From Loss of Blood.

Philip Kipley, 173 Centre-avenue, had his hand cut in a machine in the factory of the Toronto Show Case Company, West Adelaide-street. He attempted to walk to St. Michael's Hospital, but fainted in the street from loss of blood, and was taken into 64 West Adelaide-street. The ambulance took him to the hospital.

Loop Not to Blame for This.

Fred Hagerman, 235 Davenport-road, while trying to catch a car at College and Yonge-streets, fell and put his knee-cap out of joint. He went home.

All Saints and Westminster Seniors will play a Senior Northern League game at Broadview Rink Wednesday night at 8 o'clock. Westminsters will be represented by: Elliott, Hornibrooke, Laing, Killaly, Paterson, Milligan, Hanton.
