HOLLOWAY'S ALL-HEALING OINTMENT,

From Physicians the most skilful and celebrated, from Counsellors learned in the Law, from Judges of celebrity on the Bench, from Ministers of the Gospel, whose undeviating rectitude of conduct has made their testimony weight; they have made their shining lights in the grey sunset unshaked—all of which, without one dissenting objection, pronounce this Ointment to be INFALLIBLE in the cure of Tumors, Ulcers, Sores, Burns, Tetter, Piles, Scrofula, Erysipelas, Chilblains, Scald Head, Sore Eyes, Quinsy, Croup, Rheumatism, Broken Breast, Ague in the Face, Corns, &c. It completely restores the INSENSIBLE PERSPIRATION, and by this means opens three avenues by which nature intended to expel the morbid matter of the body—thus is the system cleansed, the blood purified, and the health restored.

It has power to cause all external Sores, Scrofulous Humors, Skin Diseases, and Poisonous Wounds, to discharge their putrid matter, and then heal them; and will certainly be found to be efficient and certain.

It is a beautiful steel engraving, it represents two female figures of health and beauty, reclining on a tablet and scroll work, on which are the words *RADWAY'S MEDICATED SOAP* in illuminated letters. On the opposite side of the tablet is the fac-simile signature of R. G. Radway. The design is neat, chaste, artistic, and elegantly executed

are also improved, the high popularity which this excellent soap has attained for its superiority over all others for Toilet, Medicinal, and Shaving purposes, has impelled us to strive and improve upon its merits, instead of resting satisfied on its already gained laurels. We have now entered into arrangements for the importation direct from our correspondents in Constantinople in Turkey, and Canton in China, for our several oils, gums, balsams, and extracts of rare medicinal virtues, which we use in the manufacture of Radway's Soap, instead of receiving them from third parties, so that now we have the satisfaction of knowing that the highly medicinal and balsamic properties of our Soap are pure and unadulterated.

AS A BEAUTIFIER OF THE SKIN

It surpasses everything of the kind in the world, it removes Redness, Pimples, Blotches, Pustules, Tetters, Rash, Eruptions Salt Rheum, Ring Worm, Sore Heads, Sores, Pustular Eruptions. It imparts health to the skin, and beauty to the complexion. As a Nursery and Toilet Soap, it is beyond the reach of rivalry, and for Shaving purposes it is the best in use. One cake of Radway's Soap will last longer than three cakes of the same price of any other Soap in use, therefore it is the cheapest and best Soap in the world. Price 25 cents, large cakes, in engraved wrappers, and the signature of R. G. Radway upon each wrapper.

URQUHART'S
CONCENTRATED COMPOUND DECOCTION,
OR FLUID EXTRACT OF
JAMAICA SARSAPARILLA,
As ordered by the
Pharmacopœa of London College of Physicians.
PREPARED BY
ALEXANDER URQUHART,
Hall, 7, Great St. James' Street.

THIS Valuable Preparation has been before the public for many years, during which time it has been extensively used, and has proved eminently successful in all those diseases in which this medicine is prescribed. It is considered by Physicians of the present day the very best Medicine for re-establishing the constitution after it has undergone the effects of Mercury. In Chronic Rheumatism, the most marked effects have been produced by the use of Sarsaparilla; and its continued use is often attended with improvement in appetite and digestion, increase of strength, the production of a more healthy state of mind, and the palliation, or, in some cases, complete disappearance of various mortal symptoms, as Eruptions, Ulcerations, pains of a Rheumatic character, &c., &c.

Drs. McCulloch, Campbell, McDonald, and others, who have extensively used it in their practice, have kindly favoured the Proprietor with the following Certificates:—

ALEX. URQUHART, Esq:—DEAR SIR,—I have much pleasure in bearing testimony to the faithful manner in which you prepare your Fluid Extract of the Compound Decoction of Sarsaparilla. This I am enabled to do, on account of several of my patients having derived the greatest benefit from its use.

For Constitutional Syphilis and Chronic Rheumatism, I have prescribed it with the most marked effects, I can, therefore, without the least hesitation, recommend your preparation as one possessing all the Medicinal qualities of the Compound Decoction of Sarsaparilla, while it is at the same time more palatable, and less apt to derange the Stomach.

Your most obedient servant,
W. FRASER, M. D.
Lecturer on Medical Jurisprudence,
McGill College.

Montreal, 9th February, 1847.

MONTREAL, February 10th, 1847.

I beg to certify, that I have employed very extensively, the "Fluid Extract of Sarsaparilla," made by Mr. URQUHART, in all those diseases in which this Medicine is usually prescribed, and that I have found it a most valuable preparation. I can, moreover, state, from personal investigation, that the proprietor employs none but the purest ingredients, and bestows the greatest care and attention upon the mode of preparing this remedy.

ROBERT MACDONELL, M. D.,
Lecturer Institutes of Medicine,

Physician to the Montreal General Hospital.

MR. URQUHART'S Sarsaparilla is the only preparation of this valuable Medicine that I can, with entire confidence, recommend to my patients.

Montreal, 10th February, 1847.

DEAR SIR,—I have frequently prescribed your Fluid Extract of Sarsaparilla, and I have no hesitation in recommending it as a very elegant and convenient form for administering that Medicine.

ANALYSIS OF THE ST. LEON WATER.

I HAVE submitted to analysis the Water from the Source of St. Leon, and find it to be strongly saline. It contains chloride of sodium in large quantity, with magnesia and lime, partly as carbonates, dissolved by the excess of carbonic acid, and partly as chloride. Like most of the other saline waters of the country, it contains bromine and iodine; in addition to which, I have detected, in small quantities, salts of barytes and strontia which had hitherto been met with only in the Waters of Vareuse. In its general characters, it is allied to the Sources of Cransac, Flatingenet, and the Intermittent of Caledonia.

The contents of one pound of 7000 grains, as calculated from my analysis, are as follows:—

Chloride of Sodium	50.47600 grains.
Chloride of Potassium	1.252400 do
Chloride of Barium	.012600 do
Chloride of Strontium	.032000 do
Chloride of Calcium	.550000 do
Chloride of Magnesium	4.620000 do
Bromide of Magnesium	.056000 do
Iodid of Magnesium	.023115 do

SHAIL'S CELEBRATED PILLS.

A FRESH SUPPLY just received, and on Sale, by R. W. REXFORD,
McGill Street,
Sole Agent for Montreal,
Where may be had Printed Circulars, descriptive of the wonderful effects of those Pills.

Montreal, March 20, 1850. 73

Latest from Toronto.

The following opinion of the beneficial effects of the Plantagenet Water, is from the last number of the *British American Medical and Physical Journal*, edited by Dr. Hall. The Doctor recommends the employment of this water to the special attention of the Profession, both in Canada and the United States. Nothing further is required to assure their general use by all classes of our citizens:—

Remedial means, or matters professing to be such, and depending for their employment upon the extraordinary of the circulation of inanimate chemicals, and the amount of money consequently paid by their proprietors for these, have at no time, since we undertook the management of a Journal intended solely for the advancement of medical science, found favor in our eyes. *Nor shall they.* We have always adhered to the old maxim, "Ne sutor ultra crepidam." We have always thought, and are daily more convinced of the truthfulness and correctness of our opinion, that all the world was never intended to practice the medical art, inasmuch as all men—aye, and all women too—are unable to make themselves masters of the science of medicine; and it must be admitted, without a cavil, that without a foundation there can be no superstructure. Not that we would dare to question the qualifications of all to become, perhaps, even scientific practitioners of the Healing Art—far from it; but seeing that different gifts have been assigned to different individuals, from the foundation of our world, and that one class is necessarily dependent upon another for its comfort and support—the rich and poor, the educated and illiterate, the professor of science and the simple mechanic—so we hold, that the public should be directed, under God, in the main to means of preservation of health, by men who have given, and continue to give, the best energies of their mind to this particular study. It is under impressions of this kind, that we direct the attention of our professional brethren to the advertisement of Mr. Larocque on the cover. We have, in common with our medical friends in this city, taken occasion, from time to time, to prescribe, in fitting cases, the Plantagenet Water, derived from a spring on that gentleman's property, in the Ottawa District. Commendatory certificates from medical men, perfectly well known to us, have been published in the daily newspapers of this city; our own has appeared among the number. But we now hesitate not to recommend the employment of this Water to the special attention of the profession both in Canada and the United States. Mr. Hunt's analysis, as to its constituents, furnishes at once the key of its applicability and usefulness. We are informed that the proprietor has made arrangements for supplying, during the forthcoming season, the Plantagenet Water throughout our own Province and the United States, by full commandment of necessary depots and the appointment of proper agents.

These waters are to be had only from the Agent, A. MANN, at the Depot 4, *Place d'Armes*, also from Dr. Picault; Mr. Mercier, Quebec Hotel; Mr. Berlinu, St. Paul Street; and at the principal Hotels in the City.

A fresh supply of the above Waters have just been received, and for sale by the above Agents.

PLANTAGENET WATER.

For the past eleven years I have labored under an impaired state of the digestive organs, from which I have found no relief, even by following the prescriptions given by the best physicians of Paris, of Beauvais, of Crepy, and of Gresy, on the Isere; but since I Have made use of the Plantagenet Waters, I find myself much better. My health has sensibly improved, and I am quite inclined to believe that, by the means of these beneficial Waters, I can be radically cured.

ELEGANT AND INVALUABLE ARTICLES FOR THE TOILET.

BOGLE'S HYPERION FLUID,
FOR RESTORING, PRESERVING, AND EMBELLISHING THE HAIR.

The following Certificate, from Dr. Winslow Lewis, one of the most eminent Physicians of Boston, will show the estimation in which it is held by the scientific and learned, being one only of many similar cases.

BOSTON, Feb. 15, 1847.

MR. WM. BOGLE,—Sir,—The preparation invented by you for the hair, has been extensively used in my family, and they give it the decided preference over all other compositions of the kind. It invigorates and beautifies the hair, and cleans the skin of all impurities, without producing any ultimate deleterious effects, which are so frequently the result of many well known patented compounds.

WINSLOW LEWIS.

It is an indispensable article for the Ladies, as it keeps the hair in place and curl, and the skin or parting of the hair free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

BOGLE'S AMOLE,
A COMPOUND FOR SHAVING.

This delightful article is totally different and far superior to anything yet invented for Shaving. The base of it is derived from the *Amole*, or "soap plant" of California, an article used by the natives of that country for washing; and thus the use of strong alkali, so hurtful to the skin, is necessarily dispensed with. Vegetable and detergent properties have the purest and most nourishing effects on the skin,—it soothes and allays irritation, and has a fine, thick, creamy lather, which does not dry on the face. It is a decided luxury to be shaved with this incomparable soap. It is done up in elegant style, calculated either for the dressing case of the "rough and ready" traveller, or the toilet of the most fastidious connoisseur.

BOGLE'S HEBEAIONA,
FOR REFRESHING AND BEAUTIFYING THE COMPLEXION,

Eradicating Tans, Pimples, and other eruptions of the skin, and rendering it soft, delicate, and blooming. It is equally efficacious in protecting the skin from the hot suns of summer, and freezing blasts of winter, and is the most fragrant and delicious article to be found at the toilet of fashion.

All the above articles have stood the test of the strictest investigation, and are WARRANTED superior to anything yet invented.

WISTAR'S BALSAM OF WILD CHERRY.

We have not unfrequently called attention to this article in the columns of our paper, and we have done so with the full confidence that it was a good one, and deserving the patronage of the public. We have had a chance to witness its effects upon some of our friends, which, in addition to the high encomiums passed upon it by our brethren of the press, not in puff puffs, but in honest, candid statements, from those who derived a benefit themselves, make us desirous of advising all those who have occasion to resort to a remedy for pulmonary affections, to avail themselves of it. We have too much confidence in Mr. Wistar, the general agent, to believe he would thrust this, or any other medicine, upon the community, unless he had full faith in its efficacy—in confirmation of which the proprietor offers a mass of testimony from the most unquestionable sources. Neither would we be understood as saying that this will always cure consumption after it is seated, although it seldom fails to relieve the worst cases—but at this season of the year almost every body is liable to a cold, which, if neglected, will lead to fatal results—by taking this medicine, we doubt not many lives may be saved.—[New England Washingtonian, Boston.

From the Boston Times.—[Mr. Y.] *Spirit of the Times.*

This is one of the very few patent medicines of the day which we can recommend with confidence, to all who are afflicted with Coughs, Colds, or Consumption, or who are predisposed to the latter complaint. It has been used with considerable advantage by many families in town, and in a few stubborn cases, has produced high beneficial effects.

None genuine unless signed I. BUTTS on the wrapper.

For Sale in Montreal by WM. LYMAN & Co., and JOHN CARTER & Co., Saint Paul Street; also, by ALFRED SAINT, Notre Dame Street, and S. J. LYMAN, Place d'Armes. 90
