WINDSOR OPENS MAY 3.

Windsor, March 5.—There is plenty of money behind the syndicate that has leased the Windsor race track. While the directors of the Driving Club or Mr. Lyles are not prepared to announce the names of the syndicate, it is surmised that the well-known Chinn Pagidy is furnishing the financial end of the deal. One of the family was in town last Sunday and had a conference with some of the Windsor people. One of the directors said yesterday that the money behind the members of the new syndicate would reach into the millions. If Bush and Johnson of New Orleans are to have an interest, it will mean the giving of a high-class race meet, conducted on business principles. Mr. Lyles already announces that the betting will be open to any bookmaker who wants to cut in, provided, of course, that he pays the price. This in itself will be an improvement over the last season, when the betting was all controlled by one man. The date of the first meeting is announced to start May 3. Three meetings will probably be given during the summer. Mr. Lyles says there will be at least five races every day, with purses ranging from $250 to $500, and with a $500 cup race every day. Horses are expected from the Southern tracks early in the spring.

DICK FRENCH WON.

The second day's races at Dufferin Park furnished splendid sport for a good crowd, the results being as follows:

Slow named race—Nine started. First money devided between Mr. J. Pratt's Chimes and Dryden's Little Pacer. Best time 3 minutes; third Kenyon's Sleepy Tom.

Free-for-all—Four started. Won by Dick French in three straight heats; second Jimmie Skean, third Rifleman Jim, fourth Wescott's Gloriana. Time 2.44, 2.41 and 2.40.

BOTH TAKE SPINS ON ROAD

Fitzsimmons Has a Lively Two-Mile Run After a Hog

His Dog Yarrum Taking a Hand in the Chase—Corbett Spars Some Lively Rounds With His Partners—Julian Forced to Pay a License.

Fitzsimmons got a regular greased-pig hold on a hind leg of the quarry, and they rolled over in a catch-as-catch-can wrestling bout. Yarrum was not going to be left, and started on a meal of hog's head, and had nearly finished one ear when his master managed to break the clinch. The captive was loaded into a buggy and restored to his grateful owner.

Corbett had a little session yesterday afternoon that was not given out. With Charley White acting as referee, he boxed ten lively rounds with McVey, the latter paying particular attention to rough clinching and breaking away. Jim showed a few new tactics in the way of compelling an opponent to let go and smashing him as he broke away. He also worked up several schemes to block similar attempts from the other fellow.

Martin Flaherty was much disappointed at being forced to find quarters at Genoa, 12 miles from town, where Billy Smith is training. He had hoped to join the Corbett camp and had come armed with letters from Al. Smith and others. Al. Smith is very intimate with Corbett, and the little fellow would have been warmly welcomed, but Dal Hawkins, whom he is to fight, is at the Empire, and pays almost daily visits to the champion, and ethics prevented.

Al Smith is expected here to-morrow with lots of his money and that of friends to be placed on Flaherty, whom he regards as a "comer."

The two minor bouts will be decided on March 15, the day after the big fight. It is planned at present to put the welterweights, George Green and Billy Smith, on in the morning and to have the Flaherty-Hawkins go in the afternoon. Experts predict the former will be short and expect to see a very long contest between the little fellows.

Carson City, March 5.—Jim Corbett stepped out into the face of a Washoe zephyr at 9 o'clock this morning with Jeffries and Egan: A Washoe zephyr could be called a hurricane on the Atlantic coast, but the champion sniffed it joyously and filled his lungs with big draughts of the dry air. Then he jogged into the teeth of it and soon had Jeffries panting and gasping, while Egan was hopelessly out of it. This was originally intended that the champion should have been given a hard test indoors this morning, but his "Guess I'll do it on the road" rescinded all that. Corbett's trainers let him do anything he wants to almost, so long as he does not do too much of it. Upon his return, Corbett did a turn with the wrist machine and slammed the punching bag to and fro in gallop time. Then two games of hand ball were served as an entree. Declaring himself in merry mood, Jim put his people through a sort of third degree session, taking Joe Corbett, Ed Green, Woods and Jeffries each for a three-round bout under imperative instructions to "Go at him."

Fitzsimmons had an impromptu reversal of his routine to-day, caused by a roadside incident. An old colored man was leading a big hog on the way to town, when the lanky fellow and his big dog came rushing along. Nobody who did not see what followed would ever pick a hog for a distance runner, probably because he never saw this one. Off through the sage brush went his porkship, straight for the mountains with Fitzsimmons and his dog Yerrum in full cry. A merry chase he led them over a two-mile go-as-you-please course, through brush and sand. Finally Martin Julian was surprised when the District Attorney and a deputy sheriff appeared at the Grove and demanded $20 for a theatrical license. It was argued by the officials that the amount was due the city, as an admission fee was charged to see Fitzsimmons spar.

Julian tried to explain that the charge was really for the coach ride to the Grove and return, but the District Attorney was inexorable. He threatened to have the whole camp arrested, and finally Julian paid the $20.

PARIS WINS THE CHAMPIONSHIP.

Niagara-on-the-Lake, March 5.—The second and last game in the finals between Paris and Niagara-on-the-Lake for the S.O. H.A. championship was played here this evening in the presence of about 600 spectators. Notwithstanding that the ice was soft and in poor condition, the game was the fastest and closest ever seen here, and free from rough play. At the end of time the score stood 11 to 4 in favor of the home team. They are thereby defeated for the trophy by 4 points. This is a remarkably good showing, considering that this is only Niagara's second season at the game. The visitors failed to score after half time.

COLLINGWOOD BEAT MEAFORD.

Meaford, March 5.—A friendly game of hockey was played here to-night between the home team and Collingwood, which resulted in a win for the latter by 5 goals to 5. In the first half Collingwood only succeeded in notching one game, while Meaford took four to their credit. In the second half, however, Collingwood's training stood them well, and they got five goals to Meaford's one. Raymond and Edwards for Meaford and Fair and Toner for Collingwood played well. The teams lined up as follows:

Meaford (5)—Goal, Stewart; point, Longdry; cover, Edwards; forwards, Stephens, Agnew, Raymond and Steele.

Collingwood (6)—Goal, Rule; point, Wilson; cover, Campbell; forwards, Power, Andrews, Fair and Clarke.

A Guarantee's Value

A GUARANTEE gets its value largely from how liberally it is interpreted and the financial responsibility of its maker.

We read ours generously, and you know us.

THE large number of failures among the bicycle makers in the U. S. have left quite a number in Canada with guarantees on their hands that are worthless.

The difficulty and delay in getting the broken parts of these U. S. wheels replaced robs one frequently of many weeks' wheeling pleasure during the season.
