TO PRESERVE THE FALLS

United States and Britain May Unite to Protect the Wonder.

Albany, N. Y., March 18.—The Senate judiciary committee reported favorably the Brown concurrent resolution that "there can be no adequate protection of Niagara Falls against injurious grants except through the united action of the United States and Great Britain; that the Legislature memorialize the President of the United States to open negotiations with Great Britain for a treaty to prevent diversion of waters injurious to Niagara Falls." In co-operation with this movement the resolution declares that "the state should so far as necessary withold legislation likely to render such action nugatory, and to unite in any enactment essential to give such treaty full effect."

ARE A HOUSEHOLD WORD.

Splendid Cures Have Made Dodd's Kidney Pills Popular in Prince Edward Island.

Darnley, P. E. I., March 14.—That Dodd's Kidney Pills are a household word all through Prince Edward Island is not to be wondered at, when one hears of the remarkable cures of Kidney Diseases credited to them. And one of the many is that of John J. Burns, of lot 18, this township, a well-known member of the I. O. F.

"For over eight years," says Mr. Burns, "I suffered from what the doctors pronounced Chronic Inflammation of the Loins and Kidneys. I got so bad I could scarcely walk, sit, or sleep. Doctors' medicine did not help me, and I was just about in despair when I was led to try Dodd's Kidney Pills. I am now cured and thank Dodd's Kidney Pills for saving my life."

THE BLOCKADE RAISED.

Kincardine, Ont., March 18. — The railroad blockade on this division has been raised, the first train in nearly three weeks arriving at 6 o'clock last evening. Groceries and provisions have been getting scarce, and many citizens are about out of coal. The town has been badly handicapped in the matter of mail, over a week having elapsed at one time without a mail.

THE SOO PAYMENTS

Government Insisted That the Men Be Paid in Full.

Toronto, March 18.—Before the public accounts committee of the Legislature yesterday morning, Frank Ford and George A. Harcourt, who acted as Government agents in paying the wages of the men at the Soo in October last, were examined, especially as to why the men were paid for October. The original order-in-council provided only for payment for September. Mr. Harcourt said he wired the Attorney-General on Oct. 22, and got a reply that he thought the men should be paid until Oct. 19, the end of their service. The order-in-council for the October payments did not go through until Dec. 18.

A VARSITY ROW.

Toronto, March 18. — School of Science and Arts students had a row at 'Varsity yesterday morning, celebrating St. Patrick's Day, in which green paint, ink and the college hose also took part. No one was injured, except the damage to the premises by flooding. About 500 took part in the affair. The St. Patrick's Society men claimed the victory.

FOR BREACH OF PROMISE.

Hamilton, Ont., March 18. — James Salmon, reeve of Binbrooke Township, is defendant in a lawsuit entered by Miss A. Gawley, who claims $10,000 damages for breach of promise. Salmon says he was engaged to the lady, but secured from her a signed release from the engagement. Miss Gawley says he secured her signature by false misrepresentations, as she did not read the document, and was told it was only for a postponement of the wedding day.

TAXATION TALK IN THE HOUSE

Exemption of Private Hospitals Under Discussion.

THE NEW MUNICIPAL BILL

Suggested That the Exemption on Personalty Should Be Fixed at $1,000 in Cities.

[Special to The Advertiser.]

Toronto, March 17. — Ontario legislators did not allow St. Patrick's Day to pass without observing it in a fit and proper manner, and for this reason there was an afternoon session only, the House rising for the day at 6 p.m.

Most of the session was devoted to a discussion in committee on the new assessment bill. So far this bill has been discussed in a non-partisan manner by a special committee, which has had it in charge, and the debate in the House was continued along the same quiet, harmonious lines.

Several clauses were passed without remark, but a section providing for the exemption of private hospitals encountered considerable criticism.

Mr. Whitney and various other members of the Opposition argued that as these enterprises were conducted for private profit, used as residences by physicians with large general practices, and were largely aided out of the Province's funds, they should certainly pay taxes. Mr. Gibson considered that as the Government so generously aided these institutions, which were of considerable public utility, the least the municipalities could do was to refrain from taxing them. No amendment was offered, and the clause stands as originally drafted.

A number of other bills of a non-contentious character were passed.

The Attorney-General secured a suspension of the rules to allow of the introduction of a bill incorporating F. H. Clergue and others as the Kaministiquia Company.

The House went into committee on the Commissioner of Public Works' bill to amend the Temiskaming and Northern Ontario Railway act. It was briefly discussed, but not finally reported.

MUNICIPAL TAXATION.

A preliminary discussion also took place in committee on the new municipal taxation bill. The Attorney-General suggested that the exemption on personality should be fixed at $1,000 in cities and graded figures fixed for towns and villages.

Mr. Crawford thought that in smaller places $1,000 was regarded as a good salary, and to exempt up to that amount would mean freeing a large number of people from taxation.

Nothing definite was done, the clause being allowed to stand over.

Mr. Mahaffy (Muskoka) said that under the present bill that the dwellings of officials of public institutions located on the grounds of the institution would be exempted. He did not think that that was fair to the municipality.

PRIVATE HOSPITALS.

Mr. Whitney objected to the clause exempting private hospitals from taxation. He thought hospitals and public institutions supported by the Government should be exempted; but the fact that men were in private business and aided in it by the Government was far from being a reason for exemption—an additional reason for taxation—particularly as their private hospitals were also used for residential purposes.

Mr. Gibson pointed out the difficulty of drawing the line. These private hospitals were doing an excellent public work, and should be encouraged. He considered the law should rather be left as it was than deprive many such institutions of exemption for the sake of a few that really should be taxed.

Dr. Barr said these places were often only a side-show to physicians in large practice, but the fact that they lived in them gave them exemption—an unfair advantage.

Mr. Gibson replied that it was not a matter of provincial importance, but rather these hospitals were local affairs, and surely with all the provincial aid given them the municipalities directly benefited could at least exempt them from taxation. Especially in the newer portions of the country, where many lumbermen were exposed to danger from accident, were these hospitals deserving of special encouragement.

Mr. Whitney thought that Mr. Gibson, too, had conjured up an infinitesimal phantasmagoria. These institutions were not aided for local purposes, but because the benefits they gave were of a much wider character.

Mr. Gibson pointed out that the men carrying on such institutions were liable to income tax.

Mr. Mahaffy referred to two private hospitals which were running with Government aid in his riding, one of which started first and made so much money that the second one started. The method adopted was selling hospital tickets at $5 apiece to the men in the bush, etc., which entitled them to treatment in the hospital in case of accident or illness — a sort of insurance. Of course, many of the men never saw the inside of the hospital. These places had large grounds and buildings; their proprietors had large, general practices, and he could not see that it was fair to give them such an advantage over their rival physicians as exemption from taxation.

Hon. Mr. Gibson thought the searching nature of the provisions for income tax would atone for the faults of the act.

Mr. Carscallen (Hamilton) thought the Government should satisfy itself as to the profits made by these aided institutions, and if they were making profits the aid should be withdrawn. Unless there were some provision for a free dispensary or treatment to poor patients, he could scarcely see why the Government should constitute itself a sort of paternal supervisor and helper of all these institutions.

Hon. Mr. Gibson said that provincial aid was only given in respect of non-paying patients. No more aid was given without the ratification of the House and a report from the inspector as to the financial returns of the institution.

Mr. Foy thought that at least only the hospital itself and the ground upon which it stood should be exempt—not all the estate around it.

Finally the section carried, so that the exemption of these private hospitals will be made law.

Several minor clauses passed without debate.

The House adjourned at 6 o'clock.

NEW RADIAL RAILWAY.

Stratford, Ont., March 18.—An agreement has been signed by the radial railway committee of the city council and M. Sloan, of Chicago, whereby work will be commenced on an electric railway, connecting Stratford, Mitchell and St. Marys, by July 1. The road to be finished by Dec. 1.

ST. PATRICK'S DAY

Was Largely Celebrated Throughout the Dominion.

Toronto, March 18. — A special service was held in St. Michael's Cathedral yesterday morning, and Bishop Dumolin, of Hamilton, made a slight reference to the event, being himself a distinguished son of Erin's Isle. Last evening the Legislature did not sit. The Lieutenant-Governor spoke at the Irish Protestant Benevolent Society dinner, and Rev. Canon Cody, Hon. R. Harcourt, and others replied to toasts. Doric Lodge, A., F. and A. M. had an Irish night wtih presentations to H. A. Collins and John Cowan.

Quebec, March 17.—All the Irish Societies in the city marched with bands, banners and bunting this morning to St. Patrick's Church, where grand mass was celebrated, and a sermon preached by the Rev. Father Cullen.

Ottawa, March 17. — About 1,500 Irishmen formed in procession this morning and headed by La Grade Champlain Band, marched to St. Bridget's Church, where high mass was celebrated by Rev. Canon McCarthy, and a sermon was preached by Rev. Father Murphy, of St. Joseph's Church.

Montreal, March 17.—The numerous Irish societies gathered at St. Patrick's Church, at 11 o'clock, for high mass, after which the usual parade took place through the principal streets.

St. John, N. B., March 17.—St. Patrick's Day was quietly celebrated here. In the morning services were held in all the Catholic Churches.

Halifax, N. S., March 17.—There was no Irish parade here today.

Kingston, March 17.—In St. Mary's Church this morning Rev. Father Coffey, S. J., of Montreal, delivered the sermon on the life and work of Ireland's patron saint.

Will You Help a Sick Friend? Get My Book For Him Now.

Which shall I send?

Book 1 on Dyspepsia.
Book 2 on the Heart.
Book 3 on the Kidneys.
Book 4 for Women.
Book 5 for Men (sealed).
Book 6 on Rheumatism.

Send me no money.
Only tell me which book to send.
You certainly know of someone who is sick—some sufferer who will be grateful for the help my book offers.

And that book tells of a way to help. Tells of a way so certain that I, as a physician, offer that help on trial. The book tells how for 30 years in hospitals and at bedsides I searched for a way to cure deep-seated and difficult diseases. It tells how I perfected my prescription—Dr. Shoop's Restorative. How by scientific experiment I traced out the causes that bring on chronic diseases.

I found invariably that where there was a weakness the inside nerves were weak. Where there was a lack of vitality that the vital nerves lacked power. Where weak organs were found, I always found weak nerves. Not the nerves commonly thought of, but the vital organs' nerves, the inside—the invisible nerves.

This was a revelation.

Then my real success began.

Then I combined ingredients that would strengthen, that would vitalize these nerves. That prescription I called a restorative. It is known the world over now as Dr. Shoop's Restorative. After that I did not fail to cure one case in each hundred. In the extremely difficult cases my failures for five years were one in each forty treated. I found cancer incurable. Cancer is for surgery, not medicine.

Then how to get this prescription to sick ones everywhere was my thought. I must announce it in the public press. But, thought I, will they realize the truth of my discovery—the real power of Dr. Shoop's Restorative? Then a way came to me—like an inspiration. "I will offer it to the sick on trial. Then they will know I am sincere."

I wrote a reliable druggist in each city and village in America. They agreed to co-operate with me. Now by any sick one

Dr. Shoop's Restorative

can be taken on trial. For a full month I will let you use it entirely at my risk.

Send no money. Just write me for the book you need. When I send it I will tell you of a druggist near by who will permit the month's trial.

Use the Restorative a month. Then decide. If you say to the druggist, "It did not help me," that will relieve you of any expense whatever. He will bill the cost to me.

This is my way of clearing your mind of all doubts as to what Dr. Shoop's Restorative can do.

No matter how prejudiced, you cannot dispute this absolute security I offer. You cannot resist an offer like this if you are at all sick.

If you have a weakness, write me.

If you can't do things like you used to do them, tell me about it.

Write in confidence. As a physician I will tell you a way to help. Get my book now—today.

Address Dr. Shoop, Box 41, Racine, Wis.

Mild cases, not chronic, are often cured with one or two bottles. At druggists.

Dr. Shoop's Restorative

Book 1 on Dyspepsia. Book 4 for Women.
Book 2 on the Heart. Book 5 for Men (seal d).

At the Doctor's Risk.

OXFORD TOLL ROADS.

Toronto, March 18. — The private bills committee took up the County of Oxford bill to validate a bylaw for $35,000 to buy toll roads. Mr. T. Buchanan supported the bill, and W. A. Dowler for Tillsonburg, opposed the bill. The bill was passed with the condition that the County of Oxford may not buy the Ingersoll and Port Burwell road nor the Tillsonburg and Courtland road till the County of Norfolk purchases the portion in that county.

Mrs. Winslow's Soothing Syrup has been used for over FIFTY YEARS by MILLIONS OF MOTHERS for their CHILDREN WHILE TEETHING, with PERFECT SUCCESS. IT SOOTHES the CHILD, SOFTENS the GUMS, ALLAYS all PAIN, CURES WIND COLIC and is the best remedy for DIARRHEA. Sold by druggists in every part of the world. Be sure and ask for "Mrs. Winslow's."

Coffee is a very strong antiseptic. There are many diseases the microbes of which are destroyed by it.

'TIS A MARVELOUS THING.—When the cures effected by Dr. Thomas' Eclectric Oil are considered, the speedy and permanent relief it has brought to the suffering wherever it has been used, it must be regarded as a marvelous thing that so potent a medicine should result from the six simple ingredients which enter into its composition. A trial will convince the most skeptical of its healing virtues.

THE WEATHER TODAY—Milder, with sleet or rain.

Grand showing of Easter Millinery next week. Arrange your engagements so that you'll be able to take in this most gorgeous of all Millinery displays.

BEAUTIFUL BLACK GOODS FOR EVENING GOWNS AND SUMMER DRESSES. . . .
