TO BE REPEATED.—"The Last Loaf" will be repeated in Carleton City hall, tomorrow evening. Several new features have been introduced which assist materially in keeping up the interest of the play.

A FREAK OF NATURE.—A child born in Dartmouth, N. S. presents a strange freak of nature. Its right arm, part of the side of its body and part of the side of the face are black, while the rest of the flesh is clear and white.

THE SUSSEX BASE BALL team arrived here this morning to play the La Tours but the game had to be postponed on account of the rain. The Sussex boys were entertained by the La Tours at the Lorne Hotel, and soon after returned home.

NEW SCHOONER—Messrs C. & J. Robinson's new schooner lately launched at the Narrows, Washademoak, is named the Vado. She is a fine looking craftbuilt principally of hacmetac and yellow pine, and measures 73 feet keel, 27½ feet beam and 7 feet hold. The Vado is intended for the coasting trade and will be brought to St. John to be fitted out.

SALE OF MILL PROPERTY.—The Little Salmon River mill property, situated between Great Salmon River and Martin's Head, has been purchased from Mr. Vaughan by Geo. H. White and M. A. Ferguson. The mill cuts 35,000 superficial feet of lumber per day, and it is estimated that there are about 40,000,000 feet on the limits connected with the property.

MASONIC HALL CO. The following gentlemen were elected directors at the annual meeting of the Masonic Hall Co. yesterday: W. F. Bunting, W. J. Logan, J. N. Robertson, H. Duffell, R. T. Cinch, W. W. Allen, J. D. Short, George Blake, E. McLeod, B. R. Stevenson, Thomas Walker M. D. At a meeting of the directors Dr. Thos. Walker was elected president, T. A. Godsoe vice president, and W. W. Allen secretary treasurer.

WHEEL TOWED TO FOR.—The wrecked barque Antoinette now owned by Messrs. G. F. Baird and R. C. Elkin was towed here yesterday. The vessel was bought for about $7,000 and it is thought she can be put in good trim for about $10,000 or $12,000. The masts and rigging are gone and the bottom is badly chafed. She will be placed on Wilson and McLaughlin's blocks, Carleton, where quite a number of men will be required to carry on the work of repairing her.

DRILL NOTES.—No. 2 Battery (West end) will assemble at their drill room in the old hook and ladder house, Market Square, on Thursday evening at 8 o'clock.

The several companies of the 62nd Fusiliers and the N. B. B.G. artillery will begin to practice various manoeuvres for their turnout in the carnival week display at once. Several changes have been made in the drill instruction this year. The principal changes are in the marching, wheeling and forming into lines. Several companies of the 62nd battalion have been engaged in drill during the past few weeks.

A VERY BAD ROAD.—The driver of the stage between this city and St. Martins reports the road in a terrible condition. So bad is it indeed that the stage for some time past has been considerably behind time, which is not only an inconvenience to passengers but is a source of complaint on the part of the postal authorities regarding the mails. Several times the stage company have had breakdowns on the road, and their coaches have been injured to no small extent by reason of the deep ruts and bad places along the route.

PRAISE FOR A ST. JOHN BOY.—A notable feature of the closing exercises at Mount Allison college was the presence of Father Cormier, who was one of the judges in the college gymnastic exhibition. After the award of the prizes, Father Cormier being called upon said that it gave him great pleasure to be here. He spoke in praise of Mr. Sheffield, the instructor in gymnastics at Mount Allison, who had had charge of the gymnasium of St. Joseph's college and had there given also the greatest satisfaction.

Mr. Sheffield is a St. John boy and has always been a favorite at the Y. M. C. A. gymnasium of this city. He graduated this year from Mount Allison.

EVICTION AT PLEASANT POINT.—Fairville's new constable, R. Hennessy had quite a job at Pleasant Point Saturday evening, and although the circumstances were trying he proved himself equal to the occasion.

On Friday night a man named McQuarry with his wife, and nine or ten children, moved into a house in Milford, it is stated, without permission and unknown to the owner, Mr. Jordan.

When the latter party heard of this, Saturday, McQuarry and family were ordered to leave, which it seems they would not do. So the new constable's services were called in, and it was only after quite forcible argument on his part that the family could be induced to quit the premises. They divided up after leaving the Jordan house, part of the family taking up quarters in the McGilvery house, out of which a family was evicted last fall, and the rest of the little ones left for Fairville. It was remarked that Saturday night was a bad time to evict a sick family, but McQuarry works in Barnhill's mill, and it is said that he had no right in Mr. Jordan's house.

Found Dead.

Yesterday afternoon about 2,30 o'clock Wm. Bartlett, who tended the edger in Messrs. Randolph & Baker's mill was missed from his place in the mill. As he did not return it was thought that being subject to fits at intervals, something might have happened to him. A search was made of the premises, and about 4 o'clock the body of the unfortunate young man was discovered in the water under an out building on the wharf. It is thought that while overcome by a fit he had fallen through into the water. But whether he was drowned or died in the fit cannot yet be determined, although judging from the position in which the body was found the general opinion is that the young man died in the fit.

The water was ten feet deep, but the head and shoulders of the deceased were out of water when the body was discovered, and one arm was resting on a log in such a way as to hold the body in an upright position. His face had turned quite dark, which is another argument that the unfortunate young man did not meet his death by drowning.

The deceased William Bartlett was about thirty years of age, and formerly belonged at Bathurst. He was unmarried and had been working in the mills about Pleasant Point for some time. The sad news was telegraphed to his father at Bathurst. An inquest was held on the remains by corner Robinson.

Evangelical Alliance.

At the meeting of the Alliance, yesterday, the question of marriages in the Roman Catholic church was referred back to the committee for further consideration.

The secretary reported that he had written Rev. Principal Caven of Toronto in re the Jesuits' Estates agitation, and he read the reply received. It stated that a provincial convention would be held in Toronto June 11th and 12th to discuss the whole question. Any delegates from this province would be gladly welcomed. Rev. Messrs. Fotheringham, Saer and Bruce were, on motion, appointed delegates to that convention.

A largely signed petition was then read, praying that evangelical ministers of St. John would meet Charles Watts, the secularist in public debate when he visits the city next autumn.

Mr. Watts was referred to in the most unflattering terms by a number of speakers, and it was intimated that notoriety and the silver collections were the sources of that gentleman's inspiration.

Rev. Mr. Botterill defended Mr. Watts against the charge of cupidity, proving his statement by the disposal of the funds in Chicago when the debates with Dr. Driver were carried on there.

It was finaliy resolved to decline the request of the petitioners on the ground that no beneficial purpose would be served by such a controversy.

The Halifax Carnival.

Halifax as usual tries to follow St. John but get lefts in the right St. John style. Sometime since we published a letter from the Secretary of the Halifax Carnival committee, asking for particulars as to the Electric Exhibition in order that they might arrange for its transfer to Halifax. The secretary of the St. John Carnival replied showing that the arrangements could not be completed at this late date. The Halifax, secretary replied as follows.

Halifax, N. S., May 27th

IRA CORNWALL, Esq.,
Secretary Board of Trade,
St. John N. B.

Dear Sir:—I am in receipt of your esteemed favor of 25th inst, and in reply have to thank your for the information in reply to my enquiry regarding the "Electric Exhibition." The committee when ordering me to make the enquiry were not aware that the affair was a local matter, and I am sure will regret being unable to add it to our other attractions.

I am Sir, Yours truly,
W. C. Bunyon, Sec'y.

And yet we find that Halifax continues to advertise the Electric Exhibition as one of its leading attractions. The Halifax Carnival programme consists of naval and military parades, without any original feature to stamp it as a carnival. Let them stick to the truth in their advertisements as St. John does.

Such is Life.

"Rattle his bones over the stones.
He's only a pauper whom nobody owns."

I followed a few days since, from one of our humane Institutions, the remains of an old friend and schoolmate to his last resting place in the cemetery at Camp Hill. Although a native of this city (and his people before him), being also a member of several societies many years ago, the procession consisted of only six individuals. Twelve years ago he was captain of the Union Protection Company, with a servitude of five years connection in the old fire company. At that time he was in prosperous circumstances and spent his money lavishly and freely, and was "hail fellow well met" among the boys. He went to the States some years ago and returned last summer, broken in health, destitute and poor—the friends of his youth had passed away and he was alone. He found shelter in a loft in one of the stores on the wharf, and his food was supplied by some friends.

After a time a permit was secured for him to enter the Poor House, where he remained until his death.—Halifax Recorder.

Theatrical.

The readers of the GAZETTE need scarcely be reminded that the Arthur Rehan Comedy Company open at the Institute this evening with the laughter-provoking play entitled "Nancy & Co." The stay of the Company is this city this season is a short one, as they only play to-night and to-morrow matinee and to-morrow evening. This brief stay is necessitated by their engagements elsewhere, and every one who loves a good play well put on, by an unusually well balanced Company, with incidents full of funny situations, and the added attraction of a superior wardrobe, should not let the opportunity pass without enjoying it.

City Police Court.

Archy McVale, drunk and disorderly on Haymarket Square, was fined $5.

George Brown, drunk and swearing and on cursing on Union street, paid $5.

Margaret McGowan, drunk on Duke street, was fined $8 or 20 days jail.

Jose Roderigo Pinero, drunk on Market Square, and John Booth, drunk on Sheffield street, were each fined $1.

Wm. J. Roop was ordered to appear before the court Friday at 11 a. m. to answer the charge of selling liquor without a license.

CHERRIES.—The Weymouth Times reports that cherries are in some instances nearly half grown, and from present appearances there will be an abundant crop.

THE GREEN EYED MONSTER—Bandsman Cox, formerly of Halifax, but now of Bermuda, and known in St. John, Truro, and New Glasgow as an all round athletic, is under suspicion of having murdered his wife of whom he thought he had reason to be jealous.

SPIRIT OF THE TIMES.

Base Ball.

THE NATIONAL LEAGUE.

Boston got there over Philadelphia again yesterday, as did Chicago over Cleveland in ten innings. Pittsburg downed Indianapolis and the game between Washington and New York was postponed. The games were:

At Boston, Boston 10, Philadelphia 6, Batteries—Radbourne and Ganzel; Buffington and Clements.

At Chicago, Chicago 2, Cleveland 1. Batteries—Hutchison and Somers; O'Brien and Zimmer.

At Pittsburg, Pittsburg 1, Indianapolis 0. Batteries—Galvin and Miller; Boyle Myers.

PLAYERS WHO CAN'T PLAY

If Fredericton doesn't get better players than a number of those named in the special correspondence to the papers of St. John, her crack nine won't amount to a great deal, and she will have to depend very largely indeed on the efforts of her professional battery. Some of the aspirants for honors around the Celestial diamond couldn't begin to catch a ball last year and as for stopping one that was a feat unthought of. Won't some of the correspondents who are anxious after the welfare of their favorites let up a little and wait until a nine is chosen.

THROWN OUT.

Weather permitting it will be a great game to-morrow

The Bates shut out the boys last year, but cant do it again.

Daggett will pitch one game for the Bates and Wilson the other.

Parsons will officiate in a like capacity for the home team the first day; Whitenect backstop. White will handle the sphere Tuesday with Kennedy to hold him him.

The Bates College and M. S. Cs. played yesterday again, with the result of a victory for Bates: score, 10 to 7.

THE WAY IT SHOULD BE.

Several hundred people witnessed the first practice game on the Association grounds last Saturday afternoon. It was a free-and-easy, but the boys will soon be down to solid work. Hereafter only members supplied with season tickets will be admitted to the grounds during practice.—Moncton Times.

The Trigger.

ANOTHER GUN CLUB.

The organization meeting of the Union Gun club held last evening in Mr. Andrew Hunter's store, Union Street, was very largely attended. The club starts out with a membership of 34, and also all the needed apparatus with which to begin the season's work. The following were elected officers: Mr. Andrew Hunter, president; Mr. John Hipwell, secretary; Mr. Moses Dinsmore, treasurer. A managing committee of ten including the officers was elected.

The club will hold its first shooting meet on Friday afternoon at 3 o'clock.

Cricket.

In a match at Halifax on Saturday between the first eleven of the Wanderers and the next eighteen, with Caesar the bowler won with seven wickets to spare. Caesar, not out, made five runs and clean bowled two of the four men out.

Lacrosse.

At a meeting of the Y. M. C. A Lacrosse club last evening in the association's parlor it was decided to write to the St. Stephen's Club, with a view to the arranging of a game with them. A committee of three was appointed to confer with the other clubs to see what arrangements could be made for the bringing-of an Indian team from Montreal to this city during carnival time.

Another match at the Athletic ground will be played next Saturday.

Athletic.

SLATTERY'S GREAT SPRINT.

Mike Slattery, champion sprinter of Rhode Island defeated "David," a supposed English champion at 100 yards, in 9⅘ s. a few days ago at Providence, R. I. Slattery was not in the best of condition, but ran a game race, and at 75 yards the men were on even terms. Then the Englishman had a cramp, as he says, and quit and Slattery finished strong in the time named. The race was for $500 a side and $1000 changed hands in outside bets.

MORAN WINS THE HANDICAP.

J. Moran of Meriden, won the All-United States 153 yards handicap, May 25th, from 26 yards, taking the purse of $75. There were about 70 contestants in the event, including J. W. Flynn and J. Gibson of Durham, Eng. Time, final, 12 seconds.
