LEAGUE TO TAKE UP ADMISSION OF THE TEUTONS

Austria, Then Germany, Soon to Apply for Membership Under New Status.

By CARL W. ACKERMAN.
(Copyright, 1920, by Public Ledger.)

London, Sept. 7.—The League of Nations is today passing through an important period of new orientation. The latest developments are these:

First. Plans are being made by the league secretariat here to move its headquarters from London to Geneva in October.

Second. Information has reached the league that Austria may be expected to apply for admission to the league next month, and if Austria is admitted Germany will be expected to follow suit within a short time. This will change the whole status of former enemy powers and give them an equal footing in world councils.

Third. The financial conference in Brussels, beginning Sept. 24, is expected to mark a real beginning of the economic readjustment of the world, because practically all of the forty-two nations belonging to the league will have representatives there.

Fourth. The Scandinavian countries, through a conference of foreign ministers which adjourned yesterday in Copenhagen, have decided to urge the league to invite all nations to join the league, including the central powers and Russia, because the ministers believe peace cannot be really established until all nations get together. Furthermore, these northern countries are urging reductions in armaments.

CHIEF RIDEOUT RESIGNS POSITION

Action Followed Decision of Moncton's City Council to Abolish Police Commission

Moncton, N. B., Sept. 8—George R. Rideout, chief of police here, tendered his resignation to the city council this morning to take effect on October 8th.

The action of Chief Rideout follows the decision reached by the city council last evening when it was decided to abolish the police commission and revert to control of the police force by the civic police committee.

Chief Rideout came to Moncton from Fredericton in May, 1907, to assume control of the Moncton police department. He has been twenty-six years a police officer.

NO CITIZENSHIP IN AMERICA FOR THE JAPANESE

Washington, Sept. 7.—First hand information as to the anti-Japanese sentiment in California was placed before the State Department by Governor W. D. Stephens, Jr., of California, at a conference with Bainbridge Colby, Secretary of State. Both Mr. Colby and Governor Stephens expressed the conviction, following the conference, that the other was making a serious and determined effort to do the "right thing."

Governor Stephens informed the Secretary of State that nothing could be done "legally" to prevent the voters from voting on the anti-land leasing referendum in November and the intimation was thrown out from the State Department that some form of moral suasion might be resorted to, either by a definite announcement of a satisfactory settlement of the question by diplomatic negotiation before the election or by an appeal to the people of California similar to those issued by Wm. J. Bryan and Robert Lansing, asking the Californians not to disturb the international balance of the United States.

Secretary Colby assured Governor Stephens that it was absolutely untrue that the informal conversations which are now going on between Mr. Colby and Ambassador Shidehara have taken up the question of granting full citizenship to the Japanese now in this country in an exchange for a solemn pledge from Japan that no further immigration to this country would be sought.

Arthur MacIntosh, Glassville, one of the Councillors for Carleton County, was in the city yesterday.

Nicotol
STOPS TOBACCO HABIT

Dr. Connor, formerly of John Hopkins' Hospital, who uses Nicotol in his practice, says: The terrible craving for tobacco in any form may be quickly overcome by the simple use of Nicotol. It is not a substitute, is absolutely harmless in every way and contains no habit-forming drugs. The tobacco user does not quit the habit, but the habit quits him,—the desire for tobacco vanishes and the victim is released from the slavery of nicotine without effort or inconvenience on his part. Read Dr. Connor's full statement soon to appear in this paper.

NOTE:—Nicotol tablets are sold in this city under an iron-clad money-back guarantee by all up-to-date druggists.

SUFFERED DAY AND NIGHT

The Tortures of Dyspepsia Relieved By "Fruit-a-tives."

Little Bras D'or C. B.

"I was a terrible sufferer from Dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches and did not sleep well at night. Finally, a friend told me to try "Fruit-a-tives." In a week the Constipation was corrected and soon I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous."

CALLS LODGE TRAITOR TO HIS COUNTRY

Governor Cox Says He Will be Fortunate if History Gives Him Good Place.

Milwaukee, Wis., Sept. 8.—The sensational statement that Senator Henry Cabot Lodge "would be fortunate indeed if his name is not written beside that of Benedict Arnold on the pages of American history" for his part in preventing ratification of the League of Nations covenant, was made here tonight by Governor Jas. M. Cox. The charge of treason to his country laid against Senator Lodge by the Democratic nominee comes at the close of an impassioned appeal for American membership in the league, a graphic recital of economic conditions in Europe and a charge that the balance of civilization has been unsteady by the failure of the Senate to act.

"America is not in the league and world conditions are unstable; the world is afire and civilization hangs in the balance. Why?" The speaker exclaimed, "It is because a conspiring bunch of senators are holding things up by the heels.

"It is the most diabolical conspiracy in the political history of the world, and Henry Cabot Lodge will be fortunate indeed if his name does not go down on the pages of American history alongside that of Benedict Arnold."

The crowd that filled the Blankinton auditorium cheered the statement for several minutes.
