MC 2034

The New Fashions in Fur

Did you ever consider how wonderful it seems that in all the world's leading fashion centres, the styles are uniform. That the best furriers in Paris, London and New York are showing practically the same models, the same lengths, the same furs.

You have noticed the lines and lengths in the new coats this season—how everything tends to greater length than a year ago.

A pretty good season this to size up the Furriers, you can easily tell the old stock of coats and judge between the up-to-date and the old fashion furriers, no advantage in buying last year's style when Dunlap-Cooke facilities offer you a good deal better fashion service than would be possible, without their Boston establishment to supply the new models from the best New York and European designers.

Guess you have noticed this difference in Dunlap-Cooke furs. Something altogether different from last year's cuts, and a general up-to-dateness that distinguishes them from the ordinary kind.

Mighty little room for old stock here, we close everything out at the proper time and at prices that would make them saleable in the summer. Those under-priced fur sales you see us hold are made to clear the way for newer styles. Anything you find in this store that has been carried over belongs to you at less than the value of the raw skins if you want it. We keep a running sale on sample garments and a clean stock of fine furs made from fresh skins on the most modern lines furnished by the fashion centres.

Here's a chance to buy a few sample garments. The skins are the best of the kind that money can buy, but we are not going to take re-orders for these particular garments, they must be replaced by something a little different. If you are not over exacting about the extreme shape, here's a chance you won't get again this season, only a few of our most staple garments.

	Sale Price
Mink Throw made from two whole skins, Natural, well furred-lined Skinner's Satin. Regular price, $22.00	$12.00
Mink Muff, made in pillow shape. Natural fur, two stripes. Regular price, $25.00	18.50

ST. JOHN WINS THE CHALLENGE SHIELD

For the second successive time, the St. John rifle team captured the Moncton Citizens Challenge Shield at the local range.

The shooting was close and the winners score in the match was four hundred and fifty seven. D. R. Chandler made the possible at three hundred yards. The St. John second team finished in second position.

The following were the scores of the various teams:—

The totals of the teams are: — St. John 1st, four hundred and fifty-seven; St. John 2nd, four hundred and forty-one; Moncton 1st, four hundred and thirty-two; 62nd 1st, four hundred and twenty-six; 62nd 2nd, four hundred and nine; St. John 3rd, three hundred and ninety; Moncton 2nd, three hundred and seventy-four.

The winning team was composed of Sergeant Sullivan, L. A. Langstroth, E. F. Gladwin, A. Langstroth and R. A. C. Brown.

130 LICENSES ISSUED.

New Brunswick's big game season which gives promise of being a banner one in every respect, was opened this morning. Seldom before has interest been as keen and the number of hunters as large. The big game is more plentiful than in other years. Moose and deer abound in nearly every section of the province. New Brunswick's big game has in previous years attracted hunters from all parts of the country. The province is recognized as the best hunting ground for moose in North America and annually a large number of Americans flock to the woods in quest of moose.

This morning there was a steady demand for licenses. J. H. Noble, the local agent, had his hands full in filling out the necessary forms. Over one hundred and thirty were issued this morning and the demand remains brisk. The fee is $2 for a resident and $50 for a non-resident.

The unfortunate old man Charles Ward who died on Saturday morning last has not yet been buried and the remains were lying on an old straw mattrass in the King street east morgue this morning while men were working about the building installing a plant to heat the building. The inquest was held on Monday and a burial permit was issued by Coroner Berryman yesterday morning.

The steamer Scotiac, Captain Crossley, arrived in port about eleven o'clock this morning after having performed a very succestul service on the North Shore coast. The crew will be paid off here and the steamer will be laid up for a time.

LOCAL NEWS.

A good thing. Rub it in. Bentley's Liniment.

Policeman Ross reports that the Bridge street bridge is in a dangerous condition.

There is not a laundry on earth that keeps in closer touch with modern washing and ironing methods than Ungar's. Tel. 58.

The City Cornet Band will give a concert on the King Square stand tonight.

Loyal Jas. S. Edwards Lodge I. O. O. F., Manchester Unity, meets tonight in Foresters' Hall Charlotte street. All members requested to attend. Quarterly meeting. Special business.

J. L. Peck, of Hillsboro, and H. B. Peck, of this city, are establishing a large cattle farm at Hillsboro. William McClymont will act as superintendent of the farm.

Chamberlain's Colic, Cholera and Diarrhoea Remedy is today the best known medicine in use for the relief cures griping, diarrhoea, dysentery, and cure of bowel complaints. It and should be taken at the first unnatural looseness of the bowels. It is equally valuable for children and adults. It always cures.

Extensive improvements are shortly to be made in the street railway offices in Dock street. All the offices, with the exception of the cashier's, are to be moved up stairs, and the lower floor is to be used as a fixture salesroom. The closed cars have all been overhauled ready to be placed in commission.

The Russian schooner Lembit which sailed from Middlesborough, Eng., on July 13, with a cargo of coal consigned to Messrs. Gandy and Allison of the North Wharf, is now about twenty days over due, and some anxiety is felt for her safety. In good weather the passage should take at the most forty days and it is now sixty-four days since the schooner was heard from.

All the liquor which has been seized by the police during the past year will be handed over to Liquor License Inspector Jones today. The liquor will be sold to one of the wholesale dealers and the proceeds given to one of the public institutions, probably the Municipal Home.

FALL SKIN DISEASES

An Article for Mothers

When the children "break out" with eruptions and skin diseases, so common in the fall, don't run to useless and nauseating medicines. Zam-Buk is what is needed. It is a skin food as well as a healing balm.

Mrs. Chas. Levere, of Prescott, North Channel, Ont., tells how Zam-Buk cured her baby. She says:—"My baby's head and face was one complete mass of sores. The itching and irritation were fearful, and the little one's plight was so fearful that at one time we feared her ears would be eaten off.

"We had to keep her hands tied for days to prevent her rubbing and scratching the sores. Doctor after doctor treated her in vain, until we had five doctors. They all agreed it was a frightful case of eczema, but none of them did any permanent good.

"As a last resource we were advised to try Zam-Buk. The first box did so much good that we felt sure we were at last working in the right direction. We presevered with the treatment until we had used thirteen boxes, and at the end of that time I am glad to say Zam-Buk effected a cure."

Mrs. Holmes, of 30, Guise street, Hamilton, is quite as eloquent in her praises. She says:—"Zam-Buk cured my boy of boils and eruptions when he was so bad that he had been unable to mix with other children. Prior to the boils breaking out he had had a bad eruption, but Zam-Buk cleared this away too, and made his skin clear and smooth. It is a wonderful preparation and mothers throughout the land should always keep it handy."

For eczema, eruptions, rashes, tetter, itch, ringworm, and similar skin diseases, Zam-Buk is without equal. It also cures cuts, burns, scalds, piles, abscesses, chronic sores, blood-poisoning, etc. All druggists and stores at 50 cents a box, or post free for price from Zam-Buk Co., Toronto.

BRANDON, Man., Sept. 15—The threshing returns from this district show up well. There are from twenty-five to thirty bushels to the acre.

EXHIBITION SUGGESTIONS.

At a meeting of the exhibition executive last evening, W. F. Burditt, who has attended the Toronto and Sherbrooke fairs made a number of practical suggestions regarding the conducting of the fairs.

At Sherbrooke a deficit of nine thousand dollars was shown in the receipts. At this fair the agricultural end was sadly neglected. Special attention was paid to horses and live stock, and these departments proved highly successful. Mr. Burditt reported that the Toronto fair had doubled in magnitude and importance during the past few years. The suggestions of Mr. Burditt were heard with much interest and will be considered at a later meeting.

BOARD OF HEALTH IS BUSY WAGING WAR

Against Unlicensed Milk Dealers and Persons Having Filthy Premises—. Warnings and Fines.

That the Board of Health are out on the war path for persons who sell milk without a license, and the property owners who have filthy premises, was shown in the police court this morning, when Secretary T. M. Burns, of the Board had a number of persons before the magistrate. Where there was a conviction a fine was imposed.

Allan Carson, of 94 Sheriff street, was reported as a veendor of milk without a license. He said that he thought his wife had taken out a license, that he had only one cow which was passed by a veterinary as in perfect health, and at present he was not selling any milk.

Secretary Burns said that it could be shown that Carson had supplied milk to premises in which typhoid fever had developed, and was supposed to have supplied milk to Mrs. Crawford who was taken to the hospital yesterday with typhoid fever. Mr. Burns thought that a penalty should be imposed on all violators because they seem to be just playing with the law. A license is only 50 cents and some of the vendors have not taken out a license.

The magistrate said that the penalty was $40, and told Carson that if he had done his duty probably people might not have contracted typhoid. Carson was fined five dollars.

Thomas Morrish, of the Bay Shore Road, was given until Wednesday to get a license.

In the case of Wm. Coyle the matter was laid over as Coyle reported that he sold his cow.

Robert Dean reported that he took his cow to Musquash last May.

Edward Boyle, of the Hickey Road, was reported as an old offender. He had not been notified.

Wm. Baxter, of the Marsh Road, had not been notified. These will all have to appear on Wednesday next.

The case against persons for having filthy premises took up considerable time.

Mrs. Deborah Thompson was reported for having a very filthy place at 160 Britain street. Secretary Burns informed the court that these premises were the worst in St. John.

Chief Inspector Solomon McConnell testified that he inspected the Thompson premises last week and this week and found the place in a bad state. The tenants in the upper flat throw the dirty water and other refuse into a narrow alley between the ell and the main house, the space being only four feet.

A family named Wilmot have had to caulk up a rear window as a result of the stench that has been caused, and diphtheria has broken out in the Wilmot home. The privy pit is open to view from the yard and woodshed. The sinks have been removed from the upper flats of the house, and the water flows down on the tenants below. Both the tenants in No. 160 have moved out owing to the state of the premises, and Mr. Wilmot who resides in the next house has been forced to find another house. In all four tenants have been obliged to move. The inspector said that he tried to stop Mrs. Thompson from building the kind of privy that is there, but she built it contrary to the orders.

Mrs. Thompson informed the court that the only reason that the tenants left the house was because they did not pay the rent. Mrs. Thompson was found guilty and fined $10.

The St. John Real Estate Company were reported for having unclean premises at 161-165 and 185 Erin street. L. P. D. Tilley, who represented the company said that the premises had been cleaned last May and work in the yards was commenced again last May. Modern plumbing had been placed in the buildings, and each tenant had been supplied with an iron ash barrel in which to place the rubbish, and the company looked after the removal of the barrels. This explanation was accepted.

S. P. Buston, agent for No. 3 and 5 Germain street, was reported for having two filthy yards. He promised to have them attended to, and the matter was allowed to stand over until next Wednesday.

A case against Mrs. Annie Mullin, 692 Main street, was allowed to stand over until next Wednesday.

PILES Dr. Chase's Ointment is a certain and guaranteed cure for each and every form of itching, bleeding and protruding piles. See testimonials in the press and ask your neighbors about it. You can use it and get your money back if not satisfied. 60c, at all dealers or EDMANSON, BATES & CO., Toronto.

DR. CHASE'S OINTMENT.

It's a Good Trade to leave off coffee and take on **Postum** "There's a Reason"

WITNESS IDENTIFIES McDOUGALL AS THE EDITOR OF FREE SPEECH

(Continued from Page One.)

Fred C. Wesley was recalled.

The letter regarding the Kay cartoon from McDougall to witness was put in evidence, subject to objection.

The letter was written on Free Speech letter head.

Q.—"Did you ever deliver any cuts for C. Bruce McDougall to George Merisses?"

A.—"Yes, on July 7th last. The order was given by Merisses."

His Honor.—"I think Mr. Baxter you had better call Merissis regarding the cut."

Before Mr. Wesley was stood aside Mr. Ritchie asked permission to cross examine him.

Witness said that he made Grit and Tory cartoons.

Witness considerd Kay's cartoon as a joke.

Q.—"Did you work out the cartoon?"

Ans.—"No. I made it under instructions from McDougall."

Q.—"Did you intend it to be a filthy suggestion?"

Objected to. Objection sustained.

Witness did not think that the cartoon contained a filthy suggestion.

Add McDougall No. 2.

Re-examined by Mr. Hazen.

Q. "Do you think this is a joke?"

(Here Mr. Hazen repremanded Mr. Wesley for laughing, saying "It is a serious matter.")

Mr. Hazen—"I ask you is it a joke to say that a judge's brains are filled with stuff contained in his bowels."

Witness did not thing that the Kay cartoon should be taken seriously.

Mr. Hayen—"That is your opinion on your oath?"

Witness—"Yes."

Mr. Hayen—"That will do, sir."

GEORGE MERRISSIS.

Geore Merrisses was the next witness.

Witness identified the impression on a copy of Free Speech as being made by his stamp.

Witness told about being in Moncton. He saw the prisoner about Free Speech. Witness saw McDougall and said: "I tell him I am his agent in St. John. He say 'Welcome.' He say 'How is Free Speech in St. John.'"

Q. "How did you come to see McDougall ?"

Ans. "A boy took me to him and I tell him I am the agent."

Adjournment was made until half past two.
