Business Embarrassments.

A meeting of the creditors of A. D. Myers & Co., shingle mill owners, Parry Sound, will be held at the office of the assignees, Gibson, Leveratt & Co., Front street, on Feb. 7. Since the assignment of the above firm a sawmill belonging to them has been destroyed which will materially reduce the assets.

The liabilities of R. Simonds & Co., hat and fur dealers, Bandle, whose assignment was reported yesterday, are estimated at $10,000. Gillespie, Hanley & Martin of Toronto, are the chief creditors.

Business troubles in Ontario are: Belleville—F. Slaney, merchant tailor, assigned to J. P. Thomas. Bedeville—Brad haw and Courtwright—Rayment & Bentley, vending factory, assigned to H. J. Simmons. Blenheim—Chatham—Alexander Hall, boot and shoe dealer, assigned to C. B. Armstrong. London: Goderich—A. J. Campbell, boot and shoe dealer, assigned to E. S. C. Hoyecke. Goderich—Essex Centre—Horace Lane, baker, assigned to J. L. Peters. Essex Centre—Essex Centre—S. Wilkinson, grocer, assigned to E. A. Wilmot. Essex Centre—Fergus—Alexander Taylor, merchant tailor, assigned to Clark, Barker & Co. Toronto—Montsburg—F. W. Howson, fine, assigned in trust; St. Clair—S. Soucherean, general merchant, assigned to C. B. Armstrong. London, Windsor—A. W. Cascgrain, hardware merchant, assigned to William Elliot London; Wyoming—J. Marden & Co., tailors, assigned to Robert Elliott.

Dry Goods.

For the last week the drygoods trade has been as flat as possible. The wholesale merchants are passing goods through customs and making preparations for spring trade. The goods arriving are chiefly for early trade, such as prints, gingham, tweeds and summer flannels. Prices are being well maintained in this country and advancing considerably in England and Germany. All descriptions of woolen and cotton goods are very firm, but the stocks in the country and Toronto are far too heavy for present requirements and there is a very general feeling to reduce these stocks before placing orders for more. Money is coming in very slowly and the indications are that the 4th of February will be a difficult day to tide over.

Groceries.

Everything is pretty quiet with no special features. Yellow sugars are firm, but not selling extensively. Canned goods are a little firmer and likely to be still higher shortly.

Leather.

Trade has greatly improved and prospects are very good for a large spring business. Stocks have accumulated somewhat, but are in strong hands and prices are firmly held. The general impression is that the market has touched bottom. There is no special features to note.

Hides, Skins and Wool.

Hides are extremely quiet. While supplies are very light the demand is almost nil and quotations are nominal. 40½c would doubtless be accepted for car lots of cured. Sheepskins are scarce and in good demand. Fresh long wool skins are worth from $1.20 to $1.40. Calfskins are nominal. Nothing is doing this season of the year. Tallow continues quiet, dealers paying 5c. selling at 5½c. Wool manufacturers are nibbling very freely on it, they see how orders are coming in. Stocks of all kinds are light and the demand at present small. More active demand is looked for very soon. Prices are well maintained.

Provisions.

Provisions are quiet. Quotations are: Eggs, fresh, 18c.; limed, 16c. Dressed hogs, from $5 to $ 50. Smoked meats—Bacon, 14c. Ham 12c to 8c; rolls, 11c to 11½c. Butter is very dull. Choice is quoted at 18c; mediums, 14c to 16; large rolls, 12c to 13c. Lard—tubs, 8½c; pails, 9c.

Live Stock.

The market this week has been considerably off, the demand having decreased while receipts have been rather larger. There were offered to-day 24 loads, including about 400 sheep and lambs and 50 hogs. The market for cattle was probably off $5 to $1 per head on the week. The Montreal market is depressed on account of large supplies of dead meat having been received from the United States and Calgary. Best steers could be had to-day at 3½c and only in a very few cases was 3¾c paid. A good many sales were made at 3½c to 3¾c. Few fat cattle were offered, the quality being rather poor. Sheep and lambs are off about $1 a head on the week, the supply having been almost double that of last week. Prices ranged from $5 to $5.50 per head. Good milk cows sold at from $45 to $50 each. Good calves are in demand at from $5 to $10.

Horses.

Horses have been pretty quiet this week. At Grand's a few of the cheaper grades brought from $75 to $100, mostly drivers and general purpose. Next week over 300 heavy draft and working horses will be disposed of at Grand's, also a lot of heavy mares.

DEAR SIR—In reply to yours of the 18th inst., would say that we have now in use a considerable number of your split pulleys, and believe the best index of your opinion of them is the fact that since we got the first three on trial we have purchased more on account.
