OF USE TO THE AVERAGE FAMILY

But It Matters Not How Many Are in the Family, It Will Be Used By All.

What constitutes the "average" family?

Are there three or four or five members, counting father, mother and the children?

Census sharps have established five as the average number. Perhaps in districts where "race suicide" prevails this number is correspondingly decreased.

So after all it may be that geographical location has a great deal to do with determining the size of the average family.

However, it makes no difference how many, or how old, or how young, every one of them will derive pleasure and profit in the possession of the new Illustrated Bible which The World is presenting to its readers. Every picture in this Bible tells a story of its own.

Some other Bibles are said to be illustrated, but they only contain pictures without any particular meaning placed here and there, without reference to verse, chapter or text. Such Bibles may be all right in their way, but they should not be compared with this Illustrated Bible, where all the pictures have a direct reference to the reading matter which they accompany, and all except the colored engravings are printed right in with the type. So this is "really" an illustrated Bible, and, furthermore, it is the only one of the kind ever published.

You will want one of those Bibles, so you had better start to-day to clip certificates, one of which you will find on another page of this issue. Both Catholic and Protestant editions to select from. Be quick.

MANY DEATHS FROM TYPHOID

Of 1022 Cases Reported, 94 Were Fatal, Mostly in Ottawa — Whooping Cough Spread.

The monthly statements of the Ontario local boards of health show a remarkable increase in deaths from various diseases, especially that of typhoid, which is accounted for, however, by the recent epidemic at Ottawa. There were a total of 1022 cases with 94 deaths, as compared with 210 cases and 27 deaths thruout the province during the month of August, 1911.

Altho there were 65 cases of measles during August, only three deaths were accounted for, while seven cases were reported during the same month last year, and one death. These figures demonstrate a decrease in the mortality by nearly 200 per cent. this year.

A remarkable increase in the number of cases and deaths from whooping cough are reported for the past month. Last year there were 40 cases and four deaths, but 384 cases and 30 deaths are the figures for August this year.

Sam Gompers After Carpenters' Scalp

Warm Fight Waging Over A. F. of L., Demanding Amalgamation of Two Unions.

One of the warmest fights ever before the Toronto Trades and Labor Council occurred at the Labor Temple on Thursday night when the request from the executive of the American Federation of Labor that delegates of the Amalgamated Society of Carpenters and Joiners be unseated from the council was brought up. The action of the A. F. of L. is due to the fact that at the recent A. F. of L. convention the Amalgamated Carpenters were told they must amalgamate with the Brotherhood of Carpenters and refused to do it. The result is the A. F. of L. seek to drive the Amalgamated Carpenters out of every district labor council in America.

While the Amalgamated Carpenters in America number but a few thousand to several hundred thousand of the other organization, Toronto is the one place on the continent where they outnumber the Carpenters' Brotherhood. In this city they outnumber the brotherhood by about four to one, and it is here the fight against them instituted by the A. F. of L. will be the strongest.

At Thursday's meeting International Organizer Ryder of the brotherhood made reflections on the Amalgamated Carpenters regarding their lack of the true spirit of unionism, which evoked the cry of "lie" from a member of the opposing faction, and the outcome came very close to a fistic encounter, which was only averted by both men, at the chairman's ruling, modifying their previous assertions.

It was finally decided to send the matter to the executive committee of the council, who will hear the facts of the case from three men each from the Toronto branch of the Amalgamated Carpenters and the Carpenters' Brotherhood. The executive will then lay a recommendation on the matter before the next meeting of the Trades and Labor Council.

FIREMAN SENT DOWN.

Because he attempted to stir up discontent among his fellow-firemen on the steamer Kingston, William Murphy was yesterday sentenced to 40 days in jail. Murphy denied having urged his fellows to desert, but the evidence against him was too strong.

DRUMMERS IN SPORT, SPEECH AND SONG

Sixth Annual Outing of Traveling Staff Gordon, MacKay & Co., Ltd.

One of the most unique outings ever held in connection with the wholesale dry goods trade in Toronto, took place on Thursday. Early in the afternoon about fifty travelers of Gordon, MacKay & Co., Ltd., wended their way down to Al Fresco Lawn, Kew Beach, where a few pleasant hours were spent in sports of various kinds. A spectacular bowling match took place on the green between "The Big Four" and "The Slim Quartett," the latter winning by the small margin of 5 points.

About 7 o'clock the entire party adjourned to Scarboro Beach Park and partook of a delightful banquet at the inn. They just escaped the severe rain storm which took place about this time. The gathering was augmented by a number of the managers, directors, vice-president and the president of the firm, Mr. J. W. Woods, who made the speech of the evening, in responding to the toast, "Gordon-MacKay." During the course of the banquet, cables were received from four of the firm's buyers, who are at present on the continent. They all expressed their regret at being unable to be present on this festive occasion. A wire was also received from Mr. G. M. Scott, the newly-wed member of the staff, and representative of the firm in Montreal, who is at present spending his honeymoon at Atlantic City. Mr. E. Jules Brazil, entertainer at the piano, took charge of the musical part of the program, which was very fine indeed, the talent from the house staff being indeed brilliant.

After much toasting and brilliant speech-making, the election of officers of the Harmony Club (the travelers' organization) took place. Mr. J. W. Woods was elected honorary president; Wm. Garrett, president; F. J. Freeman, 1st vice-president; J. A. Rodin, 2nd vice-president; J. H. Wildfong, business manager, and F. C. King, secretary-treasurer. About 11.15, after the singing of "God Save the King" and "Auld Lang Syne," the party dispersed.

Nervous Visitor—"Will your dog bite me, little boy?" Eager Little Boy—"If you want to see. I can sic him on you."—Baltimore American.
