Local and Provincial.

☞ Now is the time to subscribe for the ACADIAN! If you are getting it now have it sent to a relative or friend.

NEWS.—We would like to receive news from all parts of the County. Can't you let us know what is occurring in your neighborhood?

INCORPORATED.—The people of Parrsboro have accepted incorporation by a respectable majority, and thus one by one the towns are getting into line.

CAMP MEETING.—The camp meetings at Berwick will commence on Wednesday 31st July, at 8.30 a. m. For particulars see advertisement in our columns next week.

BUILDING.—There is quite a boom in building in Wolfville just now and preparations are being made for more. Mr S. P. Heales is getting the frame ready for his house.

ACKNOWLEDGED.—The following has been received for subscriptions since last issue: J. W. Bigelow, Wolfville, $1.00; L. P. Borden, Point Arena, Cal., $3.00; D. E. Shaw, Wolfville, $1.00.

ST JOHN'S CHURCH, WOLFVILLE.—On Sunday next, July 7th, there will be morning service, sermon and celebration of the Holy Communion at eleven; and evensong and sermon at seven. These services will be taken by the Rev. K. C. Hind, M. A., rector of Newport.

STRAWBERRY FESTIVAL.—The Festival given by the ladies of the Methodist church on Tuesday evening was a very pleasant affair. A beautiful evening, well-spread tables, delicious strawberries and ice creams and attentive waiters combined to the enjoyment of those who attended.

THE CHURCHES.—Rev. Walter V. Higgins preached in the Baptist church last Sabbath evening. The Methodist pulpit was filled on Sunday morning last by Rev B. Hills, formerly stationed on this circuit. In the evening Rev. Mr Johnson preached an address relating the death of the late A. W. Borden.

THE YARMOUTH.—We have received a handsome new folder from L. E. Baker, Esq., manager of the Yarmouth S.S. line. It contains an accurate map of the route and connections of this popular line and will be valuable to travelers. The fine steamer *Yarmouth* arrived at Yarmouth on Tuesday morning with 100 passengers.

NEW MANAGER.—Mr Innes having resigned the office of manager of the W. & A. Railway, Mr J. W. King has been appointed to succeed him, the appointment dating from the 6th June. Mr King's promotion will be heard of with pleasure by all patrons of the W. & A. R.—*Western Chronicle.*

MISS SCOTT-SIMMONS.—Some of those who attended the recital given by this lady at Kentville on Monday evening were considerably disappointed. One gentleman from this place, who is certainly qualified to judge, says that he has heard the same pieces rendered much better here by such readers as Miss McGarry, Miss McFee and Miss Wallace.

Baseball Match at Windsor.

FOR THE CHAMPIONSHIP OF KING'S AND HANTS COUNTIES.

This game was played on Monday last in the presence of a large number of spectators who took keen interest in the result. We are pleased that Kings Co. was successful and can now enjoy the title of champion club of both counties.

Below is the score of our men, and taking the fielding as a whole, it was creditable tho' open to improvement. The palm in excellence must certainly be given to Mr H. Cox as his catching was without a blemish.

Canard News.

Mowing began on the Kempt dike on on the first of this week.

Mr J. E. Lockwood is now spending a few weeks with his family in Canard.

Mr L. F. Eaton, of the incoming senior class of Acadia College, left Canard this week for the Commercial College at St John. He expects to finish the full course in three months.

The prospects of a good potato and apple crop is not very encouraging as far as can be determined now. Potatoes are looking very well but a great many farmers will have a hard fight with the potato beetle in order to save their crops. It is likely that apples will give only a fair or average crop, notwithstanding the unusually large number of blossoms that were to be seen in the spring. During the last fortnight it has been noticed by a good many farmers that the apples have been falling very freely from the trees. If this continues long the crop will be very light.

Mr John Chipman, a senior deacon of the Canard Baptist church, died at his residence at Church St. on Thursday, June 27th. Mr Chipman has been a member of the above mentioned church for a long time and he will be very much missed by the members as well as by all with whom he was acquainted. The funeral services were held at the house on Sunday afternoon and the remains were deposited in the old cemetery near by. The family has much sympathy in their bereavement.

CORRESPONDENCE.

MR EDITOR,—The only reply necessary to "Taxpayer's" effusion in your last is that the people have been figuring for themselves and find that after deducting *Acadia College property which can never be taxed* and the *churches* which the sheriff shall not *sell* to pay water taxes, there is less than two hundred and fifty thousand dollars ($250,000) of taxable property in the district, and that the annual tax for water at $25,000 will be

Interest and commissions	$1,500
Secy. and Treas. salary	500
Current expences and repairs	1,500
	$3,500
Less proceeds of 100 water faucets @ $5.00	500
Annual tax	$3,000

Being one and one fourth per cent. per annum or about *four times* our present school tax. The people have served a *moral injunction* on the Commissioners to be followed by a *legal* one if necessary to prevent said ruinous taxation or all for the benefit of a few.

T. M. Lewis, Grand Division, S. of T., lecturer, tarried over Sunday here and gave two Gospel Temperance sermons—in the morning with the Wesleyan's, in the evening with the Baptists. These meetings were well attended and the discourses highly appreciated.

Dominion Day passed off very quietly—but little out of the ordinary way—save that the old Union Jack might be seen floating in the breeze over the "Centenial," a number of business places closed and a number of select parties wending their way to Old Fundy's shore.

The camp meeting will commence the first week in August. The usual white-washing, &c, will, doubtless, be attended to in the meantime.

Saml. B. Chute is leading in strawberries this season, having marketed about 6,000 quarts. L. D. Robinson comes next with about 5,000 quarts.

J. L. Shaw, besides shipping 2000 quarts of strawberries, expects to gather from his garden this season 100 bushels of gooseberries, 1000 quarts currants and 3000 quarts of raspberries. Mr S. is first with new potatoes, the 23d of June.

Mr Harry E. Wilson, one of our boys, and for a time a student at Acadia is being heard from as the following item will explain:

It is known to many of our citizens that Professor Harry E. Wilson, for the past two weeks principal of the Long point public school, has been utilizing his spare hours by reading law in the office of Carr & Secor, with the intention of ultimately devoting himself to the duties of the legal profession. But it probably is not so generally known that he passed an excellent examination last week Saturday, and received an official document signed by J. H. Wells B. L. Carr, and Alpheus Wright, who constitute the committee of examiners for the Eighth Judicial District of Colorado, certifying to his fitness to practice as an attorney and counsellor at law. The examination developed the fact that his reading had been thorough and covered broader ground than is usual with law students before asking to be adopted into the legal fraternity.

Professor Wilson was so delighted with the success of his legal examination, that he invited the examining committee and several other gentlemen to dine with him at his boarding place, having ordered the best the market affords, which his guests assure us Mrs Boynton brought on in a style of excellence that would satisfy the delicate taste of the most confirmed epicure.

We are glad to place on record the fact so complimentary to Mr Wilson's energy and perseverance, that during the period of only two years while faithfully performing the duties of principal of our public schools, he has also made himself sufficiently familiar with the general principles of legal science, as to pass a first-class examination as an Attorney. The *Ledger* extends its congratulations, with the hopes that he will keep constantly in mind this important fact, that the course of study necessary to a successful lawyer, has no end. If a lawyer, young or old, achieves any success in the legal profession worth mentioning, it will come through persistent and life-long study.
