Grippe Epidemic

Again Sweeping Over Canada With Unusual Virulence.

The most Violent Attack Since 1890, Leaving Behind a Host of After Effects that Make Life Miserable.--Prompt and Effective Means Should be Taken to Strengthen the System.

La grippe, now sweeping over this country in one of its periodic epidemics, is one of the most treacherous and difficult diseases with which medical science has to cope. It is in its after effects that it is particularly disastrous, and these assume many forms, prominent among which may be mentioned heart weakness, bronchial and lung troubles, nervous prostration, alternate chills and fever, a feeling of constant lassitude and an indisposition to either mental or physical exertion. Often the sufferer does not recover from the after effects of la grippe for months, and in cases of previously enfeebled constitutions and among those of advanced age, the number of cases terminating fatally is appalling.

Even after a mild attack of la grippe it is imperative that the system should be thoroughly toned up, the nerves strengthened and the blood enriched. Dr. Williams' Pink Pills is the only medicine that can be depended upon for promptness and thoroughness in this emergency. These pills are a true blood feeder, bringing to the vital fluid the constituents that give it richness, redness and strength, thus driving out disease and acting as a tonic and bracer to the whole system.

Mr Harry Dagg, a well known farmer living near Ninga, bears testimony to the great value of Dr. Williams' Pink Pills in removing the after effects of la grippe. The disease left him a victim to cold chills, violent headaches, dizziness and severe palpitation of the heart. Mr Dagg says:—"I finally went to Boissevain and consulted a doctor, who stated that the trouble was likely to develop into consumption. I was under his care for about three months, but was gradually growing weaker and unable to do any work. At this stage one of my neighbors advised me to give Dr. Williams' Pink Pills a trial, and as my case was critical I determined to give them a fair trial, and purchased a dozen boxes. Before the third was used there was good evidence that they were helping me, and before the dozen boxes were used I was as strong and vigorous as I had ever been, and I can heartily recommend Dr. Williams' Pink Pills for the manifold troubles that follow an attack of la grippe."

If you have suffered from an attack of la grippe procure a supply of Dr. Williams' Pink Pills at once, and they will put you right. Insist upon getting the genuine as imitations never cured anyone. If your dealer does not keep them, send direct to the Dr. Williams' Medicine Co., Brockville, Ont., and they will be mailed postpaid, at 50c. a box or six boxes for $2.50.

Municipal Parliament.

CONTINUED FROM PAGE ONE.

Minutes of previous day's proceedings read and approved.

The deed of dyke lands sold by Trustees of School Lands, Cornwallis, to C. McFadden, was laid before Council.

Mr C. B. Dickey, one of the Trustees, explained that a considerable part of the land in question was of very inferior quality bordering on the upland and having no facilities for drainage, that the interest obtainable on the amount for which it has been sold would be greater than the average rental.

On motion the action of trustees was approved and sale ratified.

Mr A. D. Nichols was appointed Scott Act Inspector by a unanimous vote.

Salaries of Clerk, Treasurer, Overseers os Poor and Clerks to such Overseers were fixed same as last year.

Coun. Cook moved that the Scott Act Inspector receive a salary of two dollars per day in addition to necessary expenses. Coun. Curry moved in amendment seconded by Coun. Balcom that the salary be $100 per year. Amendment carried.

Delegates from the Kentville Town Council and Board of Trade appeared before the council to urge the advisability of holding an exhibition in Kentville during the autumn of 1899.

Mayor Rockwell, B. H. Dodge, M. P. P., Messrs C. S. Nixon, M. G. DeWolfe, Wm. Young and others spoke.

After some discussion it was resolved that a committee be named to confer with Board of Trade of Kentville, Board of Trade of Kings County, Town Councils of Kentville and Wolfville, Counties of Hants and Annapolis, Towns of Annapolis, Bridgetown and Windsor, the Nova Scotia Fruit Growers' Association and private individuals in reference to the holding of an exhibition in Kentville the ensuing autumn, and report to this Council at the April Term.

Couns. Curry, Balcom and the Warden were named as members of such committee.

Coun. Curry moved in amendment to the motion to appoint H. B. Witter on Board of Revision and appeal that the appointment of a Board of Revision and Appeal be dispensed with for the present year. The motion was seconded by Coun. Balcom.

Coun. Curry spoke at some length in support of his motion dwelling particularly upon the injustice which in his opinion Ward 9 had always suffered at the hands of this board. "When they have nothing else to do, they raise the assessment of Ward 9." The property in that ward he thought had decreased in value of late years to a greater extent than in any ward in the County, but when the local assessors lowered the assessment the General assessors would put it up again.

The Warden, while admitting that there was no legal necessity for the appointment of such a board except once in three years, stated that the neglect to make such appointment would probably lead to serious difficulty in adjusting accounts with the incorporated towns. Last year a difficulty arose which was barely tided over and it might be that the municipality would in the future find itself forced into the courts to obtain a settlement of accounts for joint service.

Coun. Bishop would be glad to dispense with the Board but thought it very unsafe to do so after the experience of last year.

Coun. Taylor, who was a member of the last Board, spoke in defence of the action of the Board in the matters referred to by Coun. Curry.

Mr Gustavus E. Bishop, another member of the Board, was heard by consent of council. He stated that the assessment of Ward 9 after being raised six per cent. was still lower than its average assessment for the last ten years.

Mr Curry replied, referring particularly to the great falling off in the shipping industry which specially affected his ward.

After some further discussion the vote was taken and the amendment was lost.

The motion to appoint Mr Witter was then put and also lost.

Coun. Anderson moved that Jehiel Davidson, Eeq, be a member of the Board of Revision and Appeal.—Carried.

Messrs Geo. R. Pineo and Edward J. L. Bishop were named as the other two members of the Board.

Resolved that the name of John H. Dennison be struck off the list of Stipendiary magistrates for Cornwallis.

Robert Schofill was appointed assessor in Ward 7 in place of Jehiel Davidson. Resolved that names of persons to whom commissions are issued for the expenditure of road monies, districts in which such monies are expended, and amounts of Commissioners be published in printed report.

The various standing Committees rendered reports, which were read by the clerk.

Committee on Roads and Bridges reported in reference to matters submitted to them:—

Road near C. H. Borden's—not recommended. Report adopted.

Petition to close Lowe Road, in Dalhousie, referred back in order that the law may be complied with.

Road near Grantham's in South Berwick, recommended,—adopted, and J. S. Woodworth appointed Commissioner.

Petition to close road from Fall Brook road to Burpee Mahar's. Not recommended. Report adopted.

Road along waterfront in rear of stores in Canning Recommended on condition that no damages be chargeable to the County. Report adopted and Wm. Rand appointed Commissioner.

Banks bridge over Eales river, and bridge at Millville were placed under the Bridge Act.

Committee on Law Amendment rendered report recommending changes in byelaws.

Report adopted 9 to 5, and Coun. Balcom, Thomas and Anthony appointed Committee to prepare Bye-law in accordance with such report.

Overseers of Poor for Horton were authorized to make a bargain with James Farris to keep his wife, a lunatic, at his own home, cost not to exceed amount paid to such overseers by this municipality for the same service.

Presentment read throwing claims against municipality of $14,191.70.

Resolved that the sum of $1,000 be deducted from this presentment on account of amount carried to retire outstanding claims of long standing which may never be presented.

The Assessment resolution was then carried, assessing the county in the sum of $13,191.70 for ensuing year for county rates. The Township of Cornwallis to be assessed $2,000 for poor rate, Horton $1,000, and Aylesford $600.

Resolved, that county papers be asked to publish presentment, providing they do so free of charge.

The Warden and Councillors Campbell, Caldwell, Reid and Curry were appointed Committee to adjust accounts with Towns of Kentville and Wolfville.

Resolved, that in the opinion of this Council the Dominion Government should, in the interests of the farmers and Fruit Growers of this County, be asked through the Hon. the Minister of Militia, to regulate the rates on apples shipped in subsidized steamers, so that such rates may not be higher than rates from ports in the United States.

Resolved that 400 copies of pamphlets of minutes and proceedings of Council be printed this year.

Council adjourned to meet on Tuesday, April 25th, at 10 o'clock.

Great deeds are trumpeted, loud bells are rung,
And men turn round to hear
The high peaks echo to the paens sung,
And some great victor cheer, and yet
great deeds are few.
The mightiest men find opportunities but
now and then.
The sweetest lives are those to duty
wed.
The world may sound no trumpets, ring
no bells.
The Book of Life the shining record tells.
God help us mothers all to live aright,
And may our homes all truth and love
enfold,
Since life for us no loftier aims can hold
Than leading little children in the light.

THE LIQUOR TRAFFIC IS THE HEAVIEST DRAG UPON THE PROGRESS, THE DEEPEST DISGRACE OF THE 19TH CENTURY.—*New York Tribune.*

Balancing Accounts.

A thick-set, ugly looking fellow was seated on a bench in the public park, and seemed to be reading some writing on a sheet of paper which he held in his hand.

"You seem to be much interested in your writing," I said.

"Yes; I've been figuring my account with Old Alcohol, to see how we stand."

"And he comes out ahead, I suppose?"

"Every time; and he has lied like sixty."

"How did you come to have dealings with him in the first place?"

"That's what I've been writing. You see, he promised to make a man of me but he made me a beast. Then he said he would brace me up, but he has made me go staggering round and then threw me into the ditch. He said I must drink to be social. Then he made me quarrel with my best friends, and to be the laughing stock of my enemies. He gave me a black eye and a broken nose. Then I drank for the good of my health. He ruined the little I had, and left me sick as a dog.'

"He said he would warm me up; and I was soon nearly frozen to death. He said he would steady my nerves; but instead he gave me delirium tremens. He said he would give me great strength; and he made me helpless.

Then he made me a coward, for I beat my sick wife and kicked my little child. He said he would brighten my wits; but instead he made me act like a fool, and talk like an idiot. He promised to make a gentleman of me; but he made me a tramp."

Remember.

"Man of business! the atmosphere that you breathe may not be very inspiring to godliness of life. But surely your warehouse, your shop, your counting-room cannot be so unfavorable to Christian living as was Nero's abominable court.

"Your business, I take it, is an honorable one, if honestly pursued. If not, quit it instanter. If it be a lawful calling, then ennoble it by serving God in it every hour. A counting-house, a workshop, or a broker's office is as good a place to preach Jesus Christ in as any pulpit in the land. It there are tricks in trade, if there is an increasing tendency to gambling in business transactions then all the more need that you should provide things honest in the sight of all men, and so conduct your business that Jesus Christ might audit your books, and stamp every page with His approval.

"It will be of no avail for any man or woman to plead at the judgment bar that they were placed in 'unfavorable circumstances,' or an irreligious atmosphere. No one ever needed Christ more, or honored Christ more, or enjoyed Christ more, than the old prisoner, Paul, and his brave associate under the shadow of Nero's brutal and bloody despotism."—*Rev. Theodore L. Cuyler.*

Where to Look.

It is related of Mr Astor that, when once fording the Susquehanna on horseback, he found himself becoming so dizzy as to be about to lose his seat. Suddenly he received a blow on his chin from a hunter, who was his companion, with the words, "Look up!" He did so, and recovered his balance It was looking on the turbulent water that endangered his life; and looking up saved it.

How our hearts ache as we read of the suicides—day after day the records are before our eyes. What is the matter? Only this—the waters were turbulent, and they forgot to look upward to the Mighty One who should have said to the storm tossed soul, "Peace, be still."

"Look unto Me, upon the Cross,
O weary, burdened soul,
Look unto Me, thy risen Lord,
In dark, tempestuous hour;
The needful grace I'll freely give,
To keep from Satan's power."

Doing Good by Example.

The great means of doing good, though we cannot tell why or how—only because God so directed—is by example. We are to be ourselves what we would have others to be. And this not only when others know it, but in all places; for I believe that even what we do in secret affects others.—*Mary Lyon.*

Minards Liniment Cures Colds, &c.

UNFADING COTTON DYES.

Special Fast Diamond Dyes for Cotton that will not wash out in Soapsuds.

It is absolutely impossible to get a fast and satisfactory color on cotton from the same dyes as are used for woolen goods, and for that reason Diamond Dyes have a specially prepared line of fast colors for cotton that will give perfect satisfaction. If you want to color cotton and mixed goods be sure to get the fast Diamond Dyes for cotton, as they will give colors that will not fade even by washing in strong soapsuds or exposure to sunlight. If any dealer tries to sell you the same dye to color cotton as he would sell you for coloring wool, do not accpt it, as such dyes are unreliable, and in the majority of cases will ruin the material on which they are used.

There are some fifty different kinds of Diamond Dyes, so that you can get any color that you wish. By using them in diffetent strengths any desired shade can be made, and all the fashionable colors are readily gotten with these dyes.

To get a fast, rich, full black, use one of the Diamond Dye Fast Blacks. There are three different kinds, for wool, for cotton and mixed goods, for silk and feathers. They color a rich, full black that cannot be distinguished from new goods.

Diamond Dyes are prepared specially for home use, with very simple directions, so that it is but little trouble or work to use them. A direction book will be sent free to any address. Wells & Richardson Co., Montreal, Que.

Those who make hay while the sun shines are the most liable to get sun struck.
