STORM CURTAILS SALES AT MARKE

Only One Farmer Turned U But He Was Compelled To Store Produce For Saturday.

The terrific storm which swept Western Ontario on Thursday was the cause of the paucity of farmers at the local market on Friday.

One farmer came to the city by train, but as there were no buyers he was forced to store his produce until Saturday. It is expected that a few farmers who reside close to the city will be present at Saturday's market. The country roads, it is reported, are in too had a condition to allow of many coming to the city for the week-end market.

Chicago, March 31.—Pientiful moisture in the domestie winter crop belt, together with weakness in the Liverpool market, led to lower prices today during the early dealings here in wheat. The condition of winter wheat was figured 78.7 per cent by a leading expert, as against 76 per cent in December. He lalso estimated the probable yield as 580,000,000 bushels, compared with a December estimate of 527,000,000 bushels. Opening quotations, which ranged from ½c to ic lower, were followed by slight further declines in some cases. Corn sagged with wheat. After opening unchanged to a shade off, the market receded a little all around.

Oats, which were relatively firm owing to wet weather, started ½c to ½c. have found it necessary to withdraw
their entry from the Provincial Soccer
League. It is, however, expected that
the club will continue on in the London and district.
