EDMONTON NEWS

TUESDAY'S DAILY.

SENTENCED FOR STEALING.

Chris Buquast, a Swede employed in Hansen's construction camp, about three miles from St. Albert, was arrested Friday on a charge of theft.

Buquast stole a pair of blankets and some bacon and it was his intention to procure a mule and escape with his booty. Unfortunately for him, however, he was caught with the goods on him and held, pending the arrival of a Mounted police officer. He was tried Friday night at the R. N. W. M. P. barracks by H. B. Dawson, J. P., and sentenced to six weeks hard labor at Fort Saskatchewan.

MORE CARS SHIPPED.

Two more cars for the street railway were stopped last week from the Ottawa Car company's work and will reach here in the course of this week. It is likely that all the cars of the present order will be of the double end variety. The decision to change to a single end system was made too late to affect the cars now being manufactured.

SENT UP FOR TRIAL.

After several days hearing in the police court of Strathcona, William Parker, who was a prominent figure in the King murder trial was on Friday sent up for trial on a charge of horse stealing. Parkes was charged with disposing of horses purchased jointly with Brown. These men bought a team of horses from Messrs. Mohr and Morkin, in Strathcona, last fall, while in partnership, and failing to make payment, were ordered by the court to make restitution in a recent suit brought by the liverymen. Brown, who now lives in Edmonton, charges Parkes, now of Stony Plain, with defrauding him of his share in the team, the defendant, according to his statement, having sold the horses and never allowing Breen his share.

INSPECTING OFFICER PLEASED.

Inspection of the stores of the 15th A. M. R. was made last week by Capt. E. F. Mackie, D.S.O., of Calgary. The equipment, including rifles, saddlery, etc., was inspected in the armories at Edmonton, Fort Saskatchewan, Strathcona and Morinville. Before leaving for Calgary Capt. Mackie expressed great satisfaction at the condition of the stores. "Things here are in first class condition. I have never seen them better before," he said. The inspection was made on Monday, Tuesday, Wednesday and Thursday of last week.

A LACOMBE WEDDING.

A very pretty wedding took place in Lacombe on July 27th, when Arthur Belcher, manager of the Merchants' Bank, and Lillian Adelaide Mooney, eldest daughter of Mayor W. S. Mooney, were united in matrimony. The ceremony took place at 3.30 in the afternoon in the Presbyterian Church, Rev. Matthew White, M.A., officiating. The church was beautifully decorated, and in the presence of about three hundred people the solemn vows were taken. Immediately after the ceremony a reception was held at the home of the bride's parents, where a very enjoyable time was spent in ex-

RURAL RIFLE CLUB.

Steps are being taken to form a rifle club in the Clover Bar and East Clover Bar districts. A meeting has been called for Wednesday, August 10th, at 8 p.m., at Horton's store. Everyone interested in the movement is invited to attend.

AT THE LAND OFFICE.

The past month has been a very busy one at the Edmonton Land Office, the prospect of excellent crops having brought many land-seekers. During the month the statistics were as follows:

	July 1909.	July 1910
Homestead entries ..	400	505
Pre-emptions	4	2
Purchased homesteads	—	2
South African scrip..	18	19
Entries cancelled.. ..	246	237
Application for patent	370	280
Letters received	6023	6112
Letters sent	6306	6648

STANDARD VI RESULTS.

The results of the Standard VI examination are made public today. In the list of successful candidates only the names of those who wrote on the full examination are given. The Standard VII. or university entrance results, will be published on Wednesday or Thursday morning, and will include those candidates who were also successful in a partial Standard VI examination.

SETTLERS FOR GRAND PRAIRIE.

During the two weeks from July 11 to 26, one hundred and eleven settlers have been taken into the Grand Prairie country over the new route being constructed by the provincial government northwest from Entwistle. They have been in charge of Land Guide Hay, who has now a stage route established from Entwistle to Sturgeon lake. The route is is made on two relays, one from Entwistle to Macleod river and the other from Macleod river to Sturgeon lake.

POSTAL CHANGES.

During the month of July there were two new post offices established in the Edmonton district. One was at Heatherwood, section 15-53-17 W 5th, with weekly service from Wolf Creek, and the other at Huggett, section 20-50-1 W 5th, with weekly service from Telfordville. Both began on the 1st of August.

Frequency of the service was increased along the line of the G.T.P. as follows:

Bruce and G.T.P. Ry. station to 12 per week.

River Course—To W. B. Gordon, vice J. H. Abraham, resigned.

Roydale—To Frank McQueen, vice J. V. Maloney resigned.

WEDNESDAY'S DAILY.

AT THE CITY HALL.

The city commissioners have applied to Arch. Mitchell, assistant forestry superintendent at Indian Head, Sask., for information as to the best kind of trees to be set out in the nursery of five acres to be established at the east end park.

The different civic departments will be notified that large amounts of inflammable material are to be found in many yards and alleys and steps should be taken to have such removed at once. At least one recent fire has been traced to this cause.

READY BY AUGUST 20TH.

Practically everything will be completed at the new Exhibition Grounds by the 20th of August," said Manager Harrison to the Bulletin on Tuesday. "Already there are about twenty buildings finished, comprising stock and horse stables, a fire hall, police station, feed store-house, and the superintendent's cottage."

Work on the grand stand, which was to be completed by the 1st of August, has been held back through lack of timber, but at present a double shift is being run and the stand will be completed shortly. The horticultural and dairy building, one of the finest on the grounds, will be completed by about the 15th of this month, as will also the stock pens, platforms and sidewalks."

WESTMINSTER PICNIC.

With lots of fun and plenty of provisions, a very enjoyable time was spen tMonday evening on Groat's flats at the picnic given by Westminster Young People's society. About 100 young people sat down to the dainty supper about 7.30. Afterwards a very interesting game of baseball was carried out between the young men and young ladies, the score being 7-4 in favor of the ladies. The young men played with their left hands. This opportunity was taken to show the appreciation of the society to M. W. Harlow, who has been identified with the society for the past three years and who will leave shortly for Toronto to enter university. He was presented with an address and a handsome travelling bag which he acknowledged briefly. After farther games a most enjoyable evening came to an end all too soon.

REDUCE TIME FOUR HOURS.

There is a well defined rumor on the streets sto the effect that the Grand Trunk Pacific intends to reduce the time of its sdaily train service between Edmonton and Winnipeg from thirty hours to twenty-six.

Since the service went into effect a month ago the railway company has found that the time set down has been longer than is necessary by several hours. This is due to the fact that the roadbed is in such splendid condition that the operation of trains sat a very high rate of speed is possible. The one complaint passengers have on this line is that the trains are frequently hel at the different stations waiting for time.

The ultimate object of the Grand Trunk Pacific in its train service between Edmonton and Winnipeg is to put on a twenty-four hour schedule. This will admit of a train leaving here one night and arriving in Winnipeg at the same hour the following night. Even at the present time the Grand Trunk Pacific, with its thirty-hour schedule, has the other two roads beaten by several hours.

SUNDAY SCHOOL CONVENTIONS.

Pelican, July 29.—The Lacombe District Sunday School Convention closed this evening with a large mass meeting in the Presbyterian church. At the Thursday afternoon and evening sessions Rev. D. A. Gunn and Miss Helen Paik gave splendid addresses on different phases of Sunday school work. On Friday morning Professor Henry and H. F. Kenny took charge and the day sessions were occupied by conferences on distric Sunday school work, ways and methods of conducting schools and a round table on Bible school music. At the evening session a large choir, under the direction of Professor Henry, rendered several selections very acceptably, and H. F. Kenny gave his popular address on "The World's Sunday School Convention at Washington."

Leduc, July 30.—Tonight, two members of the tour party of the Sunday School Association held a mass meeting here. There was a large attendance and the meeting was very enthusiastic. Professor Henry conducted the musical part of the service with the help of a large and efficient choir. H. F. Kenny gave a very vivid description of the world's convention in Washington, D.C., and the audience felt the inspiration that permeated that wonderful gathering.

Dysentery is a dangerous disease but can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has been successfully used in nine epidemics of dysentery. It has never been known to fail. It is equally valuable for children and adults, and when reduced with water and sweetened, it is pleasant to take. Sold by all dealers.

COLIN FRASER IS DOWN FROM NORTH WITH FURS

Well-Known Free Trader Made $31,000 Catch Last Winter—Sold 31,500 Muskrat Skins to Hudson's Bay Co. for $16,000—Eight Silver Foxes Numbered in Catch.

Colin Fraser, the well-known free trader, arrived in the city from the north on Saturday, accompanied by the twenty-eight men who have been associated with him in his winter's work.

"The winter has been a good one for us," said Mr. Fraser, when seen by the Bulletin on his arrival in the city. "The total value of the winter's catch is about $31,000.

"This year we have secured a larger quantity of rat than usual, the skins numbering about 31,500. These we disposed of to the Hudson's Bay Co. at Fort Chipewyan for $16,000. This is the first time we have sold any of our furs to the company in the north.

"The remainder of the catch, which should represent about $15,000, will reach the city on Monday. The most valuable of the furs in the consignment are those of eight silver foxes. The value of the skin of a silver fox is about $500."

Mr Fraser stated that the winter was comparatively mild in the north, and that very little snow fell.

The party left Fort Chipewyan on July 5th.

A BIG EXHIBIT FOR THE EDMONTON FAIR

Carload of Horses and Cattle From The Biggest Stock Farm in Canada At Lashburn, Sask., Will Be Brought Here.

A carload of hackneys and clydes, and also some choice short horned Durham cattle from the largest stock farm in Canada will be exhibited at the forthcoming Edmonton exhibition.

The farm in question is the Tighnduin Stock Farm, Lashburn, owned by a Scotch millionaire named J. M. Bruce.

It is 2,000 acres in extent and has buildings on it worth about $300,000.

J. C. Johns, manager of the farm, has exhibited stock at the Calgary and Winnipeg exhibitions where he cleaned up practically everything in the way of prizes.

U. S. Bars British Cattle.

Washington, July 29—Owing to the discovery of the foot and mouth disease in Yorkshire, England, the importation of cattle from that country into the United States has been prohibited until the extent of the disease can be made clear.

WHOLESALE CRIMINAL PROSECUTIONS FOLLOW

Gigantic Car Frauds on Illinois Central Will Result in Indictment of Many Prominent Former Officials of That Railway.

Chicago, July 29.—Wholesale criminal prosecutions will shortly be instituted as a result of the gigantic car frauds perpetrated so brazenly on the Illinois Central Railroad company during the years 1906-07-08. More than a score of men, some of them prominent former officials of the railroad that was for a time synonomous with "easy mark," are under the continual eye of detectives. If they made the slightest attempt to leave the country a pretext would be found for their immediate arrest.

A mass of evidence sufficient to keep several grand juries busy will soon be available for States Attorney Wayman and for public prosecutors in other states. The evidence is so convincing on its face that indictments for conspiracy, grand larceny, false entry, obtaining money under false pretences and other crimes will surely follow. Startling declarations to this effect were made today by an Illinois Central official, one of the reform regime which came into power when W. L. Park became president.

Rev. Mr. MacAughen Succumbs.

Belfast, Ireland, July 31.—Rev. W. J. MacAughen succumbed in the hospital to injuries received in the fire at the Kelvin Hotel on Tuesday last. Mrs. MacAughen is in a serious condition.

GIBBONS ROPERTY TO BE THE LAURIER PARK

City Council Adopts New Name for This Beautiful Park Site up the Saskatchewan River—Five Hundred Dollars Voted to Campbellton Sufferers.

Laurier park is the new name that the Gibbons property, owned by the city, will in future bear. This beautiful resort, lying several miles up the Saskatchewan, on the north side of the river, will in years to come be one of the most beautiful of Edmonton's public parks. In it are some 205 acres, purchased in the year 1906 from James Gibbons, late Indian agent, for $26,000. It is beautifully situated on the river bank with clean, gravelly beach and when reached by street car will afford a means of enjoyment to thousands of tired citizens.

The new name was decided upon at a special meeting of the city council Monday morning. Motion was moved by Ald. Garlepy and seconded by Ald. Armstrong. The latter said that though a Conservative he hartily approved of naming the park after Canada's prime minister.

Mention of the action of the council will be made in the address to be presented to Sir Wilfrid on the occasion of his visit to Edmonton next week.

Committee to Meet Premier.

It was decided that a committee of the council composed of the members present today, Mayor Lee and Ald. Garlepy, Lundy, Armstrong and Mould, with power to add to their number wait upon the prime minister. They will present to him the city's desire to have the penitentiary grounds moved to the outskirts and also will bring up the matter of a river embankment.
