THE SUN-SET.

The sun-set rays are falling
On lofty spire and dome,
O'er gorgeous palace wall,
And lowly cottage home.

Its ray light is o'er
The frozen mountain-moor,
And like a silver flood
The streamlet gushes now.

It streams in lordly hall,
Where pride and beauty dwell;
It glads the wilderness,
And lingers in the dell.

Through painted gothic pane
Its rich deep lustre falls,
And struggles through the bars
Of gloomy Prison Walls.

It bathes in ocean deep
With freedom unscaball'd,
Until the mighty waves
Roll out like molten gold.

'Tis on the tears of those,
Who are another eve
Shall shed its sun-set round,
Will home and kindred leave.

And there are eyes that watch
With joy each parting ray,
The eastern beams to them
Shall bring a festal-day.

'Tis shedding holy light
O'er dim and dying eyes,
And calmly smiling where
The way-worn pilgrim lies.

O may we, when our race
Below shall all be run,
As gloriously depart
As that bright setting sun.

THE PROGRESS OF DISCOVERY.

No man can tell where improvements in the arts will stop, or what discoveries are yet to be evolved from the still wide and unbounded unknown. When we think of what was a century ago, and what is now; when we review the inventions which have been made during that period, and pass them before the mind, they almost seem too numerous and great for our belief. In 1805, there were only four steam-engines in the United States; not a steamboat, not a railroad, not a locomotive. Few machines of any kind were made then, and scarcely any kind of manufacturing operations conducted. In 1840, there was not an established line of telegraph in our country; now we have no less than twenty-three or four thousand miles of wires. The Daguerreotype is but a few years of age, and the vulcanization of India rubber no older. In the manufacture and improvement of various tools, vast progress has been made in a very few years. The printing-press, from the slow hand-machine, printing a few hundred copies in an hour, has been yoked to the steam-engine, and now throws off thousands of copies in the same time. It is impossible for us to enumerate a tithe of all the inventions and discoveries which have been made during the past century; they are almost beyond computation. Our object is to present the subject for reflection to the numerous ingenious men in our country. The field before them is still a comprehensive one. Some new discovery may yet be made whereby the air above may be as safely and economically navigated as the waters beneath. In agriculture, in machinery and in chemistry, what stores of new wonders may be developed. Every man who makes a new improvement or discovery is a public benefactor. His labors vibrate far beyond the boundaries of his own existence, even *to distant generations.*

VICTORY OF ALMA.—The following stanzas, in addition to *Rule Britannia*, were sung by Madame Krollman, at the Mechanics' Institute on Tuesday evening, last, and were repeated on the evening of her Concert in Carleton on Thursday. In each instance they were rapturously applauded. The stanzas are from the pen of a resident of Carleton.

Our gallant tars and soldiers brave,
Who've gone to check the boastful Czar,
May God in mercy deign to save,
From cruel rage of bloody war.
Rule British freedom! Rule o'er land and sea,
And Allied Hosts united be.

Now British flags and French have waved,
O'er Alma's bloody field, on high,
Appalling danger nobly braved,
By daring acts of chivalry.
Rule British freedom! Rule o'er land and sea,
And Allied Hosts united be.

THE RETORT ONIQUE.—A lady took umbrage at the use, by a gentleman, of a very common word, of which the primary and most obvious sense was unexceptionable, while its most remote and unusual signification was indelicate. I beg pardon, said the offender, apologetically, I certainly did not mean what you were thinking of!—a retort which was as philosophical, as it was just and severe.

WHOLESALE AND RETAIL MURDER.—By the late foreign arrivals we have the following sanguinary item from Italy:—A military man was in love with a young lady whom he could not obtain in marriage. Incensed at her refusal, he resolved on vengeance. Arming himself with four revolvers, he repaired to the mansion of the fair one. The first person that appeared was her mother—he shot her; the next was her father—he shot him; then came the young lady herself—he shot her; then came the uncle and aunt—he shot them—and then he shot himself.

A BEAUTIFUL IMAGE.—A deaf and dumb person being asked to give his idea of forgiveness, took a pencil and wrote—It is the sweetness which flowers yield, when trampled on.

"WHAT is that dog barking at?" asked a fop, whose boots were more polished than his ideas. "Why," replied a bystander, "because he sees another puppy in your boots."

Highly Important to the Public.

The Sick cured on the R. R. R. Theory.

THREE GREAT REMEDIES.

The attention of the public is particularly directed to the three quick and powerful remedies discovered by Radway & Co. So quick, so powerful, so effectual, so safe, so pleasant, are these remedies in stopping pain, checking disease, expelling from the human body all foul and corrupt humors, all diseased and poisonous deposits, and restoring the weak, feeble, and fragile frame, worn out by disease and long suffering, to sound health and long life, that whoever uses these remedies, and becomes familiar with the R. R. R. Theory, will never need a physician, unless it is in some critical surgical case. The R. R. R. Remedies will never fail—they prove themselves in the worst cases in less than *twenty-four hours.*

They invigorate, they renovate, they regulate, they relieve the suffering, pain-stricken invalid from the most torturing pains *in a few minutes.*

They restore the sick and diseased body *to health and longevity.*

To the low spirited and nervous they impart joyfulness, vigor, and a happy flow of spirits.

To the aged and infirm, whose constitutions are worn out by dissipation and limbs palsied and enfeebled, they impart the elasticity and buoyancy of manhood in its prime.

To the young, who, between the period of youth and manhood, outgrow their natural strength, who are afflicted with languor, lassitude, loss of appetite, gloomy feelings, &c., they impart to the recuperative organs a healthy regularity of action.

To the thoughtless seeker and victim of animal passions, who has *wasted* away his strength in folly and revelry, they check the *waste of manhood*, and restore every organ to a sound and natural condition.

To all who suffer pain, to all afflicted with disease, the R. R. R. REMEDIES will quickly and effectually free the sufferer from misery, and render the most wretched capable of enjoying sound health and long life.

R. R. R.
REMEDIES.

The R. R. R. Theory requires only three remedies for the cure of the sick, and the protection of the human system against sudden attacks of violent diseases.

No. 1.—RADWAY'S READY RELIEF.—*For the instant Relief of Pain, and quick cure of Acute Maladies.*

No. 2.—RADWAY'S RENOVATING RESOLVENT.—*For the effectual cure of all Chronic and Scrofulous Diseases that have been lingering in the System, corrupting the Human Body, for Five, Ten, Twenty, or Forty Years.*

No. 3.—RADWAY'S REGULATORS.—*For restoring and regulating to a healthy and harmonious action all the Organs in the System. A mild and effectual earthartic.*

R. R. R.—No. 1—RADWAY'S READY RELIEF is for the instant relief of the sufferer from pain, and to check and arrest the progress of diseases; to disinfect animal, malarious, and infectious poisons, thus protecting whoever uses it against all poisonous Infection, from Contagion, and from sudden attacks of Cholera, Pneumonia, Ship Fever, Fever and Ague, &c. Likewise for the effectual and radical removal of all pains and diseases of the Joints, Limbs, Nerves, &c., in from five to fifteen minutes.

RADWAY'S READY RELIEF will stop the most distressing and violent pains, either internal or external—Nervous, Neuralgic, Bilious, or Rheumatic.

A FIXTURE IN THE FAMILY.—Every family should keep a supply of RADWAY'S READY RELIEF in their houses—it is useful in so many ailments—it is always beneficial; he guarantees it is a sure cure for Cholera, if taken in its first symptoms, if used when violent epidemics prevail, it will save life.

R. R. R.—No. 2.—RADWAY'S RENOVATING RESOLVENT.—We have said that for all chronic complaints, we recommend our RESOLVENT. The RESOLVENT resolves away all diseased deposits that have been lingering in the system for TEN, TWENTY, or FORTY YEARS.

Every person who has been troubled with any complaint for years, will require the RESOLVENT to ensure a perfect cure. The action of the RESOLVENT is directed first to the absorbents, stimulating them into action; and, second to the blood, which it separates by its alterative action over the glands the liver, pancreas, kidneys, &c., (which are the sewers that nature has established for purifying the blood). You will, after this description, we hope, appreciate the same we have given to the second of the R. R. R. REMEDIES OF RENOVATING RESOLVENT. It resolves away diseased deposits; it purifies the blood, and renovates the system. Tumors are removed and discussed by its operation; Chronic Swellings are dissipated; Nodes are softened and melted away. The most loathsome Skin diseases disappear under its action; Scrofulous constitutions are soon amended, and the disease checked whenever it has attacked the system. Syphilis, with all its horrible train of consuitants, here find a certain and infallible cure; and Consumption, too, often finds its master. For Chronic Dyspepsia, RADWAY'S RENOVATING RESOLVENT is not only an effectual, but quick cure.

BRONCHITIS.—We know of no remedy, nor of any treatment that will so quickly and effectually cure Bronchitis as the RESOLVENT. It is in all old Chronic cases where RADWAY'S RENOVATING RESOLVENT will be most appreciated.

Its Procreative Power.—Married persons, who are not blessed with offspring, if the difficulty arises from imperfect organs and incompetency, will find the R. R. Resolvent of great benefit.

DYSPEPSIA, WATER BRASH.—This distressing disorder is generally the result of a low grade of Chronic inflammation of the Stomach. The patient, who generally feels well enough when the stomach is empty, is afflicted with the most distressing symptoms on taking food. Water Brash eructations, with burning sensation, heart burn, pain at pit of stomach, &c. This disease is generally accompanied with costive bowels.

TREATMENT.—Resolvent three times per day after meals, dessert spoonful. One Regulator on going to bed at night, to keep the bowels open and regular. When the Heart Burn is very distressing, a dose of the Relief taken in water will promptly relieve it.

The public may rely upon an effectual cure of the following diseases by using the Renovating Resolvent:—

Chronic Rheumatism,	*Tumors, Ulcers,*
Scrofula,	*Skin Diseases,*
Glandular Swellings,	*Hip Disease,*
Hacking dry Cough,	*Female Complaints,*
Cancerous Affections,	*Gout,*
Syphilitic Complaints,	*Rickets,*
Bleeding of the Lungs,	*Salt Rheum,*
Dyspepsia, Water Brash,	*Bronchitis,*
Tic Doloreux,	*Consumption,*
White Swellings,	*Liver Complaint.*

R. R. R.—No. 3.—RADWAY'S REGULATORS.—THE THIRD GREAT MEDICAL DISCOVERY OF RADWAY & CO.—One Regulator is sufficient to regulate the Bowels, Liver, and Pancreas to a healthy and harmonious discharge of their functions.

Two will insure a pleasant discharge from the bowels at a regular period of time every day.

Four to six will purge thoroughly all corrupt and acrimonious humors from the alimentary canal.

IMPORTANT TO PILL TAKERS.—Every one who is in the habit of taking pills will find RADWAY'S REGULATORS the most pleasant, safe, effectual regulator of the Bowels, Liver, Pancreas, and the most CERTAIN PURIFIER OF THE BLOOD in use.

One of RADWAY'S REGULATORS is superior in point of medical strength and efficacy, to six of the most popular and best approved Cathartic Pills.

All Purgative or Cathartic Pills are made from the crude materials of their composition: the inert and active principles are combined together, and the pills are made up of this common mass, so that out of six pills the patient has to swallow, all the really and truly medical virtues of the same would not make more than two pills. Every chemist well knows that out of the crude materials of drugs, roots, herbs, barks, plants, &c., there is only a yield of one tenth of medical virtue. We seriously believe that more deaths are caused by overloading the system with useless physic than from disease. No more medicine should be given to a patient than what is necessary to produce the desired effect, and to overload the system with useless drugs is not only checking the action of active virtues, but is inflicting serious labour upon the already shattered constitution.

R. R. R. Remedies are based upon this principle—there is as much difference, in point of strength and efficacy, between *Radway's Regulators* and all other Cathartic Pills, as there is between quinine and common bark, or morphine and opium.

RADWAY'S REGULATORS, therefore, are the best pills for the sick to take, one being sufficient in all ordinary difficulties, and two possessing a greater and better power than any six of the most approved pills known.

RADWAY'S REGULATORS are a certain cure for Costiveness, Indigestion, Liver Complaint, Kidney Complaint, Jaundice, Head Aches, Nervousness, Melancholy, Diseases of the Bladder. FEMALE DIFFICULTIES.—Leucorrhœa, Fleur Albus, Whites, and Irregularities of all kinds. BILIOUS DISEASES.—Bile on the Stomach, Bilious Colic, Enlargement of the Spleen, and all Chronic Affections of the Liver and Kidneys.

RADWAY'S REGULATORS are most carefully prepared from extracts and gums of trees, plants, roots, and herbs. There are no pills in use that will act upon the Liver, Pancreas, Bowels, the Salivary Glands and Nerves, so pleasantly and so effectually as the R. R. REGULATORS. No pills can be taken for any length of time with the same safety to the constitution; for, instead of debilitating the system by powerful and drastic purging, they act pleasantly upon the bowels, and impart strength to every nerve and tissue of the body.

One of the REGULATORS, taken on going to bed, will insure a regular and healthy discharge from the bowels in the morning. In cases where eight or ten of the common pills are used for free evacuations, two or three of the REGULATORS are sufficient.

NO CALOMEL

or other poisonous drug enters their composition—they are entirely vegetable. They are pleasant to take, elegantly coated with a medicinal gum, are perfectly tasteless, and free from smell. No person will feel any disagreeable symptoms from taking a dose of REGULATORS.

CAUTION.

There is a counterfeit Ready Relief in the market; the labels are very similiar to the labels on the genuine. Purchase only of authorized agents, and inquire of the person you purchase from if they know it to be genuine. If you do not find relief from pain in fifteen minutes, send us the label of the bottle you purchase, and inform us from whom you purchased.
