THE LEGAL GRIST.

Action Against the Belt Line Co.—Re Broker Brown—Assigned to His Sweetheart—Breach of Promise.

In the action of Gardner Boyd against the Belt Line Railway Company, Mr. Winchester yesterday made an order for the examination de bene esse of Engineer P. L. Innes. The plaintiff employed Innes to go into the matters in dispute and prepare to give expert evidence at the trial. This Innes did, but is now about to leave Toronto and going to the Southern States, where he will be for some months, and the trial will take place during his absence.

In the action of the Union Loan and Savings Company against the Standard Bank Chief Justice Galt yesterday made an order on the consent of parties continuing the injunction to the trial. The injunction restrains the bank from transferring or dealing with certain shares of the plaintiff company transferred to it by Broker Brown.

In the action of Kreh v. Moses, tried before the Chancellor at the Stratford Chancery Sittings, judgment was handed out yesterday dismissing the action without costs. The plaintiff was engaged to a young man who had his life insured and had assigned the policy to his sweetheart. After his death letters of administration were taken out and the insurance money paid to the administrator, without the knowledge of the plaintiff. He had paid out about half the money in satisfaction of liabilities of the estates when the plaintiff sued to recover the amount of the insurance. The Chancellor holds that the assignment was insufficient.

In the action of Mrs. Mearns of Windsor against the Ancient Order of United Workmen, Mr. Justice Ferguson delivered judgment dismissing the application to have it declared that the plaintiff was entitled to share in the insurance on the life of her husband. Mearns joined the order after his first marriage and had the policy made payable to his legal heirs. His first wife died leaving two children and Mearns married again. The second wife claims she is entitled to a share of the insurance money, but His Lordship says it should be paid to the children

Mr. Justice Ferguson also delivered judgment on the application in Jennings and the City of London to quash a Shop Liquor License Bylaw of the city of London, dismissing the motion and confirming the bylaw.

Anne Jane Nixon has brought an action against James Brimsiln of this city to recover $5000 damages for breach of promise of marriage.

Margaret Gloyns is suing the trustees of the Roman Catholic schools of Toronto for damages for injuries received by her in November last through the alleged defective condition of the premises at the corner of Duke and George-streets and for $360 arrears of wages.

Charles Herbert Collins has issued a writ against Bernard Travers of Paris claiming $10,000 damages for assault, false imprisonment and malicious prosecution.

Mason & Thompson want $500 damages from the Toronto Railway for injury to their hack and horses caused by the alleged negligent driving of the defendant's servant.

The Noble Ward.

St. John's Ward Reform Association held a meeting in the Reform Club rooms, Adelaide-street east, last evening, the president, Mr. P. Jamieson, in the chair. Owing to the small number of members present the only business transacted was the appointing of delegates to the convention.

St. George's Ward.

The Reform Association of St. George's Ward held a meeting last night in Power Hall, King and Spadina-avenue, the president, Mr. W. B. McMurrich, in the chair. There was not much business transacted, nearly the whole of the evening being taken up with the appointment of delegates to attend the convention.

TORONTO'S POOR.

How They are Looked After at the House of Industry.

Mr. Samuel Alcorn presided at the monthly meeting of the Board of Managers of the House of Industry yesterday. These members were present: Rev. A. H. Baldwin, Rev. A. Gilray, Dr. Johnston, Rev. John Gillespie, Ald. Saunders and Messrs. A. Macmurchy, James Scott, Charles Burns, John Bailie, T. H. Ince and Beverley Jones.

The superintendent's report, which was adopted, showed that 65 new families had been assisted during the last month, including 163 children. There are at present 102 inmates, of whom 10 have been admitted during the month. Twelve inmates have left the institution and there was one death. Up to April 1 50 gallons of soup were supplied daily from the soup kitchen in connection with the institution.

The treasurer reported that the bank account was overdrawn to the extent of $3921. The Casual Ward Committee reported that 328 casuals had been given shelter, staying from one to ten nights each, 2259 nights' lodging being provided in all.

The board's annual meeting will be held at the House of Industry on April 29.

About Bread and Jail Supplies.

The proposed change in the bread bylaw was discussed yesterday by the Markets and License Committee. The changes recommended by Inspector Ayde are, That all bread be weighed when sold to the consumer and that the 1½ lb loaf be done away with.

Mr. Tait appeared for the bakers and at his request the matter will be considered at the next meeting of the committee.

Tenders for jail supplies were awarded for clothing to Eastwood & Sons; milk, Chapman, Symons & Co. at 5c. per quart; beef, to Cheesman & Sons at $3.90 per cwt; groceries to J. Lumbers and bread to G. Heath.

Ald. Maloney suggested that the new abattoir be built in the grounds bought from the Government. The matter was left over until next meeting.

For Twenty Years.

Mr. William Howes, civil engineer, 63 Red Lion-street, High Holborn, W.C., London, England, was afflicted with rheumatism for twenty years. Sometimes his hands swelled to twice their natural size, his joints were so stiff he could not walk, and his feet so sore he could not bear any weight on them. Nothing relieved him till he applied St. Jacobs Oil. The result was marvelous. Before having used the contents of the second bottle all pain left him, and he is now in perfect health.

The Lawyer and the Doctor.

Barrister Greer is not yet satisfied with the manner in which his clients have been treated by the council. He considers there is too much of the trimming business being introduced.

Mr. Greer has written the Medical Health Officer to the effect that he will hold him personally responsible if any more patients are placed in the Isolation Hospital.

Dr. Allen claims he is not responsible, as it is not by his orders the law is being broken.

Gossip From Chicago.

Swartz, Dupee & Co. to John J. Dixon & Co.: Wheat was all day a little under Monday's close, finally wound up about 1c under. A feature for the day was the dropping of July to a discount, due largely to the abandonment of "straddles" by people who had been playing for the other thing. May opened at 89⅝c, sold between 91⅝c and 89½c and closed at 89⅝c. The decrease on passage made the best prices for the day. Cables, with single exception for Berlin, were lower. It proved that the newspaper reports of cold weather abroad had been exaggerations. The weather on this side was cool and backward, but the damage reports did not seem to result. It continues to be the fact that the cash business at this market is very inadequate. With lake freights at 1½c and almost a score of boats clamoring for freight, charters were very small.

Kennett, Hopkins & Co. to R. Cochran: Early cables indicated no fear of crop damage abroad, and as predicted yesterday the bulge here was short lived. The bearish feeling was intensified by an estimate from Dornbausch that European requirements up to Sept. 1 will not exceed 65,000,000 bushels in consequence of present liberal supplies and large amount en route. This estimate is doubtless under the facts, but coming from so high a source it had considerable influence. Shipping houses were active bidders for May to-day and one time advanced the premium to ½c over July. It is hardly probable that a successful squeeze in May can be made with stocks so large in the Northwest, but shorts have been scared out and transferred deals to July. May corn has been advanced sharply on the short interest and may be carried still higher, as the clique seems to have the deal well in hand. Outside markets do not show much tendency to follow ours. The shipping demand is not particularly good and foreign demand is easier. Provisions—Liquidation of longs on stop orders has been the feature to-day. A large business was done for a prominent local trader.

Gulf From Gotham.

Henry Allen & Co., New York, to John J. Dixon & Co.: Violent attacks have been made upon the whole list of stock securities to-day, especially upon coal stocks, and result is Reading is down and other and active stocks are off somewhat. As a matter of Wall-street rumor, these stocks have gone down on London sales. As a matter of fact they have declined on bear raids and short sales. It is easy enough always to smash quotations temporarily if only enough short stocks are put out, but to ram prices down and to keep them down are quite different things. The general market still seems to be a purchase on reactions, and it is likely that the depression of to-day if continued to-morrow will offer exceptional opportunities to buy cheap stocks.
