MARKETS AND EXCHANGES

Grain Markets Continue More Than Ordinarily Lifeless—Considerable Speculation in Stocks.

THURSDAY, June 26.

The tone of the stock market to-day was again strong, and while business was quiet it was more active than yesterday. The trading was confined to bank and loan stocks, miscellaneous being entirely neglected. Freehold new stock was the feature, and 220 shares were placed at 136. A small lot of Lon. & Can. changed hands at 138½. Canada Landed Credit was stronger with ½ point increase in the bids. In bank stocks, the lots which were placed were small. Montreal was ½ stronger, Ontario ⅛ higher, Merchants' increased 1 point; Commerce sagged off ⅝ to 127¾ asked and 127½ bid. The tone of the market continued strong after recess and values were maintained and in some instances advanced. There was trading in Ontario and Commerce, two lots of the former being cleared at 117½ and 117¾. There was considerable trading in Manitoba Loan.

The Street Market.

Arrivals of grain continue fair for this season of the year.

WHEAT—About 200 bushels marketed. White wheat sold at $1, red 98c, spring 95c, goose 75c.

BARLEY—100 bushels sold at 49c to 51c.

PEAS—100 bushels brought 59c to 61c.

OATS—Steady and higher, 500 bushels brought 43c to 44c.

HAY—About 20 loads offered and sold at $11 to $15 for timothy and $7.50 to $8.50 for clover and mixed.

STRAW—Steady at $7 to $8.

St. Lawrence Market.

Attendance to-day was limited and prices showed no change from yesterday's quotations. Butter and eggs maintained their firmness.

Local Grain and Produce.

FLOUR—The market has continued very dull and easy, and no improvement is looked for in the immediate future. Millers still ask $4.50 for straight rollers and $4.20 for extras.

GRAIN—There has been no improvement in the local grain market, business having continued quiet, and in the absence of any transactions prices of wheat and peas are nominally unchanged. Foreign advices to-day report wheat quiet and steady in Liverpool with poor demand, while United States markets were ½c lower for July, and ⅜c higher for August and September. There is little doing locally in oats, but prices are steady at 41c for mixed on track, 38c outside.

LOCAL PROVISIONS—The demand for hams and bacon, and in fact for all descriptions of smoked meats, has continued good, and the market rules active, with a brisk business doing at firm prices. Hams are quoted at 11¾c to 12½c, and bacon is unchanged.

PRODUCE—The egg and butter markets continue unchanged and steady, with receipts only fairly large.

The Fruit Market.

The strawberry receipts yesterday were quite heavy and there was an active demand. The general range of prices was from 6½c to 7c per box. The quality was excellent and holders were in no hurry to dispose of their stock.

The supply of cherries was not large. A few boxes sold readily at an average price of $1.10. The quality was not of the best and dealers rushed their supplies off as rapidly as possible.

There is still a good demand for tomatoes, but the supply was limited.

The sale of gooseberries continues small. The prices range from 75c to $1 per basket.

Another carload of melons arrived yesterday and went off rapidly at from 40c to 45c.

Foreign Grain Markets.

NOTICE

WEIGHTS AND MEASURES

Traders, Manufacturers and Owners of Weights, Measures and Weighing Machines generally are specially requested to read carefully the following instructions and act accordingly:

1. The Weights and Measures Act provides for a regular biennial inspection of all Weights and Measures used for trade purposes, as well as for irregular inspections of the same, which may be made at any time when deemed necessary by the inspector, and it also imposes a heavy penalty on any trader or other person who wilfully obstructs or impedes an inspector or assistant inspector in the performance of his duty under said Act, or who refuses to produce the whole of his weights and measures for inspection when called upon to do so by an inspecting officer.

2. Every Trader, Manufacturer and Owner of Weights, Measures and Weighing Machines when paying moneys to Inspectors or Assistant Inspectors of Weights and Measures for verification fees is entitled to, and is specially requested to, demand from the officer who makes the inspection an official certificate ("Form O. 6" with the words "Original for the Trader" printed at the head thereof) properly filled out and stamped, and also at the same time to carefully ascertain whether or not the stamps attached to such certificate represent exactly the value the amount of cash paid. Traders are requested to bear in mind that certificates of verification are of no value whatever unless stamps covering the full amount of fees charged are attached.

3. Owners and holders of these official certificates are specially requested to keep them carefully for two years, and in order to secure their safe keeping it would be advisable to placard them in their places of business in the manner in which ordinary license certificates are done, for it must be distinctly understood that all traders who are unable to produce their properly stamped certificates when asked to do so by an inspector or assistant inspector may, in all probability, have to pay over again their verification fees.

E. MIALL, Commissioner.

TENDERS.

O. Strong, Esq., Resident Engineer, 30 Union-street, Kingston, Ont.

Tenders will not be considered unless made on the form supplied and signed with the actual signatures of tenderers.

An accepted bank check payable to the order of the Minister of Public Works, equal to five per cent of amount of tender, must accompany each tender. This check will be forfeited if the party decline the contract, or fail to complete the work contracted for, and will be returned in case of non-acceptance of tender.
