"My little girl, 5 years old, has had bronchial trouble ever since she had the "flu" a few years ago, and now whenever she gets a slight co'd she develops a very nasty cough, but all I have to do is to give her a few doses of Dr. Wood's Norway Pine Syrup.

"Also for myself and the other children I can find nothing to equal it. In fact, it was only a short time ago that I gave it to my 10-months old baby, and could immediately see the difference it made in her. Certainly he ranks as one of the great war presidents of the American republic, and he exercised such an influence in world affairs as never before attached to his office.

Empires crumbled, thrones collapsed, the map of the world was made over, and under his administration the country abandoned its policy of isolation and became an active participant in world affairs. In all of that he took a powerful hand. No biographer could attempt to assess him accurately, and in full, until the processes which began in his day and with his participation have come to a conclusion.

An obscure lawyer, by nature a man of letters, he became an educator and won his first attention from the public as president of the Princeton University. Then by the strange ways of a political system he became governor of New Jersey, and later, because the voters of the Republican party were divided be-tween Theodore Roosevelt and Wil-liam H. Taft, he became president of

the United States.

During his eight years of power he travelled the gamut of human emotions—victory, defeat, courtship and marriage, responsibility for leading a nation into war with the collateral responsibility of bringing it back again to the ways of peace; and finally a daily struggle with

Premier Sends Sympathy Note

Canadian Press Despatch. Ottawa, Feb. 3.—Premier Mac kenzie King sent the following message of consolation to Mrs. Woodrow Wilson, wife of ex-President Wilson:

'My colleagues in the government of Canada join with me in extending to you an expression of very sincere sympathy in your be-reavement. They were married in 1885 and had three daughters, Margaret, the eld-est, who did not marry; Jessie, who became the wife of Francis Bowes Sayre; and Eleanor, who became the father's administration, and later a presidential aspirant.

Mr. Wilson once said that as young lawyer he wore out the rug in his office walking around the desk waiting for clients, so he abandoned a legal career and went to Johns Hopkins University at Baltimore for a post graduate course in letters. Governor Wilson's nomination for he presidency at the Democratic onvention of 1912, in Baltimore, was one of the dramatic spectacles of American political history. It was a battle royal which brought him victory after more than 40 ballots.
