### REQUITAL WON THE FUTURITY.

**Crescendo Was Second and Silver II Third—Favorites Also Ran.**

The greatest of all Futurities was run at Sheepshead Bay on Saturday. Owing to the new pool law, there was little early betting done. Handspring ruled the favorite throughout. He opened at 2 to 1 and closed at 9 to 5. Hastings was second in demand. Byron McClelland and the Saratoga contingent bet on Requital. The shrewdest trainers, who saw the final work of the candidates, bet on Requital, but there were no sensational wagers. It was a beautiful start. The favorites were never in the race.

Entering the stretch, out of the bunch flashed Silver II. and Handspring. The latter swerved into the rail, and Simms quit riding. Requital went on smoothly and won an easy race by a length and a half from Crescendo, who was five lengths in front of Silver II., who beat Handspring two lengths. Griffin rode five winners, and five of the six were Saratoga campaigners. About 25,000 were present. Summaries:

**The Race at Trenton.**

The 150 yards' dash arranged between George Mayhew of Trenton and C. Crew of East Toronto for $100 a side was run on Saturday afternoon at 4 o'clock on the Trenton Park track, and resulted in a win for the Toronto men. The two men started with nearly equal backing. When the pistol was fired Mayhew was the first to get away, and led his man for half the distance. When 125 yards had been covered Crew closed up the gap, and forging ahead, breasted the tape about four feet ahead. Mayhew, who had made a game run, took the result in manly fashion. The time was about 15 1-2 seconds. T. Humphrey of Toronto refereed the race.

## THE WANDERERS' RACES.

### AMERICAN CRACKS WIN AND LOSE AT THE ISLAND.

**McKellar and Wills Win the Class A Events—Callahan Captures Two First B's—Marshall Wells Scores a Victory—McCarthy and McIntosh in Front on the Tandem—Spills in the Evening.**

The jolly Wanderers made their big L.A.W. diamond races a success notwithstanding the rain and threatening weather, but this they could not stave off. The 2500 present at the Island track Saturday afternoon were well repaid by witnessing twenty-one well-contested events. The feature was the rapidity with which the officials sent off the riders. Nineteen races were ridden between 2.30 and 5 o'clock, and then the rain came down, and after a short wait the tandem and handicap were contested. The big cracks from across the line were here in force. Gardiner only rode in one heat, which he won, and Coulter simply took a quarter spin to show himself. Pinkey Bliss was not in first-class form. McKellar of the Wanderers beat out Williams of Erie in the class A open quarter final amidst tumultuous applause. This victory was second only to that of Marshall Wells in the class B half-mile handicap final, in which Alf. Young finished second. The open mile class B resulted in Callahan of Buffalo beating out Maddox by a wheel, with Cooper third. Wills secured his only vicotry of the day in the mile open, beating McKellar and Blayney in the final, the former being disqualified. The mile B handicap went to Callahan, with McLeod of Sarnia second. This was the Sarnia flyer's best place, and his class A clubmate was even less successful. McIntosh and McCarthy scored a great and easy victory on their Hyslop tandem over the two big teams from over the line. The only spill of the afternoon was in the first final, when Ramsay of the Erie Wanderers hit Wills' wheel and rolled to the grass from the top of the north bank. It was different in the evening, when the track could not dry out. In the first heat seven men went down. Tulloch of the Wanderers got the worst tumble, but Dr. Geo. Badgerow, who examined him, found no bones broken. The class B men also got a bad spill, which was caused by Callahan fouling Maddox, so the latter averred, although many thought differently. The field of seven all went down except Gibbons and Alf Young. Maddox remounted, after losing a lap and finished. The weather made the contests somewhat uninteresting, although 600 were present. M. Shabel, the long-distance French champion, gave exhibitions with his hands off the bars, doing the quarter in the afternoon in 34 2-5 secs. and in the evening in 37 secs. To-day the L.A.W. circuit shifts to Brantford. Afternoon summaries:

When the riders were coming down the home stretch on the fifth lap they were bunched, and there was a collision apparently between Callahan and Maddox owing to the slippery condition of the track. An awful spill followed, Callahan, Maddox, Barnett, McCarthy and McIntosh being sadly mixed up in the shuffle. The riders were scratched in the finish, the chain broken, that of McIntosh being ruined. Maddox got clear of the debris and resumed his way in the race, a lap behind Young and Gibbons, who were making a hot fight for first place. Maddox made a plucky effort to catch up, but the local men had too big a lead.

This was the best race of the evening, Gardiner winning in an exciting finish by inches. Gordon came down the stretch like a cyclone, and made a big bid for the first place.

An extra event, not on the regular program, was a match race for the half-mile mascot championship of Toronto and a watermelon, the competitors being Snowball of the W.B.C. and 'Rastus of the Hyslop team. They won a heat each.

## ELMS IN THE YORK DISTRICT.

**They Defeat the Toronto Junction Twelve and Thereby Secure the Championship.**

The deciding game for the York District championship was played at the Junction on Saturday between the Elms of Toronto and Toronto Junction lacrosse teams, which resulted in favor of the Elms by 4 goals to 2, and thereby giving them the championship. The game lasted the full limit of two hours. Cornett of the Elms scored the first game, T. Wilkinson the second and Belfry the fourth and sixth, the Junction scoring the third and fifth. For the Elm Angus, in goal, made some beautiful stops. McIlroy, Poole and Neal, on the defence, played a grand game. Cornett was the star of the day on the home, dodging no less than three Junction players when he scored his game. Soules, by his swift shooting and hard checking, was a terror to the Junction defence. Wilkinson, another Joe Irving, put up a grand game. His dodging and swift passing was a treat to the spectators. Deslauriers, on account of a sprained ankle, could not play his usual game, but hopes to be all rigor for the finals. Belfry, at inside home, played finely, scoring two of the games. H. Corr played one of the best games of the day on defence For the Junction, Jackson, Maxwell, Simpson and Hall played well. The teams:

**Royal Toronto Sailing Skiff Club.**

A very successful race, under the auspices of the R.T.S.S.C., for the 18 and 20-foot classes, was sailed over the usual club course Saturday for the Sir C. H. Tupper Cup for 20-foot class, and the World Cup, for 18-foot class. The Myra and Bessie were the only starters in the first-class, and they were very evenly matched. The Myra crossed the line first, which she held until last round. The wind was very peculiar, shifting from all quarters, and the heavy rain during the race made it very uncomfortable for all. In the 18-foot class there were six entries, but only two starters, Clipper and Ethel. The Clipper was first across. After the first round the Ethel gained, and the Clipper dropped out on the last round on running to the S.E. buoy. The wind dropped for a few minutes; then a heavy squall from the northeast came up, and the boats moved along at a lively pace, the Myra and Ethel rounding the buoy together. The Myra made a stretch down and the Ethel up. The Ethel crossed the line first, and Myra after, although they were in separate classes. The boats were all handled in excellent style. The Bessie will hold the cup for another year. Molly arrived home from Wilson, after an enjoyable trip, and Dido from Thousand Islands.

**Answers to Challenges.**

Duncan French, 11 Wood-street, writes: In reply to Mr. Hernon's challenge, I wish to state if he throws out the first four events on the program I will go him or any one else he would shot-putters at the other five events for any prize they like to name."

Thomas Coffey writes: "I notice Mr. George Jones' challenge in your paper. In reply to same, I am willing to post money with B. Thornton of the Grand Union, provided the course should be Atherly, Muly Point and McPee's switch. P. W. Finn, one of our foremost wheelmen, will trail in the wake of the contestants, to see that the ground is properly covered."

Bud Irish, Orillia, writes: "I am willing to place $25 in Mr. B. Thornton's hands, providing Coffey and Jones put up an equal amount, the course to be Atherly Muly Point, returning by McPee's switch, winner to take the $75. Patrick William Finn and Thomas Thornton, two of our local flyers, have signified their willingness to follow the party and see that the ground is properly covered. If Mr. Jones means business, let him put up his money and save his wind for the race."

**Cricket Slips.**
