CHARLES HUNT WILL LOSE AN EYE HIS FACE IS RIDDLED WITH SHOT

Charles Jolley, Who Handled the Weapon, Expresses Regret—Had No Intention of Doing Bodily Harm—Liberal Club Opened By Prominent Men.

TO-DAY IN HAMILTON.

Spring Assizes, 10 a.m.
Erskine Church Sunday school anniversary, 3 p.m.
Board of Works, 3 p.m.
Bijou Burlesquers at the Star Theatre, 8.15 p.m.

New Liberal Club.

The Liberal Club in the Arcade, North James-street, is now fully launched. The formal opening took place to-night in the presence of 600 or 700 Liberals. T. McDonald, president of the club, was chairman. Speeches were delivered by Hon. J. M. Gibson, Hon. J. R. Stratton, Andrew Pattullo, M.L.A., and A. F. Pirce. They talked about everything but prohibition and the referendum. On that they were dumb. Messrs. McClemont and Wardrope and Messrs. O'Reilly and Evans, all lawyers, moved resolutions of confidence in the two governments, and the audience approved. During the evening, by way of entertainment, the Select Orchestra played, and Miss L. Findlay, J. Wilmot and the V.Y.C. Quartet sang.

Miss Wilson, general secretary, delivered an address to the members of the Local Council of Women at the quarterly meeting this afternoon.

The Spring Assizes.

Judge MacMahon opened the Spring Assizes this afternoon. F. H. Lamb was chosen foreman of the grand jury. As there was no criminal case on the docket, the jury's duties were merely nominal.

The case of DeCue v. Wabash Railroad Company was traversed to the next assizes, and it was announced that the case of Winfield v. Radial Railroad Company was settled out of court.

The first case tried was the action of Alfred Morris and Cyrus Stewart, Barton, against the city for $500 damages for injury to their farm by flooding during the freshet of a year ago, when the mountain drain acted up.

After the evidence for the plaintiffs was in, the City Solicitor moved for a non-suit, but the judge would not allow it. Court was adjourned till to-morrow morning, when the witnesses for the defence will testify.

House of Refuge.

The House of Refuge Committee met to-night and considered two applications for admittance. One was for Mrs. Mary Fink, formerly of Bartonville, but who has been living in this city for three years. It was announced the Township of Barton had refused to pay for her keep. The relief officer was instructed to send her back to Bartonville. She is over 80 years of age.

Will Lose an Eye.

So far there has been no criminal prosecution in connection with the shooting affray which took place early Sunday morning on the Jolley Cut. Charles Hunt, one of the two young men who were shot, is in the General Hospital. His left eye is destroyed, and it will be removed to-morrow. Hunt's face was riddled with shot. Alfred Taylor, the other man, was shot in the rear, and suffers only when seated. The pair were scuffling, it is said, when Mr. Charles Jolley fired.

When seen this morning Mr. Jolley appeared to be greatly upset over the shooting. He made no effort, however, to conceal the truth, but expressed regret that the young men had been injured, claiming that he had no intention of shooting them. He complained of having been annoyed for some time past by drunken men who congregate in the vicinity of his residence.

Hamilton Delegates.

The following Hamiltonians are delegates to the annual meeting of the Canadian Order of Chosen Friends, which opens in Toronto to-morrow morning: J M Dingwall, A W Heath, Neil Taylor, Thomas Towers, C Leubke, Peter Armstrong, Lyman Lee, James Weir, George Denison, John Emery, J E Wing, G W Smith, James Dixon, W F Miller, Grand Representative; A Woolverton, Grand Medical Examiner; W F Campbell, Grand Organizer; W F Montague, Grand Recorder.

Clark is a Corker.

Hamilton is to lose another member of the police force, and in a similar way that the last one was lost. This morning Acting Chief Prentice received a message from Galt, from Constable William Clark, stating that he had been appointed Chief of Police of that place. Clark has been connected with the local force for ten years, and was one of the best all around men on it. Galt's gain is certainly this city's loss.

Police Points.

Ezekiel Morton, a colored man, was committed for trial this morning by Magistrate Jelfs on a charge of attempted incest. His 16-year-old daughter Mary Morton, was the complainant.

James Phillips, who has one foot in the grave, was fined $2 for assaulting Louis Vozier, an Italian organ-grinder. Phillips kicked him with his peg leg.

Some Small Paragraphs.

Louis W. Bessey and Miss Amy Wenneheimer were married by Rev. X. J. Atkins.

10c. Cigars 4 for 25c. at Noble's. 24

Invitations are out for the wedding of Herbert S. Brennen of the Brennen Lumber Company, this city, and Miss Eunice Scott, Lowther-avenue, Toronto. It will take place on Wednesday next.

Fire did $4000 damage to the Freeman fertilizing works, Wentworth-street, at 2 o'clock this morning.

HORSEWHIPPED A MAYOR.

Protege of Carrie Nation Creates a Scene in Topeka.

Topeka, Kan., March 24. — Miss Blanche Boise, a protege of Mrs. Nation, horsewhipped Mayor Parker in his office at the city building to-day. Three times she slashed the Mayor, and then he sprang at her, tore the rawhide out of her hand and pushed her into the hall. Before beginning her horse-whipping, Miss Boise gave the Mayor a severe scolding and accused him of being responsible for the fact that the "joints" are running openly in Topeka.

When seen by reporters after the affair Mayor Parker refused to discuss it. The woman who whipped him talked freely. She said:

"I was in sympathy with Mrs. Nation, but did not take part in her raids. I have come to the conclusion that the only way to make public officers enforce the temperance laws is to horsewhip them. I have an organization behind me, and we have whips for Governor Stanley and Judge Hazen. I will wait and see how this dose acts on Mayor Parker before I repeat it. I think it is a good plan."

Lifebuoy Soap—disinfectant—is strongly recommended by the medical profession as a safeguard against infectious diseases. 22

COMMONS PLEASED WITH SEATS.

Will Meet in Lower House at 8 o'Clock for Roll Call.

London, March 24.—Members of the House of Commons are quite delighted with the excellent seats to be allotted to them in Westminster Abbey for the coronation, as they will see everything as well as the peers.

They are to foregather in the Lower House at 8 o'clock in the morning, and, according to precedent, shortly afterward, the Speaker will call out the various counties, the members proceeding to the Abbey to take the seats allotted to them and their wives, meeting them there.

It is not expected that the King and Queen will arrive at the Abbey before 11.30 o'clock. The King does not wish the religious service to last more than one hour and forty-five minutes, but, after all, that rests with the Archbishop of Canterbury, who has the arranging of the service more or less in his own hands.

The coronation service is bound to be a very lengthy affair, but that it will be curtailed is evident.

It is rather strange that the man who has the arranging of all the ceremonies in the Abbey, the Duke of Norfolk, is himself a very keen Roman Catholic.

The King's oath is not at all to the liking of the Church of Rome. In fact, it is dead against it.

Nothing to Fear.

The biggest men and the smallest women join in a common fear of tooth extraction. We tell them that we can extract the tooth without pain, and they come in for the operation 'twixt doubt and hope. Once applied, our method of painless extraction makes both a friend and an advertisement of the patient. It is so simple, quick, easy and painless that the fear and dread seem foolishly out of proportion. Ask some who have tried.

We charge only 25c for each tooth extracted by our painless method. Others—less successful—ask 50c. Remember that.

NEW YORK REAL PAINLESS DENTISTS
Cor. Yonge and Adelaide Streets,
ENTRANCE: No. 1 ADELAIDE EAST.
DR. C. F. KNIGHT, Prop. TORONTO

Great Mistake

Many women are "down" on washing powders. They tried some, were dissatisfied, and claim that all powders are poor. This is wrong. PEARLINE is not like other powders. Test it for washing. Compare the soap paste made from PEARLINE with that made from any other soap powder or washing powder. 672

ASK A FRIEND

MONSOON

Dear Mrs. B.—In reply to your inquiry as to which is the best tea to use, I would say that in my opinion it rests between the Blue Ribbon and Monsoon Packet Teas. If you like rich, strong tea, the Blue Ribbon is undoubtedly the best, but should your taste be for a delicate and very flavory tea, then Monsoon is preferable. Personally I drink Blue Ribbon for breakfast and Monsoon at 5 o'clock, but then you know I am a perfect crank about tea.

Yours sincerely, SARAH GRUNDY.

COUNCIL AT LOGGERHEADS

Continued From Page 1.

honor bound to give these contracts to the lowest tenderers. Ald. Richardson said he would stand by his ideas regarding the benefits of day labor. He asked Ald. McMurrich if it was true that the Engineer had written to the Chicago firm asking them to tender. The controller said such was not the case, but the firm had seen the advertisement for the tenders and had written for details. Ald. Burns thought the contracts in question should be referred back to the Board of Control and new tenders asked. Ald. McMurrich contended that if any contracts were sent back all the others should be.

Hubbard Said Carpet Baggers.

Ald. Hubbard thought the City Engineer should get all the contracts. He was opposed to carpet baggers coming in and getting the work. To close out this Chicago firm would make people on the other side respect us. They would say: "Toronto City Council is not so dead easy as we thought." Ald. Lynd agreed with this view, but Ald. Urquhart thought it was wrong to close out people who came in here with honest tenders when we are looking for people to come and fill up the country.

Ald. Oliver preached Canada for Canadians, and he said the Engineer could do the work at the prices offered by the American firms. Ald. Hall said Canada had been playing the part of a whipped cur for years, and he believed in a policy of retaliation. He would vote for the Engineer getting the contracts.

It Carried This Time.

Ald. Stewart's motion carried by 15 to 7, in committee. A motion to send all the other contracts back to the Board of Control to be given to the City Engineer was only supported by Ald. McMurrich and Ald. Urquhart.

In a subsequent batch of contracts, the lowest tenderer for a couple of them was one Frank Fahrenbach. Ald. Woods moved that these contracts be referred back to the Board of Control until it was ascertained who the contractor was. He was apparently of the opinion that the Chicago firm was appearing in a new guise. "There are lots of ways of deceiving an innocent Board of Control," he said, in support of his motion. The motion carried.

Cattle Market Privileges.

There was some hot argument over the proposition that the city redeem at once the lease granted to D. H. Atkinson for the collection of fees and sale of feed at the Cattle Market, and that the municipality hereafter control the same. The Board of Control had recommended that the Property Committee be asked to reconsider the matter, and their opinion was sustained on the following division:

To terminate the lease and city take control, (8): Ald. Dunn, Loudon, Lynd, Oliver, Spence, A. Stewart, Urquhart, Ward.

Against civic control, (14): Ald. Bell, Burns, Crane, Fleming, Frame, Graham, Hubbard, Lamb, McMurrich, Richardson, Sheppard, W. T. Stewart, Woods.

Thus the matter goes back to the Property Committee for reconsideration.

Local Talent Sustained.

The Board of Control was of the opinion that the plan embodying a comprehensive scheme for improvements of a permanent character in the Island should be prepared by the City Surveyor and Park Commissioner, and recommended that the idea of the Island Committee, to engage Mr. F. L. Olmstead of New York to submit plans for beautifying the Island, be referred back to the Island Committee for reconsideration. This was done, after a warm debate with admirers of the American landscape gardener.

Sewer Laborers' Wages.

There was a considerable amount of vote-retaining eloquence distributed when the matter of laborers' wages came up. The Board of Control favored the adoption of the principle of paying 20c per hour to laborers employed on sewers and such work, but did not wish it to apply to too many men, and the board thought the increase should only be paid when the men are engaged on sewers or work of an unusually difficult or dangerous character. All the men the Engineer recommended will get the 2 cents an hour increase of wages.

Civic Holiday August 4.

Monday, Aug. 4, will be Civic Holiday. This was decided on the motion of Ald. Woods, seconded by Ald. Loudon.

Ald. Woods, seconded by Ald. Bell, moved that all permanent city employes who are not getting a half holiday once a week during the months of June, July, August and September be granted such half holidays, and that arrangements to that effect be made with the heads of departments.

Public Morals.

The amendment to the bylaw relating to public morals was passed. It provides that any officer specially detailed for the purpose is authorized to enter any theatre, hall or other place of public amusement or entertainment and order to be stopped any immoral or indecent play, sketch or performance, and if it is not forthwith stopped to arrest the performers without a warrant.

An Inconvenient Lane.

There is a strip of land 9 feet wide between 61 and 65 McCaul-street, which for years has been used as an entrance to a lane at the rear of houses on McCaul-street and William-street. The strip was sold some time ago for taxes, and fetched $22.50. The purchaser refuses to give right of way to the lane, and consequently much inconvenience is caused to householders on the two streets, who are now ordered to put their garbage out at the front of their houses. Garbage of the winter is stagnating in the lane, and is a sanitary danger. Ald. Burns moved that the land be expropriated. The matter was referred to the Board of Control to take all necessary steps to have the property in dispute used as a lane.

Ald. Frame moved that the dredge be sent as soon as possible to McNamee's cut at the foot of Cherry-street for the convenience of east enders. The Works Committee will consider it.

The Case of W. L. Taylor.

The dismissal of W. L. Taylor by the City Commisioner for alleged disloyalty to the department is still demanding the attention of Council. The Board of Control reported against an investigation. Ald. Stewart, Bell and Dunn expressed the greatest surprise that there was apparently a strong effort to prevent a man getting what was only justice. Ald. Stewart gave notice that he will move that a special committee be appointed to investigate the details of the matter, as they had been refused to Council, the Board of Control and everyone else. Ald. Bell moved that the clause in the Board of Control's report be sent back to the Board of Control with instructions to conduct an investigation. This was lost on a close vote.

St. Lawrence Market.

Messrs. Trowern, Puddy and Park headed a deputation from the Retail Merchants' Association with a long resolution suggesting changes in the proposed arrangements for the new St. Lawrence market. There was a clause in the Board of Control's report suggesting that the views of the association be considered. Ald. Lamb moved that the clause be struck out, and he said the deputation represented just a few who were dissatisfied, and spoke at length in defence of the improvement. He accused the Board of Control of desiring delay.

Controller McMurrich said he was not going to reply to Ald. Lamb's criticism of the Board of Control. He had some respect for the alderman's grey hairs, but none for his judgment, and he claimed that there had been a lack of energy in carrying out the plans for the market. He thought that the views of the deputation were not "rigmarole" as Ald. Lamb claimed, but were good sense.

Ald. Oliver thought the butchers should be thankful to get into the new market.

Ald. Foster thought the butchers had a grievance, but should nevertheless move to the new market.

Ald. Hubbard said the new building was not in proper shape for butchers—it was not built right for butchers. He warmly criticized the way the market matter in general had been handled by Ald. Lamb and others.

After a very lengthy discussion the report of the Board of Control advocating a further conference between the prospective tenants and the Property Committee was struck out, and the Board was instructed to award tenders for the equipment of butchers' stalls forthwith.

New Exhibition Directors.

The election of four more aldermen to the Board of the Industrial Exhibition Association was close and interesting. The candidates were Ald. Woods, Dunn, Urquhart, Hubbard, Spence and W. T. Stewart. Ald. Fleming, Frame, Lamb and Foster having retired. The result of the vote was: Dunn, 21; Hubbard, 16; Urquhart, 15; Stewart, 14; Woods, 14; Spence, 12. This meant the sure election of Ald. Dunn, Hubbard and Urquhart, with a tie between Ald. Stewart and Woods for the fourth place. The Mayor cast a vote for Ald. Woods and declared him elected. The Mayor is also a member of the board, and the other members of the Council who were elected directors at the annual meeting of the Industrial Exhibition Association are: Ald. Sheppard, Ward, McMurrich, Lynd and Oliver.

All the aldermen voted for four members, the only absentee being Ald. Lynd, who arrived later on in the meeting.

Cross Town Car Lines.

At the end of October last year Ald. Urquhart submitted a notice of motion in regard to cross-town car services, and it has been on the order paper ever since. Yesterday he secured the passage of a portion of his motion, and the City Engineer will be requested to forthwith lay out and report upon at least two new independent lines for street car tracks from east to west and one from north to south, for the purpose of relieving traffic on existing lines, and paralleling as far as possible the present system.

To Buy the Old Belt Line.

Ald. Urquhart also secured the passage of a motion declaring that, it is expedient that means should be provided for the carriage of freight from the various electric lines centering in the City of Toronto, to water front and to St. Lawrence Market; the City Engineer be instructed to ascertain upon what terms the Belt Line Railway, owned by the Grand Trunk Railway Company, can be obtained by the City of Toronto for the purpose of furnishing a freight line for all radial electric railways centering in Toronto.

The matter will, as a matter of form, go to the Board of Control before going on to the City Engineer.

Removal of Factory Ashes.

Ald. Hall moved that the Street Commissioner be instructed not to exceed the authority as laid down in the bylaw relative to the removal of ashes and other refuse from factories and other public institutions.

There was some discussion regarding the matter, the claim being made that many of the city's carts were used too long on the work. The motion was referred to the Works Committee.

Gas Matter Again Deferred.

The proposed agreement to settle the gas suit was again laid over. The Corporation Counsel forwarded the additional clauses, as revised, as follows:

"The company shall not carry on any business or invest the moneys of the company or any part thereof in any business or for any purpose other than the supply of gas to consumers or in the property, buildings, mains, works, pipe, plant and appliances therefor, except in so far as the company is authorized so to do by the said act.

"The company shall construct a sufficient main or supply pipe upon any street or streets upon which a main or supply pipe has not been already constructed, upon the reasonable request of the Council, and such request shall be considered reasonable where a profit from the gas that would probably be supplied would equal

per cent. of the cost of construction of such main.

"The company shall supply all buildings and properties within the city situate upon and lying alongside any street upon which a main is laid with gas for all purposes for which the same may be required at the usual rates, upon the same being requested by owner or tenant.

"The company agree to pay all their workmen not less than 18 cents per hour as wages.

"Upon the failure of the company to fulfil and carry out the provisions it will be liable to a sum of $——, as liquidated damages and not as a penalty, which sum may be recovered in an action by the corporation upon proof of such failure in any court of competent jurisdiction."

Mr. Fullerton suggested that the amount left blank in the last clause be inserted.

Ald. Loudon said the aldermen would doubtless like to have printed copies of the clauses, so he moved that the matter stand till next Council meeting. This motion carried without dissent.

To Change Order Paper.

Ald. Woods, seconded by Ald. Loudon, submitted his motion that the order of the day be amended so that bylaws be taken up before the reports of committees. The motion carried, and a number of bylaws were at once introduced.

The bylaw for the extension of Victoria-street thru to Scott-street passed its second reading. The extension will be called Victoria-street.

On the motion of Ald. Burns, the City Engineer will be requested to consider the advisability of recommending the construction as a local improvement on the initiative of an asphalt pavement on Widmer-street, between Adelaide and Richmond-streets.

J. S. Robertson, secretary of the National Sanitarium Association, wrote, stating that the new free hospital for consumptives at Gravenhurst will be ready for occupation by April 10 next, and asking that the City Council grant the usual per diem allowance of 40 cents per patient sent from this city.

A resolution was received from the Canadian Manufacturers' Association (Toronto branch), approving of the principle of the city keeping its pavement roadways in repair at the general expense. There was a resolution from the City Clerk of Montreal, thanking the officers of the Union of Canadian Municipalities for the assistance rendered Montreal before the Railway Committee at Ottawa on the 6th inst.

James Shields wrote in protest against letting sidewalk contracts to American contractors.

Ald. Sheppard presented a petition from Thomas Kinnear and others, praying that Scott-street lane be opened and extended easterly to Church-street.

The City Clerk made a return to the Council of the assessment of the city for the year, as confirmed by the county judge. The figures are $133,965,547, which is $5,793,964 more than last year.

WILL WAIVE BANNISHMENT

Continued From Page 1.

Governor-General from Cape Town announces that Charles W. Mechian of the South African Constabulary was dangerously ill of enteric fever at Vet River, March 20. His mother resides in St. Mary's, Ontario.

NATAL REBELS' PUNISHMENT.

Pietermaritzburg, March 24.—The Treason Court concludes its labors, having tried 500 cases out of an estimated total of 800 Natal Dutchmen who joined the enemy. The remainder will be tried by court-martial; some are still in the field. Thirty thousand pounds has been paid in fines. The highest individual fine was £5000, and the longest term of imprisonment ten years, for a former Natal civil servant. The rebels are feeling their punishment acutely. In many cases they have lost all their stock and their farms. Their families are being supported by loyal Dutchmen.

LEADER OF HIS SIDE.

Pretoria, March 24.—General Schalkburger is considered one of the most influential Boers in South Africa. He was born in Lydenburg in 1852, and is the grandson of a Voortrekker, on whose head the British government once placed a price of $1500. During the illness of General Joubert he was selected as commander-in-chief of the Boer army, and was once the bitter opponent of Oom Paul, entering himself as a candidate for president and running against Kruger. He is described as a man largely self-taught, but a deep thinker and an orator, who has frequently swayed the Raad by his calm logic. In the war of independence he served as field cornet at the head of a district of burghers. A member of the United Dutch Church, he received the Order of Jesus Christ from the Portuguese king for a speech at Delagoa Bay on the relations between the Transvaal and Portugal.

Jewish Sabbath School Concert.

The members of the Sabbath School of the Holy Blossom Synagogue gave a successful entertainment last night in the Y.W.C. Guild Hall. It was a Purim entertainment, on the commemoration of the events as recorded in the book of Esther. The program was admirably carried out, a chorus of 90 children, under the direction of Misses G. Streamer and O. Strauss, taking a prominent part. Vocal numbers were given by Miss Annie Wolfe, Miss Olga Strauss, Mdme. A. S. Youngheart, Mr. Edward Youngheart, violin solos by M. Landau, and Harry Simpson gave an amusing ventriloquial act. Others who took part in the choruses were: Annie Brown, Flora Danson, Martha Helman, Sadie Wolfe, Mark Cohen, Abe Cohen, Isaac Cohen, Harry Wolfe, Fannie Broderson, Rebecca Cohen, Sophia Gottlieb, Frances Lazarus, Annie Weinberg, Rose Birnbaum, Bertha Cohen, Lena Kadesky, Della Rose and Ida Rosen. F. D. Benjamin and E. Scheuer gave short addresses.

Nearly all infants are more or less subject to diarrhoea and such complaints while teething, and as this period of their lives is the most critical mothers should not be without a bottle of Dr. J. D. Kellogg's Dysentery Cordial. This medicine is a specific for such complaints and is highly spoken of by those who have used it. The proprietors claim it will cure any case of cholera or summer complaint.

Looking for the End of Lent.

"What are you looking for?" asked the man who is inquisitive of the man who seemed to be seeking something.

"I'm looking for the end of Lent," remarked the searcher.

"You will find it in a few days," replied the inquisitive one, cheerfully. "I've been looking for it, too."

Both these gentlemen had denied themselves luxuries during the Lenten season, but will order some liquid luxuries from Taylor, the liquor merchant, 205 Parliament-street, in time for Easter Monday.

Taylor can supply to any part of the city the best grades of liquors, ales or wines, at the most moderate prices and will warrant satisfaction.

IT IS AN OFFICER OF THE LAW OF HEALTH.—When called in to attend a disturbance it searches out the hidling place of pain, and, like a guardian of the peace, lays hands upon it and says: "I arrest you." Resistance is useless, as the law of health imposes a sentence of perpetual banishment on pain, and Dr. Thomas' Eclectric Oil was originated to enforce that sentence.

Ladies Cure Tobacco Habit

Mrs. Emma Wing, Mendon, Mich., Tells How Easily it Can Be Done Secretly at Home.

Trial Package Mailed Free to All Who Send Name and Address.

"The one box of Tobacco-Specific you sent me over three months ago cured my husband entirely of chewing and smoking,

No More Smoke or Dirty Spittoons in Our Home.

and he has not used tobacco since. You remember I had to give the medicine to him on the sly, in his coffee. It is the nicest tobacco cure in the world. It saved my husband's life. How thankful I am to you for your remedy! Before I gave him the Tobacco-Specific his heart was so bad that he could not sleep of nights, and he was troubled with his bowels most of the time. We thought his nerves were gone, but they were not, for Tobacco-Specific brought them back as quiet as a child's. He sleeps now like a log, and looks so well that everyone speaks about it." Mrs. Emma Wing.

Men who have smoked and chewed tobacco for years have marveled at this easy way to quit tobacco. Cigarette fiends who have tried without result all the drugs and anti-tobaccos known have found their desire for tobacco in any form entirely vanished in a few days with this wonderful remedy so that tobacco is positively distasteful to them. Write Rogers' Drug and Chemical Co., 3255 Fifth and Race-streets, Cincinnati, O., for a free trial package and see how easy it is to quit tobacco. You can put it in any food or drink without any danger of discovery, for it is tasteless and harmless, but it cures forever and at once all desire for the tobacco in any form.

HIGHLANDERS EASILY FIRST.

Captivate New Yorkers By Their Fine Appearance and Uniforms.

New York, March 24.—The sixth annual tournament of the Military Athletic League was begun this evening at Madison Square Garden. Governor Odell was present as reviewing officer.

The Fourth Battery, United States Artillery, the 2nd U. S. Cavalry, the Coast Artillery, drilling as infantry; 48th Highlanders, troop C, of Brooklyn and the Second Battery took part in the exercises.

The features of the show are the pontoon bridge building by the 22nd Regiment, National Guard, and the international aspect afforded by the 48th Highlanders from Canada. **These men wear kilts and were easily the favorites this evening, because of their fine appearance and uniforms.**

A large crowd was present.

Aside from the reviews of all the troops, to the number of about 1500 men, the most popular exhibitions proved to be the musical drill of the 48th Highlanders, who marched around the arena, headed by fourteen pipers.

They Advertise Themselves.—Immediately they were offered to the public, Parmelee's Vegetable Pills became popular because of the good report they made for themselves. That reputation has grown and they now rank among the first medicines for use in attacks of dyspepsia and biliousness, complaints of the liver and kidneys, rheumatism, fever and ague and the innumerable complications to which these ailments give rise.

On Every Occasion.

You don't smoke them in church, nor when you sleep, nor at your meals, but at almost any other time a Grandas Cigar may be enjoyed. They are so fragrant your best girl can't object. Girls don't find high-class cigars objectionable as a rule, and that's what Grandas Cigars are—strictly high-class.

Died in Woodstock.

Woodstock, March 24.—Duncan Lamont, a C.P.R. porter, died at the hospital to-day just as the doctors were about to operate upon him. Chloroform had been administered and immediately afterwards death occurred.

The lecture to be given by Rev. Dr. Cleaver in Trinity Methodist Church on Good Friday evening has evoked a great interest. The subject is Hugo's masterpiece, "Jean Valjean," and, as told in Dr. Cleaver's most eloquent words, the story is eminently entertaining. Further particulars will be found in another column.

Liquor, Tobacco and Morphine Habits.
