THE CANADIAN BANK OF COMMERCE.

Proceedings of the Fourteenth Annual Meeting of the Shareholders, Held at the Banking House, Toronto, at Noon, on Tuesday, 12th July, 1881.

The president, the Hon. Wm. McMaster, having been called to the chair,

It was moved by F. Mackelcan, Esq., Q. C., of Hamilton, seconded by Jas. Waldie, Esq., of Burlington,

That the general manager be appointed secretary, and that the following gentlemen be appointed to act as scrutineers:—Messrs. James Browne, R. H. Temple, and W. G. Cassels.

The secretary then read the following report:

The Directors beg to submit to the Shareholders the result of the year's business now closed, accompanied by a statement of the Assets and Liabilities:

The profits of the twelve months, after deducting charges of management, and providing for all the bad and doubtful debts of the year, amount to		$652,333 12
Balance at credit of Profit and Loss Account, June, 1880, carried forward	$228,548 25	
From which has been transferred to Contingent Account	175,000 00	53,548 25
		$705,881 37
Which has been disposed of in the following manner:		
Dividend No. 27, payable January, 1881	$240,000 00	
Dividend No. 28, payable July, 1881	240,000 00	
Transferred to Reserve for rebate of interest on current discounts	14,396 00	
Reserved for accrued interest on deposits.....	66,513 98	
		560,909 98
Balance remaining at credit of Profit and Loss Account		$144,971 39

The bountiful harvest of last year, together with the active demand for timber and lumber at greatly increased prices, have produced a marked improvement in almost every branch of industry. In consequence, however, of the large reduction in the value of money, the profits do not bear the same proportion to the extent of business transacted as in former years, but they have enabled your Directors to pay the usual dividend of eight per cent. and provide for all the bad and doubtful debts of the year, leaving a surplus of $105,819 14. From this sum $14,396 has been transferred to reserve for rebate of interest on current discounts, bringing that fund up to $150,000, which is regarded as sufficient for the purpose, and will not in the meantime require to be further increased. The remaining $91,423 14 has been carried to Profit and Loss, making that account $319,971 39. The Directors deemed it advisable to transfer $175,000 of this sum to Contingent Account to enable them to deal with certain securities referred to in last year's report, which, after a searching examination and mature consideration, they do not feel warranted in allowing to remain amongst the sound assets of the Bank without making provision for them.

The utmost attention of the Directors has been constantly given to the business of the Bank, not only with the view of guarding against losses, but also to render the funds at their disposal as productive as possible; and they have no hesitation in representing its affairs as being in a perfectly safe and satisfactory condition.

As a natural result of the improved state of trade, the circulation of the Bank has materially increased; and although the Directors were obliged by the unusual cheapness of money to reduce the rate of interest on deposits, these also have been considerably augmented.

All the Branches of the Bank, as well as the Head Office, have been inspected; and the Directors have pleasure in recording their approval of the zeal with which its officers have discharged their respective duties.

WM. McMASTER,
President.

The following resolutions were then put and carried unanimously:

Moved by the President, seconded by the Vice-President,

That the report of the Directors now read be adopted and printed for the information of the Shareholders.

Moved by F. Mackelcan, Esq., Q. C., of Hamilton, seconded by W. S. Lee, Esq., of Toronto,

That the thanks of the meeting are due and are hereby tendered to the President, Vice-President, and other Directors, for their careful attention to the interests of the Bank during the past year.

Moved by J. M. Chatee, Esq., of Eglington, seconded by P. Paterson, Esq., Governor British America Assurance Company,

That the thanks of the meeting be also tendered to the General Manager and other officials of the Bank for the satisfactory discharge of their respective duties during the past year.

Moved by the President, seconded by the Vice-President,

That By-law No. 4 of the By-laws of the Bank be altered to read thus:

"The number of Directors of the Bank to be elected annually by the Shareholders shall be eight, of whom three shall form a quorum."

Moved by the Hon. Adam Hope of Hamilton, seconded by Noah Barnhart, Esq., of Toronto,

That the ballot-box be now opened, and remain open until one o'clock this day, for the receipt of ballot-tickets for the election of Directors, the poll to be closed, however, whenever five minutes shall have elapsed without a vote being tendered.

The Shareholders felt that they could not conclude the proceedings of the meeting without specially referring to the lamented death of Mr. Arthur R. McMaster, one of the Directors of the Bank, an intimate and valued friend of many of the Shareholders, and a gentleman of high standing in the commercial community.

It was accordingly moved by J. M. Chafee, Esq., of Eglington, seconded by Jas. Michie, Esq., of Toronto,

That the Shareholders present at this meeting record their deep sense of the loss sustained by the Bank by the death of Mr. Arthur R. McMaster.

The Scrutineers presented the following report:

INSURANCE.

THE ÆTNA

"THE ÆTNA" is the name of a quarterly journal now in its thirteenth year, published in the interest of life and endowment insurance by the Ætna Life. A copy will be mailed, free of expense, to any one applying for it. From the last number we give a few brief extracts:—

ONE OF MANY.—The importance of keeping up policies of life insurance is illustrated forcibly in the case of S. Gothier, of Stanfordville, Ont. He took out a policy of $1,000 in the ÆTNA LIFE, Dec. 15, 1879. When the second premium became due, (Dec. 15, 1880) he had decided not to continue it, believing his prospects for a long life better than the average. The agent used every available argument to have him continue, but without effect. In sixteen days from the lapse of his insurance policy he was killed while felling trees for his employer. His death was nearly instantaneous. By his refusal to pay the Company $19.27, he leaves his family in embarrassed circumstances, in which a thousand dollars would have been a fortune.

MATURED ÆTNA ENDOWMENTS.—The ÆTNA LIFE is disbursing to its patrons—holders of matured endowments—an average of over two thousand dollars per day. The satisfactory results given by the Company are handsomely acknowledged in the following letters, to which we invite the attention of our readers.

COLLEGIATE INSTITUTE, FORT EDWARD, N. Y., May 28, 1881.

Dear Sir: I desire to acknowledge with my heartiest thanks the handsome treatment I have received from your noble Life Company, the ÆTNA of Hartford, Conn. The returns for my annual payments received from you last year, and this, on the maturity of my two endowment policies, have more than met my expectations. You have paid me a good interest for all the money I have put into your hands: you kept my life insured for the ten years to the full amount of the policies; and now, when I need it most, you pay me the full sum in a lump. I have never made any investment that pleased me more.

REV. JOSEPH E. KING.

IPSWICH, MASS., April 24, 1881.

Dear Sir: I have this day received payment of my ten-year endowment policy which I took out in the ÆTNA. On this policy I paid to the company $3,558.98, and received in return, $4,891.43, leaving a balance as interest on my investment of $632.15. Another policy of $6,000 falling due at the same time, has also been promptly paid. I am so well satisfied with my investment that I have taken out another policy for $5,000.00. Yours truly, GEO. H. GREEN.

H. STILSON, *General Agent*, Cleveland, Ohio.

Dear Sir: In May 1866, I insured with your company on a fifteen year endowment plan. I have to-day the pleasure of acknowledging the receipt of a check for $2,537.07 in payment of my policy. I have paid in to the company $2,217.21, and received in return the amount stated above. In addition to having had insurance for the last fifteen years, I have received as interest on my investment $319.80, which satisfies me that my money has been well expended.

JAMES N. HOWLE.

COULD DO BETTER.—A gentleman in Lake County, Ohio, was a few years ago insured in the ÆTNA LIFE for $10,000. He died in April last, and his executor found among his papers the policy above referred to, and notified the Company, confidently expecting that there was due the family the above sum. Imagine their feelings when informed that the policy was not in force because the insured concluded a few years since that he "*could do better with his money.*"
