CHARGE OF THE DRESS BRIGADE

Half a league, half a league,
Half a league rearward,
Right through the mire and dirt,
Much to it's beauty's hurt,
Dragged the rich silken skirt
Half a league rearward.

Half a peck, half a peck, half a poor fellow
Hirsuit and woolly,
Right into liquid mire
Rose up the pile of hair,
From other heads sundered
Nobody astraddle of it,
Rode the brave bonnet

Rode, though it wondered
Curls to the right of it
Curls to the left of it
Curls to the rear of it,
Curls that were plundered

"What though men shout and bluster
Fortunes you have squander
There's not to make reply
There's no reason why
There's no dress so dire
Charge! to the Ottoman store!
"Charge by the counter!"

Husbands,
Conflict is opposed
And shirts shall no more
Of daughters and wives
Sweep society's floor.

But, husbands, rejoicing,
Go soon would be wrong;
If the dresses are short,
Still your bills will be long.

MODESTY.—A gentleman met a beautiful darkeyed litte girl on her way to school. Her happy face attracted him so much that he wished to chat with her.

Good morning, sissy, he said, where are you going?

To school, sir.

Ah! and do you love to go to school?

O, yes sir, was the eager reply.

And do you love your books?

Yes, sir.

That's right; now are you a good scholar?

She colored modestly. O, that isn't the word for me to say.

Was not that a beautiful illustration of the text, "Let another man praise thee, and not thine own lips." She was a good scholar and a good daughter; but her pretty blush and naive reply was better proof of it, than any amount of boasting words—was it not?

WHAT THE SIGNS ARE.—For the benefit of the superstitious, we give the following translation of signs, all of which are true and hold good any time:

If you break a looking glass, it is a sign that you will have to get another one.

If you help yourself to a piece of butter when you have already a piece on your plate, it is a certain sign you will have two pieces.

Never start to go anywhere or to do anything on Friday, because you can't get a great way before Sunday.

If you drop a fork and it sticks in the floor it is a sign it is a good fork.

If you spill salt it is a sure sign you have a salt room.

If you drop the dish-cloth on the floor it is a sure sign you will have to pick it up again.

A Scotch editor apologizes for the lack of rhyme in his paper, by saying that his marriage the week before took all the poetry out of him.

The Science Of Health

Every Man his own Physician,

HOLLOWAY'S PILLS AND Holloway's Ointment.

Disorders of the Stomach, Liver and Bowels.

The Stomach is the great centre which influences health or disease of the entire system; when it is debilitate, by excess indigestion, offensive breath and physical prostration are the natural consequences. Allied to the brain, it is the source of headache, mental depression, nervous complaints and sleeplessness. The Liver becomes affected and produces serious disorders, pain in the side, &c. The Bowels sympathize by Costiveness, Diarrhoe and Dysentery. The principal action of these Pills is on the Stomach, and the Liver, Lungs, Bowels and Kidneys participate in their recuperative and regenerative operation.

Erysipelas and Salt Rheum

Are two of the most common and virulent disorders prevalent upon this continent, to both the Ointment is especially antagonistic; its medicaments are the best to eradicate the venomous humors complicit in the case.

Bad Legs, Old Sores and Ulcers,

Cases of many years standing, that have pertinaciously refused to yield to any other remedy or treatment, have invariably succumbed to a few applications of this powerful ointment.

Eruptions on the Skin,

Arising from a bad state of the blood or chronic disease, are eradicated and a clear, transparent surface regained by the restorative action of this Ointment. It surpasses many of the cosmetics and other toilet applications in its power to dispel, release and other disfigurements of the face.

Female Complaints,

Whether in the young or old, hurried or slightly the dawn of Womanhood, or the turn of life, these tonic medicines display so decided an influence as a marked improvement is soon perceptible in the health of the patient. Being a purely vegetable preparation they are a safe and reliable remedy for all classes of females in every condition of health and station of life.

Piles and Fistula

Every form and texture of these previous and stubborn disorders is eradicated locally and outwardly by the use of this emollient, while internally the medicine will provide its application. Its healing qualities will be found to be thorough and invariable.

Both the Pills and the Ointment should be used in the following cases.

Bunions, Burns, Chapped Hands, Chilblains, Fistula, Gout, Lumbago, Mercurial Eruptions, Piles, Rheumatism, Ringworm, Salt Rheum, Scalds, Skin Diseases, Swelled Glands, Sore Legs, Sore Heads, Sore Throats, Sores of all kinds, Tetter, Venereal Sores, Wounds of all kinds.

CAUTION.—None are genuine unless the word "HOLLOWAY, New York and London," are discernible as a Water Mark in every part of the book of directions around each pot or box. The same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

Sold at the manufactory of Professor HOLLOWAY, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the civilized world, in pots and boxes.

Thereis considerable saving by taking the large sizes.

N.B.—Directions for the guidance of patients in every disorder are affixed to each pot and box.

Dealers in may well known medicines can have Show Cards, Circulars, &c., sent free of EXPENSE by addressing Prof. Holloway, 80 Maiden Lane, N. Y.

To Friends and Strangers:

AFTER an experience of over four years in selling the NEW YORK UNION PIANO CO'S PIANOS, made under the direction of J. P. HALE, at the Corner of 16th Avenue and 26th street, New York; which are the instruments of some of the other leading manufacturers, we have decided to drop all others and confine our sales entirely to the UNION PIANOS, being fully satisfied after having sold over Eight Hundred of these splendid instruments in New York, Cincinnati and St. Louis, that they are the finest toned and most durable Pianos now made. They have given us and our agents less trouble than any Piano we have ever dealt in, and we would invite both dealers and customers to try them in preference to any other now made. They are superior instruments.

W., of Consumption, or that of Ambrose Wood, of Consumption, C. W., of Dyspepsia and Liver Complaint, or that of John Hosey, of Napanee, C.
