LISTOWEL STANDARD.

FRIDAY, MAY 14, 1880.

TOWN AND COUNTRY.

The law requires the use of the Imperial Measure. Every size onhand at J. H. SMITH'S.

The weather seems to be doing very well since Vennor concluded to let it alone.

MOUNT FOREST claims a resident population of 2,171, being an increase of 262 within the past year.

HANDFORD has decided to resume his functions as pastor, pending the result of the enquiry which is now going on.

MR. WM. NIXON and his family left for Manitoba on Wednesday. He will settle in the neighborhood of Morris.

Another application for a change of venue in the case of the Biddulph prisoners will be made at Osgood Hall, in Toronto, on Monday next.

NOTE the new advertisements of Messrs. Roy & McDonald, A. Moyer & Co., B. Brook, Scott & Bowne, H. Homer and Thos. Marks, in this issue.

24TH.—The Driving Park Association have issued a programme of athletic sports and races for the Queen's birthday celebration. Quite a number of prizes are offered.

THERE will be no service in Knox Church on Sabbath morning next. Rev. Mr. Bell has been somewhat indisposed of late, and we understand is recruiting his health.

IT is understood that the question of the proposed sale or lease of the Port Dover & Lake Huron Railway to the Grand Trunk Company will be settled at a meeting to be held at Woodstock on the 25th inst.

Berlin has a population of 3,898; the amount of taxable real estate is $773,510; personal property, $77,300; taxable income, $22,900; total, $773,510, being an increase of $25,505 over last year's assessment.

O. Y. B. SERMON.—Rev. H. Bartlett, incumbent of Christ Church, has consented to preach a sermon for the Orange Young Britons of Listowel on Sunday morning next. The lodge will attend service in a body.

WALL PAPERS.—Dr. Michener has received an extensive stock of English and Canadian wall papers, including a great variety of patterns, and at prices to suit the circumstances of all. He sells very low. Call and see his stock.—11.

MILLBANK.—Preparations are being made to re-open the foundry and agricultural works during the ensuing week. This will prove a great convenience to the agricultural community as well as being of no inconsiderable benefit to the village. It is the hum!

AMERICAN HOTEL. — This popular hostelry is about to undergo considerable improvement by the erection of a new front and the addition of a third story. Extensive stables in connection with the hotel are just being completed on the east side of Wallace street. Messrs. Milne and Sutherland are the contractors.

The prize fight between Rooke and Donovan, which was to have taken place on Long Point on Monday, was prevented by the prompt and determined action of the authorities in Norfolk county. The blackguards were forbidden to land, and after a great deal of bluster they steamed back to the American side.

STRUCK BY LIGHTNING. — During the storm which passed over this place on Friday last, ex constable Wood's house was struck by lightning. The ridge boards and some of the shingles were torn away; fortunately the building escaped without further damage. The family were considerably "shocked" by the electric concussion.

IN MEMORIUM.—During the early part of the present week a flag was hanging at half-mast on the town hall out of respect to the memory of the late Honorable George Brown. On Wednesday afternoon the places of business were closed for a couple of hours. Mayor Scott, D. D. Campbell and others of our townsmen attended the funeral of the departed statesman.

PAY UP.—Those of our subscribers and patrons who are indebted to this office are respectfully requested to settle their accounts as soon as possible. We have hitherto been tolerably lenient, but feel constrained to remind some of our delinquents that patience ceases to be a virtue when too long endured; we therefore will be pleased to hear from them without further delay.

THE fine spring weather of the past week has had a wonderful effect upon vegetation. Fall wheat, grass, and in fact everything pertaining to vegetation have made remarkable growth. Farmers in this neighborhood have been very fortunate in getting in their spring seeding, and altogether the prospect for good crops next harvest is decidedly favorable at the present time.

LISTOWEL WOOLEN MILLS.—Mr. B. F. Brook has exhibited commendable enterprise in placing the Listowel Woolen Mills in the very efficient state which they have attained, and we trust that he will be remunerated for his heavy outlay by a largely increased business. His facilities are now first-class. In another column will be found his advertisement, which has special interest for the farming community.

CATTLE FAIR.—The cattle fair proper on Friday last was not particularly lively, although there were a number of buyers on hand. However, outside the market, somewhat extensive transactions were made in fat cattle by Mr. Chas. Walker, who purchased some 18 head in all. The animals averaged 1,350 lbs per head, and the average price paid was $5.12 per hundred. They were for the European market, and were all fatted in this neighborhood.

VOCAL MUSIC.—We are pleased to notice that J. W. Ward has returned for the purpose of giving instruction in the science of music. The first lesson will be given to the juvenile class on Friday afternoon at 4.30, in the hall adjoining the Osborne Hall. Terms very reasonable A class for ladies and gentlemen will be organzied on Monday evening, in the same place, at 8 o'clock. As Mr. Ward has had about 17 years practical experience as a teacher, and is considered an expert in the art, all desirous of improvement should embrace this opportunity.

"SELL."—A number of the *genus* "dead beat," who are supposed to have been discharged employees from the G. T. R. workshops at Stratford, visited Listowel last week and advertised to give a variety concert on Thursday evening. They secured an audience of 6 persons, and having secured the admission fee from these "innocents," they adjourned to the hotel and spent the proceeds, leaving the "auditory" sitting in the hall. The feelings of the duped ones when they became aware of the situation may be imagined. The dead beat troop travelled under the name of "The Great Irish Comedian, Thos. Heron," and Company. They should be freely advertised.

COD LIVER OIL has been prescribed and used largely for many years, in fact almost every one knows of its valuable properties in all pulmonary diseases. As consumption is one of the chief complaints of our northern climate, with its sudden changes from heat to cold, anything which renders Cod Liver Oil palatable, and easy to take, should be of interest to all. We call the attention of our readers to the advertisement "Hope for Consumptives," and those who have used Scott's Emulsion speak highly of its beneficial results, and also say that it is perfectly palatable, and always the same. The Medical Profession also endorse the Emulsion, and state that it is the best made. All our druggists keep it, and the manufacturers say they ask but a trial.

RESIGNED.—On Sunday last Mr. A. F. McGregor, pastor of the Congregrational Church in this town, announced to his congregation that he had concluded to resign his charge. The Rev. gentleman we understand did not state his reasons for this step, but whatever they may be, there is no doubt that he is actuated with a desire to do what is best. Mr. McGregor has been in charge of the Congregational Church here for about two years, and has, we believe, labored acceptably and successfully during his pastorate. He has also made numerous warm friends outside of his flock, and we are sure that his departure will be very much regretted. Wherever his new sphere may be, we cordially wish him godspeed in it.

IMPORTANT TO PRIVATE BANKERS.—Just previous to the prorogation of Parliament an important amendment was introduced by Mr. Kilpatrick, M. P., to Sir S. L. Tilley's Banking Act, which does away with the right of any other than the Chartered Banks using the term "bank" in connection with their business. For instance, Messrs. W. Mowat & Son have for some years carried on business under the title of "Mowat's Bank." Hereafter, under the new legislation, they will have to cease using the word "bank," but can still do a banking business under the style of "W. Mowat & Son, Bankers." The new law comes into force on the first day of July next, and will affect private banks in nearly every town of any size in the Dominion. A heavy penalty can be recovered against parties violating this provision of the Act.—*Stratford Times.*

ARBOR DAY.—Thursday of last week, the day set apart by proclamation as an arbor day for the town, was observed by the general suspension of business, and we are pleased to say that many of our citizens put the day to good account by planting trees in the neighborhood of their respective premises. As a result, a good number of trees are now planted along the town thoroughfares, and while there is yet room and need for many more, no doubt the stimulus which has been given by thus directing attention to the matter will continue to bear fruit, and our town may eventually become, if not a forest of verdue, at least a place where health and comfort and attractiveness are not deficient merely for want of due regard to the planting of shade trees. It behooves the guardians of the town's interests to see that the trees which have been planted along the highways are properly protected, both from destruction by cattle and from youthful vandalism. A severe penalty in the latter case might serve as a salutary checkmate, while the enforcement of the by-law preventing cattle from running at large during the night would tend to diminish the liability to damage from this source.

P. M. CHURCH DISTRICT MEETING.—The asembly of the Guelph District of the P. M. Church was held in this town commencing on Tuesday, 11th inst. The ministerial association meeting was held in the afternoon, when the Rev. E. Crompton read a very interesting paper on Popular Amusement, which elicited considerable discussion, bringing out a great deal of thought on the popular amusements of the day. In the evening there was a public temperance meeting, when several able addresses were given by the Rev's. R. Pike, J. E. Lidstone, H. Harris and T. Amey. Rev. E. Crompton, presided. The subject was ably sustained. On Wednesday, at 9 o'clock a. m., the district meeting commenced its business, there being a good attendance of both ministerial and lay delegates. A very pleasant time was experienced, and numerical statistics and financial accounts were fully gone into. A thorough examination of the workings of the district was made and found in a healthy state; and the officers thank God and take courage.

MUSICAL ENTERTAINMENT.

On Wednesday evening a musical entertainment was given in the Church, at which there was a respectable attendance. Rev. H. Harris of Guelph, presided, and in company with his two sons and Rev. R. Pike of Kincardine, entertained the audience with selections from some of the master composers. Mr. Harris and his sons are accomplished musicians, and the "harmony of sweet sounds" produced by them on the violin and organ, in company with Mr. Pike on the flute, was a treat such as is not often the pleasurable lot of our townspeople to listen to. "The Heavens are Telling," "Home Sweet Home" with variations, "The Cave of Bagdad," and the "Gloria" from Zarksburg Mass, were rendered in excellent style. Mr. Harris also possesses good vocal powers, and sang a number of sacred melodies in a very acceptable manner. The musical entertainment was interspersed with short addresses by some of the delegates present, the principal merit of which was their brevity. At the conclusion a hearty vote of thanks was tendered the musical quartette for their very pleasing services; votes of thanks were also tendered the parties who had extended their hospitality to the delegates, and to Mr. Sarvis for the use of his organ.

LISTOWEL HIGH SCHOOL BOARD.—The regular monthly meeting of the Board was held in the Council Chamber on Wednesday evening 5th inst. Present, G. Draper, Chairman, Wm. McKinney, A. Austin, R. Ferguson, and D. D. Campbell, Secretary. The following accounts were laid on the table: From Hess Bros. for lumber $12.68; W. Alexander for half of fees conducting Entrance Examination Dec. 1879, $7.75; W. J. Ferguson, conveyancing $3; E. B. Sutherland, balance contract, $50, extra on stone wall to secure foundation, $57; G. S. Climie & Sons, contract for furnaces, $254.25. Mr. Alexander's account was allowed to stand over to ascertain the Board's liability in the matter. It was moved by W. McKinney, seconded by A. Austin, that the accounts of E. B. Sutherland, $107, Hess Bros. $12.68, W. J. Ferguson $3, G. S. Climie & Sons, $254.25, when in funds—carried. The Head Master reported an average attendance at High School for last month was 45. It was moved by R. Ferguson, seconded by W. McKinney, that the chairman be instructed to obtain legal advice re the liability of the late Listowel High School District to assessment at the present time for High School accommodation—carried. The Board adjourned till Tuesday evening 11th inst.

According to adjournment, the Board met on Tuesday evening in W. J. Ferguson's law office, all the members being present except Mr. Hemsworth. The Chairman read a letter which he had prepared for submission to Christopher Robinson, Q. C., Toronto, respecting the legality of the H. S. District to assessment for High School accommodation, which was approved of by the Board and ordered to be forwarded as soon as the papers were all complete. Mr. Jas. Crozier, Head Master, and Mr. A. M. Springer, assistant teacher, of the High School, tendered their resignation to the Board. It was moved by R. Ferguson, seconded by W. McKinney, that the resignation of James Crozier, head master, and the resignation of A. M. Springer, assistant teacher in the Listowel High School, in both cases to take effect on the 31st August next, be hereby accepted—carried. The account of Thomas Matteny, $3.75 for oiling floors of High School building, was ordered to be paid. Board adjourned.

Lachine Canal.

Notice to Machinist Contractors.

SEALED TENDERS addressed to the undersigned (Secretary of Railways and Canals) and endorsed "Tender for Lock Gates, Lachine Canal," will be received at this office until the arrival of the Eastern and Western Mails on THURSDAY the 3rd day of JUNE, next, for the construction of gates, and the necessary machinery connected with them, for the new locks on the Lachine Canal.

Plans, Specifications and General Conditions can be seen at this office, on and after THURSDAY the 20th day of MAY, next, where forms of tender can also be obtained.

Parties tendering are expected to provide the special tools necessary for, and to have a practical knowledge of, works of this class, and are requested to bear in mind that tenders will not be considered unless made strictly in accordance with the printed forms, and—in the case of firms—except there are attached the actual signatures, the nature of the occupation and residence of each member of the same; and, further, an accepted bank cheque for a sum equal to $250, for the gates of each lock, must accompany each tender, which sum shall be forfeited if the party tendering declines entering into contract for the work at the rates and on the terms stated in the offer submitted.

The cheque thus sent in will be returned to the respective parties whose tenders are not accepted.

For the due fulfilment of the contracts the party or parties whose tender it is proposed to accept will be notified that their tender is accepted subject to a deposit of *five per cent.* of the bulk sum of the contract—of which the sum sent in with the tender will be considered a part—to be deposited to the credit of the Receiver General within *eight days* after the date of the notice.

Ninety per cent. only of the progress estimates will be paid until the completion of the work.

This Department does not, however, bind itself to accept the lowest or any tender.

By Order,
F. BRAUN,
Secretary.
