The latter is in the signal corps there, and he sent a number of flags used for signaling purposes. They are of various colors. There is also a Mauser bullet-belt of heavy leather that belonged to a Boer who had written his name, J. W. Snart, upon it. Another article was a Boer curb-bit; that was found on a field after a battle. All these, together with some articles sent by Pte. Hessel to friends in South London, were sent in a bag made by roughly sewing together one end of a leg of his khaki-colored duck trousers.

Boyd, daughter of the late Rev. J. H. Boyd, of Toronto, were united in marriage by the Rev. Dr. Saunders, of this city. The bride looked very pretty in a gown of foulard silk, trimmed with point lace, and carried a bouquet of roses. The bridesmaid was Miss Winnifred Atkinson, of London, and Mr. T. H. Barton, of Toronto, assisted the groom. After the dejeuner Mr. and Mrs. Barton left by the 4:40 train for the east, and will take up their residence in Montreal.

A BIKER'S SUIT.

At the trial court, in Osgoode Hall, before Mr. Justice Street, action was taken re the case of Jones vs. township of Westminster.—Judgment in action tried at London, brought to recover damages for injuries sustained by plaintiff, who, while riding a bicycle upon a highway in the township, was thrown off his wheel and injured, owing, as is alleged, to the road being out of repair. It appeared in evidence that two or three weeks before the accident the pathmaster of the defendents had constructed a tile drain across the road, and in completing it left a small ridge a few inches high, as he usually did in such cases, in order, as he said, to provide for the inevitable packing caused by travel and rain, otherwise a cavity would be formed in the road more dangerous than a slight ridge. Held, upon the whole evidence, that the plaintiff had failed to make out that the road in question had not been kept by defendants in a reasonable state of repair. Action dismissed with costs. P. McPhillips (London), for plaintiff; W. D. Fraser (London), for defendants.

REAL ESTATE

Market Has Fully Recovered From the Recent Depression—Transactions Lively—Sales Reported.

Local real estate dealers are unanimous in the opinion that the trade in real estate in this city has completely recovered from the recent depression. At present transactions are particularly lively, and their only trouble is in procuring the number of suitable homes that are being sought after. They say that properties in East London especially are being purchased freely. This is particularly noticeable in the neighborhood of the Hamilton road. Properties valued between $1,200 and $1,800 are most generally desired. Recently Mr. A. A. Campbell completed the following sales that are important in that they show the present tendency: A cottage and lot, 247 Oxford street, was sold to Mr. George Gould, for $1,100; a frame cottage and lot, with 50 feet frontage, at 377 Grosvenor street, was sold to Mr. John Ferguson for $600; Mr. George O'Farrell purchased a two-story frame house on the southwest corner of Princess avenue and Adelaide street, for $875; and the property on the southwest corner of Queen's avenue and English street was bought by Mr. W. W. Hesson for $1,400.

The Western Real Estate Exchange reports similar activity in its operations, which recently have been most largely in country properties. The manager, Mr. James Burrows, is of the same opinion as Mr. Campbell, that the trade now in real estate is noticeably active. They have recently negotiated the following sales: Mr. Charles Avery has purchased the 50-acre farm on con. 5, London township, from Mr. Wm. T. Heptigrove; Mr. E. Barton's 100-acre farm on con. 2, Westminster, which is recognized as one of the best in the township, was sold to Mr. W. E. Moore, of South Dorchester; Mr. Erastus Miller's well known 180-acre farm at Parkhill, has been purchased by Mr. Heptigrove, who, with his family, is now living there. Sales were also made of Mr. Ed Marshall's farm of 146 acres in the township of Hay, and the 100-acre farm on con. 27, of the township of Euphemia, belonging to Mr. Neil McLean. Mr. C. Griffith has purchased 30 acres on the Hamilton road from Mrs. Mary Brooks, and is now using it for market gardening. Mr. A. Lane has bought from Mr. John A. Fawcett the frame cottage and lot at 765 Wellington street north. All these properties brought good prices.

City Hall Notes.

A number of citizens who have recently had occasion to study the country in the neighborhood of Springbank, think that for a comparatively small outlay the city could be placed in such a position that it need never, even in the dryest weather, lack an adequate water supply. Although they were not experts in the matter, they say that there is evidence of a larger supply of water between Kilburn and Byron bridges than there is between Byron and the Cove bridge. They have noticed that $1,000 has been put in the water commissioners' estimates, and believe that part of this money could not be better utilized than in studying this district.

City Clerk Kingston has received a letter from the solicitors of the Real Estate Owners' Association, which intimates that if the council persists in making a grant of $100 to help the Metal Polishers' Union to entertain delegates to the coming convention, the association will bring suit against the city. Such a policy does not commend itself to the citizens at large.

The parents of a girl, 12 years of age, recently brought her to Inspector Sanders, with the request that she be detained in the shelter for six days, the time allowed by law before the courts decide as to further detention. The girl, who was tall and bright, had passed the Collegiate Institute entrance examination, but she would not submit to parental rule. She is now "in" for six days.

At present there are in the Children's Aid Society's charge for adoption, four Protestant boys, aged 7, 3, 2 years and 9 months respectively; and three girls, aged 3, 5 and 9 years respectively. They have also three Catholic boys, who are 10, 6 and 4 years old. The society took over yesterday the two children whose mother recently died at the hospital. One is a bright baby girl, about five weeks old and the other is a 7-year-old girl. Both may now be adopted.

FROM BOER SOURCES.

Pretoria, May 29.—Tuesday.—An official war bulletin, just issued, is as follows: "On Sunday a fight occurred close to Van Wyck's Rust, in Gatsrand. The Federals fought well and the British troops seemed tired our. When dark the Federals were forced to retire in the direction of Van Wyck's Rust on account of the overwhelming force of the British.

"The British attacked Witwatersrand yesterday and were in contact with the Federals at Gatsrand. But they were beaten back with good results by the Federals under Commandant Louis Botha. The Federals were heavily bombarded all day long, but kept their positions. The British loss is reported to be considerable. The British are near Utrecht, and they are also marching on Laing's Nek."

THE ORANGE RIVER COLONY

Scenes Attendant on Annexing and Renaming the Free State.

Bloemfontein, Monday, May 28. — Amid salutes and cheers and the singing of "God Save the Queen," the military governor, Major-General George Pretyman, at noon, formally proclaimed the annexation of the Free State, under the designation of the Orange River Colony. The ceremony was imposing, and the scene in the market square inspiring. An immense concourse had gathered, and the town was gay with bunting. The balconies and windows surrounding the square were crowded with ladies, among them Lady Roberts and the Misses Roberts, the Countess of Airlie, and Ladies Henry Bentinck and Settrington.

The troops were drawn up under the command of Gen. Knox and entertained the spectators. The governor, accompanied by Gen. Kelly-Kenny, and their staffs, escorted by the Welsh Yeomanry, was greeted with a general salute, after which, amid an impressive silence, and in a clear voice, heard in every part of the square, Gen. Pretyman read Lord Roberts' proclamation annexing the Orange Free State, as conquered by her majesty's forces, to the Queen's dominions, and proclaiming that the state shall henceforth be known as the Orange River Colony.

Lusty cheers greeted the concluding words of the proclamation, and these were renewed with ever-increasing volume as Lord Aohison unfurled the royal standard and the bands struck up "God Save the Queen," all present joining in singing the national hymn.

The ceremony concluded with cheers for the Queen, Lord Roberts and the army, and a salute of 21 guns.

NO QUARREL WITH THE PEOPLE.

Newcastle, May 30.—The following proclamation has been issued by the general in command: "The troops of the Queen are now passing through the Transvaal. Her majesty does not war upon individuals, but, on the contrary, she is anxious to spare them, so far as possible, the horrors of war. The quarrel which England has is with the government, and not the people, of the Transvaal. Provided they remain neutral, no attempt will be made to interfere with persons living near the line of march. Every possible protection will be given them. Any of their property which it may be necessary to take will be paid for. But, on the other hand, those thus allowed to remain near the line of march must respect and maintain neutrality. The residents of any locality will be held responsible, in both their persons and property, for any damage done to the railway or telegraph, or for violence done to any member of the British forces in the vicinity of their homes."

BLOODTHIRSTY!

Three Christian Families Butchered by Boxers—Warehouses, Workshops Railway Stock Destroyed.

Pekin, May 29.—Tuesday.—From all parts of the surrounding country, news is constantly arriving of fresh atrocities committed by the "Boxers." Three Christian families were massacred at Shan Lai Yan, 60 miles from Pekin, on Friday, May 25. Only two escaped.

A reporter of the Associated Press visited Fang Tai this morning, and found the place occupied by a battalion of troops. The whole railroad station, workshops and locomotive sheds were gutted, and much rolling stock was destroyed, including the imperial palace car. Large Chinese warehouses, full of valuable merchandise, were burned after having been looted by the rioters. The damage done is estimated at half a million taels.

The neighboring villagers seem to have joined in the attack, showing that the movement is not confined to the "Boxers." Eight roters who were captured will be dispatched.

The whole country is seething with excitement, and it is hard to foretell the course of events.

LITTLE GIRL SHOT

Serious Developments in the St. Louis Strike.

St. Louis, May 30. — A crowd jeered a non-union motorman and conductor, who drew their revolvers and fired 25 shots into the crowd. Wm. Brenneman, a block away, was shot in the knee and will lose his leg. Dolly Mitchell, a little girl living near by, was hit in the wrist. The motorman and conductor were arrested.

THE CALUMET MINE FIRE.

Houghton, Mich., May 30.—The Calumet and Hecla mine is still on fire. Will McCrae is dead and five other miners have been taken to the hospital. All shafts of the Calumet branch are being sealed, also most of the Northern Hecla shafts. Smoke and gas are coming through cracks in the earth overlay as far west as Red Jacket. It will probably be necessary to build big lime kilns and generate gas to smother the flames, as was done at the last big fire twelve years ago.

MEMORIAL DAY.

New York, May 30.—With almost perfect weather conditions Memorial Day was generally observed in this city. Thousands of flags fluttered from the tops of buildings and the various statues throughout the city were dressed in bunting. The parade this year was unusually large.

Memorial Day was observed in Manila as a general holiday. Military ceremonies were held at the various stations, and salutes were fired from the forts at Santiago and Manila, and the graves of United States soldiers were decorated.

A DINNER PILL.—Many persons suffer excruciating agony after partaking of a hearty dinner. The food partaken off is like a ball of lead upon the stomach, and instead of being a healing nutriment, it becomes a poison to the system. Dr. Parmelee's Vegetable Pills are wonderful correctives of such troubles. They correct acidity, open the secretions and convey the food partaken of into healthy nutriment. They are just the medicine to take if troubled with indigestion.
