ENTERTAINED THE GRAND MASTER

Toronto Oddfellows Have as Their Guest C. E. Lyman of Brockville.

A pleasing event in Oddfellowship was the reception tendered the Grand Master, C. E. Lyman of Brockville, last night in the Oddfellow's Hall, corner of Yonge and College-streets. The event was participated in by the 17 local lodges, and the guests came from many places outside the city.

During the first part of the evening a concert was held with D.D.G.M., R. C. Morrison in the chair. A pleasing program of vocal and instrumental music was rendered by Ernest Bowles, Eddie Piggott, W. H. White, George T. Beales, Donald C. McGregor and J. W. Prestwich.

At the conclusion of the concert the 250 present sat down to a sumptuous repast, which was served by George Cutten assisted by Caterer Tasker. At the head of the table were seated: Grand Master Lyman, Deputy Grand Master W. J. Cowan, London; Grand Secretary J. B. King, Toronto; Grand Treasurer, W. J. McCormack, Toronto; Grand Marshal W. S. Johnston, Toronto; Past Grand Masters J. E. Farewell, Whitby; J. T. Hornbrook, John Donogh, Joseph Oliver. An interesting toast list was gone thru, the speeches being interspersed with musical numbers.

The committee to whom credit is due for the successful event were: Alf. Coyle, chairman, J. A. Humphrey, W. Bond, A. Dayman, R. Sheppard, C. W. Robinson, George Cutter and W. B. Wellwood.

A SLUMP IN STEEL.

Story of How It Was Accomplished in Two Places.

Montreal, May 13.—The statement that the directors had sold their Dominion Steel stocks at 70, or thereabouts, and then deserted the market in order to get them back at 50, is an unjust accusation. The facts are about as follows: When the stock was selling at 70, Rudolphe Forget went short to the extent of 5000 or 6000 shares, and, by being able to cover yesterday and previous days, was enabled to make a profit variously estimated at from $100,000 to $125,000. The coup which sent the price of steel down so fast yesterday was not accomplished individually in this market, but the operator in question was assisted, so the story goes, by a clique in the Boston market, and color is lent to the narrative by the fact that for some days before the break came there were signs that something was doing in Boston in steel. There were unmistakable evidence of bear tactics, and, of course, when the price of steel declined in Boston, the local market, as a matter of course, followed suit. Day before yesterday, during the forenoon, the local market was amazed to see the price go down to 59. Word came from Boston that the price there slumped to 53. In the light of subsequent developments that is taken as a clear indication that an attempt was on foot to break the market a day ahead of when it was really accomplished.

Reception to Dr. Hunter.

Dr. Hunter of Orangeville, Past County Master of the Loyal Orange Association of Dufferin County, was tendered a reception by the members of Nassau, L.O.L., No. 4, in Victoria Hall last night. W. M. Peter Fobert presided, and a large number were present, including representatives from Star of the East and Ionic Lodges, Loyal Orange Young Britons, and the Loyal True Blue Association. County Master Harry Lovelock and Dr. Hunter responded in an able manner to the "Loyal Orange Association"; Grand Master Alexander Hall to the "Loyal Orange Young Britons"; Alex. T. Mackie, D.D.G.M. of East York, to the "Loyal True Blue Association"; John Slain and Thomas Dockray to "Our Visitors." The gathering was entertained with selections by Alex. T. Mackie, Mr. Gilmour, S. H. McHenry and graphophone selections.

Says Cronin Stole the Jam.

Policeman Allan (40) last night arrested John Cronin, 280 West Richmond-street, on a charge of being drunk, and after the prisoner had been locked up a charge of theft was preferred by John Campbell, 192 West Queen-street. Campbell says Cronin went into his store last night and asked for something to eat. He was accommodated and was ungrateful enough to walk off with a pail of jam. The storekeeper gave chase and succeeded in recovering his property, but not without a fight.

Did He Steal the Tools.

Edward Blight, 188 West King-street, was taken into custody last night by Detective Cuddy, on a charge of theft. It is charged that he stole several tools from Capt. Joseph Goodwin's boat, the Snowstorm, a few days ago and sold them to a second-hand dealer.

Steward Senior Rejected.

Judge Snider this morning gave judgment in the ejectment action of the Jockey Club directors against Steward Senior, of the Road House. His Honor found that the directors' notice, altho served on a Sunday, was legally good, and that the directors had reasonable ground for notifying Senior to leave the house. His Honor gave an order ejecting Senior as tenant of the club premises.

Senior's counsel gave notice that he would move, at Toronto, for a writ of certiorari for the reinstatement of Senior.

Police Points.

At the Police Court Herbert Bowman, Spring-street, was found guilty of breaking into the baggage room of King-street Station last night. He was remanded till Thursday for sentence.

BUSY JAUNT TO THE ISLAND

Aldermen Satisfied With the Plan Made By City Officials for Improvements.

CHANGED THE CREMATORY SITE

Trouble in the Air for Campers Near Hanlan's Point—City Hall Notes.

The plan for Island improvement, which was prepared by Surveyor Sankey and Park Commissioner Chambers, was given a practical investigation yesterday afternoon, and in but few respects was it found wanting. Chairman Burns of the Island Committee fathered a boat load of aldermen and officials to the Island. The ferry boat Island Queen was generously placed at their disposal by the Toronto Ferry Co., and there is a possibility of some good to the Island from the visit.

Among the visitors were Ald. Fleming, Graham, Bell, Crane, A. Stewart, Frame, Curry and Oliver, President Small of the Island Association, Street Commissioner Jones, Park Commissioner Chambers, Assessment Commissioner Fleming, Assistant City Solicitor Chisholm, Assistant Engineer Fellowes, Surveyor Sankey and a number of others, who enjoyed a healthful afternoon on the Island.

Cutting Out the Campers.

The boat load left Yonge-street wharf soon after 2 o'clock, and made for Hanlan's Point. The plan which has already been published in detail was followed. Surveyor Sankey and Ald. Burns rowed over the waterway, which is to be the short cut from Hanlan's to the Park, while most of the others walked.

The first serious stop was made on the property leased by Hanlan and by Heber, where campers and occupants of shanties have been wont to enjoy themselves for years. The Assessment Commissioner said that according to their leases the lessees had no right to sub-let and he agreed with the Park Commissioner and Mr. Small that the campers and shanty occupants should be banished. The legality of this is in question, and the Legal Department will be asked to report. At present it looks as if the lessees had the good end of the argument, altho Mr. Small and Mr. Fleming don't think so. The idea is to make the whole property into a park for the poor people.

Mr. Mallon's House.

The general plan met with approval, but incidentally there was an argument regarding Mr. Mallon's house on Mohawk-avenue. The house is not finished. It was started on the supposition that the Assessment Commissioner would agree to the lease of the land, but the house is in the way of one of the park proposals and work has been stopped. The aldermen seemed to think that Mr. Mallon should get his lease and continue building his house.

Change Crematory Site.

The principal matter under consideration was the location of the new crematory. This took a lot of attention. The Street Commissioner had the material ready to go on at the site chosen by himself and the Engineer. After some mature deliberation it was decided to build 200 feet south of the site, and the crematory will now be about 100 yards south of the proposed cut and midway between the new channel and the pumping station. Mr. Small, whose house is none too far away from the location, is not altogether pleased, but he expressed his willingness to abide by the decision of the committee.

After a short rest at the pretty place of Caretaker Kimmins on Centre Island, where refreshments were served, the party returned to the city.

Resolution of Sympathy.

A resolution was passed and forwarded by wire to W. L. Grant, M.A., Kingston, son of the late Principal Grant, to the effect that the Council and citizens of Toronto desired to convey to the family of the late Rev. Principal Grant the assurance of their deepest sympathy, and sense of the great loss the country has sustained in his decease.

Ald. London's Scheme.

The board is still secretly struggling with the school estimates, and when their deliberations reach the light of day it is altogether likely that the accounts will be endorsed, less the sum which was disputed last year and is now in litigation. Controller Loudon fathers this plan with the reserve that if the Court of Appeal decides against the city on last year's suit both amounts be levied against the tax payers as a special rate next December in order that the general public may get an adequate idea of what proportion of taxes they pay for the schools.

Water for Fires.

A report has been received from Fire Chief Thompson as to the cost of water used for extinguishing fires. He estimates that the cost of the water last year at 12c a thousand gallons, the regular meter rate, was $363 or $152 as the actual cost figured out by Engineer Fellowes.

Not More Than 20 Mills.

At the worst the tax rate will be 20 mills, and Controller McMurrich doesn't care if it is.

"Pay as you go," he says, and he thinks this is a good year in which to catch up.

ELIMINATE CANADA.

Morgan Shipping Combine a Menace to This Country.

London, May 13.—The Daily Mail says: As we have already stated, the Canadian shipping and railroad interests will either have to make their terms with the "combine" or fight. The trust will leave the choice to them.

We believe that time will show that the scheme of the Morgan interests does not necessitate any inclusion of these Canadian interests; it only regards their elimination as a potent commercial factor, a result which, in the opinion of those directly interested, could be easily attained.

In any case, it rests with Canada, and presumably British co-operation, as to whether the trust shall be allowed to control or not all transatlantic shipping and all trans-North American trade.

We understand the Canadian authorities are fully alive to the menace.

MORGAN'S AIM.

London, May 13.—There is a persistent rumor that the steamship combination of J. Pierpont Morgan is trying to get control of the Manchester ship canal, but it is not possible to verify the report. However, the story dovetails with the other rumor that the ship trust is making a move to obtain control of an English railway running to Manchester.

FOLEY MINES OPEN.

American Capitalists Going Into the Rainy Lake District.

Houghton, Mich., May 13.—Copper country capitalists have secured control of the Foley mines in the Rainy River District and the Algoma District, Ontario, and will immediately re-open the property on a large scale. The Foley was the first mine opened in that district, and became famous for the big bricks turned out from its stamp mill, but passed into possession of an English company, which immediately closed the mill. The present owners will try the other tack. Fred J. Bawden, president of the Houghton County Street Car System, will probably be made president of the mining company, which will be organized under the laws of Ontario, with provisions for ample working capital.

ASTHMA Mr. H. Salmon, Yonge-st., Toronto, was not only cured of Asthma and Bronchitis after doctors said he was going into consumption, and after intense suffering, but gained **16 POUNDS** in weight, and was completely restored to perfect health. Can you imagine the relief? It's for you, too, if you take this constitutional remedy. It's the only positive cure yet discovered, to which hundreds testify who have been cured. Try it. LOUBET TO VISIT CZAR.

Minister of Foreign Affairs Will Go With Him.

Paris, May 13.—President Loubet, who is on his way to visit the Czar of Russia, left here for Brest this evening from the depot St. Lazare. He will arrive at Brest to-morrow morning, and the French cruiser Montcalm, which is to make it to take the President to Russia, will leave that port to-morrow afternoon.

The President was cheered along his route to the railroad station, and the gathering there to bid him farewell was composed mostly of officials. The people who were leaving the depot St. Lazare on suburban trains gave the President of the Republic an ovation as his train pulled out. If the Montcalm encounters too much ice in the Baltic, President Loubet will be landed at Revel, on the Gulf of Finland, and will proceed from there to St. Petersburg by rail.

I Will Cure You of RHEUMATISM

No Pay Until You Know It.

After 2000 experiments, I have learned how to cure Rheumatism. Not to turn bony joints into flesh again; that is impossible. But I can cure the disease always, at any stage, and forever.

I ask for no money. Simply write me a postal, and I will send you an order on your nearest druggist for six bottles of Dr. Shoop's Rheumatic Cure, for every druggist keeps it. Use it for a month, and if it does what I claim pay your druggist $5.50 for it. If it doesn't, I will pay him myself.

I have no samples. Any medicine that can affect Rheumatism with but a few doses must be drugged to the verge of danger. I use no such drugs. It is folly to take them. You must get the disease out of the blood.

My remedy does that, even in the most difficult, obstinate cases. No matter how impossible this seems to you, I know it and I take the risk. I have cured tens of thousands of cases in this way, and my records show that 39 out of 40 who get those six bottles pay, and pay gladly. I have learned that people in general are honest with a physician who cures them. That is all I ask. If I fail, I don't expect a penny from you.

Simply write me a postal card or letter. Let me send you an order for the medicine. Take it for a month, for it won't harm you anyway. If it cures, pay $5.50. I leave that entirely to you. I will mail you a book that tells how I do it.

Simply state name of your dealer, and address Dr. Shoop, Box 21, Racine, Wis. 37
