PLANS OF THE MILITIA FOR GENERAL'S COMING

Review of Toronto Infantry Regiments on Victoria Day—Niagara Camp Will Be a Big One.

Arrangements have been completed by Brig.-Gen. Cotton, commandant of No. 2 Military, Western Ontario division, for the official visit of Major-General French, inspector-general for the imperial military forces, to Toronto and Niagara camp.

On Monday, May 23, General French will inspect the Toronto school cadets, probably in Queen's Park, or on the university campus. On the 24th, Victoria Day, in the forenoon, he will unveil the South African military monument in Queen's-avenue, in the presence of the militia, representing the various units in and about Toronto. The function will be attended with music, gun-fire and a parade. On account of lack of ground space it will be impossible for the Toronto garrison to be mustered in full strength at the unveiling, but in the afternoon the general will inspect the Toronto Infantry Brigade, comprising the 2d, 10th and 48th regiments. On Wednesday, May 25, the inspector-general will go to Stanley Barracks to cast a critical eye over the permanent corps. On Thursday he will do similar honor to the 13th and 91st regiments at Hamilton.

It is likely he will visit Niagara Camp about Tuesday, June 14, with a view to making an inspection of the various corps during the three days following.

Niagara Camp will have several special features this year. It will have the largest attendance of cavalrymen ever assembled at camp in this district. Where there have usually been three corps of horse, the Body Guards, the Mississauga Light Horse of Toronto, and the 2nd Dragoons of St. Catharines, there will be added this year, the 1st Hussars of London, the 24th (Greys) of Woodstock, and the 25th Brant Dragoons, in all over 1750 mounted men.

This year's camp will also see the largest representation of the army medical department that has ever grouped in Canada. Added to the four medical companies of district No. 2, will be two companies from district No. 1.

Two rifle ranges will be in use, giving double the accommodation for musketry training of any previous season.

In view of the presence of General French, it is anticipated the three infantry brigades will turn out in greater strength than ever before. The officers have been instructed to produce a full establishment. The camp opens on June 7, and the first week will be spent in vigorous drilling in an endeavor to get the troops up to the best possible standard for the inspector-general's observation. There will be no artillery at Niagara. Petawawa will have them all.

The cavalry brigade will be in command of Lt.-Col. Clarence Denison; the third infantry brigade under Lt.-Col. A Bertram of Dundas; the 4th infantry under Lt.-Col. William Wallace, Toronto; the 5th infantry under Lt.-Col. A. T. Thompson. Lt.-Col. J. T. Fotheringham will be administrative medical officer, and Lt.-Col. J. G. Langton will be senior officer of the 2nd, 9th and 12th companies of the army service corps.

BRITISH AVIATOR PRAISES PAULHAN FOR TRIUMPH

Graham White Calls for Three Cheers For Victorious Opponent —Manchester Honors Winner.

MANCHESTER, Eng., April 28.—Paulhan, the French aviator, winner of the $50,000 prize for making the trip from London to Manchester by aeroplane, was given an official reception by the Lord Mayor of Manchester this afternoon prior to his departure for London. He told the lord mayor that he would have been very happy if White had arrived at the same time he did.

Paulhan's actual time officially determined as already given at four hours and eleven minutes is considerably less than the average running time of the trains from London to Manchester and only 41 minutes more than the fastest express when covering the route.

A movement is on foot to erect a memorial on the field where Paulhan finished in commemoration of the Frenchman's superb flight.

When at Polesworth White was told of the Frenchman's success. He mounted the seat of an automobile and cried: "Ladies and gentlemen, the $50,000 prize has been won by Louis Paulhan, the finest aviator that the world has ever seen; compared with him I am only a novice. Three cheers for Paulhan."

White was also one of the first to telegraph congratulations to the rival. His message read: "I take the earliest opportunity of offering you my heartiest congratulations on your splendid performance. The better man has won."

White was obliged to descend at Polesworth and abandon the race at not more than half the distance. White, who is hardly more than a novice in the art of aviation, encountered treacherous wind currents which thrice turned his machine around and he also experienced trouble with his motor.

Paulhan was benumbed with the cold and thoroly exhausted when he reached here. Paulhan followed the railway line all the way to Manchester, usually at a height of 300 feet, but ascending to 700 feet when passing over towns, and the people who turned out to cheer saw but a speck in the sky.

He did the last 24 miles in exactly 24 minutes, outdistancing the special train bearing his wife, Henry Farman and other friends who had accompanied him.

A FRENZIED MURDERER

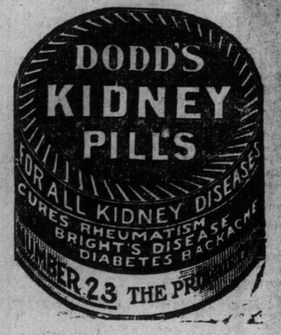
Besieged by Sheriff's Deputies, Ends His Own Life.

NEW YORK, April 28.—In a sudden frenzy of insanity Clarence Woods, 19 years old, of Rutherford, N. J., shot and stabbed Miss Anna Kipp at the boathouse of the Rutherford Boat Club, seriously wounded Chief of Police Smith of Rutherford and also shot Policeman McClellan. For several hours afterwards Woods was under siege at the boathouse, armed with a gun and revolver. The building was surrounded by Sheriff Brewster and 25 deputies.

Realizing that he was about to be captured, Woods turned a revolver on himself and took his life.

Slashed From Ear to Ear.

PITTSBURG, April 28.—Bent backward over a broken chair, her neck slashed from ear to ear and her clothing soaked with blood, Mrs. Emily Mills, aged 28 years, keeper of a restaurant near the downtown section, was found to-day. Her husband was arrested.

Ran Amuck, Met Death Himself.


WELCH, W. Va., April 28.—John Morris, a miner, maddened by drink, shot and killed two men, wounded several others and a woman, according to news just received here, and met his death while trying to escape into Virginia on a freight train, by losing his balance and falling under the wheels.
