OUR COUNTRY CORRESPONDENCE.

FREDERICTON.

Fredericton, March 31—(Special)—The special committee on the Winding Ledges dam scheme met today at noon and the following members of the Madawaska delegation stated their views in favor of the plan: Maxim Martin, Robert Aiken, Jas. Burgess, M. P. P., Aaron Lawson, Cyprene Martin and Angere Bernier. The hearing will be resumed again tomorrow morning and it is expected that committee will report to the house in the afternoon.

Unless a rise of water occurs in the meantime it is scarcely likely that navigation at this point will be open for a week at least. The big ice jam at Springhill is wasting away quite rapidly and the ice which blocks the river opposite the city is little more than slush. It ran about half an hour this afternoon. The water has fallen nearly two feet since yesterday morning.

James Robinson, M. P. for Northumberland; Fred LaForest, of Edmundston; Arthur I. Trueman, W. Watson Allen and E. R. Chapman, St. John, were among the arrivals in the city this evening.

Fredericton, April 1—(Special)—A meeting of the Fredericton Tourist Association was held Monday evening, C. B. Foster, general passenger agent of the Canadian Pacific Railway, being present. The project of amalgamating the three associations of the proince under one head was discussed from different points of view by Mr. Foster and the members of the association. Mr. Foster outlined the plans laid down by the St. John association. These were agreeable to the association with the exception of one or two points on which they thought it advisable to make a change. The idea of appointing a general secretary with a salary to look after all the correspondence of the association was considered a good one, as the work is too much for the secretary of each association to do unless he devotes his whole time to it. The St. John association wished to have the secretary appointed by the association and under their control and pay. The Fredericton association were of the belief that it would be a better plan to have the secretary appointed and paid by the government and under its control, and then he would probably not show any partiality to either city.

The season is at present too far advanced to perfect the scheme this year, so each association will have to carry on its work independently for the present.

An association has been formed in Woodstock and they will probably come in for a share of the government grant this year.

Amherst, March 31—As a result of an agitation by the different Protestant denominations at Springhill Mines that town will in all probability have a thoroughly equipped Young Men's Christian Association within a very short time. The intention of those in charge is to have $8,000 guaranteed for building and equipment before doing anything as they realize that to do good work an association must be on a solid financial basis.

DISGUISED CATARRH

A Stealthy, Insidious, Weakening Enemy to Women—Many Thousand Women Suffer Needlessly From This Cause.

There are a multitude of women, especially housewives, and all other women obliged to be on their feet constantly, who are wretched beyond description, simply because their strength and vitality is sapped away by catarrhal discharges from the pelvic organs. These women get up in the morning tired, drag themselves through their daily duties tired, only to go to bed at night as tired as before.

MRS. EVA BARTHO.

Mrs. Eva Bartho, 133 East 12th Street, N. Y. City, N. Y., writes:—"I suffered for three years with what is generally known as leucorrhea, in connection with ulceration of the womb. The doctors advocated an operation which I dreaded very much, and strongly objected to go under it. Reading of the value of Peruna, I thought it best to give this well-known remedy a trial, so I bought three bottles of it at once. Now I am a changed woman. Peruna cured me; it took nine bottles, but I felt so much improved I kept taking it, as I dreaded an operation so much. I am to-day in perfect health, and have not felt so well for fifteen years."—Mrs. Eva Bartho.

MISS LOUISE MAHON.

Miss Louise Mahon, 3 Glen Ballie Street, Toronto, Ont. Can., Secretary of the Daughters and Secretary of Lady Macbees, writes:—"If all women knew the benefits to be derived from taking Peruna we would have many happier and more useful women. My health has never been too robust, and I am easily fatigued and can not stand much. About a year ago I was so run down that I had to take to my bed, and became weaker and weaker. A friend advised me to try Peruna, and I have great reason to be grateful, for in two weeks I was out of bed and in a month I was perfectly well, and now find that my health is much more robust than formerly, so that I take Peruna once or twice a month and keep well."—Louise Mahon.

Peruna is such a perfect specific for each case that when patients have once used it they can never be induced to quit it until they are permanently cured. It begins to relieve the disagreeable symptoms at once. The backache ceases, the trembling knees are strengthened, the appetite restored, the digestion made perfect, the dull headache is stopped and the weakening drains are gradually cured. These results certainly follow a course of treatment with Peruna.

Barbara Alberty, corner Seventh and Walnut streets, Appleton, Wis., writes as follows in regard to Peruna:

"For years I have suffered with backache and severe pains in the side. I doctored so much that I became discouraged. A school friend told me how very much Peruna had benefited her and I sent out for a bottle, which did more to relieve me than all the other medicine I have ever taken. I used it faithfully for two weeks and it completely cured me. I have not had any pains since, anywhere, but feel like a new woman. I am truly thankful for what Peruna has done for me."—Barbara Alberty.

Mrs. Kate Mann, 806 Bathurst Street, Toronto, Ont. Can., Vice President of the Ladies Aid Society, writes:—"I am pleased to give praise to Peruna for the blessed relief I found through its use. I suffered for years with backache and dragging down pains and often had to go to bed and stay there when I was so busy that I could ill be spared. It was therefore a simple godsend to me when Peruna was brought to my notice. Every drop seemed to give me new life, and every dose made me feel much better, and I promised myself that if I found that it cured me I would advocate it so that other suffering women should know of it. I have been in perfect health for one year, I enjoy work and pleasure because in such fine health, and no trouble seems too heavy to bear when you are in good health. Peruna has simply been a household blessing, and I never will be without it again."—Mrs. Kate Mann.

MRS. KATE MANN.

Mrs. Anna Martin, 47 Hoyt St., Brooklyn, N. Y., writes:—"Peruna did so much for me that I feel it my duty to recommend it to others who may be similarly afflicted. About a year ago my health was completely broken down, had backache, dizziness and irregularities, and life seemed dark indeed. We had used Peruna in our home as a tonic, and for colds and catarrh, and I decided to try it for my trouble. In less than three months I became regular, my pains had entirely disappeared, and I am now perfectly well."—Mrs. Anna Martin.

MRS. ANNA MARTIN.

Mrs. Wm. Hetrick, Kennard, Washington county, Neb., writes:

"I am fifty-six years old and have not felt well since the Change of Life began ten years ago. I was in misery somewhere most of the time. My back was very weak, and my flesh so tender it hurt me to lean against the back of a chair. I had pain under my shoulder-blades, in the small of my back and hips. I sometimes wished myself out of this world. Had hot and cold spells, dizziness and trembling of the limbs, and was losing flesh all the time. After following your directions and taking Peruna I now feel like a different person."—Mrs. Wm. Hetrick.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Peruna can be purchased for $1 per bottle at all first class drug stores.

Why Don't You Get Well?

My Remarkable Offer.

I am making an offer to sick ones which no other physician will make.

The offer proves that I have wonderful faith in myself and in you. It proves that I have learned how to cure, for the offer would ruin me if I did not succeed.

The offer is this:

Simply send me this coupon or write me a postal stating which book you need. I will then mail you an order on your druggist for six bottles of Dr. Shoop's Restorative. You may take it a month on trial. If it succeeds, the cost is $5.50. If it fails, I will pay your druggist myself. And your mere word shall decide it.

I do that to convince you who hesitate—you who doubt all men's claims. I have what millions need, and I want the sick ones to have it. So I make an offer so fair that the sick can't neglect it. That offer has been accepted by nearly 550,000 people, and 39 out of each 40 have paid gladly because they were cured.

The Remedy That Cures.

My Restorative differs from all other treatments. It is the result of my lifetime's study in learning how to strengthen the inside nerves. This remedy always brings back the nerve power which alone operates the vital organs. The result is like giving an engine more steam; the organ has power to do its duty.

The common way is to treat the weak organ—to tide over the difficulty till Nature restores the nerve power. But if the trouble is deep-seated, those methods fail. With any trouble—whether trifling or severe—the right way and quickest way is to restore the cause—to bring back the nerve power that is weak.

My Restorative always does that.
