H. PRICE WEBBER, whose coming is always hailed by Charlottetown play goers, has written Mr. T. L. Chappelle that he will be unable to visit this city until the coming fall.

THE steamer Southport began plying between the city and Southport on Thursday. As yet she is unable to quite reach the wharf on the other side, owing to a small sheet of ice.

Out of the 200 sealers who were carried out to sea by the storm at Trinity Bay, Nfld., all have been accounted for with the exception of 25 Fifteen bodies have been recovered.

Two fire alarms were sent in on Saturday, the first about three o'clock in the morning, and the other about nine in the evening Both were occasioned by the crossing of the wires.

THE harbor is clear of ice in several places, and without the least difficulty the Stanley could now come to this city. It is said that the Northumberland will attempt to make Pictou in a few days.

A special meeting of the City Council to consider the proposed charges in the Water Commissioners office, was held Monday night. Coun. McKay submitted a draft of the bill, which if enacted will accomplish the proposed reform. It was adopted by the Council, only Couns Crabbe and Beer dissenting. A public meeting of the citizens to discuss the merits of the bill is to be held in the Market Hall on Friday evening at 8 o'clock. Should the measure meet with their approval it will be sent to the Legislature now in session.

THE third of the course of Lenten sermons was preached in St. Dunstan's Cathedral on Sunday evening last by Rev. P. A. McEimeel, of Kelly's Cross. His theme was the Sanctity of the Church, and his text was, "By their fruits you shall know them." In eloquent language he showed that the Catholic Church was holy in her founder, who was Jesus Christ, holiness itself; in her Sacraments, instituted by our Lord as the channels for the infusion and preservation of Divine Grace in the souls of men; and in the numbers of her children, who have been eminent for holiness in all ages. On this latter point he plainly showed that no religious denomination can claim any of the Saints in the Calendar as belonging to them, The Catholic Church possessed within itself the means of producing preserving and increasing holiness among her children, and if, as is unfortunately the case, some of her members are not holy, it is because they refuse to make use of the means placed at their disposal for the attainment of that blessing

THE Guardian thinks it would have been "an act of courtesy" on the part of the HERALD to notice the sermon delivered by Rev. Mr. Brewer on Sunday evening, the 13th inst. The Guardian well knows that the HERALD is not in the habit of paying any attention to Mr. Brewer's sermons. But how is it that the Guardian had no report of this sermon, or indeed any information that the Rev. gentleman preached at all on that particular evening? This is all the more surprising considering that the Guardian is accustomed to refer very frequently to the pulpit utterances of that gentleman, and sometimes to give lengthy reports of his sermons. For instance, when Mr. Brewer preached on Sunday evening, the 28th ult., and made use of such classical and highly polished expressions as "Monaghan Barracks, etc.," the Guardian reproduced a great portion of the sermon; but when he preached on St. Patrick our morning contemporary could find no room for the shortest notice of the discourse. Not only that, but it allows a masked nondescript space in its columns to throw dirt at the HERALD concerning this very matter. But then the Guardian is for "Equal rights," you know.

SPORTING NOTES.

A return hockey match Salvage Corps vs. All-comers was played Wednesday night. The former won by 2 goals to 1.

Joe Darby, the famous English jumper, cleared 42 feet 6 inches, in three standing forward jumps with weights, at a recent performance at Manchester.

Gordon the Montreal skater, defeated Frank Carroll in a one mile race at Picton last week, in 3 12. In the three mile race he fell and retired from the ice.

At Chelsea, Saturday night, a billiard match between Schaefer and Ives, 500 points, for the 14 inch balk line championship of the world, a stake of $1,000 a side and the gate receipts, was won by the latter, 500 to 499.

C. W. Williams' recent challenge to trot Allerton against any stallion in the world a race of mile heats, 3 in 5, at the trotting meet to be held at Independence, in August, for a purse of $10,000, has been accepted by Budd Doble on behalf of Axtell, provided the entire purse of $10 000 should go to the winner, to which Williams assented.

Mr. A. C. Bell, of New Glasgow, N. S., owner of the stallion Israel, has sent three of his valuable horses to Independence, Ia., to be trained on the kite track there. Mr. Bell expects that before the season of 1892 closes all three will have entered the charmed circle The horses sent were as follows: Borak the Canadian yearling champion; Dinah, the three year old champion of 1890; and Jessica, dam of Israel, 2.18, Clayola, 2.27½ and Borak.

Among the passengers to San Francisco by the Oceanic, which arrived there Thursday, were E. E. Stevens and George D. Mitchell, two New York attorneys who have been making a tour of the world on bicycles They crossed over to England and toured that country on their wheels. From that point France, Spain, Belgium, Switzerland, Germany, Austria and Turkey were visited. In the latter place they were arrested as spies and kept in jail for 36 hours. On the homeward trip China, India and Japan were toured From San Francisco they go to New York by rail.

The second in the series of races between Fred C. Breen and Hugh J. McCormick, for $100 a side each race, and the championship of America was skated in Victoria Rink, Friday night, and resulted in another easy victory for Breen. The distance, one mile, was made by Breen in 3.04 and by McCormick in 3.07, The time for the best half-mile in a covered rink is 1,26, which was made by McCormick in March, 1888, in his one mile race with Frank Dowd, and which time Breen equalled Friday night. The time for a mile in a covered rink is 2 58, and is also held by McCormick. It was made five years ago in a five-mile race against Dowd. Joe Donoghue has a record of 2.12¾ for a mile straightway with the wind; and Hagen, the Norwegian, has a record of 2.49 on a two lap track. The time in the first race skated was also a record breaker for a 14-lap rink. Breen, the new professional champion is in his 23rd year, stands about five feet ten inches high and weighs 157 pounds. In all probability he will next year go to Norway, and try to wrest the world's championship from Hagen. McCormick, the ex-champion, is aged about 40, and throughout his long career on skates has never been known to do a mean or dishonorable act. Charles Gillespie also skated three miles backward for a record the same evening. His time was as follows: one mile, 3,11; two miles, 6:41; three miles, 10:14.

TROT AT TRACADIE.

Some time ago Mr. James P. Duggan, the enterprising owner of the well known trotting stallion Barney B., offered a prize of five dollars to the best colt of Barney B's progeny. In view of this offer quite a large number assembled on Bell's lake, Tracadie, on St. Patrick's day, when a lively trotting contest took place. Following are the summaries:

A. J. Duggan's, Shamrock,	2 2 1 1 1
J. Carrigan's, Blossom,	1 1 2 2 2
L. McCallum's, Laurier,	3 4 4 4 3
T. Smith's, Little Alex,	4 3 3 3 4

A. J. Duggan's horse was greatly admired by all who witnessed the contest. The above race was followed by a trot between the following horses, with the results here given:

P. S. Hughe's b. m. Minnehaha,	1 1
J. O'Reilly's b. h. Abdallah,	2 2

The third race was as follows:

McEwen's b. h. Harry,	1 3 3
T. Chappel's b. h. Hemando,	3 2 2
P. S. Hughe's b. m. Minnehaha,	2 1 1

Minnehaha was decidedly the fastest trotter exhibited on the occasion. COM.

IS HE JACK THE RIPPER?

The police of Liverpool have been pursuing an inquiry into the disappearance of a woman and her children who formerly lived in Rain Hill, a part of the city. The inquiry started in connection with the arrest at Melbourne, Australia, of a man named Williams, charged with murdering a woman there. Last Wednesday the police went to the house formerly occupied by the woman in question. They lifted the hearthstone from its place and broke open the cement upon which the stone rested. After half an hour's digging they unearthed the remains of the missing woman and four children. The murderer had used chloride of lime to destroy the bodies of his victims which were partly consumed by the lime. The children's bodies were those of a girl aged 12 years, strangled; a girl aged 7, a boy of 5 and a baby about a year old whose throats had been cut. The house in which the bodies were found was once occupied by Williams, who it is believed is "Jack the Ripper." His trips to London correspond with the time the women were murdered in the Whitechapel district; and his description tallies with that of the man seen in the company of several of the murdered women.

It has since been learned that the man's proper name is Frederick Deeming, that of Williams being an assumed one. He has a brother, who resides in Birkenhead, and who with two sisters of Marie Deeming have identified the remains of the woman and four children found in Rain Hill. The children's names were Bertha, Marie, Lilia and Sydney. The murderer, Frederick Deeming, is a member of a good family that resides at Birkenhead. He has led a roving life. He married Marie Jones in 1886. She accompanied him to Australia, remaining there a number of years, and returned to England, with her children, last July.

Deeming was before the Magistrate Saturday and was remanded. His baggage was examined and among his belongings were found articles belonging to Emily Mather, and addresses of persons in Hull and Liverpool, proving the identity of Williams as Deeming. Lawson, etc. Evidence is daily accumulating showing Deeming's past life to have been one of constant fraud and robbery carried on under pretence of wealth and bonhomie.

BEHRING SEA QUESTION.

LONDON, March 19.—The question of renewal of the *modus vivendi* in the Behring Sea matter has reached an advanced stage during the week. Sir Julian Pauncefote being charged to state the character of Lord Salisbury's reply to the United States note on Wednesday. In Ministerial circles it is believed Lord Salisbury continues to contend that the renewal of the *modus vivendi* under existing circumstances is unreasonable. Liberals think Lord Salisbury wants to leave the Behring Sea question in a state that will embarrass the coming Gladstone government.

EASTERN NOTES.

The Rev. Dr. Walker delivered his lecture on Cardinal Manning to a large and appreciative audience in the Hall at Rollo Bay on Monday the 14th inst. He had spoken on the same subject in the Church at St. Georges on the 4th inst. and the fame of his success having reached the ears of his parishioners he was prevailed upon to repeat it for their benefit. It was a masterly sketch of the career and character of the illustrious dead. The learned lecturer described in glowing terms the work of the great Cardinal, after tracing the growth of his religion conviction from earliest boyhood to his reception into the Catholic Church and ended by summing up the character of his genius and sanctity. The proceeds of the lecture were devoted to the assistance of Mrs. Chaisson whose house was consumed by fire a short time ago.

The feast of St Joseph was celebrated with the usual pomp at St. George's Grand River on Saturday last. Over 400 persons approached the sacrament. Solemn High Mass was celebrated by Rev. S. F. Phelan of Georgetown assisted by Rev. D. J. Gillis of St. Peters as Deacon and Rev. Dr. Walker of Rollo Bay as subdeacon. The sermon was preached by Rev J. P. McGrath assistant at St. George's. COM.

Rev. Father Reid, Spiritual Director of St. Joseph's ociety, was the recipient of a well-filled purse of gold, from the members of the society, at the celebration held in St. Joseph's Convent, this morning.

A Bad Cold

If not speedily relieved, may lead to serious issues. Where there is difficulty of breathing, expectoration, or soreness of the throat and bronchial tubes, with a constantly irritating cough, the very best remedy is Ayer's Cherry Pectoral. It removes the phlegm, soothes irritation, stops coughing, and induces repose. As an emergency medicine, Ayer's Cherry Pectoral should be in every household.

"There is nothing better for coughs than Ayer's Cherry Pectoral. I use no other preparation."—Annie S. Butler, 169 Pond st., Providence, R. I.

"I suffered severely from bronchitis; but was

CURED BY

Ayer's Cherry Pectoral. It saved my life." —Geo. B. Hunter, Goose River, N. S.

"About a year ago I took the worst cold that ever a man had, followed by a terrible cough. The best medical aid was of no avail. At last I began to spit blood, when it was supposed to be all over with me. Every remedy failed, till a neighbor recommended Ayer's Cherry Pectoral. I took half a teaspoonful of this medicine, three times a day, regularly, and very soon began to improve. My cough left me, my sleep was undisturbed, my appetite returned, my emaciated limbs gained flesh and strength, and to-day, thanks to the Pectoral, I am a well man."—H. A. Bean, 28 Winter st., Lawrence, Mass.
