WHOLESALE FRUITS AND VEGETABLES

Cantaloupes — California cantaloupes came in on Wednesday, Thursday and Friday for the first time this season. White & Co., Limited, having shipments selling at $13 per case.

Potatoes—Ontario potatoes again declined, selling as low as $2.15 per bag, the bulk still holding at $2.25 to $2.40 per bag; new potatoes, however, held firm at $10 per bbl. for No. 1's and $8.50 to $9 per bbl. for No. 2's.

Lemons—Prices are still going upward and reached $8 per case yesterday; some still being offered at $7.50.

McWilliam & Everist, Limited, had a car of bananas, selling at 8c per lb.; a car of strawberries, selling at 40c per box; a car of mixed vegetables: Cabbage at $5.75 per crate; carrots and beets at $2.75 per hamper, and beans at $4 per hamper; a car of oranges at $6.50 per case; asparagus at $1 per 11-quart basket.

A. A. McKinnon had a car of Ontario potatoes, selling at $2.25 to $2.35 per bag; No. 1 new potatoes at $10 per bbl.; No. 2's at $9 per bbl.; Texas onions at $6.25 per crate.

D. Spence had tomatoes at $7 to $8 per crate; strawberries at 40c per box; lemons at $7.50 to $8 per case; oranges at $6 to $6.75 per case; cabbage at $5.50 to $5.75 per crate; onions at $5 per crate; asparagus at $1 to $1.25 per 11-quart basket.

The Ontario Produce Co. had a car of extra fine Valencia oranges, selling at $6.50 to $7 per case; a car of Ontario potatoes at $2.15 to $2.25 per bag; a car of watermelons at $1.25 to $1.50 each; New Brunswick Delaware potatoes at $2.40 per bag.

Peters-Duncan, Limited, had a car of strawberries, selling at 35c to 38c per box; Georgia peaches at $5 per six-basket crate; imported hothouse cucumbers at $4 per case of two dozen; pineapples at $6 to $7.50 per case; asparagus at $1.25 to $1.50 per 11-quart basket.

W. J. McCart Co., Limited, had a car of mixed veegtables: Cabbage, selling at $6 per crate; carrots at $3, and beans at $4.50 to $5 per hamper; lemons at $8 per case; California grapefruit at $5.50 to $6.50 per case; tomatoes at $8 per crate; sunkist oranges at $5.50 to $7 per case.

White & Co., Limited, had a car of Georgia peaches, selling at $4.50 to $4.75 per six-basket crate; a car of strawberries, selling at 38c to 40c per box; a car of bananas at 8c per lb.; new potatoes at $8.50 per bbl. for No. 2's and $5.50 for No. 3's; head lettuce at $4 to $4.50 per case; leaf at 30c to 40c per dozen; cantaloupes at $13 per case; parsley at 50c per 11-quart basket; cherries at $4 per case.

Jos. Bamford & Sons had sunkist oranges, selling at $6.25 to $6.75 per case; Ontario potatoes at $2.40 per bag; hothouse tomatoes at 35c and 40c per lb.

The Union Fruit & Produce, Limited, had tomatoes at $7 to $8 per crate; a car of Ontario potatoes at $2.25 per bag; No. 1 new potatoes at $10 per bbl.; watermelons at $1.50 to $1.75 each; cucumbers at $5.50 per hamper.

Manser-Webb had spinach, selling at 50c to 75c per bushel; rhubarb at 25c per dozen; tomatoes at $7 to $7.50 per crate; pineapples at $7 to $7.50 per case; lemons at $7.50 per case; oranges at $6.25 to $6.75 per case.

The Longo Fruit Co. had oranges at $5.50 to $6.75 per case; lemons at $7 to $8 per case; tomatoes at $7.50 per crate; hothouse at 40c per lb.; cherries at $4.25 per case; strawberries at 38c per box.

Stronach & Sons had strawberries, selling at 38c and 40c per box; tomatoes at $7.50 to $7.75 per crate; leaf lettuce at 50c per dozen and $3 per box; spinach at 50c per bushel; green onions at 40c to 50c per dozen; asparagus at $1.25 per 11-quart basket.

Chas. S. Simpson had a car of strawberries, selling at 40c per box; a car of mixed vegetables: Cabbage at $5.25 per crate; carrots and beets at $2.50 to $2.75 per hamper; cherries at $4.50 per case; a car of cucumbers at $5 per hamper.

Dawson-Elliott had tomatoes at $7 to $8 per crate; lemons at $7.50 to $8 per case; strawberries at 38c to 39c per box; Leamington hothouse cucumbers at $2.25 and $3 per basket; seedless at $1.25 to $2.25 per dozen; asparagus at 50c to $1.25 per 11-quart basket.

H. J. Ash had a car of tomatoes, selling at $7.50 per crate; a car of oranges, selling at $6 to $6.50 per case; strawberries at 38c to 40c per box; pineapples at $7 per case; cabbage at $6 per crate; asparagus at 75c to $1 per 11-quart basket; Ontario potatoes at $2.25 per bag.

Wholesale Fruits.

Apples—Western Winesaps, $7 per box.
Bananas—8c per lb.
Cantaloupes—$13 per case.
Cherries—California, $4 to $4.50 per case.
Grapefruit — Cuban, $5 to $7 per case; California, $3 to $3.50 per half-case, $5.50 to $7 per case.
Lemons—California, $7 to $7.50 per case.
Oranges—Late Valencias, $5 to $7 per case.
Peaches—Georgia, $4 to $4.75 per six-basket crate.

WASAPIKA NEARING PRODUCTION STAGE

Immense Ore Body, With Ribble Vein as Nucleus, Shown to Exist.

Isbell, Plant & Co., in their weekly market letter, say:

Interest in Wasapika is keen, due to the development of the property along lines that indicate that the production stage at this property is rapidly approaching. When the massive Ribble vein was first uncovered it became apparent that in this ore zone the Wasapika possessed an almost unlimited supply of milling ore, providing values carried to depth. Careful sampling of the vein, after eliminating the visible gold, returned an average grade which indicated that treatment could be done on a highly profitable basis. It was just a question of exploration to prove that the body of ore extended to depth.

The sinking of a shaft was instituted to determine the extent of the zone of enrichment at depth. This shaft has now reached a depth of over 80 feet, and the indications are exceptionally favorable. While the shaft was sunk some distance from the surface outcrop of the Ribble vein, assays have proven that gold values are present over the full 80 feet from the vein to the shaft; in other words, the ore body with the Ribble vein as the nucleus is over 80 feet in width at the point where the shaft was sunk, and gold values are such that the whole width can be milled profitably. When it is taken into consideration that the full length of the vein, so far uncovered, is upwards of 2000 feet, the immensity of this ore body is realized.

The sinking of the shaft is being continued aggressively, and may be immediately pursued till the 200-foot level is reached. A station will be cut at the 100-foot level, and a cross-cut run to test out the vein at this depth.

Competent engineers consider the main ore body at the Wasapika one of the largest of its kind in Northern Ontario. The future of Wasapika as a big producer of gold is as much a certainty as anything pertaining to mining can be.

DOME MINE SHOWING BETTER GRADE OF ORE

Hamilton B. Wills, in his weekly market letter, says:

At the present time the Dome mill is treating about 600 tons daily, with mill heads averaging higher than ever before—reported at between $8 and $9 per ton. The Dome Mine, in my opinion, is a much higher grade gold mine than is generally supposed, and future operations, I believe, will absolutely prove my contention.

Development work in Dome Ex. is progressing rapidly, and a large tonnage of "pay" ore is now being blocked out on the 600-foot level by means of a series of crosscuts into the 99-foot vein. These cuts are 25 feet apart, and already three have been sent in a distance of about 25 feet, with the grade of ore in the third workings, according to my engineer, averaging $7.75 per ton, while in the other two the ore runs $5.40 per ton.

SILVER LEAF COMPANY ELECTS A NEW BOARD

At the annual meeting of the Silver Leaf Mining Company yesterday afternoon, a new board of directors was elected, as follows: E. P. Smith, A. J. Patterson and Charles H. Izzard, all of Toronto; M. P. Bryant, H. S. Bryant, Andrew C. Dunn, Benjamin Byrand and Robert Meredith, all of Montreal, and C. N. Williams, Ottawa.

The financial statement presented showed liquid assets of $20,000. No mining work was carried on during the year.

NIPISSING'S NEW VEIN SHOWS GREAT VALUES

Special to The Toronto World.

Cobalt, June 6.—On high authority it is stated that Nipissing's new high-grade vein already shows three to four million dollars' worth of silver. It now is opened up for 200 feet, of which 180 feet runs 3000 to 7000 ounces of silver to the ton. In places the shoot is seven inches wide, and enclosing it is several feet of valuable milling rock.

LARDER LAKE'S BOOM

Special to The Toronto World.

Cobalt, June 6.—The payroll of Associated Goldfields, Larder Lake, now runs $5000 a week. It is the biggest non-producing proposition in the north. Ninety-eight men are employed. On the 500-foot level, the big dolomine body is proved to be at least 300 feet broad. On this and other value-carrying bodies 400 feet of underground work is being done mostly. Two diamond drills started today.

Two hundred prospectors, with more going in daily, are now scattered thru the district. Accommodation is not to be had anywhere. Four thousand claims in Larder are patented. The government road from Dane is in terrible shape.

KEELEY MAY BRANCH OUT

Silver Centre, June 6.—It is learned that not only is the Keeley mine in South Lorrain to be aggressively worked, but there is also some promise of additional property being acquired by the controlling interests.

British interests, represented in this country by J. McIntosh Bell, are carefully reviewing the situation.

Messrs. J. G. Beaty & Co., members of the New York Stock Exchange, beg to announce that Mr. George H. Ross, formerly Manager of the Bank of Ottawa, Toronto, has been admitted as a partner.

HOLLINGER'S RECORD AS DIVIDEND PAYER

Timmins, June 6.—The dividend of 1 per cent. declared by the Hollinger Consolidated, payable June 17 to shareholders of record June 7, will call for the disbursement of $246,000 and will be the third disbursement so far this year.

The company paid its first dividend in 1912, since which time a total of $10,162,000 has been disbursed, including that to be paid this month. With a capitalization of $25,000,000, the disbursements at the present rate of 1 per cent. every eight weeks amount to 6½ per cent. Within a reasonably short time, however, it is expected this rate will be doubled.

OPPOSITION DEVELOPS TO BIG MARINE DEAL

New York, June 6.—Directors of the American International Corporation, a large stockholder in the International Mercantile Marine Company, announced today that they had instructed their executive officers to vote against the proposed sale to a British syndicate of the British assets of the International company.

The American International Corporation controls at least 80,000 shares of the International Mercantile Marine Company, according to the latter company's stock books, as disclosed at the recent annual meeting. The former concern's opposition to the sale was voted at a meeting of its board of directors yesterday.

The proposed sale would bring about the liquidation of the International Mercantile Marine at a time when there is a maximum demand fo rAmerican shipping facilities, the statement of the American International Corporation directors said.

MONTREAL PRODUCE MARKET

Montreal, June 6.—The tone of the market for oats was weaker, and prices were reduced ½c to 1c per bushel with sales of odd cars of extra No. 1 feed at 90c and No. 2 feed at 82½c per bushel ex store, and Ontario No. 2 white enroute, were quoted at 90c per bushel ex track. Business over the cable in barley was slow, and this coupled with the lower prices ruling in Winnipeg, tended to check the demand from exporters here for further supplies.

Oats—Extra No. 1 feed, 90c.
Flour—Man. spring wheat patents, new standard grade, $11 to $11.10.
Rolled oats—Bag 90 lbs., $4.10 to $4.25.
Bran—$43.50 to $44.00.
Shorts—$45.50 to $46.00.
Hay—No. 2, per ton, car lots, $40 to $41.
Cheese—Finest easterns, 28c to 29c.
Butter—Choicest creamery, 52c to 58c.
Eggs—Fresh, 52c to 53c; selected, 55c to 56c; No. 2 stock, 49c to 50c.
Potatoes—Per bag, car lots, $1.90 to $2.
Dressed hogs—Abattoir killed, $30.50 to $31.
Lard—Pure, wood pails, 20 lbs. net, 37c.

TONE IS WEAKER IN GRAIN MARKET

Preparations to Meet Maximum Limit Rule Have Depressing Effect on Corn.

Chicago, June 6.—Reduction of holdings to comply with the 200,000 bushel maximum limit in force after tomorrow did much today to weaken the corn market. Prices closed nervous 1⅞ to 1⅞c net lower with July $1.68⅞ to $1.69 and Sept. $1.59½ to $1.59⅝. Oats closed ½c to ⅝c to 1c lower. Provisions finished $1.59⅝ all the way from 35c decline to a like advance. Altho occasional rallies took place in corn, they failed to hold for any considerable time. It was evident that there were more big longs than shorts. Aside, too, from preparation to meet the maximum limit rule, bears had the advantage owing to auspicious weather conditions and to sharp breaks in the values of logs. Moreover, unrest in the labor world appeared to exert a distinct weakening influence, and so likewise did reports that food needs abroad were urgent. In addition, Argentine offerings to this country were said to be on the increase.

Oats gave way with corn and as a result of the excellent crop outlook. Seaboard buying had but little counter agency.

Exaggerated talk of government reselling put a weight on the provision market and intensified the depressing effect from downturns of grain and hogs. Packers bought with the breaks.

ON CHICAGO MARKET

Hughes, Harcourt & Co., 307 Royal Bank building, received the following wire at the close of the Chicago market yesterday: Food control in Great Britain will cease about the middle of November. There has been a reduction in food prices in England since the armistice was signed, and prices there are lower than in any other country, according to Lord Roberts, England's food controller. Corn averaged lower with pressure on July, which is proabbly due to longs selling and reducing their lines to 200,000 bushels maximum, tomorrow being the last day on this limit. Sentiment is rather bearish, and the news of the day has favored the selling side. Weather conditions are excellent, and fair weather is predicted. Farm work on the whole has made good progress. Eastern demand was slow, cash values being 1c to 2c lower. The movement from the interior continues of large volume, and receipts were liberal. Argentine corn was offered at the seaboard as $1.42, but found no buyers.

FARM LOANS for SOLDIERS

How Everyone Can Help

THE Government has developed a liberal and broad plan to help soldiers settle on farms. It is securing land. It is granting substantial loans. It is obtaining advantageous prices on equipment, implements, building materials and live stock. It is providing agricultural training and farming supervision.

That is as much as the Government itself *can* do.

But the plan needs more. It needs a community spirit of co-operation.

Already Provincial Governments, Universities, Farmers' Associations, and Veterans' Associations are giving valuable assistance. Many manufacturers and sellers of farm supplies have agreed to allow the soldier settlers special prices. Many successful farmers have willingly worked on Qualification Committees which have to pass on the applicants. Men who have had experience in lending money on farm property are serving on Advisory Loan Committees, judging land values.

But even such practical assistance is not enough. In each community farmers can be of real service to the soldier settler. They can give him advice about local conditions. They can lend him an extra horse or plough, give him a day's help at seeding or harvest time, and extend to him that friendly, neighborly, respectful spirit which he deserves.

In this way Canada is performing a double duty. It is discharging, as far as possible, the debt we owe to our soldiers; and it is adding to the country's chief industry a body of competent, willing producers.

Full information about lands and loans for soldiers will be sent on request to the Provincial Superintendent, Soldier Settlement Board, 32 Adelaide Street East, Toronto, Ont.

BUY W.S.S. WAR SAVINGS STAMPS

"It is at once a privilege and an obligation to render service to those men who have rendered service to us greater than can ever be repaid."
—Grain Growers' Guide.

"The distribution of soldier settlers in settled rural communities will be of material assistance to the less experienced settlers in that they can get advice and assistance from their neighbors."
