Incorporated by Special Act of Parliament.
CAPITAL—TWO MILLIONS STERLING.

ACCUMULATED FUNDS,	346,972	4	9

THE 18th Annual General Meeting of this Company was held at Liverpool on the 16th February last, when the following Report of the business of the Company during the past year was submitted:—

"The increase in the Fire Insurance Business must be satisfactory to the Proprietors, as shewing the rapid and safe progress which the Company is making. The receipts for the past year have increased considerably over those of 1852, while the losses have materially diminished.

	1852.	1853.
Receipts,	£98,654	£113,612
Losses,	59,091	42,846
Profits,	£39,563	£70,766

These results show, notwithstanding the very numerous and destructive fires that have occurred both in this country and especially in America, that great caution has been exercised in taking risks, on the part of those on whose judgment the Directors must necessarily in a great measure rely. The reserved surplus fund now amounts to £143,772.

CHERRY PECTORAL

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

TO CURE A COLD WITH HEADACHE AND SORENESS OF THE LIMBS.—Take the Cherry Pectoral on going to bed, and wrap up warm to sweat during the night.

FOR A COLD AND COUGH, take it morning, noon and evening, according to directions on the bottle, and the complaint will be soon removed. None need long suffer from the trouble when they do this so cheaply and easily. Persons affected with a scald cough, which keeps them of their rest at night, will find by taking the Cherry Pectoral on going to bed, they may be sure of sound unbroken sleep, and consequent refreshing rest. Great relief from suffering, and an ultimate cure, is offered to thousands who are thus afflicted, by this incomparable remedy.

From its agreeable effects in these cases, many find themselves throwing off to forego its use when the necessity for it has ceased.

TO SINGERS AND PUBLIC SPEAKERS this remedy is invaluable, as by its action on the throat and lungs, when taken in small quantities, it removes all hoarseness in a few hours, and wonderfully increases the power and flexibility of the voice.

ASTHMA is generally much relieved, and often wholly cured by Cherry Pectoral. But there are some cases in which it fails to afford entire ease to no medicine. Cherry Pectoral will cure them if they can be cured.

BRONCHITIS, or irritation of the throat and upper portion of the lungs, may be cured by taking Cherry Pectoral in small and frequent doses. The uncomfortable oppression is soon relieved.

FOR CROUP—Give an emetic of ipecacuanha, to be followed by large and frequent doses of the Cherry Pectoral, until it subdues the disease. If taken in season, it will not fail to cure.

WHOOPING COUGH may be broken up and its ravages greatly shortened by Cherry Pectoral.

THE INFLUENZA is speedily removed by this remedy.—Numerous instances have been recorded where whole families were protected from any serious consequences, while their neighbors, without the Cherry Pectoral, were suffering from one of severe.

Repeated instances are reported here of patients who have been cured from

LIVER COMPLAINTS by this remedy, so many that there can be no question of its healing power on these diseases. It should be perseveringly taken until the pain in the side and other unpleasant symptoms cease.

FOR CONSUMPTION in its earliest stages, it should be taken under the advice of a good Physician if possible, and in every case with a careful regard to the printed directions on the bottle. If judiciously used, and the patient is carefully nursed meantime, it will seldom fail to subdue the disease.

For settled CONSUMPTION in its worst form, the Cherry Pectoral should be given in doses adapted to what the patient requires and can bear. It always affords some relief, and not unfrequently cures those who are considered past all cure.—There are many thousands scattered all over the country who feel and say that they owe their lives and present health to the Cherry Pectoral.

Many years of trial, instead of impairing the public confidence in this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguine expectations of its friends. No long but its intrinsic virtues and the unmistakeable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies thrust upon the community, have faded and been discarded, this has gained ground by every trial, conferred benefits on them they can never forget and produced cures too numerous and too remarkable to be forgotten.

While it is a libel on the public to pretend that any one medicine will infallibly cure—still there is abundant proof that the Cherry Pectoral does not only as a general thing but almost invariably cure the maladies for which it is employed.

As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted from the log-cabin of the American Peasant, to the palaces of European Kings.
