NEW YORK, Aug. 18.—New York made a clean sweep of the series with Cleveland today, winning an exciting thirteen-inning contest by a score of 4 to 3. The Yankees have now won five straight games. Lambeth did not permit a hit from the seventh inning until the thirteenth, when he met defeat. With one out Peckinpaugh walked and Pipp flied to Speaker. Peckinpaugh then scored on successive singles by Bauman and Mullen.

MILWAUKEE, Aug. 18.—Walter Hagen, American professional of Rochester, N.Y., today added the western open golf championship to his list of honors by completing the 72-hole medal contest on the Blue Mound Country Club links in 286 strokes. George Patterson of Oak Park Club, Chicago, and James Barnes of Philadelphia followed with 288 each. These five men won all the prizes, as Simpson with a wonderful 68 in the third round took the special prize for best score during the tournament, and established a record for the course.

CROSS BREEDING OF TROTTERS AND THOROUGHBREDS BRING BEST TYPE OF ARMY REMOUNTS

Successful Jockey Club Chairman Predicts Wonderful Results From Use of Trotting Mares and Running Sires, Writes Chris Fitzgerald.

By Chris Fitzgerald.

Saratoga Springs, N. Y., Aug. 19.—While August Belmont, the Jockey Club's chairman, is an ardent admirer of the thoroughbred, he is willing to give credit to other families and to none more so than the standard-bred. He has on more than one occasion in public praised the trotter and in his opinion the blending of these types will produce the ideal general purpose horse.

The best results have been obtained by using the thoroughbred sire as a top cross, but Mr. Belmont has demonstrated that the thoroughbred dam will produce a trotter of class when mated with a standard-bred sire that has the trotting instinct highly developed. Only three 3-year-olds by trotting sires and out of thorough-bred dams have as yet appeared and it is significant that Mr. Belmont should have bred one of them in the colt Proof of the Pudding, 2:28¾, by Peter the Great, 2:07¼.

Resulted From Dinner Statement.

"It was something I said in praise of the trotter at the sportsmen's dinner in New York some years ago," said the Jockey Club's head, "that is responsible for Proof of the Pudding. I like the trotting horse for his many excellent qualities, and said so on this occasion, speaking of what had been done by using the thoroughbred sire on mares of the trotting type. I told them that most of our best hunters and saddlers were bred that way, and ventured the opinion that the trotter owed much of his excellence to the presence of more or less warm blood in all of the successful families, especially those from the Palo Alto stud of the late Senator Stanford of California, where champions had come from mating Electioneer with thoroughbred mares, notably in the case of Dame Winnie by Planet, which produced Palo Alto, 2:08¾, and Esther by Express, which threw the great 3-year-old Expressive 2:12¾; the greatest campaigner of her age the trotting turf has ever known.

Confidence of Success.

"After the dinner," continued Mr. Belmont, "Mr. W. E. D. Stokes offered me a service for one of my thoroughbred mares to his great trotting stallion Peter the Great 2:07¼. I selected Souveraine by Royan d'Or out of Sultana by Lexington as a fitting mate for the son of Happy Medium. She has thrown a good racehorse Gallant, and is the dam of the filly Serenest now racing here. The produce of this union was a bay colt which I named Proof of the Pudding. You see I was confident that he could make good my contention. When he was old enough to be trained he was sent to Tommy Murphy at Poughkeepsie, who gave him a record of 2:28¾ before going on the grand circuit a few weeks ago. Murphy says he could have driven him much faster. It is my intention to breed this colt to an Electioneer mare I own and have already selected a name for the produce, whether it be colt or filly—Proof Positive.

For Army Breeding.

"If the Federal Government wants to achieve definite success in its breeding experiments," went on Mr. Belmont, "they can't go wrong if they breed the thoroughbred horse to good trotting mares. The army horse must have stamina. This the trotter already possesses in a superlative degree, and it wouldn't have to be bred into him, as would be the case in almost any other type of mare. Generations of racing has developed great lung power in the trotter and muscular fibre has been improved in proportion."

John E. Madden, who is a breeder of both thoroughbred and trotters, thinks Mr. Belmont owns the best yearling trotter in the country in the youngster by Silko, 2:08 3-5—record made in Europe—out of a mare by Cresceus, 2:02¼, the one-time American champion, and an Electioneer dam. In talking about Mr. Belmont's trotting ventures a few mornings ago, Mr. Madden, who is a great student of pedigrees, said:

Belmont's Trial Successful.

"When you think that Senator Stanford bred very many thoroughbred mares to trotting sires and Mr. Belmont bred only one, you must hand it to the Jockey Club chairman. He has done what he said he would accomplish at the first time of trying. I find that only three 3-year-olds out of thoroughbred dams have beaten 2:30. These are Expressive, 2:12¾, whose dam was Esther by Express, Annabel, 2:27, by Dawn, out of Pacheco by Hubbard, a son of Planet, and Proof of the Pudding, 2:28¾, by Peter the Great, 2:07¼. How many persons know that five trotters by thoroughbred sires have beaten 2:30? They are Col. Lane, Gypsy Girl, Lucille, Rigolette and Scotland, while Venture, an absolutely thoroughbred horse, has a record of 2:27¼ made in California as long ago as 1877. He was by Williamson's Belmont, dam Miss Mostyn by American Boy Jun., and the next dam Fanny Mostyn by Medoc."

Mr. Madden has, after two years of hard work, compiled a very valuable book, copies of which will be presented to a few friends. It is called "Pedigrees of Horses Not Well Known That Appear in the Pedigree of Present Day Trotters," and it shows a world of painstaking research on the part of the author.
